VOR-TX® Rifle Ammunition

Barnes® VOR-TX® is precision ammunition loaded with the deadliest bullets on the planet. Barnes, the leader in bullet innovation offers hunters the ultimate in accuracy, terminal performance and handloaded precision in a factory loaded round. Multiple grooves in the bullet's shank reduce pressure and improve accuracy. Bullets open instantly on contact – no other bullet expands as quickly. Nose peels back into four sharp-edged copper petals destroying tissue, bone and vital organs for a quick, humane kill.

Range AR™

Barnes Range AR Ammunition delivers higher velocity, flatter trajectory and ultimate accuracy at an affordable price. First quality factory-fresh brass is paired with a lead-free, copper-jacketed, zinc core OTFB (Open Tip Flat Base) projectile. The robust zinc core provides excellent performance in AR's with quick twist barrels. Specialized propellants optimized for AR's ensure that RangeAR Ammunition offers superior performance in these high performance platforms of any barrel length.

VOR-TX Expander Tipped Slug

The all-copper Expander Tipped slug opens instantly on impact into six razor-sharp petals that plow a wide wound channel and deposit massive amounts of energy throughout the entire length of the cavity. High weight retention sustains bullet momentum to create a long wound channel for maximum destruction of tissue, bone and vital organs to effectively and humanely take down game.

- *Slug functions terminally at low velocities*
- *High velocity with flat trajectory*
- *Engineered nose cavity instantly expands to double diameter and penetrates deep ensuring cleaner, quicker kills*
- *Proven on game performance*

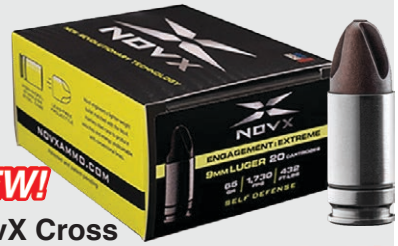
NEW!

NovX Cross Trainer



What do shooters look for in the perfect cross-training and competitive shooting round? A bullet that's lightweight, powerful, fast, accurate, and offers less recoil for quicker follow-ups. That's everything found in the 9mm Luger RNP Cross Trainer/Competition bullet from NovX. The poly/copper projectile is frangible and breaks apart upon contact with hardened steel. The stainless-steel casing is self-lubricating for consistent, jam-free ejection, won't corrode, and limits bore fouling.

- *Poly/copper projectile is frangible – breaks up upon impact with hardened steel*
- *Stainless steel casing provides strength, power, alignment and less weight*
- *Flies fast, flat, accurate, and with less recoil for smoother target reacquisition*
- *Increased efficiency and cycle rate*
- *Reduced bore fouling and corrosion*
- *Lead-free for compliance at ranges • Magnetic • Reloadable*

• 20 Rounds per Box

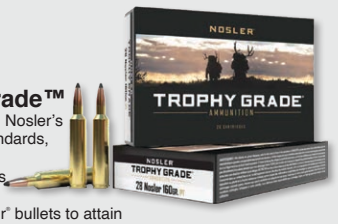
NEW!

NovX Cross Trainer/Competition



Law enforcement, tactical professionals, and those seeking the highest level of performance for self-defense will find the patent-pending combination of the NovX stainless steel case and poly/copper matrix projective delivers more power, more velocity, greater accuracy, less recoil, and more devastating terminal performance than ever thought possible.

- Fluted poly/copper projectile creates massive wound channels
- Stainless steel casing provides strength, power, alignment, and less weight
- Flies fast, flat, accurate, and with less recoil for smoother target reacquisition
- Reduced bore fouling and corrosion

Safari Ammunition

Loaded with either the Partition® or Nosler Solid™ and designed for the same point of impact with either bullet, Nosler Safari Ammunition provides the ultimate versatility for any dangerous game situation.

- *Cases checked for correct length*
- *Necks sized, chamfered and trued*
- *Flash holes checked for proper alignment*
- *Powder charges are meticulously weighed*
- *Finished rounds are visually inspected and polished*
- *Nickel Plated Cases*

Safari Ammunition Nosler® Solid™

- **Flat-Nose Design:** *Reduces deflection off of bone and muscle for deep penetration and an impressively straight wound channel*
- **Solid™ Bullet Construction:** *Lead-free alloy delivers lethal penetration*
- **Concentric Design:** *Seating groove produces optimal load versatility*
- **Designed for Same Point of Impact as Partition bullets of same weight and caliber**

Safari Ammunition - Nosler® Partition®

- **Nosler Engineering:** *Nosler's special lead-alloy dual-core provides superior mushrooming characteristics at virtually all impact velocities.*
- **Full Tapered Copper-Alloy Jacket**
- **Nosler's Integral Partition:** *Supports the expanded mushroom and retains the rear lead-alloy core. The enclosed rear core retains more than two-thirds of the original bullet weight for deep penetration*
- **Dual-Core Construction:** *Every Partition® bullet in the Nosler® line delivers optimum length, weight, and ogive design for maximum in-flight and terminal performance.*

WEATHERBY

Weatherby® Select™ Magnum Ammunition

Today, our ammunition remains true to the concept Roy developed in the 1940s.
At the same time, our ammunition also takes advantage of the latest in controlled expansion bullets which are capable of harnessing the higher velocities to create a cartridge that provides the ultimate in penetration, large wound channels and more one-shot kills.
Nothing shoots flatter, hits harder or is more accurate than.

• 20 Rounds per Box

SUMMIT AMMUNITION

50 BMG Ammunition

Built to the tightest tolerances for peak performance rivaling and sometimes surpassing handloads in many guns. We use top quality, first run components to bring affordable long range ammo to the commercial market. Our re-manufactured ammunition is used at every major machine gun shoot in the United States. We have loaded over 250,000 rounds of .50 caliber ammo with no reported failures.

• New Winchester® Brass or Once-Fired Lake City Arsenal Brass
• New (non-surplus) Powder

Can Not be sold to Alaska, California, Washington D.C., Hawaii, Illinois, Massachusetts, New York City, New Jersey, or Ohio

Check your state & local laws for restrictions before ordering

WAGNER

Great for Ham & Turkey Shooters!

Wagner Shotshells

The shotgun shells are made and loaded from carefully selected materials and are primed with popular non-mercuric, non-corrosive primers. They are loaded on automatic loading machines to ensure uniformity of load and performance. Additionally, we frequently test, and re-test the shells in various guns and barrels to obtain the most consistent patterns.

Subsonic

With the recent popularity of subsonic ammunition we are proud to present our PPU Subsonic Line. The Subsonic Line ammunition is manufactured to strict quality production standards and will exceed all expectations.
Subsonic ammunition has been in use by military, law enforcement, and training because of its lower noise and lower recoil benefits. Give it a try yourself and experience the benefits firsthand and see why subsonic ammunition is gaining popularity with shooters

Blank Ammo

Fiocchi blanks are very useful for reenactments, ceremonies, training exercises and hunting dog training. They will give you the noise and realism of conventional ammunition without the projectile. Most rimmed calibers now incorporate crimped primers for more reliability in revolvers.
IMPORTANT INFORMATION: Blank Ammunition will not function in semi-automatic firearms.
Caution: Do not use at close range!

Caliber	Qty.	Item No.	Price

Lapua rimfire cartridges have for years provided numerous medals in national and international competitions. .22 LR MIDAS is the number one choice of rifle shooters, holding the official ISSF World Record in the 60 shot men's prone discipline as well as the BR-50 Rimfire Bench Rest World Record.
• 50 Rounds per box

MIDAS+

Lapua **MIDAS+** is an extremely accurate rimfire cartridge for the best ISSF shooters throughout the world. The new improved production methods an development work have made the overall quality of Midas more consistent than of its predecessor Dominator. Midas will successfully meet the most demanding requirements one may expect for the accuracy of a .22 LR cartridge.

PDA™JHP™ Handgun

Studies have shown that the rapid energy transfer from the bullet's violent and immediate expansion in ballistic gelatin, has given our JHP™ a one-shot stopping power percentage of over 90%*. The rapid expansion reduces projectile over penetration. Our JHP™ typically achieves 9"-15" of penetration. COR®BON's line of high velocity JHP™ ammunition is still PROVEN to be effective and remains number one in Stopping Power.

- *Innovative internal/external jacket serrations enhances expansion and weight retention for better performance*
- *Soft lead, hollow point core for stopping power for any situation*

Pow R'Ball®

The patented Pow'RBall projectile is a JHP bullet with a polymer ball crimped in the tip. This tip enhances feeding in those finicky feeding pistols but it also delays the expansion of the projectile when it hits soft tissue, making it a more controlled expansion bullet. This controlled expansion gives you deeper penetration, better weight retention and more consistent expansion in soft tissue. The lighter weight projectile also makes recoil recovery much easier for follow up shots.

- *Reliable feeding • Consistent reliable expansion • Deeper soft tissue penetration*
- *Reduced Recoil • High Velocity • Quicker recovery for follow up shots • American Made*

G2 RESEARCH — CIVIC DUTY

AMMUNITION EVOLVED

Civic Duty

Typical bonded hollow point bullets over penetrate, leading to insufficient energy transfer, damage and trauma inside the intended target. G2 Research has taken its innovative Trocar design of the solid copper R.I.P. fragmenting projectile and adapted it to the Civic Duty Expanding self defense round. The Civic Duty defeats barriers as effectively as the R.I.P. and expands 2.5 times its initial diameter after coming into contact with a fluid medium. The Extreme Expansion of the Civic Duty leads to 100% energy transfer and total weight retention inside the intended target without concern of over penetration in CQB situations.

R.I.P.

Radically Invasive Projectile

The R.I.P has been engineered for maximum efficiency utilizing proven trocar geometry to pierce through tissue and organs. Upon impact with soft tissue or fluid, the trocars launch along predictable vectors. The R.I.P. wounds with surgical precision, exponentially increasing the probability of incapacitating the threat. Through solid medium, the RIP remains intact and on target. With this ability to defeat every major obstacle in its path the R.I.P. is "The Last Round You'll Ever Need."

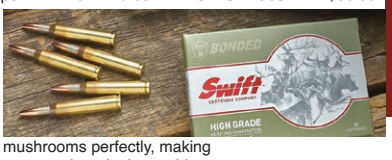
Swift BULLET COMPANY

SCIROCCO II BONDED



High Grade Ammunition – Scirocco® II

Scirocco® II, with the Signature Black Tip™, is a superbly accurate hunting bullet designed for long-range efficiency. It carries velocity and energy better than any of its competitors. Its sleek design and high ballistic coefficient produces the flattest trajectory in downrange hunting, making it a perfect match for long-range cartridges. The Scirocco® II produces positive expansion at minimal velocities as well as controlled expansion and high weight retention at close range. No other tipped bullet offers the terminal range of Scirocco™ II.

High Grade Ammunition – A-Frame® Heavy Rifle

Heavy rifle A-Frame bullets are for use on dangerous game. The bullet initiates expansion at 1650 feet per second on the low end and stays together at 3000+ feet per second on the high end. Controlled expansion of 2.2x its original caliber and 95%+ weight retention make the A-Frame® bullet superior in downrange energy and stopping power. Terminal performance is unequaled.

SSA BY NOSLER®

SSA® Ammunition

SSA ammunition by Nosler is tuned specifically for use in semi-automatic firearms chambered in 5.56, 6.8 Remington SPC, 300 AAC Blackout, 308 Winchester and the Granddaddy of them all, 30-06 M1Garand. Loaded to pressures that reliably cycle semi-auto's for maximum dependability, SSA ammunition is now exclusively loaded up front with Nosler bullets for unparalleled down range performance. Whether shooting on the range, in the field, law enforcement or defense, operators depend on their ammunition to function as designed with every trigger pull. SSA ammunition was created, designed and assembled with this in mind so it can be trusted as the right tool for the job.

- *Brass cases loaded with premium Nosler® bullets.*
- *Powders and charge weights selected for reliable performance in semi-automatic firearms.*
- *Engineered to provide the ultimate accuracy and performance from your rifle.*
- *Loaded rounds are visually inspected.*
- *Made in the USA*

Sellier & Bellot

SOFT POINT | PARTITION | SPCE

HPBT | FMJ

Centerfire Rifle Ammunition

• **Soft Point:** Semi-Jacketed Soft Point bullet. A lead core with a precisely engineered jacket results from its controlled expansion and high weight retention.
• **Nosler Partition:** two lead cores and a partitioned thick copper jacket for controlled expansion and deep penetration at any velocity.
• **SPCE:** The cutting edge locks the jacket and lead core together, while also producing a clean entrance wound and distinct, easy to follow blood trails. Appropriate for light to medium game.
• **FMJ:** Standard lead core with a metallic jacket. Best for training and target shooting applications.
• **Hollow Point Boat-Tail:** The finest in accuracy and consistency.

FRONTIER CARTRIDGE

Frontier® Cartridge

Hornady is proud to launch Frontier® Cartridge, a supplier of American-made, military-grade ammunition at affordable prices. Frontier® Cartridge will feature Hornady® bullets in both 223 Rem and 5.56 NATO offerings to suit the needs of all shooters. Applications range from plinking, target shooting and hunting to law enforcement training and self-defense. State-of-the-industry loading techniques and quality control procedures ensure the reliability of Frontier® Cartridge rounds, which feature brass cartridge cases and military-grade boxer primers and propellant.

PMC AMMUNITION

After 40 years of supplying high quality, dependable ammunition to the U.S. civilian market, PMC® has joined forces with Poongsan Corporation of Korea to expand its markets in the Global ammunition arena. Taking pride in the large number of types and zero-defect performance of its ammunition, Poongsan uses carefully selected high quality raw materials and ensures the high performance of sporting ammunitions by carrying out stringent quality inspections and target tests, all the same as those for military ammunition.

PMC® Bronze *Pistol*

The same quality and dependability built into our Starfire ammunition is incorporated throughout our extensive line of PMC training ammunition and standard hollow point or soft point ammunition. All PMC cartridges must pass through the rigorous inspection of our electronic powder station. This station accurately measures the propellant charge in each round. If the propellant in any cartridge varies by a tiny amount-just two tenths of one grain- the system stops and the cartridge is discarded. No other ammunition manufacturer can truthfully assure you greater uniformity and reliability than PMC!

PM45A

Full Metal Jacket

Lead core is enclosed by a strong metal jacket on this non-expanding, deep penetrating bullet.
Provides smooth, reliable feeding in all types of semi-auto handguns.

• 50 Rounds per Box

Caliber	Grain	Velocity	Item No.	Price
.25 Auto	50gr	750 fps	C21PM25A	$21.29
.32 Auto	71gr	900 fps	C21PM32A	$23.29

9mm Luger	124gr	1110 fps	C21PM9G	$17.29
.45 Auto	230gr	830 fps	C21PM45A	$25.99

Full Metal Jacket-Flat Point

Non-expanding and deep penetrating, this general purpose bullet is a good choice for target use because of its accuracy. Its lead core is enclosed by a metal jacket, which eliminates barrel leading.
Provides smooth, reliable feeding in semi-automatic handguns.

• 50 Rounds per Box

Caliber	Grain	Velocity	Item No.	Price
.40 S&W	165gr	989 fps	C21PM40D	$22.49
.40 S&W	180gr	985 fps	C21PM40E	$22.49

Full Metal Jacket-Truncated Cone

The truncated cone shape of this bullet makes feeding smooth and reliable in semi-autos. Cannot lead barrels because its lead core is enclosed by a heavy metal jacket.

• 50 Rounds per Box

Caliber	Grain	Velocity	Item No.	Price
10mm Auto	200gr	1050 fps	C21PM10A	$32.99

Jacketed Hollow Point

The exposed lead at the tip of the PMC jacketed hollow point rapidly initiates uniform, controlled expansion that progresses to the depth of the hollow point cavity. Penetration is also controlled for maximum energy transfer to the target, assuring its suitability as a hunting bullet. Excellent accuracy and bullet integrity.

• 50 Rounds per Box (unless noted)

Caliber	Grain	Velocity	Item No.	Price

Extrema™ Rifle Hunting

Fiocchi combines precision-drawn cases with consistent, clean powders and reliable primers with bullets you have known and counted on to do the job. Hornady V-Max and SST bullets are used to load our best hunting ammo, Extrema. A combination of excellent accuracy and terminal performance ensure that not only are the shots on target, but they do the job when they get there.

.22 LR Exacta Super Match

To ensure Fiocchi's Super Match ammunition is capable of winning an Olympic Gold Medal, they begin with an exclusive case priming procedure that ensures precise priming mixture weight. Fiocchi then selects only the best, most reliable powders. Precise care is devoted to ensuring the cases used are of exact and consistent dimensions.

Centerfire Pistol

Fiocchi centerfire ammunition provides quality components that are measured and matched to provide reliable, consistent functioning with match-grade accuracy. Many calibers feature full metal jackets and hollow point bullets of the same weight. That kind of similarity allows civilian and law enforcement shooters the ability to practice with economical FMJ's and switch to defense or duty use with little or no change in point of aim/point of impact. Fiocchi centerfire handgun ammunition is use by military and law enforcement agencies around the world. All Fiocchi handgun ammunition is brass cased and fully reloadable.

Aero Slugs

A favorite of IPSC shooters, Fiocchi's Aero Slugs feature an integrated stabilizer which helps to maintain a true flight pattern thus maximizing down range accuracy. Muzzle velocities are an outstanding 1560 fps for the 1 oz. load. Fiocchi also offers a 1 oz. low recoil load for home defense and for law enforcement training using pump guns.

Nickel-Plated Buckshot

This "best available" load features nickel-plated shot that guarantees surface hardness, and therefore, outstanding patterns. Fiocchi offers three hard-hitting buckshot rounds, including high-velocity loads in 00BK and 4BK for use in hunting or law enforcement. If you are looking for a reduced recoil load, Fiocchi offers nine pellet Reduced Recoil 00BK round which produces a velocity of 1150 fps. It is an ideal choice for hunters, as well as having applications in law enforcement and home ***• 10 Rounds per Box***

Three Gun Match Line

Our 7/8oz low recoil slug has now been varnished to reduce smoke for faster follow up shots, as well as reduce fowling to improve reliability. The red varnish on the slug coupled with the blue wad & clear hull allows for fast & easy shell identification when reloading. With birdshot options in both 3% and 5% antimony we provide competitors with solutions at different price points.

Flyway™ Series – Steel

Fiocchi Waterfowl Steel Load Shotshells come in a wide variety of loads to suit your specific needs from shooting wood ducks over decoys to pass shooting geese at ultra-long range. Fiocchi Waterfowl Steel Load Shotshells are manufactured with a combination of treated steel shot, protective wads, and the appropriate powders to deliver consistent, dense patter that is easy on your gun barrel but hard on your target. When you must use steel shot, you can find a Fiocchi steel shotshell to fit the application.

• ***25 Rounds per Box***

Ga.	Length	Dram	Velocity	Oz.	Shot	Item No.	Price
12 ***New***	3-1/2"	MAX	1470 fps	1-3/8	1,2,4,BB	C21XN1235ST1	$18.79

12 ***New***	3"	MAX	1500 fps	7/8	2,3,4	C21XN203ST2	$14.49

Low-Recoil/Training Target Loads

Fiocchi offer shooters options for target practice and competition shooters who want to shoot and enjoy lower recoil than standard target loads. These loads are engineered to deliver on-target performance while minimizing felt recoil. Velocities are appropriate for target shooting and pressures within the shell are optimized to deliver consistent performance and low recoil. These loads are not likely to function in most autoloading shot

• ***25 Rounds per Box***

Ga.	Length	Dram	Velocity	Oz.	Shot	Item No.	Price
20	2-3/4"	LITE	1075 fps	3/4	7.5	C21XN20LITE75	$9.79

Exacta® – VIP Loads

Loaded with High Antimony Shot, the pellets fly true and hit hard. Increased pattern density and the famous Fiocchi consistency make these the shells for the top pros as well as the up and coming amateur.

• ***25 Rounds per Box***

Ga.	Length	Dram	Velocity	Oz.	Shot	Item No.	Price
20	2-3/4"	Max	1200 fps	7/8	7.5, 8, 9	C21XN20VIP8	$9.79
28	2-3/4"	2	1200 fps	3/4	7.5, 8, 9	C21XN28VIP8	$11.99
28 - Heavy	2-3/4"	2	1300 fps	3/4	7.5, 8, 9	C21XN28VIPH8	$11.99

Exacta® - Crusher Target Loads

Fiocchi Exacta Target Crusher ammunition crushes targets in sporting clays, trap, and five-stand all while still delivering less felt recoil and a more consistent pattern. Loaded with high quality Fiocchi components, this ammunition is sure to deliver the performance and reliability required in competition.

• ***25 Rounds per Box***

Ga.	Length	Dram	Velocity	Oz.	Shot	Item No.	Price
12	2-3/4"	2	1300 fps	1	7.5, 8	C21XN12CRSR8	$10.49

Exacta® - Little Rhino Target Loads

Designed specifically for competitive shooters

• ***25 Rounds per Box***

Many manufacturers use cheaper, softer shot or lesser grade powder and components to save money. In today's world, there are just too few opportunities to make that "shot of the day" to accept anything but the highest quality hunting shotshells available. NobleSport Hunting shotshells are assembled on the same machines, by the same craftsmen, to the same standards and using the same 21st century technology as NobleSport's world class target shotshells. Only the finest plastic cases, high antimony hard shot, even patterning wads and famous NobleSport 209 primers are used in NobleSport Hunting shotshells

Game & Target Loads

Rio Loads bring unsurpassed performance to the competition range. Combining their own clean burning single-based powder with the perfectly matched wad and primer means excellent velocities, moderate pressures, and smooth recoil. You will consistently get dense and compact shot patterns for optimal target breaks whether your discipline is skeet, trap, sporting clays, or FITASC.

• Excellent speed, reduced pressures, precise shot and no residues in the barrels.
• Experience the best ammunition at an affordable price.

• 25 Shotshells per Box

Vintage 1896 Paper Line

RIO Ammunition proudly presents Vintage 1896 Paper line, named after the year in which the company started producing its first cartridges. The hulls of this shotshell are made of paper instead of plastic, ensuring the same experience felt by shooters 120 years ago when the cartridges were handmade, while at the same time being more environmentally friendly. The initial product range is ideal for clays and flyers.

ENVIRON METAL inc.
Material Science for a Better Hunt™

HEVI-SHOT® Dead Coyote!®

HEVI-Shot® Dead Coyote T's wallop more energy than any other shell on the market. With a 1350 fps muzzle velocity translates into 11 foot-pound of energy at 100 yards. Plus the 20-inch round pellets pattern remarkably tight for a very memorable hunt.

• 100% Pattern at 40 Yards • 50+ .20 Caliber Pellets "T Shot" in Every Load
• Lethal Knockdown Patterns at 70+ Yards
• Nearly Twice as Effective Patterns as Conventional Loads
• USFWS Approved for Waterfowl Hunting (Check Local Waterfowl Regulations)

Ga.	Length	Oz.	Shot	Velocity	Qty.	Item No.	Price
12	3-1/2"	1-5/8	T	1350 fps	10/Box	C21HV43035	$68.49

12*	3"	1-3/8	00-Buck	1350 fps	5/Box	C21HV42213	$29.99

HEVI-SHOT® Goose

Optimized for long shots at very large waterfowl. More lethal than any steel or non-toxic load at longer distances. Buffered for a tighter pattern. Small pellet size in order to send more pellets after your bird. Soft recoil.

• The Most Effective Waterfowl Load on the Market!
• Over Twice the Energy of Steel!
• Over 50% More Range than Fast Steel
• Weather-Resistant Crimp • Extreme Lethality Out to Near 60 Yards

Ga.	Length	Oz.	Shot	Velocity	Qty.	Item No.	Price
12	3-1/2"	1-3/4	B, 4	1300 fps	10/Box	C21HV43574	$59.49
12	3"	1-1/2	4	1350 fps	10/Box	C21HV45354	$53.99

HEVI-Steel®

44% More Lethal Than Steel!

Hevi-Shot Hevi-Steel® shells feature our newest alloy, with the density of bismuth shot (20% denser than steel shot) and the solid strength of Hevi-Shot® pellets. We can push these pellets to the highest speeds possible in shotshells, with no pellet deformation and patterns about 10% better than those of other fast steels. Then, the pellets hit with about 2.5 times more foot pounds of energy at 40 yards than any competing steel shells. Better patterns and more than twice the knockdown power.

Ga.	Length	Oz.	Shot	Velocity	Qty.	Item No.	Price

B&P Baschieri & Pellagri Since 1885

Gordon System

Baschieri & Pellagri represent the gold standard in shot shell performance in large part because of the Gordon System case. Lesser shot shells have "hulls". Baschieri & Pellagri shells utilize Gordon System cases utilizing uniquely designed head and base wad that act as shock absorbers rapidly attenuating recoil energy allowing the shooter to focus on that next shot rather than the fatigue of recoil.

Competition One

• Shell Length: 2-3/4"

• 250 Rounds per Case

ALLEN

Swipe MQR Holster

The Swipe MQR Holster from Allen features the quick-releasing Fidlock® SNAP magnetic closure, which provides confident security in your holster while still allowing the lightning fast acquisition of your firearm. To open, simply slide the magnetic quick release (MQR) in the direction you naturally draw, allowing you to release the holster and draw your firearm in one smooth motion. To close, the fastener automatically locks back into place from any angle once the magnet is close enough to attract the other half of the SNAP, so there's no struggling to lock the buckle. Other features of the holster include an adjustable strap for a custom fit, snag-free liner, and a durable belt loop that fits belts up to 2″. Right-hand.

Fits: Colt 1911

Model 5BHL Thumbsnap (Lined)

This holster is ideal for field and casual concealment of most revolvers. Handcrafted of a premium grade, full grain leather, and lined with suede. It has a steel-reinforced thumb snap for retention. The strongside hi-ride design carries gun close to body for added comfort. The high cut leading edge of the holster is designed to protect the adjustable rear sight found on many revolvers. 1.75 in. (45 mm) belt loop with combination 1.75 in. (45 mm) and 2.25 in. (58 mm) loop on 4 in. and longer barrels. Same as 5 BH except with Suede Lining

Fits: S&W M19 Combat Mag .357, Ruger Security Six

Model 126GLS - Assent Pro Concealment Holster

Drawing from the holster is intuitive - the internal camlock is released when the middle finger depresses the GLS lever upon the natural drawing motion. This open-top holster offers a high-ride hip carry with belt slots that pull the holster close to the body to minimize printing through clothing.

• GLS retention secures the firearm and releases easily and naturally with a proper shooting grip using the middle finger upon the draw
• Rigid, synthetic liner allows permanent molded look and a stay-open design
• Optics capable
• Low-profile, contoured body-hugging design
• Dual belt slots fit up to 1.5 (38mm) belts for snug fit

Model 82 CarryLok™ Holster

Selecting the right concealment holster shouldn't force you to choose between speed and security. The internal locking mechanism automatically blocks the trigger guard, instantly securing your firearm. To draw your firearm, simply press the CarryLok release tab with your middle finger as you draw. The result is an efficient, one-step single plane draw, very similar to what you would expect from an open top holster. Professionals that carry all day will enjoy the pancake styling for its comfort and concealability. However, unlike traditional pancake holsters, the CarryLok device holds the holster open for easy one-handed reholstering that is both fast and secure.

Features: *Full-grain vegetable tanned leather • Fits up to 1.75" belt loops • 16° forward rake.*

BIANCHI

Model 100T Professional™ Tuckable Inside Waistband Holster

The all Bianchi® Model 100T Professional™ Tuckable Holster offers all the benefits of best selling Model 100 but with an additional key feature, the ability to tuck in a shirt while carrying the handgun. This is accomplished by using Bianchi's patent pending C-Clip design which envelopes the belt while minimizing the space covered on it, reducing its visibility. This tuckable design allows for better concealment of the handgun and is a must have for those unable to wear an untucked shirt. Available in full grain leather, Plain Tan finish

Model	Hand	Item No.	Price
Kahr P380 *c/o*	Right	C21BI25962	$47.99

Model 135 -Suppression® Inside the Waistband Holster

This holster is all about concealability and comfort. Concealability is obtained by the holster sitting low enough that the thickest part of the weapon lies directly underneath the belt, helping to obscure the shape. Meanwhile, two shirt-tuckable C-clips grasp the belt and, taking as little real estate as possible; give the appearance of an empty belt.

ALLUSION™

- *Anti-bacterial and microbial foam padding on inside liner of leather backing to prevent germs and odor from accumulating*
- *Padded liner provides added comfort not normally found on bare leather designs* • *Slight detent in trigger guard for enhanced weapon retention*

BLACKHAWK!®

*When it comes to speed and reliability, our patented **SERPA® technology** guarantees unparalleled performance. The placement of the SERPA Auto Lock™ release reinforces a full master grip by allowing you to draw the weapon normally with the index finger sliding from holster body to weapon frame in one single movement. This proven retention design immediately engages the trigger guard with an audible click as the pistol is holstered, and it won't let go until you release it. [Patented 5,918,784 and/or other patents pending]*

Sportster SERPA® Holster – Matte Finish

The CQC® Sportster is designed to support civilian concealed carry or range use. This injection-molded holster features the same dependable SERPA® technology but is tailored for low-threat civilian operations. Law enforcement and military should use the original SERPA® CQC® Holster for high-threat-level environments. Gun metal **gray** holster with black SERPA mechanism.

- *SERPA® Auto Lock™ release*
- *Passive retention detent adjustment screw*
- *Reinforces full master grip and superior draw technique*
- *Immediate retention and audible click upon re-holster*
- *Speed-cut design allows rapid draw, target acquisition, and re-holster while keeping eyes on target*
- *Includes paddle platform only*

SERPA CQC® Holster – Carbon Fiber Finish

This unique **award-winning** holster design allows you to forget old-fashioned thumb breaks that slow your draw and complicate reholstering. The patented **SERPA Technology Lock** engages the trigger guard as you holster the pistol and won't let go until you release it. The release is made using your normal drawing motion, with the trigger finger beside the holster body. Includes Both One Paddle and One Belt Loop Platform!

BLACKHAWK!®

Omnivore™

The BLACKHAWK!® OMNIVORE™ is a multi-fit holster that accommodates more than 150 styles of semi-automatic handguns with an accessory rail. The active retention mechanism doesn't wear the handgun's finish. It locks onto our proprietary Rail Attachment Device in the Non-Light Bearing model; and onto the frame of the light in the Streamlight and Surefire models.

OMNIVORE™ Non-Light Bearing | OMNIVORE™ Surefire X300U-A/B | OMNIVORE™ Streamlight TLR-1/2

A thumb release disengages the locking mechanism when drawing the handgun.

- *Multi-fit - omnivore™ holsters fit more than 150 styles of semi-automatic handguns with an accessory rail.*
- *Active retention mechanism- ergonomic thumb activated retention mechanism*
- *Level 2 retention - uses two features to hold handgun securely in place.*
- *Free-floating design - holster locks onto rail attachment device (non-lb) or frame of the light, doesn't wear firearm's frame and finish.*
- *3-Position adjustable release - height of thumb activated retention mechanism adjusts to fit your hand.*

T-Series L2C

With its streamlined thumb-activated retention, the T-Series keeps your firearm at the ready while maintaining total security. Thanks to a drawing motion that operates off of the Master Grip Principle, you'll be able to get into the fight under even the most stressful of circumstances. A combination of reinforced outer polymer and smooth, sound-dampening, hydrophobic lining ensures your T-Series will perform no matter the elements and situation. As an added measure of security, the L3D also features a strap across the back of the firearm.

- *Thumb-activated retention follows Master Grip Principle*
- *Low-friction internal material for smooth and effortless draw*
- *Sound-dampening lining for stealth drawing and holstering*
- *Durable material provides protection with sleek design for minimal bulk*

EPOCH™ Level 3 Light Bearing Duty Holster

Building on our track record of reliable holster performance, the Epoch Holster delivers three levels of weapon retention for our highest level of security. The patent-pending retention system engages the pistol's ejection port when holstered and won't let go until you release it. As an added safety measure, the Pivot Guard opens by thumb activation and is designed so it won't close accidentally, locking you out of the holster. This unique design accommodates the most popular under-barrel lights on the market today.

CROSSTECH™ HOLSTER

Crosstech™ Holster

The CrossTech Holster can be form-fitted in minutes to nearly any pistol or revolver by re-positioning the adjustment bolts and then heating the front holster panel with a hair dryer or heat gun. Perfectly custom fit the CrossTech Holster to your pistol or revolver without having to go to harder and less-comfortable materials like Kydex or plastic. The Crosstech Holster can be reformed to fit future handguns.

- Soft-touch, semi-flexible material for comfort.
- Smooth, strong, ultra-high-quality belt clips that hold the holster tight to your belt.
- Customizable pistol angle

Fits *all Glock, Smith & Wesson, Ruger, HK, Sig Sauer, FN Herstal, Colt, Kel-Tec, Kahr Arms, Kimber, Taurus, Steyr Arms, Walther, Springfield, Beretta, CZ, and all 1911 handguns, as well as most other makes and models.*

POCKET HOLSTERS

Style M52 - Cargo Nemesis®

This ambidextrous holster was designed to fit the thigh pocket of most cargo pants. It is built from a very viscous material. The Cargo Nemesis® is quite sticky and will absolutely not move out of position in the pocket. This model is reinforced and stiffened at all areas that need it. The style M52 keeps your firearm at arms reach and out of sight. The inside is made of slick pack cloth for a no friction draw. *Dimensions: 6-1/4"W x 5"H*

Fits	Finish	Side	Item No.	Price
Ruger LCP *c/o*	Black	Ambidextrous	C21DIM52BJG3Z0	$25.90
S&W J Frame - 2" *c/o*	Black	Ambidextrous	C21DIM52BJN3Z0	$25.90

Style M44 - Super Fly®

The Super Fly® has outdone even the best! Super Fly's® new exclusive sticky rubberized fabric is even more viscous than the Nemesis®. DeSantis has also added a removable, reversible outer flap to even further disguise the firearm. This pocket holster will absolutely not move out of position in your pocket. The inside is made of slick pack cloth for a low friction draw and is reinforced with added polymer in the right places.

Fits	Finish	Side	Item No.	Price
Colt Detective Spl. 2"	Black	Ambidextrous	C21DIM44BJN3Z0	$27.54

Style 062 - Apaches's® Ankle Rig

The Apache's® wide, elasticized leg band largely eliminates the unwanted rocking motion commonly associated with ankle holsters. The Apache® is made for small, medium and large frame semi-autos and small frame revolvers. All semi-auto models feature an adjustable Velcro® thumb break. Revolver and .32cal holsters feature an adjustable thumb strap (without snap, Velcro® closure.) Made with genuine sheepskin padded lining for comfort.

Inside Waistband Holsters Right-Handed
This Inside-the-waistband holster is the 1st in a series of a new generation of holsters. It is the first IWB designed by Fobus and is contoured to allow a full range of motion while in use. This unique holster makes the handgun appear almost invisible inside your waistband.
The holster is lightweight for all day concealed carry and allows single hand reholstering. The handgun is retained using a passive retention system similar to that on other Fobus holsters. An upper and lower retaining hook is designed to maintain attachment of the holster to your belt, with the upper hook being the only part of the holster that is visible outside your belt.

Universal Full-Size Large Frame	C21XGIWBL	$25.99
Universal Small-Size Small Frame	C21XGIWBS	$25.99

Compact Holster
- Ultra lightweight compact holster provides the utmost in retention and concealability
- Retention adjustments screw allows user to select degree of retention (except Glock)
- Passive retention with rapid deployment
- Low profile design for concealment
- Right Handed

Springfield XD, HS2000 9mm, .357, 40 Compact 3"	C21XGSP11B	$20.99

Tactical Speed Holsters
This innovative holster was created in answer to many requests to provide a carry system that would accommodate a handgun utilizing accessories that were either rail or trigger guard mounted. The handgun is held securely in place by utilization of a muzzle stud and a safety strap that encircles the trigger guard.
While assuring positive retention, rapid presentation of the handgun is made easy due to the open withdrawal slot on the rear of the holster and the design of the safety strap.

GALCO HOLSTERS

Classic Lite

Since 1970, Galco has made the most comfortable, versatile and most copied shoulder holster systems in the world. If you want a genuine Galco shoulder holster for part-time carry, the Classic Lite™ is for you. It gives you all the comfort and versatility of our professional rigs, since they use the same patented and trademarked connectors to achieve the same great fit and function, including the trademarked clover shape Flexalon™ swivel back plate. Using premium Center Cut Steerhide™ allows Galco to offer you a very reasonably priced alternative shoulder system with a proven track record. This system includes holster, harness, ammo carrier and a set of system screws.

Model	Color	Hand	Item No.	Price
Colt 1911 5"	Natural	Right	C21GECL212	$103.20
Glock 17/22	Natural	Right	C21GECL224	$103.20
Glock 43	Natural	Right	C21GECL662	$89.60
S&W J-Frame	Natural	Right	C21GECL160	$103.20

Kodiak™ Shoulder Holster

Galco's Kodiak™ Shoulder Holster carries a magnum revolver diagonally across the torso. A padded shoulder strap is used in conjunction with a torso strap that allows for instant adjustments throughout a day spent afield. The Kodiak comes assembled and includes holster, shoulder strap and torso strap. Available in havana brown.

Kodiak Shoulder Holster S&W 500 8 3/8" ..... C21GEKK172H $191.20

The optional Kodiak Holster Bandolier (shown on holster) may be purchased separately. Designed to work in conjunction with the Kodiak™ Shoulder Holster only, the Bandolier slides easily on and off the Kodiak holster to keep five extra cartridges available for quick reloading.

Miami Classic

Shoulder Holster System for Pistols & Revolvers

The Miami Classic™ is quite possibly the most imitated shoulder system in the world, however, its quality is impossible to duplicate. A key component of this patented shoulder system is its unique spider harness. All four points of the spider harness are connected by a Flexalon™ swivel back plate and can pivot independently, resulting in a perfect fit and lasting comfort for all sizes and shapes. It includes holster, harness, ammo carrier, and a set of system screws.

Havana ..... C21GEDMC26H $65.60

Miami Classic II

The Miami Classic II is the next generation of shoulder holster systems from the world's premier maker. The handgun is held in the horizontal orientation of the Miami Classic, for the quickest draw. The harness features Galco's spider harness with trademarked Flexalon™ swivel back plate for all-day wearing comfort. The medium-width shoulder straps distribute the weight of a heavy handgun and accessories,
while remaining concealable. The biggest innovation found on the MCII is its new magazine carrier, which securely holds a pair of magazines horizontally, without need of retaining straps.

Slip-On Recoil Pad

This recoil pad from Galco slips easily over the butt of your gun and is held snugly in place by an overlapping hook and loop fastener. It is constructed of dark havana leather and features 1/2" of shock absorbing gel which can reduce felt recoil by up to 50%.

Recoil Pad Slip-On, Small, *5"L x 1-1/2" W* ..... C21GELT1030DH $79.20

Concealable™ Holster

The Concealable™ holster is one of Galco's most recognizable and innovative belt holsters. Its unique two-piece construction is contoured on the body side to the natural curve of the hip, keeping all the molding on the front of the holster, allowing for significantly more comfortable carry and a narrower profile than an ordinary pancake type holster. Hand-molded to fit specific handguns, the Concealable features a deeply hand-molded exterior for excellent retention properties and superior appearance, combat grip accessibility for speed, double-stitched seams for durability, and covered trigger guard for safety. The Concealable is constructed of premium saddle leather and made to fit belts up to 1 1/2".

Model	Color	Hand	Item No.	Price
Glock 17/22 *c/o*	Black	Right	C21GECON224B	$107.20
S&W J-Frame *c/o*	Black	Right	C21GECON158B	$107.20

Avenger Belt Holster

The Avenger combines all the desirable features of a truly practical holster. Full combat grip accessibility allows an instant shooting grip, stitched sight rails prevent snags on the draw, the reinforced holster opening provides easy eyes-off reholstering, while the vertical orientation allows the fastest, wrist-locked draw stroke. The tension screw allows for micro-adjustment of the draw stroke. The Avenger is constructed of premium saddle leather and fits belt up to 1 3/4" wide.

Model	Color	Hand	Item No.	Price
Colt 1911 4-1/2"	Tan	Right	C21GEAV266	$108.80
Colt 1911 5"	Tan	Right	C21GEAV212	$108.80

Combat Master Belt Holster

Galco combined premium saddle leather, double-stitched seams and hand-molded fit to create the Combat Master™, a holster of exceptional quality. The open top design offers a swift draw and presentation, while detailed molding provides secure retention. The butt-forward cant allows effective concealment of even a large defensive handgun. The Combat Master has an open muzzle and fits belts up to 1 3/4".

Model	Color	Hand	Item No.	Price
Colt 1911 5"	Tan	Right	C21GECM212	$82.40
Glock 17/22	Black	Right	C21GECM224B	$82.40

Yaqui Slide Holster

The renowned Yaqui Slide was ushered into the modern era of holster design in 1992 when Galco achieved yet another industry first: adding a set of independent tension screw adjustments, allowing for a custom fit to the firearm and micro-adjustment of the draw stroke. The minimalist design and near-vertical carry angle make the Yaqui Slide very fast to draw from, while securing the firearm during everyday activity. The belt channel on most Yaquis has a circular cut-out for placement on the pant loop to prevent shifting of the holster. The open-muzzle Yaqui design is a favorite of those who own multiple barrel lengths of the same gun model. Constructed of premium saddle leather and fits belts up to 1 3/4".

Model	Color	Hand	Item No.	Price
Colt 1911	Tan	Right	C21GEYAQ212	$75.20

GALCO HOLSTERS

Wheelgunner Belt Holster

Galco's extremely versatile new WheelGunner offers ambidextrous design as well as the ability to be used strong side or crossdraw. Suitable for both casual concealment and outdoor sportsman's carry, the WheelGunner carries a medium- or large-frame revolver high and close to the body. Fully ambidextrous, the WheelGunner allows carry in four different positions, simply by unsnapping the holster from the belt slide, moving the belt slide to different locations on the belt, and reattaching the holster. Strongside or crossdraw on either right or left sides – the WheelGunner does it all! The WheelGunner secures the revolver with a combination of hand molding and an adjustable hammer thong. Simply slip the hammer thong off and the gun is cleared for a fast, smooth draw. Fits belts up to 1 3/4".

S&W N-Frame 4"	Tan	Ambidextrous	C21GEWG126	$69.60

Stinger Belt Holster

Galco's Stinger™ belt holster was designed with the KISS principle in mind. Made to carry a small semiautomatic pistol or double-action revolver behind the strongside hip, the Stinger's open top and forward cant allow a fast, easy drawstroke. Safety, security and stealth are all addressed with covered trigger guard, deep molding and a tunnel-style belt loop that takes up little belt space compared to a pancake-type holster. The Stinger is constructed of premium saddle leather and fits belts up to 1 1/2" wide.

S&W Bodyguard 380 *c/o*	Black	Right	C21GESG626B	$57.60

Matrix M7X Belt Slide Holster

The M7X Matrix™ is a durable thermoplastic holster that is lightweight, comfortable, and nearly maintenance free! It is also fast, very concealable, and easy on the budget. The patent-pending snap-on belt loops of the M7X make it fast and easy to attach and remove from belts up to 1 1/2". It is a strong side belt holster that uses a butt-forward cant to enhance concealability. The open top makes the draw quick and easy, while the lateral tension when worn does an amazing job of retaining the pistol securely.

Ruger P90 *c/o*	Black	Right	C21GEM7X438	$35.20

Halo Belt Holster

Plainclothes officers and civilians who prefer to equip their pistols with a weapon light need a holster that is compact enough to conceal, yet fast and fumble-free to draw. The Halo's vertical orientation allows a smooth draw without cocking the wrist, while its thumb-break retention strap combines positive control of the pistol with a fast and efficient draw. Riding high and close to the body, the Halo also offers excellent concealment of the large pistols that are typically equipped with weaponlights. The Halo is constructed of premium saddle leather, fits belts up to 1 3/4" wide, and is made for semiautomatic pistols and is available in right hand designs, in black.

Model	Color	Hand	Item No.	Price
S&W M&P 9/40 *c/o*	Black	Right	C21GEHLO472B	$95.20

Stryker Belt Holster

Galco's new Stryker™ is ready to fight! Kydex® construction makes it very fast on the draw and virtually maintenance free. Twin adjustable tension units allow the user to customize the draw feel to their unique preferences, while a neutral cant offers the fastest wrist-locked drawing motion. The belt slot attachment easily adjusts to fit belts from 1 1/4" to 2", thus enhancing the Stryker's versatility. Whether for self-defense or training, the Stryker wins the fight for speed and ease of use! The Stryker is available in black and fits belts up to 1 3/4".

Glock 26/27 *c/o*	Black	Right	C21GESTR286	$55.20

M4X Autolocking Holster

The patented Matrix ALH™ locking device retains the pistol until the ergonomic and intuitive thumb-release lever is depressed, instantly releasing the pistol for a quick, smooth draw.Constructed from the same injection-molded thermoplastic as the other Matrix holsters, the M4X also maintains the same fierce durability and dependability. Using the same paddle as the highly popular M5X holster, the M4X offers all the quick-on quick-off advantages of a paddle design, while remaining securely anchored on the belt when in use. The slight forward cant allows a fast and comfortable draw, while pulling the handgun in tight for good concealment. The M4X fits belts up to 1 3/4".

Model	Color	Hand	Item No.	Price
Glock 26/27 *c/o*	Black	Right	C21GEM4X286	$39.20

M5X Matrix Paddle Holster

The M5X paddle holster is a versatile addition to Galco's line of Matrix™ thermoplastic holsters. The durable, injection-molded line is lightweight, comfortable, and nearly maintenance free – while remaining fast in action, concealable, and easy on the budget! The M5X locks solidly on the belt while still remaining easy to attach and remove. It securely positions the handgun at the beltline with a moderate butt-forward angle, enhancing concealability yet maintaining ease and speed of draw. Twin tension units allow the user to micro-adjust the feel of the draw while retaining a proper level of firearm retention. Unlike many other harsh, mechanical-looking plastic holsters, the Matrix resembles a hand-molded Galco leather holster. The M5X paddle fits belts up to 1 3/4".

Model	Color	Hand	Item No.	Price
Hi-Point 9mm	Black	Right	C21GEM5X464	$31.20

SSS Side Snap Scabbard (GEN 2) Holster

Constructed of premium steerhide, the improved Side Snap Scabbard retains the quick on-off snap loops that fit belts up to 1 1/2". The open top design remains the same, with the addition of a reinforced mouth for smooth and easy one-handed return to the holster. New to the SSS is a slight butt-forward cant, in contrast to the steeper angle of the earlier version. It keeps the adjustable tension unit and the comfortable, highly concealable forward-molded design of its predecessor, while adding a raised sweat guard to protect both the firearm and the gun carrier. Taken together, these features add up to a holster that is secure and convenient yet concealable with a very fast draw!

• Premium steerhide • Adjustable tension unit • Reinforced mouth • Butt-forward cant • Raised sweat guard to protect pistol and wearer • Forward-molded design contours to the hip • Quick on and off loops fit belts up to 1 1/2

CCP™ Concealed Carry Paddle™ Holster

The Galco CCP™ (Concealed Carry Paddle™) is widely considered to be the finest professional-carry paddle holster in existence. The CCP offers all the features expected in a modern defensive holster: open top, secure retention, combat grip accessibility, and covered trigger guard. It adds the convenience of Galco's unsurpassed adjustable paddle design, with unlimited range of holster angle options. Whether your choice is FBI-forward cant, barrel-forward cant, or neutral (vertical) cant, a single turn of a screw allows precise adjustment to your preferred angle of carry. The option of crossdraw carry while you are in an automobile, or for everyday use, is also just a screw turn away. Galco's patented paddle grips the inside of the waistband and underside of the belt, and is adjustable for belts of different widths up to 1 3/4".

SkyOps Inside The Pant Holster

You need to carry a full-sized pistol behind your hip, you don't want to wear a jacket or your shirt tail out, you want stationary holster placement, and you want total concealment. Galco delivered, with the SkyOps™ tuckable concealment holster. The Patented Y-Hook grips as securely as a full loop, yet disappears to all but the most trained eye when worn on a black belt. The SkyOps will not win the competition for easy on-and-off nor for quick draw and reholstering. But when it's all about stealth, and wearing a jacket is not an option, the SkyOps sets the standard against which all others will be measured. Fits belts up to 1 1/4".

KingTuk™ IWB Holster

Galco's KingTuk™ tuckable IWB reigns supreme in comfort, speed, and versatility! The patented KingTuk provides the best of both worlds: a comfortable backing plate made of lined saddle leather with Napa leather front combined with a rigid Kydex® holster pocket for a fast draw and easy holstering. Worn inside the waistband, the KingTuk's removable metal belt clips (fitting belts up to 1 3/4") can be moved up or down in the corresponding holes in the leather, enabling the user to set the carry height and angle to suit their unique preferences.

GALCO HOLSTERS

Royal Guard Inside The Pant Holster

This holster is worn inside the pants. Constructed of premium horsehide with the rough side out, the Royal Guard's innovative design creates a smooth leather pocket reinforced for sturdiness and protection, while also permitting unrestricted movement and easy reholstering. The Royal Guard features a combat grip and will fit belts up to 1 3/4".

Underwraps Belly Band 2.0

Galco's update of the traditional belly band allows concealed carry of multiple weapons and accessories around the midsection, in an infinite variety of configurations. The UnderWraps™ also enables the user to make instant additions and changes to the carry rig. Two leather holster pockets facilitate stable positioning of one or two firearms simultaneously, while two accessory pockets accommodate badge, cuffs, ammo - you name it!

- *Elasticized nylon*
- *Two leather holster pockets fit most handguns*
- *Two accessory pockets*
- *Accommodates strongside, crossdraw and appendix carry*
- *Improved in 2020 to accommodate even more guns*

Tuck-N-Go™ Inside the Pant Holster

The Tuck-N-Go's open top allows a fast draw once the concealing garment is swept up and away, while the reinforced mouth allows a smooth and easy return to the holster. For the utmost in concealability, the holster features Galco's patented Generation III tuckable J-Hook. The Gen III J-Hook's streamlined design hooks over the pants and behind the belt, hooking upward and only showing a small piece at the bottom. The Tuck-N-Go carries the handgun in a vertical orientation, with no cant or angle. Constructed of comfortable premium Center Cut Steerhide™, the Tuck-N-Go fits belts up to 1 1/2".

Pocket Protector Pro Holster

While limiting the carrier to a relatively small handgun, pocket carry offers some unique advantages. Not only is the handgun completely covered and concealed, but the gun carrier can casually place a hand on the holstered/pocketed pistol if a nonspecific threat materializes – and the fastest draw is to have the gun already in hand. The Pocket Protector™ holster is designed for front pocket carry in pants or a jacket. The Pocket Protector keeps the firearm in the same general position so you can quickly locate the grip when you need to draw, conceals the shape of the gun so that its outline is not printed through the pants, and allows one-handed release of gun from both pocket and holster.

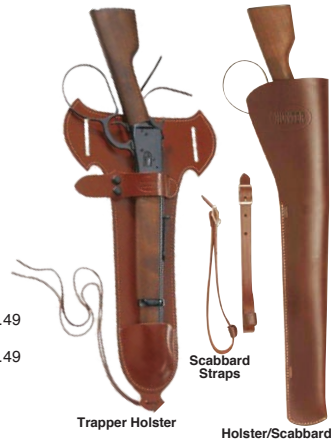
HOGUE®

PowerSpeed™ Universal Speed Holster

The PowerSpeed holster is designed for competition, duty and concealed carry use. Right-or left-handed use. Fits virtually any semi-auto handgun! It has 3 quick settings: Fully Locked, Semi Race and Full Race. Fully locked mode is one so secure you can actually lift the shooter off his feet by the grip of he gun, but is instantly released on a draw! In Full Race mode, the gun is held in place solely by powerful rare earth NeFb magnets. The magnets are so strong, they can hold a pistol upside down and are secure enough to pass a jump test. But look out, blazing fast draws are a snap in this mode. Comes with two belt mounts: a dropped competition/duty style, and a high rise style. The competition/duty style is full adjustable for angle and cant, and includes an exclusive belt locking and adjustment system that accommodates belt sizes from 1 1/2" to 2 1/4". The high rise style fits a 1-1/2" belt and is designed for duty, concealed carry.

PowerSpeed Universal Holster ..... C21HA00500 ..... $79.96



HUNTER

For 60 years, hunting and sports enthusiasts have counted on HUNTER for high quality holsters, gun cases and shooting accessories. Most of the products we've made over the years are still in use today, standing as testimony to the value of skilled craftsmanship and premium materials.

Trapper Holster

The Trapper holster was built to fit the Winchester 1892 cut down to resemble a lever action pistol. This holster is top grain leather, can be worn on the left or right side, and features a leg tie down. Fits the following: Henry Mare's Leg, Rossi Ranch Hand, Puma, and original Winchesters. Made in the USA. The 1892S scabbard does not come with a leg tie down.

Trapper Holster

L.A.G. TACTICAL

The Liberator Mk II

The newest offering from L.A.G. Tactical, is the Liberator Mk II. Pressure formed and CNC cut for precision. Our redesigned Liberator allows multiple different types of attachments, from our standard 1.75" hard clip to Ulticlips and Soft Loops as well as other common aftermarket attachments. The Liberator Mk II has been designed in CAD, ensuring a perfect fit for your gun down to the thousandth of an inch and the highest level of accuracy in fitment. The Liberator Mk II has kept its key features, including the ambidextrous design and adjustable retention, and the user can adjust the cant anywhere from -15° to +15°.

• Adjustable cant +/- 15° • Adjustable retention • Fits belts up to 1.75" wide
• Completely Ambidextrous – IWB/OWB/RH/LH
• CNC Cut & Drilled for precision • Protected magazine release
• Compatible with Ulti-clips • Lifetime Warranty

STEALTH OPERATOR

Stealth Operator™ Holster – Full Size

Each Full Size holster features our unique Frame-Lock technology, which ensures positive retention of your firearm. That means that once your weapon locks into the holster, it will stay secure until you need it. Coupled with a super-durable injection molded nylon shell, rust-resistant black oxide hardware, and a robustly flexible design, the Stealth Operator Full Size is the multiple-pistol-owner's dream come true.

Stealth Operator Holster – Full Size *(Black)* ..... C21LBH50054 ..... $34.95
Stealth Operator Holster – Full Size *(Coyote Tan)* ..... C21LBH60066 ..... $34.95

Stealth Operator™ Holster – Compact

The Stealth Operator Compact is the natural evolution to the holster series, with a lightweight, minimalistic design that allows for comfortable, all-day outside-the-waistband (OWB) carry. The Compact holster features the same super-durable injection molded nylon shell, rust-resistant black oxide hardware, and robustly flexible design you'll find throughout the series. In addition, the Frame-Lock technology maintains positive retention across a wide range of firearm designs. Once your weapon locks into the holster, it will stay secure until you need it.

Right Hand – Compact *(Black)* ..... C21LBH50050 ..... $34.95

Model 25 Inside-the-Pocket Holster for Revolvers

An all look for the inside-the pocket holster. The holster will stay open; simply drop handgun into pocket and it holsters itself. Extra thin, extra soft holster for extra deep concealment. The moisture proof membrane layer prevents perspiration from penetrating the holster and collecting on the gun.

Model 6360RDS ALS®/SLS Mid-Ride, Level III Retention™ Duty Holster

The 6360RDS holster is specifically designed for firearms with red dot sights mounted to them. This holster with Automatic Locking System (ALS®) builds on the foundation of the Self Locking System (SLS). It locks the weapon in all directions upon holstering, it's operable with the thumb, and the weapon can be drawn straight out of the holster with no twisting required.

Model 6378 ALS® Paddle Holster

The Safariland Model 6378 Holster is a concealment version of the Automatic Locking System ALS®) series holsters. Once the weapon is holstered, it "locks" into place, providing an extra measure of security from standard open top holsters. A simple straight up draw is possible once the ALS® is de-activated by the thumb while obtaining a shooting grip. IDPA approved. The Model 6378 holster features an all- injection molded paddle design that is highly concealable and rides close to body with a slightly forward weapon cant. It also comes standard with the 567BL belt loop, fitting 1.5" to 1.75" belt widths. Additionally, it features suede lining to help protect the gun's sights and finish, and its SafariLaminate™ structure with wraparound design provides the strongest design combination available. • Plain Black Color

7371 7TS™ Micro ALS® Concealment Paddle Holster

The Safariland® Model 7371 7TS Holster combines the security of ALS® with the speed and simplicity of an open-top design. ALS® secures your weapon automatically as it is holstered, yet still allows a fast, natural draw with the swipe of the thumb release as you acquire your shooting grip. Built from durable, weather- and temperature-resistant SafariSeven™ non-marking nylon blend, the 7371 will not scratch or mar the finish of your firearm, and its raised interior stand-offs allow dirt and moisture to clear quickly. The 7371 comes with the 571BL Paddle, its small footprint is specifically designed for sub compact firearms.

SAFARILAND®

Model 079 Magazine Holder, Snap-On, Double Plain Black Only

The Model 079 is a patented holder that features a low cut design for easy magazine grasp. Molded from Safari-laminate, it holds magazines tightly in place. The Model 079 holder differs from the 076 competition version in that it has two straps on the back that form the belt loop. The 079 also features an adjustable magazine tensioning device that lets an officer set the exact amount of friction required to remove the two magazines.

Double Magazine Holder ..... C21SF079836 ..... $26.49

Fits: Glock 17, 19, 22, 23

Model 080-12 Shotshell Holder, 12-gauge

The Model 080-12 is a Molded ABS Shotgun Shell Holder which holds two 12-gauge shells conveniently on the belt. Clips on the belt for easy-on, easy-off use. The belt clip features an extended bottom hook to keep the 080-12 secure on belts up to 2.25 in. (58 mm) in width.

Shotshell Holder ..... C21SF08012 ..... $7.79

Model 123 Horizontal Magazine Holder

The Model 123 is a very unique carry design. Simply wrap the hook and loop belt attachment around the belt and a spare magazine is ready and accessible. A hook and loop closure keeps the magazine in the pouch. The 123 is tough and lightweight, yet soft. Magazine can be worn in either a horizontally or vertically carry. • *Fits: Glock 17/19/22/23.*

Single Magazine Holder, Plain Black ..... C21SF123832 ..... $12.79

Model 71 Injection Molded Single Magazine Pouch

Features: • Flexible "accordion" design allows for multiple fits and minimal size • Fits magazines, flashlights, knives and multi-tools • Fits up to 1.75" belts

Plain Black ..... C21SF7122 ..... $13.29

Plain Black Shroud Mount *c/o* ..... C21SF71223 ..... $12.29

Model 075-2 Hearing Protector Holder

This injection molded plastic holder wraps around and clips on to the belt providing a hook attachment to hang ear muff style hearing protectors while out on the range. It can also be used to carry a supply of disposable restraints.

Features:

• Clips on to belt • Available in Black Injection

• Molded and designed to be worn with belts up to 2 1/4".

Hearing Protector Holder, Black ..... C21SF0752 ..... $4.79

Model 79 Slimline Open-Top Double Magazine Pouch

The Model 79 Slimline Open-Top Double Magazine Pouch is designed to carry two magazines vertically on a 2.25" (58mm) duty belt. The magazines are oriented face out to save space on the belt. It's constructed of rugged SafariLaminate™ and is available in several scuff-resistant finishes with four different closures. Glock 17/22 (STX Tactical)

C21SF798313 ..... $20.49

Model 074 Magazine Holder, Paddle

The 074 is a paddle style magazine holder that doesn't require a belt to hold it firmly in place. The 074's Safari-laminate construction and molded polymer paddle work together to make this one of the best magazine holders for quick-on/quick-off concealment situations. The paddle has a built-in locking mechanism that keeps the holder in place at all times - yet it can be slipped off in an instant.

• Paddle-style single magazine holder
• Fits belts up to 1.50" wide
• Adjustable tension device

Model 572 Magazine Holder, Double,Paddle

The Model 572 Open Top Double Magazine Pouch with Paddle has a low cut design for easy access to the magazines as well as a unique paddle design that locks onto the belt. An adjustable tension device customizes fits on magazine varieties. Constructed of durable SafariLaminate material, this cuff case fits 2.25 in. (58 mm) belt widths. • *Fits: 1911*

Plain Black ..... C21SF572532 ..... $32.49

Model 573

The Model 573 is a handy combination magazine and handcuff pouch, complete with a quick on/off paddle. Its SafariLaminate thermal molded construction provides durability and excellent equipment protection. Comfortable to wear, it's suede lining holds the items securely and quietly. It features an Allen screw to adjust tension for magazine size. The handcuff pouch is designed to fit standard chain style cuffs only. The unique paddle design is rigid in the center and flexible around the edges and includes a self-locking belt hook. Fits up to 1.75" (45mm) belt.

Glock 17/22 (Plain Black) – Right Hand ..... C21SF57383411 ..... $35.49

Glock 17/22 (Plain Black) – Left Hand ..... C21SF57383412 ..... $35.49

SIG SAUER®

IWB/OWB P365/P365XL Holster

Carry the SIG SAUER P365 IWB/OWB Black Ambi Holster (HOL-365-AMBI) the way that you want. This holster is configurable in both the inside and outside the waistband styles. Sticky Holsters

Travel Mount Adapter

Attach your Travel Mount to any surface with loop Velcro. Such as Tactical Bags, Backpacks and Purses. (Travel Mount adapter is made from double sided hook Velcro.)

Travel Mount Adapter ..... C21YATMA $6.99

Extra Adhesive Strips (3/pk) ..... C21YATMAS $6.99

Belt Slider

This is our elastic magazine carrier that slides onto a belt. It will fit most belts up to 1.75".

You can use the accessory slot to carry an extra magazine, knife, or tourniquet. The accessory slot also has our "Sticky" material to help hold smaller or smooth items in place. It is open ended so a variety of different sized items can be carried from a single stack .380ACP magazine up to a large double stack .45ACP magazine and everything in between.

Belt Slider ..... C21YABS $8.95

Sticky Holsters

Sticky Holsters allow you to deploy and adjust your firearm in seconds. No bulky clips or straps to get in the way. Our lightweight holsters weigh less than 3 oz. and the closed-end design keeps lint and dust out, while keeping gun oil off of you. Body heat and use conforms holster to your gun, so your holster fit will continue to improve with use.

C21YABOLTIWB $26.95

Taser Bolt OWB Sticky Holster

Holster designed specifically for the Taser C2 for outside the waistband. The holster uses a hook and loop A Frame design. Taser darts will not leave the holster if unintentionally discharged while in the holster. The holster is "Taser Approved"

Taser Bolt OWB Sticky Holster ..... C21YABOLTOWB $36.95

Sticky Travel Mount

This simple yet agile addition to the Sticky line will allow you the opportunity to mount your Sticky and gun when it is no longer on their person. Some of the many places for use: vehicle center consoles, motorcycle saddlebags, boat compartments, night stands, desks, and anywhere else you will want to have your handgun handy!

• This Sticky Travel Mount includes ONE 4"x 6" adhesive strip.
• Travel Mount Dimensions: 8" Tall X 5 3/4" Wide

Sticky Travel Mount ..... C21YATRAVELMOUNT $36.95

Mini Mag Pouch

A smaller version of our Super Mag Pouch (SMP) designed for shorter, single stack magazines. Fits most magazines up to 40S&W. Attaches to the belt using our Velcro "A" Frame design.

Mini Mag Pouch ..... C21YAMMP $15.95

Dual Mag Mini Pouch

A smaller version of our Dual Super Mag Pouch (DSMP) designed for shorter, single stack magazines. Fits most magazines up to 40S&W. Attaches to the belt using our Velcro "A" Frame design.

Dual Mag Mini Pouch ..... C21YADMMP $26.95

Mini Mag Sleeve

A smaller version of our Mag Sleeves designed for shorter, single stack magazines. Fits most magazines up to 40S&W. Use IWB or in a pocket.

Mini Mag Sleeve ..... C21YAMMS $15.95

Dual Mag Mini Sleeve

A mini mag sleeve with two compartments side by side designed to shorter, single stack magazines. Fits most magazines up to 40S&W. Use IWB or in a pocket.

Dual Mag Mini Sleeve ..... C21YADMMS $26.95

Dual Mag Sleeve

The Dual Mag Pouch is two pouches sewn together with one mounting system allowing you to mount your accessories in the same position.

Dual Mag Sleeve ..... C21YADMS $26.95

Fits double stack and large single stack 1911 magazines

Dual Mag Sleeve ..... C21YADSMP $26.95

Mag Pouch Sleeve

• Fits Double stack and single stack 1911-style magazines.

Dual Mag Sleeve (Single) ..... C21YAMPSPX1 ..... $15.95

Super Mag Pouches

Our goal was to take the magazine pouch to the next level and by making it even more useful. Sticky Holsters is proud to introduce our Super Mag Pouch. We have devised a way for you to carry whatever magazine or accessory you like in the same pouch. Flashlights, a .45 magazine, a pocket knife, a .380 magazine or maybe a 38 special zip strip - each will fit in our new Super Mag Pouch.

Super Mag Pouches ..... C21YASMPX1 ..... $15.95
Super Mag Pouches *(2-Pack)* ..... C21YASMPX2 ..... $26.95

B.U.G. Pad

This new product allows you to quickly stow your backup gun in its Sticky Holster in the strapping of your tactical/armor vest. Our innovative and effective design uses the "sticky"- ness of our holsters and on the new B.U.G. Pad to hold your weapon securely in place.

B.U.G. Pad (2-Pack) ..... C21YABUGPad $11.95

Ankle Biter Wrap System

In your waistband, in your pocket and now, securely on your ankle, Sticky Holsters offers more ways to wear our unique products. As an added bonus, it will work with many other IWB and pocket holsters, even those with clips. Using the same self-securing design as our holsters, the AnkleBiter Leg Rig secures to your leg and secures your holstered pistol. It is infinitely adjustable and fits directly on your leg or on the top of a uniform boot. Obviously, it's ideal for small guns, but the size of gun is only limited by the cut of your pants. You can even carry an extra magazine or knife right beside your choice of pistol.

• One size fits all

Ankle Biter Wrap System ..... C21YAANKLEBITER $36.95

Ambidextrous Hip Holsters with Magazine Pouch

• Fully ambidextrous holster with belt loops on both sides, plus a removable belt clip for use as an inside-pant holster
• Integral magazine pouch on forward edge of pistol models accommodates most single or double row magazines
• Velcro® retaining strap secures magazine but provides easy access • Simple to convert from right to left
• Holster constructed of tough, patented SIDEKICK laminate of Cordura® nylon, waterproof closed-cell foam padding and smooth nylon lining • Non-stretch retention strap and molded thumb break anchored by one-way Velcro inside Uncle Mike's Strap Trap™; adjustment tool included
• Spring steel belt clip powder coated for rust and corrosion resistance

3.25" - 3.75" Barrel Medium & Large Autos	C21UM70160	$22.49

Kydex® Paddle Holster

• Adjustable paddle is a semi-rigid Kydex design that will mold itself to the wearer's hip. It will not move around or pull out with the handgun when a draw is made.
• Adjustment allows for butt forward, vertical and muzzle forward carry
• Holster can be worn "Behind-the-Hip", "In-Front-of-the-Hip ("Appendix Carry") or even "Crossdraw" if the situation requires
• The lead edge of the holster body is cut down to facilitate use in confined spaces • An excellent choice for both men and women

Pro Pak Holsters and Accessories

UM77921

Pro Pak Series Holsters are made of an extra thin laminate for concealability. Waterproof closed-cell foam padding aids in comfort while providing moisture barrier. Smooth nylon lining further protects gun finish and aids in drawing and reholstering. Simple, super-lightweight harnesses are easy to put on and take off with fast, Velcro adjustments. Laminated harness yokes have soft, non-abrasive, non-slip material on inside; smooth, non-stick material on outside that won't hang up on clothing. Non-stretch retention straps and molded thumb/finger breaks are adjusted by Velcro. Straps are covered with patented Strap Traps to keep straps from stripping away and to prevent chafing; adjustment tool included.

KICK-EEZ®
Sorbothane®

Sorbothane®, a one-of-a kind visco elastic polymer, has been medically and scientifically proven to be the finest cushioning material available today . Kick-Eez pads reduce more recoil and do it better than any other pad. Less recoil reduces flinching, eases sore shoulders or cheeks. By reducing the rebound effect of the first shot, second shots are quicker and more accurate. Pad will not "bottom out" as other materials tend to do even after thousands of compressions.

All Purpose
This pad was designed to be an "All Purpose" pad.
It can be used in all shooting applications such as field, trap, skeet and sporting clays.

Color	Size: W x L x T	Item No.	Price
Large Black	2" x 5 5/8" x 1-1/8"	C21KE30110LB	$30.99
Med. Black	1-7/8" x 5-1/4" x 1-1/8"	C21KE30210MB	$30.99
Med. Black	1-7/8" x 5-1/4" x 15/16"	C21KE3028MB	$30.99
Med. Black	1-7/8" x 5-1/4" x 1/2"	C21KE3025MB	$30.99

All Purpose
The **All Purpose** pad was designed for all shooting applications.
This new addition to the line is only 1/2" thick.
It accommodates the guns really well that have hydraulic units or adjustable plates. Now you can have the Sorbothane comfort without sacrificing your length of pull.

Color	Size: W x L x T	Item No.	Price
Black	2" x 5-5/8" x 1/2"	C21KE3015LB	$30.99

Magnum
Originally designed for use on extra large bore guns, but is suitable for any gun to tame heavy recoil. It has a basically flat back and is canted downward on both ends for easy shouldering.

Color	Size: W x L x T	Item No.	Price
Large Black	2" x 5-5/8" x 1-3/8"	C21KE501125LB	$31.99
Med. Black	1-7/8" x 5-1/4" x 1-3/8"	C21KE502125MB	$31.99

Modified Trap
The **Modified Trap** pad has a revolutionary design that is slightly concave with a blast finish on the face. It gives you 100% contact with your shoulder eliminating pressure points. Also, the design allows you to shoulder the gun in the same position every time especially those shooters who like to shoot form the high shoulder position.

Color	Size: W x L x T	Item No.	Price
Black	2" x 5-5/8" x 3/4"	C21KE4036LB	$31.99
Black	2" x 5-5/8" x 15/16"	C21KE4038LB	$31.99

Trap
This pad has a concave back and was designed especially for "Fixed Position" trap shooting.
It has horizontal ribbing on the face to further increase stability.

Color	Size: W x L x T	Item No.	Price
Large Black	2" x 5-5/8" x 1-1/8"	C21KE40110LB	$31.99
Large Black	2" x 5-5/8" x 3/4"	C21KE4016LB	$31.99
Large Black	2" x 5-5/8" x 15/16"	C21KE4018LB	$31.99
Med.. Black	1-7/8" x 5-1/4" x 1-1/8"	C21KE40210MB	$31.99
Med. Black	1-7/8" x 5-1/4" x 3/4"	C21KE4026MB	$31.99
Med. Black	1-7/8" x 5-1/4" x 15/16"	C21KE4028MB	$31.99

Sporting Clays

Sporting clay pads have basically the same contour lines as the All Purpose pads except the Sporting Clay pads have the heel contoured at approximately 45 degrees to allow easier shouldering from the "low gun" position.

Color	Size: W x L x T	Item No.	Price
Large Black	2" x 5-5/8" x 1-1/8"	C21KE20110LB	$30.99
Large Black	2" x 5-5/8" x 3/4"	C21KE2016LB	$30.99
Med. Black	1-7/8" x 5 1/4" x 3/4"	C21KE2026MB	$30.99
Med. Black	1-7/8" x 5-1/4" x 15/16"	C21KE2028MB	$30.99
Med. Black	1-7/8" x 5-1/4" x 1-1/8"	C21KE20210MB	$30.99

Junior

This pad was designed to accommodate stocks that have been shortened.
The screw holes are spaced only 2-3/4" apart which allows for trouble-free mounting.
One size and one thickness only.

Color	Size: W x L x T	Item No.	Price
Black Junior	1-11/16" x 4-5/8" x 15/16"	C21KE3048JRB	$30.99

Rocker

This new design lets the recoil pad mount more consistently to the same pocket area naturally and will not dig into your shoulder because of the tapered toe end design of the pad. It's color is black only with dimensions of 2" wide 5 5/8" long. Tapered thickness.

Color	Size: W x L x T	Item No.	Price
Black	2" x 5-5/8" x 1-1/8"	C21KE60110LB	$30.99

Special

Special shape to fit those difficult stocks such as Browning Gold, Beretta 390, all Benelli's (Including synthetic) and many other problem fittings. Black only.
All Measurement Are Approximate

Color	Size: W x L x T	Item No.	Price
Black	2-1/4" x 6" x 15/16"	C21KE8018XLB	$32.49

*The **KICK-EEZ® Dual-Action** recoil absorbing pad combines two layers of Soborthane®. The first ultra-soft Sorbothane® layer reacts to absorb recoil fast for increase accuracy. The second Sorbothane® layer dissipates energy and completes maximum recoil absorption.*

Dual-Action All Purpose

Same as our Standard All Purpose Pad except the Dual-Action Pad combines two layers of Sorbothane®. The first ultra-soft layer reacts to absorb recoil fast for increased accuracy and the second layer dissipates energy and completes maximum recoil absorption. • Black on Black

KICK-EEZ®
Sorbothane®

Recoil Inserts
KICK-EEZ® Sorbothane® RECOIL INSERTS provide an additional layer of recoil protection. These inserts fit precisely into the KICK-EEZ® SLIP-OVER RECOIL PAD... or they can easily be added to any of the most popular "slip-on" style recoil pads (trim to fit if needed). KICK-EEZ® RECOIL INSERTS are perfect for adjusting length-of-pull, just add or combine inserts to modify your length-of-pull as needed.

Color	Size	Item No.	Price
Inserts (2)	1/4" *Medium*	C21KEKZIM	$10.49

KICK-EEZ Spacers
These jet black spacers are made from a strong lightweight plastic polymer. They are easy to fit, grind, finish, and have superior machining and sanding characteristics for a great look. The universal slotted hole design makes it easy to match almost any hole location. Use one or more to adjust your length of pull.

Color	Size	Item No.	Price
Black	*1/2"* Thick	C21KE701120	$7.99
Black	*1/4"* Thick	C21KE701140	$4.99
Black	*1/8"* Thick	C21KE701180	$4.99

Pitch Spacer

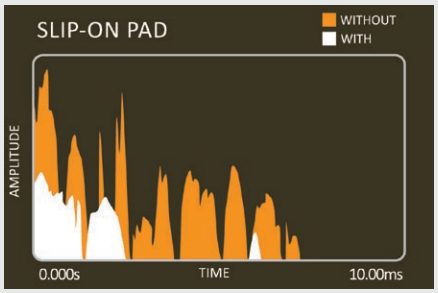
They are easy to fit, grind and finish. The universal slotted holes at each end make it easy to match almost any hole location. The uniform ends make one spacer either positive or negative depending on which end is up. Use one or more for your personal pitch.

1/2" Thick	C21KE105120	$9.99
1/4" Thick	C21KE105140	$6.49

CHEEK-EEZ Cheek Protector

An oval-shaped sheet of microcellular urethane that adheres to your gun comb to virtually eliminate recoil shock to the cheek. These pads are also very useful if you need some adjustment to your "line of sight." This item is not recommended for high gloss oil finishes or most synthetic stocks as it will not stick to these finishes.

Color	Size: W x L x T	Item No.	Price
Black	5" x 6" x 1/16"	C21KE703116	$8.49
Black	5" x 6" x 1/4"	C21KE703140	$13.99
Black	5" x 6" x 1/8"	C21KE703180	$8.49
Black	5" x 6" x 3/16"	C21KE703316	$12.99



HAND-EEZ Palm Swell
The Sorbothane® Palm Swell absorbs shock, vibration, helps alleviate hand and finger cramps, reduces hand fatigue thus increasing the shooter's ability to control the gun. The Palm Swell has checkering which gives a professional look and custom fit.

Palm Swell *Right Hand*	C21KE102RPS	$6.49

Precision-Fit Recoil Pad

The LimbSaver® Precision-Fit Recoil Pad is a custom fit recoil reduction pad for rifles and shotguns that is easily installed after removal of the existing stock pad. It features our innovative recoil reduction technology that absorbs shock and vibration. This revolutionary three-step process features Sims Vibration Laboratory's proprietary NAVCOM™ (Noise and Vibration Control Material). It is designed to displace shock on a broadband spectrum (0 to 2500 Hz) ensuring maximum shock relief from recoil and greater protection for the shooter. This superior LimbSaver® recoil reduction system allows greater access to the firearms sport for women, youth, and the disabled.

- *Reduces up to 70% of Felt Recoil*
- *Incorporates Anti-Muzzle Jump Technology*
- *Designed for Synthetic, Wood, & Laminate Stocks*
- *Simple Installation • LimbSaver 3-Step Technology*
- *Built for All Weather Conditions*

Magpul Carbine Recoil Pad

Synthetic rubber recoil pad slips over the hard plastic buttplate on an M4-type adjustable carbine stock for secure, non-slip shouldering and as much as 70% reduction in felt recoil. Made from proprietary NAVCOM™ shock-absorbing material that won't crack, split, or take a "set." Spreads recoil over a larger area and prevents the stock from digging into your shoulder during long periods in the ready position. Improves weapon control and reduces muzzle jump to aid in fast, accurate follow-up shots. Secure snap-on design for quick installation and removal.

Magpul Carbine Recoil Pad ..... C21SA10025 ..... $37.99

AR-15/M4 Snap-On Recoil Pad

- Snaps onto most six-position AR-15/M4 tactical stocks
- Reduces muzzle jump allowing for faster target re-acquisition
- Helps keep rifle securely positioned against your shoulder
- Made from LimbSaver's proprietary NAVCOM material to dampen vibration
- Built to be used outdoors in all harsh environments

Black ..... C21SA10019 .... $37.99
Tan ..... C21SA10020 .... $37.99

Slip-On Recoil Pad

The Slip-On Recoil Pad makes our 3-Step System available for everyone. In small, medium and large, this shock-absorbing miracle simply slides over the stock. It provides you with the same shooting comfort found in our award-winning LimbSaver Precision-Fit Recoil Pads. Simply find the size that fits your favorite rifle, shotgun or muzzleloader, remove the existing shoulder pad and slide on the Slip-On.

The LimbSaver Slip-On Recoil Pad offers the same recoil-taming benefit as the Precision-Fit and Grind-to-Fit Recoil Pads

Black	Size: L x W	Thickness	Item No.	Price

Large	5-1/8" x 1-3/4"	1"	C21SA10548	$34.99

AirTech® Slip-On Recoil Pads

AirTech Slip-On pads are designed to slip over existing firearm stocks without any modifications.

Though slip-on pads will work with or without factory recoil pads, we highly recommend removing the existing pad before putting the slip-on recoil pad on; this will ensure the best fit and will prevent slipping during use.

AirTech® Precision-fit Recoil Pad

- **Protection:** AirTech® Recoil Pads offer premium protection for your shoulder so you can enjoy a day of shooting without the usual discomfort and bruising. They feature advanced atmospheric chambers and utilize NAVCOM® technology to reduce felt recoil by up to 70%
- **Accuracy:** AirTech® pads help to increase your accuracy by giving you a stable shooting platform that grips to your shoulder and stays in place even in the rain. They incorporate anti-muzzle jump technology for quick and accurate follow-up shots. Also, by reducing felt recoil and pain, you will be less likely to flinch, which will make you a more consistent shooter overall.
- **Precision-Fit Sizing:** AirTech® Precision Fit Recoil Pads are designed to fit specific gun stocks. Models are available for most popular guns stocks with more being added each year.

HOGUE

Hogue® Recoil Pads

Hogue recoils pads are available as pre-ground or grind to fit. Hogue recoil pads use an exclusive base plate material that is super rigid and grinds easily without the cracking and checking problems that are so common with other brands. Because our base plate is so strong no wire or metal reinforcing is required, reducing the chance of delamination. The rigidity of the plate makes for a tight fit to the stock without gaps caused by bending and warping. Bonded to the base plate is a modern super soft elastomer that grinds easily and finishes cleanly. These Hogue pads feature computer designed internal cushion construction combined with a super soft elastomer for the ultimate in recoil cushioning and control!

All Hogue pads are available in either black or brown.

Grind to Fit Recoil Pad

Our EZ Grind pads available in three sizes and are designed to be a round to fit using standard disk or belt sanders. Both the cushioned rubber and base plate grind very cleanly and easily blending with your wood or synthetic stock.

Size	Size: L x W x Thick	Color	Item No.	Price
Small	5.3" x 1.68" x 1"	Black	C21HA00710	$22.91

Pre-Size Recoil Pad

Our pre-sized pads are molded and pre-ground to fit most common rifles and shotguns within .050 inch for easy "do it yourself" installation, eliminating the need for costly gunsmithing! Hogue recoil pads deliver the ultimate in recoil control. They improve your shooting comfort and accuracy while enhancing the look and feel of your gun. All at a very reasonable price.

Recoil Eraser *(Medium)*	C21AN15512	$9.99

LIMBSAVER®

Accuracy Tightens Groups

LimbSaver® Barrel De-Resonator

The "New" LimbSaver Barrel De-Resonator is designed to dampen out unwanted vibration by shortening the overall settling time of the barrel. The accuracy benefit is immediate, providing sub-minute angle groups for over-the-counter factory ammunition. This easy-to-install unit simply slips over most standard barrels. Designed and manufactured with our proprietary NAVCOM (Noise and Vibration Control Material), and engineered for optimum performance utilizing Sims Vibration Laboratory's DTMS (Decay Time Modification System).

Sharpshooter X-Ring *Black*	C21SA12051	$9.99
Bull Barrel Sharpshooter X-Ring *Black*	C21SA12052	$9.99

LimbSaver® Protective Shooting Pad

The adjustable Shooting Pad includes a removable system made of SVL's proprietary NAVCOM™ material, engineered with variable-sized nodes that disperse the recoil better than any other material on the market. The LimbSaver® Protective Shooting Pad houses the recoil-reducing system and is made of a comfortable, durable, material for the hunter or the trapshooter. The LimbSaver® Protective Shooting Pad has a simple adjusting strap and a single-point snap-in lock for a customized fit.

Strap on Shooting Pad Black..... C21SA90102. $34.99

pro mag™

AR-15 / M16 (6) Position Stock Carbine "US" Marked 1/2" Recoil Pad

This pad adds 1/2" length of pull to AR-15 / M16 carbines equipped with six position collapsible stocks. The pad features U.S. and ordnance flaming bomb markings. The pad is molded after the original rifle grenade recoil pad for 1903 and Garand rifles. Injection molded black rubber construction.

AR-15/M16 Recoil Pad..... C21ZMPM088 .....$6.79

BUTLER CREEK

Slip-On Recoil Pad

Save your shoulder from the sharp spike of recoil. Slip-On's reduces felt recoil of heavy Magnum rifles and shotguns. Elastomer material has a leather-like texture that fits seamlessly with stock.

Size	Size: H x D x W	Item No.	Price
Small	5" x 4" 1-1/2"	C21BC50325	$14.49

CALDWELL™

Magnum Recoil Shield

The size and shape of the Magnum Recoil Shield creates the perfect combination of function and comfort. It can be worn on the left or right shoulder and attaches with an easily adjustable side closure for a secure fit.

- *Soft leather front and back provides ample friction to keep gun locked into the shield and the shield locked into your shoulder*
- *Ambidextrous*
- *1/2" Thick energy-absorbing pad*
- *Approximately 20 cubic inches of coverage*
- *Weighs 4 oz.*

Magnum Recoil Shield
C21PH300010 .....$22.99

Mag Plus Recoil Shield™

The Mag Plus Shield™ is designed to provide the same unparalleled recoil protection as the original Mag Shield but features a larger surface area. The heart shaped design expands the recoil absorption area, extending protection to the upper arm. This quality is especially valuable in those cases when the rifle or shotgun is not shouldered perfectly.

- *Soft leather front and back provides ample friction to keep gun locked into the shield and the shield locked into your shoulder*
- *Ambidextrous*
- *1/2" Thick energy-absorbing pad*
- *Approximately 32 cubic inches of coverage*
- *Weighs 6 oz.*

Mag Plus Recoil Shield
C21PH310010 .....$28.99

Super Mag Plus Recoil Shield™

With maximum amount of absorbing protection, shooting even the biggest calibers like the 416 Rigby and the 500 Nitro Express. The comfortable leather cover conforms to the body while the energy-absorbing foam insert dramatically reduces felt recoil.

- *Soft leather front and back provides ample friction to keep un locked into the shield and the shield locked into your shoulder*
- *Ambidextrous*
- *1" Thick heart shaped energy-absorbing pad, making it the highest protection level of any past shield*
- *Approximately 40 cubic inches of coverage*
- *Weighs 10 oz*

Super Mag Plus Recoil Shield
C21PH330110 .....$35.99

Field Recoil Shield™

Created with the field shooter in mind, the lightweight, foam recoil system is designed for quick and easy gun mounting in the field and provides valuable protection from recoil. It is ambidextrous and attaches with an easily adjustable hook and loop closure for a secure fit.

- *Soft leather front and back provides ample friction to keep gun locked into the shield and the shield locked into your shoulder*
- *Ambidextrous*
- *1/4" Thick energy-absorbing shield*
- *Approximately 37 cubic inches of coverage*
- *Weighs 4 oz*

Field Recoil Shield
C21PH350010 .....$22.99

Shooting Accessories

Pachmayr®

Shock Shield

No need for different size pads, as its one size design stretches and contours to a variety of stock shapes and dimensions. Filled with a pocket of soft gel, felt recoil is greatly reduced. Easy on and easy off. Simply stretch it over the butt of your firearm.

- *Extensively tested for years of use!*
- *Soft gel pad for greatly reduced recoil*
- *One size stretches to fit most rifles and shotguns*
- *Easy on and easy off • Won't harm stocks*
- *Non-slip pad face texture*

Shock Shield..... C21PA04428 ..... $14.79

Renegade® Slip-On Recoil Pads

Offering excellent recoil absorption, a clean modern appearance, and 1" of additional length of pull, all at a great price.

Small ***Black*** .....C21PA04420 . $9.79

Easy Rider™ Sling

Non-Slip cushioned carrying

• The new padded "Easy Rider" sling offers quality, thick neoprene to cushion the weight of your rifle.
• The SharkSkin™ rubberized backing grips your shoulder and keeps the sling in place.
• The polypro webbing works with Uncle Mike's QD® 1" swivels and is adjustable to 48" length.

Black	C21BC80073	$10.49

Easy Rider™ Shotgun Sling

A solid backing of rubberized sharkskin keeps the Easy Rider Sling solidly in place through your most active hunts. Plus, its thick, shock-absorbing neoprene body cushions the weight of your firearm. It's simply the best-riding sling you'll ever own. Shotgun Sling has loops at either end to slip over the barrel and pistol grip so that swivels are not required.

Mossy Oak® Break-Up™	C21BC80083	$10.49

Quick Carry™ Sling

Effortless carrying and rock solid shooting

The Butler Creek Quick Carry™ sling's lightning fast, one-hand adjustment makes it possible to go from carrying to shooting in seconds. Constructed from 1 1/4" nylon web for comfort and support, its integral thumb loop helps you keep the sling on your shoulder without the fatigue or discomfort of a closed-hand hold. Matte finish polymer hardware is strong, quiet and won't mare your firearm. Complete with sewn-in, patented Uncle Mike's QD Super Swivels.

Quick Carry™ Slings *(Black)*	C21BC80091	$18.99

Elite Neoprene Sling

The ELITE Sling features a 2" wide shoulder pad area made of 8mm thick non-slip neoprene for carrying comfort that absorbs the weight of the firearm. The ELITE Sling is constructed with superior 1" Mil-Spec type webbing and has a Thumb-Loop for safety and control. The ELITE features BRUTE 1" swivels, high strength web, Cape Buffalo grain leather, and tri-glide adjustment. The Elite is weather proof and quickly adapts to either a rifle or shotgun. The ELITE makes an excellent inexpensive all weather hunting/shooting sling. The firearm will feel up to 54% lighter and 100% more comfortable, making the Elite the #1 Neoprene Sling on the market.

- *Cape Buffalo Grain Pattern Leather*
- *Brute, E-Z Detachable Swivel • Tri-Glide Adjustment*
- *Non-Slip Shoulder Pad Distributes Weight More Evenly On Your Shoulder*
- *Quickly Adapts To Either A Shotgun Or Rifle*
- *Not Affected By Inclement Weather • Integral Thumb-Loop*

Chicago Screw Set

TOC CHICAGO SCREW SETS

The unique design of the The Outdoor Connection's Chicago Screw combines a hex key socket and a straight screwdriver slot on the head. This design makes it easy to install or remove; even a coin can be used. The screw features a thread-in area, serrated gripping area, and full thread engagement for maximum hold. The screw may be used to repair or assemble slings, holsters, belts, sheet metal, leather items, and so much more.

Chicago Screws *(6-Pack)*.... C210CBO8 .....$4.29

The Brute

E-Z Detachable Sling Swivels

The BRUTE Sling Swivel with it's one-piece acetyl resin construction body is one of the strongest swivels on the market. The one-piece body is created with rugged, synthetic material for superior strength and is completely weather resistant. The BRUTE features an EZ Detachable screw for quick installation or removal. The screw features full thread engagement, knurled end, and a unique tightening cavity to ensure safety. The screw can be easily screwed into place with a coin when hands are gloved or conditions are slippery.

Hypa-Lite Punisher Sling

The Hypa-Lite Punisher Sling is a sling designed with waterfowl hunting in mind. The sling begins with ultra-durable and lightweight hypalon construction with molded, low-density foam and a non-slip backing. The front of the sling features Realtree MAX-5 camo in quiet fabric, plus a spare call storage pocket and two extra shell loops. The body of the shoulder pad is 14″ long by 3.25″ wide, and the adjustable web sling is 1″ wide. Quake INDUSTRIES

The Claw® Rifle Sling System

The Claw® ALL GRIP, NO SLIP

The extremely durable and odor resistant pad is molded into the sling webbing to allow approximately 1/2" of stretch. This stretch spreads the weight of the firearm across the shoulder area greatly increasing your comfort. The unique gripping action of the non-slip pad keeps the firearm in place on your shoulder, eliminating the tugging, rolling and pulling caused by other slings on the market. The CLAW® Sling will last as long as you do in anything from miserably hot to arctic cold weather conditions. The pad will remain flexible to -40 degrees Fahrenheit and is U.V. stabilized to eliminate fading or cracking. The durable CLAW® Rifle Sling can be used with rifles, shotguns or any firearm with swivel studs mounted on the buttstock and barrel. As an added value, the CLAW® Rifle Sling includes HUSH STALKER II™ QD Metal Sling Swivels. Comfortable to use and easy to clean, the CLAW® Rifle Sling will not hold water like foam, urethane or leather slings.

Shooting Accessories

MAGPUL

MS1® Sling

Built around our MS1 slider, this system provides rapid adjustments to either lengthen or shorten the sling with no slipping once set, and no tails, loops, or other potential snag hazards. In a two-point role, the MS1 allows easy shoulder transitions, rapid adjustability for hands free rifle carry and shooting support from various positions

- *Dedicated two-point sling*
- *Rapidly adjustable for length (shorter or longer) with new MS1 Slider*
- *No tails, loops, or other potential snag hazards*
- *Light weight yet durable hardware made of heavy-duty polymer*
- *Custom 1-1/4" wide nylon webbing material is strong and wear resistant while remaining anti-chafe for user comfort*
- *Colored webbing has Near Infrared (NIR) treatment to reduce IR signature*
- *Can be configured for two to one-point convertibility with optional adapters*

MS1® Sling..... C21ZZMAG513BLKI $33.20

MS4® Quick Detach Sling

The MS4 maintains material construction and specifications identical to that of the standard MS3, but features two heavy-duty push-button QD sling swivels rather than the Magpul Paraclip align with a steel D-Ring to allow one to two-point convertibility.

- *Heavy-duty push-button QD sling swivels for both one and two-point attachment*
- *Durable, precision-cast steel QD D-Ring allows for quick transition from one to two-point mode and is finished with Melonite for extreme resistance to wear and corrosion*
- *Custom 1.25 inch wide nylon webbing material is strong and wear resistant while remaining anti-chaff for user comfort*
- *Low-profile adjustment Slider for adding or removing sling tension in two-point mode with a single-hand*
- *Colored webbing has Near Infrared (NIR) treatment to reduce IR signature*

MS4® Quick Detach Sling..... C21ZZMAG518BLKI $56.95

ASAP®QD - Ambidextrous Sling Attachment Point QD

The ASAP QD (Ambidextrous Sling Attachment Point QD) allows a wide range of motion, enabling true ambidextrous weapon manipulation for both left and right handed shooters. Replacing the standard AR15/M4 carbine stock receiver end plate, the ASAP QD provides a tactical advantage by minimizing sling snagging and facilitating easy transition to and from weapon and reaction side shoulders. The ASAP QD works with one-point type slings with push-button quick disconnect sling swivels such as the MS4 GEN 2.

ASAP QD Sling..... C21ZZMPIMAG529 .....$56.95

MAGPUL

UDC Padded Bungee One-Point Sling

The UDC Padded Bungee Sling is a dedicated single point sling that is both fast and comfortable. The UDC Sling has 2" inline padding, similar to the Padded Vickers Slings for extra comfort that end in two sections of bungee. The bungee has a travel of approximately 2" - enough to absorb shock from movement or transitions but short enough to reduce the risk of facial injuries or sagging weapons. The overall length is adjustable, ambidextrous, and compatible with use over body armor.

• ***HK Hook Adapter****: fits on weapons with HK style eyelets, SCARs, or endplates with hook loops. Comes with an elastic Hook Cover*

Color	Adapter	Item No.	Price
Black	HK Hook	C21GKUDC210BGBK	$73.95

Vickers Padded Sling

The Vickers Combat Applications Sling™ has been our most popular product of all. Able to quickly transition from carrying a slung rifle comfortably to combat ready, the patent pending Quick Adjust has bridged the gap between the two primary uses of weapon slings – from transporting to fighting. All VCAS™ Slings are built with precision and pride right here at home in the US with superior materials.

Vickers Two-Point Combat Sling

Able to quickly transition from carrying a slung rifle comfortably to combat ready, the patent pending Quick Adjuster has bridged the gap between the two primary uses of weapon slings – from transporting to fighting. All VCAS™ Slings are built with precision & pride right here at home in the US with superior materials.

- *TEX 90 bonded nylon thread*
- *Invista Solution Dyed CORDURA® webbing – low IR, soft enough for comfort but stiff enough to prevent rolling and hardening*
- *ITW Acetal Hardware – Ghillie-Tex™ low IR military grade plastic reduces noise and weight*
- *Differentiated Adjuster pull tab – different color stands out enough for quick adjustment, tactile indicator for use in the dark or with gloved hands*

Black	C21GKVCAS125BK	$52.95
Coyote Brown	C21GKVCAS125CB	$52.95
MultiCam®	C21GK125OAMC	$52.95

Burnsed Socket

The Burnsed Socket is a standalone part that turns a Vickers Combat Applications Sling into a 2 to 1 Point convertible sling when used in conjunction with a Push Button Sling Swivel. The Burnsed Socket was designed in 2005 as a key piece of hardware for the patented SOC-C™ Sling,which allows for 1 to 2 to 3 point convertible sling. Simply slide the Burnsed Socket onto the rear of the sling toward the rear receiver or typical single point sling location then detach the forward push button swivel from the front of the weapon and attach to the Burnsed Socket.

- *Fits on any 1" or 1.25" sling webbing (Victory Series Sling, Vickers Combat Applications Sling)*

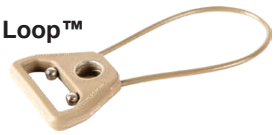
Black- Aluminum	C21GKPPBFP125BK	$16.95
Tan- Aluminum	C21GKPPBFP125TN	$16.95

Uloop

The ULoop™ brings a level of versatility that is unmatched by any other sling hardware. Code named the "Uber Loop" it is a quick-detach version of our popular Universal Wire Loop, offering even faster and easier installation, especially on smaller eyelets found on HK, SIG and FN weapons. The ULoop can be installed almost anywhere - through eyelets, holes in railed handguards, and on KeyMod rails. There's no need to have multiple sling attachments. The ULoop replaces all hooks, clips and connections. The ULoop can be installed in seconds and does not need to be removed from the sling.

- *ULoops have 1" wire loop as measured from the base of the sling loop to the top of the loop*
- *Nylon coated aircraft-grade stainless steel wire*
- *Mil spec ball shank ends crimped to the wire, not the nylon coating*
- *Glass reinforced DuPont Zytel® Nylon body*

Black - 1" Slings	C21GKUWLUL1100BK	$13.95
Tan - 1" Slings	C21GKUWLUL1100TN	$13.95
Tan - 1.25" Slings	C21GKUWLUL1125TN	$13.95



Side Release Swivel

The Side Release Swivel allows for the secure attachment of a Vickers Combat Applications Sling to traditional sling swivel studs found on many hunting rifles, shotguns, and modern bolt action rifles. The Side Release Swivel provides a 1.25" sling slot and is phosphate finished for corrosion protection.

Side Release Swivel	C21GKPSSQD125	$16.95

Universal Wire Loop™

The Molded Universal Wire Loop™ brings the unparalled versatility of the Universal Wire Loop with a lighter more cost effective assembly. The Molded UWL™ allows for a Vickers Sling or other slings 1.25" or thinner to attach to eyelets, slots, rail holes, or other unique mounting points on weapons.

- *HK, AK, SIG, SCAR, or other eyelets*
- *Allows the use of Push Button Sling Swivels or 1.25" sling webbing*

Tan	C21GKUWLPBP275TN	$20.95

Belt Fed Loop

The BFL (Belt Fed Loop) offers a loop-and-lock attachment system for securing the weapon sling to the rifle. The forged aluminum body makes it the toughest and most resistant to heat hardware from the entire BFG sling loop series. This design allows for the same versatility found in the Universal Wire Loop, without needing to remove the weapon sling completely from the hardware for attachment purposes.

- *M249 SAW, M240, and FN Minimi*
- *Works around M4 and M16 handguards*
- *SCAR, SIG, HK, AK or other eyelets*
- *Can be mounted on the right hand side of AKs for left handed shooters*

Black	C21GKUWLUL2125BK	$41.95

Sling Sleeve

Slings are essential for gun fighting but a pain in the gun safe, arms room, or back seat of your car if not stowed properly - a serious potential snag hazard. The Sling Sleeve™ is a 5" long tube of military grade elastic that holds your sling neat and snag-free but remains ready for instant deployment. To use, thread your sling through the Sleeve and then mount the sling to your rifle. "Z fold" your sling taut and slip the Sling Sleeve over the bundle. To deploy, simply grab the sling and pull.

VIKING TACTICS

VTAC® Original Sling

The flagship product of Viking Tactics, Inc., the Viking Tactics Sling's revolutionary design has made it a favorite of the Special Forces community. Created for a collapsible stock (AR-15 type rifles), the Viking Tactics Sling is quick, versatile, dynamic, and most importantly, simple. The VTAC Sling is instantly adjustable, allowing you to adjust shooting positions with ease. You can easily move from strong side shoulder to weak side shoulder or secure your carbine during handgun transition. Unlike other slings on the market, the Viking Tactics Sling isn't just a carrying strap. Its full range of adjustability will enhance retention for when you need your hands free. It is also one of the only tactical slings that can be used as an adjustable shooting sling.

Black ..... C21VJVTACMK1BK $44.95
Coyote Brown ..... C21VJVTACMK1CT $44.95

VTAC® Wide Padded Sling

The Viking Tactics Padded Sling was designed with the same great features as the original Viking Tactics Sling, but with added comfort for carrying heavier firearms. Designed with the shooter and soldier in mind, the Viking Tactics Padded Sling is made with a shoulder strap with closed cell foam. The forward adjustable portion of the sling remains the same as the original sling, giving you quick and easy adjustments from any position.

Black ..... C21VJVTACMK2BK $49.95
Coyote Brown ..... C21VJVTACMK2 ..... $49.95
Multicam™ ..... C21VJVTACMK2MCA $54.95

VTAC® L.U.S.A. Lamb Universal Sling Attachment

The Viking Tactics L.U.S.A. allows the shooter to select from four different attaching options. With the VTAC - LUSA you can use a quick detach sling swivel, a conventional sling swivel, a hook, or simply run the sling through the sling loop. The VTAC-LUSA. allows a wide variety of options without changing hardware. For armorers the VTAC-LUSA eliminates the need to stock four different sling attachment brackets. For shooters that use the quick detach sling swivel, the VTAC-LUSA is designed to lock in the swivel and limit rotation to 45 degrees.

Lamb Unv. Sling Attach..... C21VJVTACLUSA..... $44.95

- Supports Mil, MOA, Clicks • Standard and Night Vision Preserving Backlight
- Target Range Estimator

5700 w/Applied Ballistics & LiNK *(Tan)* ..... C21KJ0857BLTAN $399.00

Rotating Vane Mount & Carry Case

A lot of thought was put into making this vane mount for the 5000 Kestrel series.. It's simpler design than the last and much more durable. The meter snaps right into it and will mount to any tripod or other 1/4-20 fitted bracket, allowing use of an extension pole for taking wind or air flow readings. This turns your Kestrel into a full-featured weather station with a large wind vane and precision pivot that keeps the Kestrel oriented into the wind for continuous measurement and logging of wind speed, wind direction, and all other key weather parameters.

Rotating Vane Mount & Carry Case *(Black)* ..... C21KJ782 ..... $49.00

USB Data Transfer Cable for Kestrel 5000 Series

Simply connect the interface cable to the USB port on your Mac** or PC, and connect the other end to your Kestrel.
It is not a USB connection on the Kestrel Meter, as this is a waterproof meter and requires the appropriate connection. The free downloadable software is easy to use and saves the data in a comma delimited text file for use in your choice of applications: text editor, spreadsheet or database.

USB Data Transfer Cable for Kestrel 5000 Series ..... C21KJ785 ..... $59.00

USB LiNK Dongle (BTLE)

You can NOT connect your Kestrel 5000 series to your Mac/PC via bluetooth without an authentic Kestrel LINK Dongle. One work around is to export your data to your smartphone (Android or iPhone) with the Kestrel Connect App, and then email the data to your Mac/PC.

USB LiNK Dongle ..... C21KJ786 ..... $23.00

Compact Collapsible Tripod

- Stands 48.25 inches high when fully extended 51.4")
- Measures 13.6 inches when collapsed
- Five section twist-and-pull legs
- Weighs under 2 lbs

MagnetoSpeed

V3

The MagnetoSpeed V3 ballistic chronograph kit was designed to be used on barrels and suppressors from 1/2 inch all the way up to 2 inches in diameter. In addition to the larger diameter tolerance, the V3 also has one inch more clearance in the blast zone to account for longer (up to 3" in most cases) muzzle brakes, flash hiders, etc.

V3 *with Hard Case*
C21MXMSV3HC $380.00
V3 *with Soft Case*
C21MXMSV3SC $380.00

Sporter Chronograph

Includes:
• Display Unit • Bayonet-style sensor (Bayo)
• Thick and thin rubber V-block spacers
• Heavy duty strap with thumb nut tightener
Ultra-compact storage container.

Sporter Chronograph
C21MXMSSP $179.00

XFR Adapter

The XFR adapter and associated smartphone application allows users with Magnetospeed Sporter or V3 displays to download their current (and archived for V3) shot series to their Android or iOS device. Users can store, view, edit, and email multiple series once they have been transferred to their phone. Additional features and improvements are on-going. XFR is NOT compatible with V1 or V2 displays. To use th XFR adapter with your V3 unit, please make sure your firmware is up to date.

XFR Adapter ..... C21MXMSXFR $24.99

MagnetoSpeed

Riflekuhl

MagnetoSpeed's new barrel cooler, Riflekühl, is designed to get barrel temperatures down to intended operating levels quickly. The turbocharger inspired impeller is engineered to produce great air flow in a small package.

Riflekul ..... C21MXMSRK $54.99

Large Brake Adapter NEW!

The Large Brake Adapter will allow the V3 Chronograph to be used with muzzle brakes up to 7.7" in length and barrel diameters up to 1.6" at the muzzle. This product was designed to compensate for the longer muzzle brakes commonly found on large caliber rifles such as the .338 and .50 BMG.

Large Brake Adapter ..... C21MXMSLBA $150.00

V3 Rail Adapter

This adapter will allow the MagnetoSpeed V3 to be used on most pistols and short barreled rifles that have a Picatinny style rail.

**This adapter is not compatible with some proprietary manufacturers' rails, or with Glock compact or sub-compact model pistols. Does not work with CZ models P-01, P-06, and 75D.*

V3 Rail Adapter ..... C21MXMSRA $24.99

Tapered Spacer Kit

This set of spacers allows the MagnetoSpeed to be better aligned with barrels with an extreme taper. Kit comes with a .5" spacer and a 1" spacer that can also be combined to form a 1.5" stack.

Tapered Spacer Kit ..... C21MXMSTSKIT $4.99

Bushnell

Velocity Speed Gun

A more simplified, yet equally effective, option is the Velocity with its easy point-and-shoot operation. Like the Speedster, it boasts/- 1.0 MPH accuracy. The Velocity can track the speed of a ball from 100 feet. It's the ideal tool for tracking everything from race cars to pitching speeds.

Features: Easy-to use, point-and-shoot pistol grip, Large, clear LCD display, Displays fastest speed once trigger is released, +/- one mph accuracy. Speedster and Velocity Ranges: Baseball/softball/tennis: 6-110 mph, Auto Racing: 6-200 mph

Velocity Speed Gun ..... C21BH101911 ..... $146.99

MTM CASE-GARD™ QUALITY SHOOTING SPORTS ACCESSORIES

Predator Shooting Table

Standing 30 inches tall and weighing less than 18 pounds, the Predator Shooting Table was designed by shooters. Modeled after a traditional shooting bench rest, the wedge shaped tabletop design provides a comfortable shooting position for either left or right-handed shooters. Once your table is set up, you can lean your rifle into one of the three barrel grooves molded into the sides of the table. Doubling as a maintenance bench, cleaning bench or muzzle loader table at the range, the MTM Predator Shooting Table is ideal for sighting-in and testing firearm performance. It is also ideally suited to the back-forty shooter or the prairie dog hunter on the go.

Predator Shooting Table *(Forest Green)*..... C21MTPST11.....$71.99

High-Low Shooting Table

The High-Low Shooting table is a true in the field shooting table. It can be set up where no table could set before. The secret lies in the tripod design which allows it work on uneven ground, gravel, grass, hillsides, etc.. Independently adjustable legs lock securely into place via twin locks systems per leg. Stake-style steel feet that feature side stirrups for easy leveraging into the ground offering a firm hold just about anywhere nature takes you. Although not designed for hard surfaces like blacktop and concrete, they work well in a carpeted hunting blind. The High-Low's degree of adjustability is unmatched – from a low 18 inches to a whopping 55 inches off the ground – set it as high or low as suits your need. Shaped to accommodate both left and right handed shooters, the bench-style, table surface measures an ample 17 x 33 inches and will easily hold a front and back rest, ammo and other necessities. Transport is a cinch with a molded in tabletop handle and convenient tripod shoulder strap for carrying over longer distances. Made with USA and global parts.

- Adjust from 18" to 55" off the ground

High-Low Shooting Table *(Dark Earth)*..... C21MTHLST.....$89.49

CALDWELL

AR-15 Pic Rail Brass Catcher

Bag Jack™

How often do you set-up shooting rests at the range, only to find that your rifle isn't at the proper height; or the seat is too high for the bench? Lyman's Bag Jack is designed to make it easy to adjust the elevation of your rifle and bring it into line with your target, while also allowing you to maintain a comfortable shooting position. Compact, stable, and infinitely adjustable, the Bag Jack is the perfect platform to set up your shooting rest at the range. Create the optimal shooting position under any shooting conditions. The Bag Jack corrects the height with a simple turn of the adjustment knob. The lift is made from sturdy aluminum and steel components and has a non-slip textured platform. The lift is 10" x 10" so it can accommodate the largest size rests, and collapses for unmatched portability.

• This heavy-duty carrying bay will hold all pieces of your Stable Table
• Full wrap shoulder straps, double layer fabric, heavy duty zipper and padded lower portion ensures maximum durability and protection for your Stable Table

Stable Table Carry Bag ..... C21PH777810 .....$35.99

CALDWELL®

Hydrosled™

- Hydrosled™ Reservoir: 35 lbs Water, 45 lbs. Sand, 60 lbs. Pebbles
- non-marring gun rest components
- Accommodates most detachable magazine rifles and lever action rifles
- Fine windage and elevation adjustment
- Non-marring rubber feet and rear elevation adjustment
- Advanced shock eliminator technology
- Up to 2.5" of front elevation adjustment with fine tune windage adjustment
- Most advanced recoil reducing shooting rest on the market delivers up to 95% Felt Recoil Reduction
- 2.75" of horizontal gun fit adjustment to accommodate most rifles and shotguns
- Rack and pinion elevation ram for precise adjustments
- Advanced rear recoil absorbing pad protects firearm and shooter
- Easy portability when empty
- Elastic front retention strap to reduce muzzle jump

Hydrosled™ ..... C21PH1093568 ..... $249.95

The Lead Sled® FCX™

The Fire Control FCX combines the two most innovative rest technologies into the industry's most advanced shooting platform. By incorporating the recoil reduction benefits of the Lead Sled system along with the ground-breaking performance of the Fire Control mechanism, ultimate accuracy and comfort come together in one rest. The rest is engineered and constructed for ultimate stability and durability. The adjustable length and front cradle height adjustment offer the versatility to accommodate almost any rifle, shotgun, or muzzleloader.

Lead Sled FCX ..... C21PH820444 ..... $374.99

Fire Control Front Rest™ & Full Length Rest™

The Fire Control Front Rest is perfect fingertip control over the location of your crosshairs when your trigger breaks. The glass-smooth mechanisms inside allow you to move the front bag up and down and left and right to accommodate small shifts in wind or firearm position between shots. Forend stop for repeatable firearm positioning. Spiked stainless Steel leveling feet. Two bags are included - a traditional medium width bag and a 3" lobe bag. Adjustable cradle ear assembly for increased control and consistent clamping pressure. Weight 18 pounds 5 ounces, Base 28" x 9".

The Full Length Fire Control Rest includes internal plates that slide up and down and left and right in response to movement of the control arm. Includes the same bags as The Fire Control Front Rest plus a soft non-marring rear pad that firmly supports the rear of your stock without damaging the finish.

Fire Control Front Rest™ ..... C21PH746884 ..... $239.99
Fire Control Full Length Rest™ ..... C21PH100259 ..... $294.99

The Lead Sled® Solo™

The Lead Sled™ Solo is the newest addition to Caldwell's line of recoil reducing rests. A smooth pivoting elevation system is controlled with a single knob making adjustments onto target fast & precise. Its unique offset frame is designed to accommodate all rifles including detachable magazine rifles like the popular AR-15 platform as well as lever actions guns. The Lead Sled Solo has an integrated weight tray that will hold a single 25 pound bag of shot. The combination of the weight and heavy duty spring between the frame members all but eliminates recoil on non-magnum calibers and greatly reduces recoil on all calibers.

The Lead Sled Solo ..... C21PH101777 ..... $85.99

Lead Shot Carrier Bags

PH777800

PH428334

These stout bags are designed to be placed in the shot tray of your Lead Sled Plus Lead Sled or Lead Sled DFT and conveniently hold 7 pounds of sand or 25 lb bag of lead shot. The durable handles make toting lead shot to the range a snap. 5.5" x 10" x 3"

Standard Lead Shot Carrier Bag
C21PH428334 ..... $11.49
Standard Lead Shot Carrier Bags 4-Pack
C21PH533117 ..... $25.99

Large Weight Bag

- Holds approximately 20 pounds of sand.7" x 11" x 3"

Large Lead Sled Carrier Bag ..... C21PH777800 ..... $15.49

Lead Sled® DFT™ 2

The Lead Sled® DFT™ 2 (Dual Frame Technology) provides shooters with the industry's best recoil reduction system and the versatility to fit virtually any shotgun or rifle, all built around a precision shooting platform. A key feature of the DFT 2 is the ability to slide the front cradle back and forth along the Dual Frame for optimal length adjustment.

- *Dual frame design disperses a maximum amount of recoil energy*
- *18" of adjustment to fit rifles and shotguns of virtually any size*
- *Holds up to 100 pounds of lead shot*
- *The Lead Sled DFT 2 weighs approx. 24 pounds and is 30" long by 12" wide*

Lead Sled® DFT™ 2 ..... C21PH336677 ..... $204.99

Lead Sled® 3

The Lead Sled® 3 has become the standard in weight reduction shooting rests. The Lead Sled 3 reduces recoil by up to 95% while securely holding your gun on target. The new Skeletonized front rest secures your gun with it's non-marring surfaces. The Improved rear buttstock cradle uses top of the line Shock Eliminator Technology and has non-marring cradle to keep your gun in place.

- *Ideal for magnum rifles & slug guns*
- *Holds up to two 25 lb. bar bell weights*
- *Holds up to 100 lbs. of lead shot • Fingertip elevation adjustment*
- *Non-marring rubber feet • Rear adjustable elevation*

Lead Sled® 3 ..... C21PH820310 ..... $137.99

Stinger Shooting Rest

The Caldwell® Stinger Shooting Rest combines a spring loaded, height adjustment knob allowing for faster, one handed coarse elevation adjustments. The new cutting edge molded front and rear supports protect the gun's finish and provide just the right amount of firmness for rock solid shots. The heavy duty dual metal frame and quick cam locks allow the Stinger's front rest to easily slide forward or backwards then lock in place when the desired length has been achieved.

The Stinger Shooting Rest provides versatility and ultimate stability, delivering the shooter maximum accuracy potential.

- *Innovative new spring loaded elevation system allows for fast one handed, no wobble adjustment*
- *Extremely fine elevation adjustments with fingertip control*

Stinger Shooting Rest ..... C21PH110033 ..... $99.99

The 7 Rest™

The asymmetric frame provides great stability while maximizing length adjustability. By simply loosening the lock knob, the angle between the two halves of the frame can be adjusted to change the distance between the front and rear supports.

- *Works great with AR-15's and lever-action rifles*
- *Ambidextrous*
- *Overmolded supports*
- *Folds compact for transport and storage*

The 7 Rest™ ..... C21PH101557 ..... $28.99

Zero-Max™ Shooting Rest

- Durable tube steel frame fabrication
- Full windage and elevation adjustment
- Unfilled Medium Varmint front bag included
- Micro adjustment for fine windage of elevation corrections

Zero-Max™ Rest
C21PH546889 ..... $33.99

CrossWind™

The 90° rotating anemometer head allows you to measure exactly how much CrossWind will be applied on the side of your bullet without ever having to move the wind meter or do angle calculations. The included holster protects the wind meter and makes it easy to keep handy. The Caldwell CrossWind Professional Wind Meter is the ultimate tool for indicating wind speed and calculating a reliable firing solution.

Operates on one CR2032 battery (included)

- *Wind Speed; Current & Average Wind Speed, Maximum Wind Gust*
- *Rotating Anemometer Head • Temperature • Station Pressure • Barometric Pressure*
- *Altitude • Density Altitude • Water resistant • Backlight • Automatic Power-Off*
- *Data Hold • Lanyard • Protective Holster Case*
- *Large Buttons for Glove Friendly Use in Cold Conditions • Tripod Mount*

CrossWind™ ..... C21PH112500 ..... $79.99

Wind Wizard II™

Both compact and portable, this wind meter reads wind and temperature in various units of measure. The non-slip rubber sleeve protects the unit and ensures it's easy to grip even with gloved hands. Operates on one CR2032 battery (included).

- *Wind speed measures in mph, ft/min, km/h, m/s, or knots*
- *Includes wind speed in Beaufort scale bar graph*
- *Temperature display in Celsius and Fahrenheit*
- *Wind chill display • Non-slip rubber sleeve*
- *LCD backlight • Auto power off*

Wind Wizard II™ ..... C21PH102579 ..... $35.99

CALDWELL®

Steady Rest NXT™

Caldwell's impressive new shooting rest gives you a steady elevation-adjustable platform for sighting in rifles and pistols and pattering shotguns. The three-piece design allows the shooter to use the rest in one or two-piece configurations, allowing it to adjust to any length long gun as well as handguns. The front and rear support features a non-marring material that is gentle on your firearm's finish yet is firm enough to provide a stable shooting surface.

Steady Rest NXT™ ..... C21PH548664 ..... $27.99

Handy Rest NXT™

The Caldwell Handy Rest NXT is an extremely versatile front rest. It is designed with a full six feet of elevation adjustment at 100 yards, a front sling stud clearance groove, and is constructed of durable, lightweight materials. The intuitive design includes a removable handgun support attachment that easily converts this rifle rest into a handgun rest. The front rest and handgun support feature a material that will not harm your valuable firearm yet also offers a steady shooting surface.

Handy Rest NXT™ ..... C21PH574662 ..... $24.99

The Pistolero™

The Caldwell Pistolero is the ideal handgun shooting rest. By combining 5 inches of horizontally adjustable handsupport with 3 inches of vertically adjustable barrel-support, this rest accommodates virtually every size handgun. The front and rear support feature a non-marring material that is gentle on your firearm yet is firm enough to provide a stable shooting surface. In addition, the rugged construction of this rest is virtually impervious to the elements. This combination of versatility, stability and durability make the Pistolero the number one value in handgun rests.

The Pistolero™ Shooting Rest ..... C21PH562771 ..... $26.99

The Matrix™

Ultra rigid U-channel frame, quickly adjusting in length for the perfect fit with any gun while remaining completely stable. The two piece sliding frame incorporates an open central channel with plenty of clearance for the hi-capacity detachable magazines (AR15 style guns) as well a lever action guns. A convenient storage area incorporated into the front of the base features a removable lid that adds additional clearance when detached but also doubles as a rubberized rear support surface for firing handguns when left in place. A spring loaded tension mechanism and height adjustment knob allow for one handed elevation adjustments, keeping the front cradle wobble free throughout the entire vertical range.

The Matrix Shooting Rest ..... C21PH101600 ..... $47.99

The Rock BR™

The Rock BR will help you discover the true potential of your rifle and ammunition. This high quality rest is designed for the most accuracy-minded shooters around, bench rest competitors. Now everyone who wants the best from their rifle can benefit from the advanced design, precision machining, and finely engineered features of the Rock BR.

- *15 1/2 lb. product weight dispersed along 15" cast-iron footprint • Fine elevation adjustments are possible through our ball bearing rotational system*
- *Windage-adjustable cradle allows shooters to make smooth and precise corrections with fingertips*
- *Cradle features a sturdy bag tensioning system for improved forend support and increased stability for refined accuracy • Stainless steel components*
- *Rest comes with both 3" lobe bag for flat forends and filled Medium Varmint front bag for sporter style forends*
- *Accepts any of the Caldwell Deluxe Front Rest Bags*

The Rock BR™ ..... C21PH440907 ..... $159.99

The Rock™

The best way to determine the accuracy of your rifle and ammunition is to shoot them from a solid bench -- with a quality shooting rest. With precise repeatability of shots as your goal, The Rock Deluxe Front Rest is the right tool for the job.

The Rock helps eliminate the "human factor" in shooting and will help you shoot tighter groups.

- *Wide & stable footprint dispersed over 5 1/2 lb. rest*
- *1" diameter steel post provides smooth and quick elevation adjustments up to 7 1/4" height*
- *Use the 3 leveling feet to level your rest on most any surface*
- *Forend stop ensures consistent stock placement from shot-to-shot*
- *Forend cradle is designed to accept all Caldwell Deluxe Universal Front Rest Bags*
- *Filled Medium Varmint front bag included*

"The Rock" ..... C21PH383774 ..... $84.99

The Rock™ Combo

- Steel ram provides smooth and quick elevation adjustments
- Forend cradle is adjustable to conform to shooting bag
- Wide 3-point iron base for extra stability
- Filled rear bag made of durable water-resistant fabric

"The Rock" Combo ..... C21PH383640 ..... $92.99

The Rock Jr.™

Many of the same features as The Rock, but in a sleeker and more economical package. For sighting-in, test firing, and informal competition, it's tough to beat a Rock Jr.

- *Stable, 4 pound cast iron base.*
- *5 pounds total weight.*
- *3/4" diameter steel post provides secure and smooth elevation adjustments up to 7 1/4" height • Comes with interchangeable non-slip rubber feet or metal spike feet*
- *Filled Medium Varmint front bag included with rest*

The Rock Jr. ..... C21PH323225 ..... $39.99

Deluxe Universal Front Rest Bags

These innovative, high-quality leather and polyester Front Shooting Bags function with most brands of front rests. The exclusive hook and loop tabs allow quick installation and removal from the cradle without time-consuming need to lace them on. The Cordova leather gives you a secure rest and the polyester, which will not stretch or sag, allows the bag to hold it's shape. The narrow bag is the correct choice for most sporting rifles, while the medium and wide models will accommodate the wider forfends of varmint and bench rest rifles. Shipped empty, these bags should be filled with fine dry sand.

- *Narrow Bag is ideal for most sporting rifles*
- *Medium and Wide Bags are perfect for varmint and benchrest rifles • Unfilled bags should be filled with dry silica, sand, or other inert fillers*

Filled

(A) Narrow Sporter Bag ..... C21PH108325 ..... $16.99
(B) Medium Varmint Bag ..... C21PH263234 ..... $16.99
(C) Wide Benchrest Bag ..... C21PH576578 ..... $16.99

Deadshot™ Shooting Rests

Every hunter and shooter is looking for a versatile and steady shooting system that can be set up almost anywhere, and at any time. Whether you have minutes or seconds to set up for your next shot, the DeadShot Shooting Bags are the answer. These inexpensive and functional bags continue to set the industry standard for quality and functional shooting bags.

- *Place them on almost any shooting surface*
- *Made of durable, water-resistant 600 Denier polyester*
- *Quick-connect feature makes bag transport easy*
- *Front bag dimensions: 10" W x 8 1/2" H x 6" D, rear bag*

AR-15 DeadShot™ Tactical Bags

The innovative dual configuration rear bag can be oriented for M4 carbine style stocks or reversed for an ideal fit with A2 style stocks. The tall profile front bag is an ideal height for AR's allowing clearance for 30 round magazines. Both bags feature an extremely heavy Ballistic Nylon on the contact surfaces designed to hold up to abuse from hand guards with sharp edged pic rails. Bags are pre-filled and ready for use. Weight approx. 7.5 lbs.

- *Specifically designed for AR-15 and LR 308 rifles*
- *Perfect shooting height with plenty of clearance for 30 round magazines*
- *Rear bag is designed to fit collapsible M4 stocks on one side and fixed A2 stocks on the other*
- *Rifle can easily be rotated for fast magazine changes*
- *Works great with tactical style bolt action rifles as well*
- *Extremely heavy duty Ballistic Nylon fabric holds up to rough edged pic rail hand guards*

AR-15 DeadShot Tactical Bag ..... C21PH934693 ..... $39.99

CHAMPION RANGE AND TARGET

Two-Tone Sand Bags

These shooting rests are a modern take on an old favorite. These durable two-tone bags come filled with a lightweight alternative to sand and feature a gun-gripping suede surface on top. The matched pair of Bench Rest Bags also clip together for easy transport.

- *Tough construction for durability • Attractive two-tone design*
- *Gun grips suede shooting surface • Two Bags Included*

Large Bench Bags ..... C21CM40468 ..... $48.99

Monkey Bags

This small, compact shooting rest is ideal for shooting benches. You can also deploy the bottom weights to achieve a solid rest on fence posts, logs, the shooting rail on a tree-stand or the window ledge of a hunting blind.

- *Transforms into different configurations*
- *Ideal for shooting off fence posts or benches*
- *Provides a steady rest*

Monkey Bags ..... C21CM40512 ..... $23.99

Gorilla Range Bag®

This versatile shooting rest reduces recoil when used in the self-securing "X" position. You can also unclip and stack the rest into a variety of positions; or roll it out to give yourself a solid, flat shooting platform.

The handy carrying strap makes transporting easy.

- *Gun gripping "X" action • Reduces Recoil*
- *Solid shooting platform • Handy carrying strap*

Gorilla Range Bag® ..... C21CM40467 ..... $64.99

Mini Gorilla Bag

Half the size of the original, the Mini Gorilla Bag is able to be used in a variety of shapes and configurations. It's a compact and convenient way to get gun-grabbing, recoil-reducing action at the range or in the field.

- *Half the size and weight of the original Gorilla Bag*
- *Unzips and transforms into seven different configurations*
- *Gun gripping "X" action • Reduces recoil*
- *Handy carrying strap*

Mini Gorilla Bag ..... C21CM40510 ..... $53.99

The new Champion Shooting Bags are built to help deliver accurate round placement. All five bags are uniquely shaped and include features favored by Precision Rifle Series shooters. The bottom of each bag is covered with Tuff Hide, a synthetic material that prevents skidding and provides a stable shooting platform. Select models include elastic straps that hold the bag in place on the rifle, eliminating the need to adjust it between stations.

PROTEKTOR MODEL
GALETON, PA 16922
MADE IN U.S.A. 100%

ALL BAGS COME UNFILLED

Small Owl Ear Front Bag

For use on a mechanical rifle rest. Has narrow hollow center to accommodate most hunting rifles. Bag size: 2-1/4" W x 5 3/4" L x 1" H (in the center), and approximately 1-1/2" to 1-3/4" from ear to ear in the center.
Small Owl Ear Front Bag.....C21PN01.....$20.49

Regular Owl Ear Front Bag

For use on a mechanical rest. Has hollow center to accommodate the forend of most sporter or varminter rifles. Bag size: 2-1/4" W x 5-3/4" L x 1" H (in the center), and approximately 2" to 2-1/2" from ear to ear in the center.
Regular Owl Ear Front Bag.....C21PN02.....$20.49

Wide Owl Ear Front Bag

For use on a mechanical rest. This bag was designed expressly to handle the forends of larger rifles. Bag size: 2-1/4" W x 5-3/4" L x 1" H (in the center), and approximately 2-3/4" to 3" from ear to ear in the center.
Wide Owl Ear Front Bag.....C21PN03.....$20.49

Large Owl Ear Front Bag

This bag is, front to rear, nearly twice as long as its smaller counterpart and narrower (bag size: 4-1/4" L x 5-1/4" W) to fit some mechanical rests in use. For large forestocks.
Large Owl Ear Front Bag.....C21PN09.....$22.49

Owl Ear Straddle Bags

This bag is the same as the Owl Ear Front Bags except there are two additional bags sewn on so that the bag can rest on a car door with the window down. This can also be used by disabled hunters to shoot from a vehicle. Legal with permit in some states. Also, this may be placed on other rounded areas to shoot on such as a wooden fence railing (three bags in one).
Small Owl Ear Straddle Bag.....C21PN04.....$29.49
Regular Owl Ear Straddle Bag.....C21PN05.....$29.49
Wide Owl Ear Straddle Bag.....C21PN06.....$29.49

Standard Front Bag

This Front Bag combined with the Rabbit or Bunny Ear Rear Bag is the perfect combination for every shooter; bench rest or otherwise. Bag size: 4" H from bottom to top of saddle where the forend of the rifle rests. A base or block (wood) 6"W x 6" L x 2" to 2-1/4" H (thick) is used under the bag.
Standard Front Bag.....C21PN07.....$27.49

Standard Rear Bag

The original #12 Standard Rear Bag is used mainly to take care of huge butt stocks on many magnum and other similar rifles. Bag size: 5" W x 6-3/4" L x 2-5/8" H at the front end and then tapers to rear to match the shape of the rifle stock.
Standard Rear Bag.....C21PN12.....$22.49

Sausage Front Bag

For use on a mechanical rest. It is becoming increasingly popular wherever seen. Will accommodate most rifles by just letting out the proper amount of sand to make a hollow center. Bag size: 2-1/4" W x 5-3/4" L x 1-3/4" H.
Sausage Front Bag.....C21PN08.....$18.49

Rabbit Ear Rear Bag

The justly famous Rabbit Ear Rear Bag can be used with any front bag in this folder. Bag size: 5" W x 6-3/4" L x 2-5/8" H at the front end and then tapers to rear to match the shape of the rifle stock, with the addition of another complete two-compartment bag sewn to its top. This compartment which forms the "ears" is 4-3/8" x 4-3/8" at its base. Each ear is 2 5/8" H and is filled separately.
Rabbit Ear Rear Bag.....C21PN13.....$31.49

Rabbit Ear Rear Bag w/ Hard Bottom

Just the same as the #13 Rabbit Ear Rear Bag but has a single layer hard bottom for added stability. Can be used with any Protektor Model front bag. Bag size: 5" W x 6-3/4" L x 2-3/4" - 3" Tall and then tapers to rear to match the shape of the rifle stock, with the addition of another complete two-compartment bag sewn to its top. This compartment which forms the "ears" is 4-3/8" x 4-3/8" at its base. Each ear is 2-5/8" H and is filled separately.
Rabbit Ear Rear Bag w/Hard Bottom.....C21PN13A.....$44.49

Custom Rabbit Ear Rear Bag

The Custom Rabbit Ear Rear Bag is same as the #13A but 1" taller and has double thickness leather sidewalls. Bag Size: 3 1/2" Tall.
Custom Rabbit Ear Rear Bag ...C21PN13B.....$53.99

Front Squeeze Bag

Used on any adjustable bench rest top, this bag can be adjusted to fit most rifles by moving metal plates in or out. Bag size: 4" W x 7" L x 1" H.
Front Squeeze Bag.....C21PN19.....$10.79

Small Pillow Bag

Looks like a small pillow. Its main use would be to rest your body on (arm, elbow, etc.) Bag size: 6"W x 6"L x 2"H.
Small Pillow Bag.....C21PN18.....$17.49

Bunny Ear Rear Bag

A replica of the Rabbit Ear Bag except the ears are not as long and only 1-1/4"H. Accommodates thicker but stocks and will not interfere with your cheek piece. Bag size: 5"W x 6-3/4"L x 2-5/8"H. Each ear is 2-1/2"H and made up of two compartments.
Bunny Ear Rear Bag .....C21PN14 ..... $31.49

Rabbit Ear Bag

This bag is the same as the #14 but has a single layer hard bottom sewn to the bag for added stability. Bag size: 5"W x 6-3/4"L x 3"H. Each ear is 1-1/4"H and made up of two compartments.
Rabbit Ear Rear Bag .....C21PN14A..... $44.49

Custom Bunny Ear Rear Bag w/ Hard Bottom

The #14B Custom Bunny Ear Rear Bag is the same as the #14A just 1" taller and has double layered leather sidewalls. Bag Size: 3-1/2" Tall.
Custom Bunny Ear Rear Bag w/ Hard Bottom.....C21PN14B..... $53.99

Sissy Bag

The "Sissy Bag" may be that to some but it certainly absorbs plenty of recoil when placed in back of any rear sand bag. Bag size: 4" in diameter x 8 1/2" H and has a carrying strap stitched to the top.
Sissy Bag.....C21PN15.....$23.49

Brick Bag

Looks just like a brick! This bag would mainly be used to rest your elbow or arm on. Bag size: 4" W x 8" L x 1-1/2" - 1-3/4" H.
Brick Bag .....C21PN16 ..... $21.49

Small Brick Bag

Same as #16 Brick Bag only smaller. Bag size: 4" W x 5" L x 1 1/2" - 1 3/4" H.
Brick Bag .....C21PN17 ..... $17.49

Metal Tripod Rest

Protektor Model's #52 Metal Tripod Rest is welded steel with a black enamel and accommodates all Protektor Model Front Bags. Has an adjustable top that adjusts from 4 3/4" to 8 1/4" high and incorporates an adjustable leveling system. Strong enough to stand on and it won't break if dropped like cast aluminum will. MADE IN U.S.A.!
Metal Tripod Rest .....C21PN52 ..... $67.99

KOPFJÄGER

Kopfjäger K700 AMT Tripod with Reaper Grip

The Kopfjäger K700 AMT Tripod with Reaper Grip includes a heavy-duty tripod and Reaper Grip rest. The tripod is crafted of a sturdy aluminum material and features 3-level leg extensions with locking levers. The Reaper Grip boasts an adjustable, pivoting grip designed to accommodate both tapered and straight stocks and chassis without allowing recoil movement. The K700 Tripod and Reaper Grip Kit provides 360° smooth pan and a tilt range of 109° (21° up and 87° down) and is built to handle harsh environments.

- *Adjustable locking grip fits most straight and tapered stocks*
- *Unshakeable stability for precision shooting and hunting • Designed to eliminate fatigue*
- *Tough enough for harsh environments • Off-set grip design for improved shooting ergonomics*
- *Smooth 360° pan and tilt range of 109° (21° up and 87° down)*

Sniper Seat 360 Shooting Chair

BenchMaster, an industry leader in shooting tables and accessories, introduces the new Sniper Seat 360: the ultimate shooting solution. Not only can the seat be used for target practice and scouting, but with features such as multi-position legs that level the seat on uneven terrain and full 360-degree rotation capability, this seat can be used in the field for extreme target shooting and hunting.

- *Durable foam back, seat, and arm rests for comfort*
- *Full 360 degree rotation: both with and without the legs attached*
- *Power-coated, lightweight steel that avoids rust*
- *Backpack straps for easy transport to the field*
- *Adjustable back and seat for 50 degree recline*
- *Removable arms for bow hunting*
- *Multi-position legs to level the chair on uneven terrain*
- *High-quality, cordura webbing for all weather use*
- *Arm extension for gun rest and optional camera mount • Super quiet rotation*
- *Large, solid foot plates for stability • Five year warranty*

Sniper Seat 360 Shooting Chair ..... C21JYBMSSSC $130.99

Perfect Shot Shooting Rest

Adjust the gun rest easily from 17″ to 29″ to accommodate most gun lengths. The height adjustments will accommodate a black gun with a 30 round mag as well as an air rifle with no magazine. After making your macro adjustments lock the rifle rest in place with the seal tight EZ-Lock mechanism. Perfect your shot group using the front to back and side to side micro adjustments.

- *Front rest is a Wide U shape rubberized grip that is gentle on your front stock yet firm enough to provide a stable shooting surface.*
- *Ballistic Nylon stock sling to reduce recoil.*
- *Quick micro adjust for sighting scopes.*
- *Unique offset circular feet to adjust your shot left and right.*
- *Rubberized feet to protect your shooting table.*
- *Lifetime warranty.*

Perfect Shot Shooting Rest ..... C21JYBMPSSR $43.49

Versa-Pod®

PREPARE FOR BATTLE™

Model 50 Bipod

Super Short Prone Bipod with Pan/Tilt & Cant Friction Lock

The specialist's bipod - one of shortest bipods on the market. Developed at the request of professional shooters who need to be as close to the ground as possible. Extremely quick to use and easy to carry, yet utilizing the same rugged construction as all Versa-Pod® bipods.

• Non-marring rubber feet
• Adjusts from 5 - 7 inches in three increments
• Includes 1 Universal Mounting Adapter

Super Short Bipod ..... C21KF150050 .....$91.99

Model 923 Bipod Rest

Lightweight Picatinny Rail Prone Bipod with Raptor Feet and Quick Detach. Legs extend from 7"-9". The Model 923 has raptor feet for locking down into just about any surface in any conditions. It also has a quick release MIL-STD-1913 Picatinny head for quick and easy take down and storage. Legs are NOT spring loaded

Model 923 Bipod..... C21KF150923 .....$189.49

Model 52 Bipod

Standard Prone Bipod with Pan/Tilt and Cant Friction Lock

The classic prone-length Versa-Pod®, now with added friction lock control for the tilt/pan and cant rotation. Now you can use the built-in movements to follow targets in motion or tighten down for sighting in at the range all with the same bipod. Also featuring spring-powered legs for quicker, easier adjustments.

• Adjusts from 9 inches to 12 inches in three increments
• Non-marring rubber feet • Aluminum/Steel Construction
• Includes one Universal Mounting Adapter

Standard Prone Bipod ..... C21KF150052 .....$93.99

Model 2 Bipod

Standard Prone Bipod / Non-Marring Rubber Feet

The foundation of the Versa-Pod® line since its introduction in 1995. Has built-in pan and tilt movements to enable tracking of targets moving simultaneously in two planes. Also has built-in axial rotation for quick corrections on uneven ground. One-touch operation to extend legs, adjusts from 9 inches to 12 inches in six increments. Non-marring rubber feet. Includes one Universal Mounting Adapter

• Construction: Steel/Aluminum • Weight w/Adapter: 1.44 lbs.

Standard Prone Bipod ..... C21KF150002 .....$73.99

Model 3 Bipod

Standard Sitting Prone Bipod / Rubber Feet

The Model 3 has built-in Pan & Tilt that gives you the freedom to move with your target. The legs have rubber feet that extend from 15 « inches to 23 ? inches. Includes (1) One Universal Mounting Adapter (150-100) Non-Marring Rubber Feet Standard Sitting size Rugged design Spring Loaded Legs Pan and Tilt

Standard Sitting Bipod..... C21KF150003 .....$77.49

Tactical Forward Grip Bipod Rest

The Model 618 is extremely strong with an all steel chassis, and also extremely comfortable and durable with its PA66 molding. The PA66 molding gives this foregrip superior strength without the added weight. It is a great alternative to the longer Model 616 and 656 when the extra length is not needed. The ribbed style grip is designed to allow the shooter positive grip in wet conditions even with gloves on.

• 3-3/4" Long • Heavy-Duty Vertical Grip
• No Modification Required • Fits MIL-STD Picatinny Rail
• Allows Canting Tilt

M618 Tactical Forward Grip ..... C21KF150618..... $64.49

Compact Picatinny Rail Bipod Adapter

This adapter was developed in conjunction with the military to be a compact, no-frills solution. It uses a finger tightening knob that secures it to the rail. This feature makes it one of the easiest adapters to install and remove. Does not have sling loop. All-steel construction.

Compact Pic. Rail Adapter ..... C21KF150611.....$49.49

Ruger® Mini-14 & 30 Bipod Adapter

Turn your Mini-14 or 30 into an accurate target rifle. The adapter is all-steel and very sturdy. By mounting to the gas block cover you have a secure attachment point. Directly Mounts to the Mini M14 gas block with two Allen-head screws. All mounting hardware included

Mini-14 / 30 Bipod Adapter.....C21KF150103 .....$30.99

MIL-STD-1913 Conversion Picatinny Rail M1A & M14

This is a picatinny rail with sling loop adapter for permanent attachment to the M14 and M1A rifle. This accessory rail is compatible with all MIL-STD-1913 accessories. Includes 3-1/4" rail with sling loop, two mounting screws and washers. Not for use on synthetic stocks.

M14 & M1A Rail Conversion .....C21KF150807 ..... $58.99

Tactical Sling Stud Bipod Adapter

Fits majority of hunting rifles on market fitted with a contoured stock and Q.D. sling swivel stud. Allows you to mount a bipod without modifying

NEW!

This model features our popular tactical sling loop. A freely-rotating Q.D. stud is mounted on the bottom of the adapter for mounting your sling. Includes 1 5/8 sling loop with push button release.

Tac. Sling Stud Bipod Adp..... C21KF150200.....$33.99

Anschutz Rail Bipod Adapter

This model fits many popular custom stocks and European rifles fitted with the UIT (Anschutz) rail i.e. SteyrMannlicher, SAKO, Savage, Blaser, Sig-Sauer. Once installed this adapter provides a nice hand rest for bench shooting as well as detachable flush-cap sling loop.

Anschutz Rail Bipod Adapter
C21KF150601 ..... $33.99

Quick Sling Loop

This is Versa-Pod's standard Sling Loop flush cap mount. It is constructed of all-steel and works with any of our adapters utilizing the sling loop i.e. Model 200, 601, 602, 603, 630, and so forth.

1-5/8" Quick Sling Loop..... C21KF150701..... $10.99
1-3/4" Quick Sling Loop..... C21KF150711..... $10.99

BLACKHAWK!®

Sportster™ Traversetrack™ Bipod

The new horizontal traverse feature allows you to steadily track a moving target or change from target to target without repositioning the firearm. And when you're shooting on an uneven surface, the pivot action lets you swivel the firearm to either side, giving you a level shooting platform.

• Durable all-metal construction with robust tubular legs
• Horizontal traverse for smooth target acquisition and tracking
• Pivot action for level shooting on uneven terrain
• Rapid-adjust lever lock • Spring-return telescoping legs
• Easily attaches to sling swivel stud

XLA™ Bipod – Pivot Model

In the real world of hunting, the chances of the ideal shot opportunity occurring while on a level ground are slim-to-none. A pivoting bipod will allow the shooter to compensate for ground that is unlevel by up to 20 degrees. The lower portion of the bipod pivots independently from the upper stock mount, allowing the firearm to be quickly leveled on uneven ground. The tension knob can be adjusted to control the resistance of the pivoting motion.

Pivot XLA Bipod *6"-9"*.....C21PH247142..... $45.99

BOG-POD® Bino Rest

The BOG-POD® Bino Rest (BBR) allows you to quickly mount most brands of binoculars onto tripods, bipods, and monopods. It fits binoculars ranging in size from 7x to 20x

• Rubber Coated • Adjustable rubber strap to secure binoculars • Includes a 1/4"-20 bushing if needed to downsize from 3/8"-16 thread size • Includes a quick-change stem for mounting easily to BOG-POD shooting sticks • Made of high-strength, yet lightweight ABS plastic • Weighs only 6.3 oz.

BOG-POD® Bino Rest ..... C21PH735547 ..... $49.99

Adapt-A-Pod

Now you can use BOG-POD accessories with a quick-change stem on any standard monopod, bipod, or tripod that has a 1/4-20 or 3/8-16 mounting bolt.

The adapt-a-pod easily converts any standard tripod, bipod, or monopod for use with BOG-POD accessories.

• Mounts directly on any brand tripod, bipod, or monopod that has a 1/4-20 or 3/8-16 mounting bolt. • Weighs only 3 oz.

Attach the adapt-a pod to any standard monopod, bipod, or tripod

To access the 3/8-16" thread, use a screwdriver to remove the 1/4-20 bushing.

Adapt-A-Pod ..... C21PH735554 ..... $28.99

Professional Camera Adapter (PCA)

The PCA - Professional Camera Adapter is a dual-action, swivel ballhead mount with a quick-change stem for use with spotting scopes, still cameras, and video cameras.

The PCA allows you to easily switch from a gun rest to a swivel ballhead mount for spotting scopes, digital cameras, and video cameras.

• Fits all BOG-POD shooting sticks (except SB-2)

• Attachment plate fits 1/4"-20 or 3/8"-16 thread • Includes USR with quick-change stem

Professional Camera Adapter (PCA) ..... C21PH735546 ..... $49.99

BOG SSA Spotting Scope Adaptor

- Two way camera head to adjust the pan and tilt
- 2 piece design allows you to put a USR on the clamp base or mount the 2 Way head any BOG-POD tripod
- Padded clamping surfaces
- Accessory plate fits most common camera mounts
- 3/16-24 and 1/4-20 thread bushings

SSA Spotting Scope Adapter ..... C21PH735561 ..... $42.99

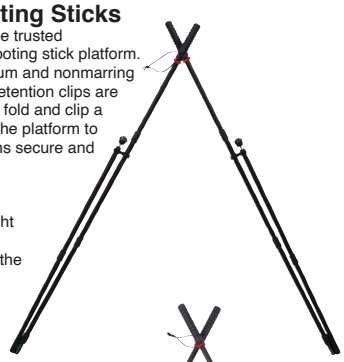
Xtreme Shooting Rest™

Installs Quickly & Easily

The Xtreme Shooting Rest™ is perfect as a bench rest in the field, great for long-range shooting, and ideal for hunting from ground blinds. Use with BOG-POD tripods.

- Two patented USRs that adjust laterally to accommodate most rifles and shotguns
- Two velcro safety straps to keep firearm firmly secured to XSR leaving it in "ready" position
- Rotates 360 degrees to track target easily
- Easily installs on any BOG-POD tripod with its quick-change stem

Xtreme Shooting Rest™ ..... C21PH735539 ..... $59.99



Q-STIK Multipurpose Monopod

• Lightweight aluminum construction • Rapid-adjust twist locks loosen or tighten leg with just a couple of turns • Leg stops to prevent over-extension • Hiker's grip provides comfortable hand support • Removable rubber foot unscrews to a reveal carbide tip for better grip on ice and hard ground • Inch markers on middle leg section help to quickly reach a set height and also double as a measuring stick • Includes free carry bag and snow disk

Q-STIK Multipurpose 68" Monopod ..... C21PH735543 ..... $89.99

Dead Silent™ Standing Shooting Sticks

The Dead Silent Shooting Sticks bring the same trusted BOG stability and durability to a collapsible shooting stick platform. The DSS are made of robust 9/16" dia. aluminum and nonmarring weather resistant surfaces. The Leg Section Retention clips are movable and adjustable to allow the shooter to fold and clip a leg section to the Shooting Stick. This adjusts the platform to a lower height and keeps the folded leg sections secure and out of the way during transport.

- Improves shooter accuracy
- Durable 9/16" diameter aluminum tubing
- Elastic strap keeps collapsed sticks bound tight and quiet
- Innovative Leg Section Retention Clip allows the shooter to lower the shooting height of the DSSS for a kneeling or sitting position

Dead Silent™ Standing Shooting Sticks
C21PH735565 ..... $38.99

Dead Silent™ Sitting Shooting Sticks

The Dead Silent Shooting Sticks bring the same trusted BOG stability to a collapsible platform. The DSS are made of robust 9/16" dia. aluminum and nonmarring weather resistant surfaces. The Leg Section Retention clips are movable and adjustable to allow the shooter to fold and clip a leg section to the Shooting Stick. This adjusts the platform to a lower height and keeps the folded leg sections secure and out of the way during transport.

Dead Silent™ Sitting Shooting Sticks
C21PH735560 ..... $33.99

Rapid Shooting Rest

The BOG-POD® RSR (Rapid Shooting Rest) is the perfect compact, collapsible, and portable shooting platform. Easy to store in a backpack, and quick to set up, this rest will give you the accuracy and range you need to make that big game shot on the fly.

• Ideal for backpackers or hunters that have to hike into their hunts • Made of heavy duty cast aluminum and polymers • Easy to deploy Tripod legs • Twist lock main elevation adjustment • Deployed minimum height: 7" Maximum Height: 11" • Collapses to 12.8" in length • Weighs: 21.6 oz

Rapid Shooting Rest
C21PH110113 ..... $36.99

Great Divide® Tripod Head

The Great Divide® Tripod Head turns any standard tripod into a versatile tripod capable of pan, tilt, and quick-exchange Arca-Swiss accessories. The all-weather damping grease makes for ultrasmooth movements, while the micro adjustment technology allows the hunter to finely tune this glassing and shooting platform.

• Durable aluminum construction • Ultra-smooth head design • Arca-Swiss compatible • Weighs less than 1lb • Ambidextrous handle • Attaches via 1/4-20 or 3/8-16 stud • Comes with 1 Arca-Swiss plate

Great Divide® Tripod Head ..... C21PH1117185 ..... $49.95

DuraSeal® Targets

As a leader in the shooting sports industry, Champion® is at the forefront of target technology- always researching new designs and materials. And our DuraSeal® self-healing material is one such product. It's hole-closing material lets bullets pass through with little damage to the target and its sits above the frame to provide lifelike hunting scenarios. DuraSeal also prolongs the life of the target- maximizing a shooter's budget and their fun.

- *DuraSeal™ self-sealing material for the ultimate in target longevity*
- *Handles .22 cal through most large caliber rifles and handguns*
- *80% lighter than any comparable metal target*
- *Target wobbles/spins upon impact to show positive hits*
- *Self-resetting target provides hours of continuous shooting*

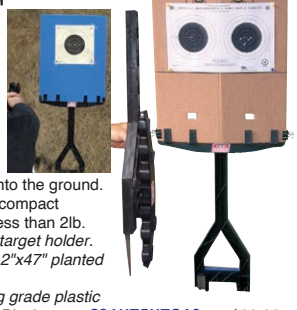
Shooting Accessories

Jammit™ Target System & Bird Board



Three great target shooting products are now available as a complete target system! The Jammit Target System makes it fast & simple to create a personal shooting range. Targets held straight on level or hilly ground. Weighs less than three pounds. Holds nine full size clay targets. Stands up to THOUSANDS of rounds - Great for paper targets, too - Targets may be taped, tacked or stapled on. 18 Bird Board Clips included.
Jammit Target System & Bird Board ..... C21MTJMTBB $28.49

The Jammit™ Compact Target Stand

The Compact Target Stand, is an excellent choice for high power rifles to pump BB-Guns. Weighing less then one pound, it uses a short leg with a single stake for stability. Packs down to a mere 3" x 4" x 17.5" for storage. Packaging easily opens up to become the products first target backer. 17.5" x 28.75" tall (planted w/ first backer)
Jammit Compact Target Stand..... C21MTJMCTS40 ....$16.49

The Jammit™ Target Stand

Designed for rifle and handgun shooters. Ideal for unleveled ground, like the side of a hill. Holds target backer 24" off the ground and uses two stakes for mounting into the ground. Breaks down fast for compact storage and weighs less than 2lb.
- *Includes cardboard target holder.*
- *Dimensions: 17.5"x 2"x47" planted with target backer*
- *Made of engineering grade plastic*

Jammit Target Stand Black ..... C21MTJMTS40 ..... $20.99

The Jammit™ Target Stand Backer

Innovative plastic design offers a practical way to hold targets...over and over again. -Will not tear, wilt or soften in wet or humid conditions - Targets may be taped, tacked or stapled to backer
- Made of polyethylene plastic
- Good for 1000's of rounds

Jammit Target Stand Backer *(12-Pack)*..... C21MTTB2012 ..... $57.99

Bird Board™

Everyone knows the satisfaction you feel from watching a clay target explode after a solid hit. Now that feeling can be had, nine birds at a time with MTM's Bird Board™. Just push the easy-load, bird board clips through the Bird Board™ Backer and slide clay targets into place. It's that simple. The Bird Board™ Backer is made of extruded plastic, standing up to the worst of conditions (including rain), hit after hit. This clay target holder holds full size, midi and mini clay targets for shooting practice, sighting-in or just plain fun.
- *MTM Bird Board comes with (18) Easy to Load Clay Target Clips and one 17.5" x 23" Blue Plastic Target Backer.*

Pachmayr

TRIUS® Traps

Trius Birdshooter 2™

A bit lighter weight than the "Original Trius Trap," this trap will out perform other traps in its price range. Regulation singles and piggyback doubles make this an excellent choice for the beginner and/or experience shooter. Can be held with foot or tire mount (bolt furnished). Aluminum arm plus oil impregnated bushings give years of trouble-free shooting. A High Angle Target Retainer is included for adding variety to your shooting. Fully adjustable without tools.
Birdshooter 2™ (11 lbs.)
C21PA10220 .....$57.99

The Original Trius® Trap

Excellent for Beginners, Built for the more Serious Shooter!

For over 45 years the Trius Trap, "The Original Foot Trap," has been the trap that others have been judged by. Designed to be held with foot or mounted to a tire (bolt furnished). The targets thrown are of club quality and the trap can be adjusted to throw beyond regulation distance. Fine doubles including piggyback doubles. Large knobs for adjusting tension and vertical angle make the TRIUS trap fully adjustable without tools.
Original Trius Trap™ .....C21PA10205 .....$81.49

Trius 1-Step™

One easy step cocks & releases target...almost effortless to use....

One person can throw and shoot! High Angle Target Clip Included! Arm is set and targets are placed on arm without tension. Step on pedal to put tension on the arm and release targets in one motion. Regulation singles plus pig-gyback doubles.
Trius 1-Step™ .....C21PA10201 .....$106.99

Shooting Accessories

CHAMPION RANGE AND TARGET

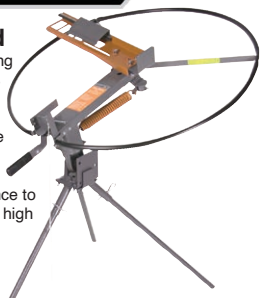
EasyBird® Auto-Feed 6-Packer

Take your shooting skill to the next level with Champion's largest recreational trap.
Enjoy the ability to throw numerous presentations with the EasyBird® Auto-Feed 6-Packer with Oscillating Base. This trap tosses clays fast and smooth and, with a 150 clay capacity, holds enough targets for a serious shooting session without the need to refill the magazine.
EasyBird® Auto-Feed 6-Packer ..... C21CM40911..... $1181.99
EasyBird® Auto-Feed 6-Packer w/ OSC..... C21CM40912..... $1418.49
Trap Cover for SST & EBAF..... C21CM40299..... $28.99

EasyBird® Wobbler Base

Ideal for back-forty shooting and lengthy practice sessions with friends, the EasyBirds handle high-volume throwing with ease. The new EasyBird Wobbler vertically oscillates for a variety of flight paths and its flawless operation continues its reign as "King of the Air." Provides up to 25 degrees of vertical movement. For use on EasyBird Auto Feed, 6-Packer and Doubles traps.

- *Works with all EasyBird full automatic traps*
- *Delivers a variety of flight paths*
- *Use separately or with EasyBird Oscillating Base*
- *Provides vertical movement range of 25 degrees*
- *3 amp circuit breaker protects wires and gear motor*



EasyBird® Wobbler Base..... C21CM45324.....$241.99

EasyBird® Oscillating Base

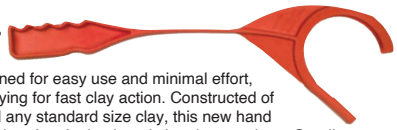
It provides two ranges of horizontal motion , including a full 45° option and an alternative "two hole" setting that matches the regulation trap throwing angles of larger commercial traps. Adding the Wobble attachment gives you a vertically oscillating trap with 0-35° of movement. Each comes with an independent on/off switch to convert from stationary to angling targets.
For use on EasyBird® Auto-Feed, 6-Packer and doubles traps.
EasyBird® Oscillating Base.....C21CM40913 .....$246.99

SkyBird® 3/4" Cock Trap with Tripod

A 3/4" Cock Trap has a one-way clutch that allows throwing arm travel in only one direction. When the throwing arm is tripped and a clay target thrown, the inertia of the arm carries it to about an 8 o'clock position. The one-way clutch does not allow the spring to pull the arm back to the twelve o'clock position, but instead stops it at the furthest distance traveled, which is closer to the setter.
This feature requires less force and a much shorter distance to fully cock the trap for the next throw. Tri-Pod stands waist high and string release offers safe trigger pull mechanism.
No staking required. Throws all sizes and types of clays including rabbits, doubles and staked doubles.
Traps throws consistent clays up to 70 yards.
SkyBird 3/4 Cock Trap w/Tripod
C21CM40906 .....$135.49

High Fly™ String Release

This trap's balanced design delivers all regulation clay targets to challenging distances. The target is shown with a simple pull of a string and features a target clip for a secure placement and a consistent flight path. Stake in the ground or mount on a tire.
High Fly String Trap
C21CM40901 ..... $30.99



Flight-Master®Jr.

Smooth throws no stakes, adjustable tension lets you pick your throwing velocity and distance - 50-yard-plus throws come easy to this trap.
- It's light weight throws in any direction or elevation.
- The built-in assembly/adjustment wrench heavy gauge steel and high strength aluminum.

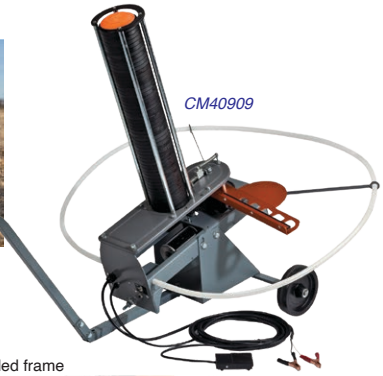
Flight Master Jr. Clay Target Thrower.....C21CM40240 ..... $59.49

Standard Hand Thrower

Experience trap shooting fun with the new Champion® Hand Thrower. Designed for easy use and minimal effort, this new hand thrower sends targets flying for fast clay action. Constructed of rugged polypropylene and able to hold any standard size clay, this new hand thrower is the ultimate in portability and perfect for backyard shooting sessions. Get distance. Get accuracy. Get consistent flights. Get the new Champion Hand Thrower.
• Ideal for left or right handed throwing • Use with any standard size clay target
• Launches targets up to 60 yards
Standard Hand Thrower ..... C21CM40915.....$4.49

WheelyBird® 2.0 Electronic Trap

Champion's original mobile trap has received some major upgrades.
The WheelyBirdTM 2.0 is improved from the ground up, starting with the included Wireless Remote. It has a programmable delay up to 15 seconds, and can trigger the trap from a challenging distance. Solid tires and a rubber-molded handle make it even easier to transport, while an upgraded metal clay stack holder and a cycle time of 1.75 seconds leads to faster shooting. Champion's original mobile trap is still the best.
- Wireless remote and foot pedal for custom shooting arrangements
- Quicker motor allows for ultra-fast 1.75-second cycle time
- Solid tires for easy transportation
- Built-in cord wrap securely stores cord
- Throws targets up to 75 yards • 50 Clay Magazine



WheelyBird® 2.0 Electronic Trap

Sonic Boom® Exploding Targets

Sonic Boom Exploding Targets

Sonic Boom has found the best possible raw ingredients available to date, which in return, provides one of the largest explosions and loudest booms of any exploding target on the market. Now, Sonic Boom has taken it a step further by providing its users with a highly visible blaze orange jar that is visible at virtually any distance. Sonic Boom produces targets with high quality, non-hazardous, non-toxic and stable chemicals. The targets use a two part mixture that are easy to mix and easy to use—simply mix and shoot.

• Higher Visibility • Enhanced Shooting Experience
• Non-Hazardous and Non-Toxic • Easy to mix and use

1/2 lb Exploding Target..... C21JESBTHP $3.49
1 lb Exploding Target..... C21JESBT01 ..... $4.99

10 Rimfire Exploding Targets

Sonic Boom has taken its time to research and custom build their targets. Through research, Sonic Boom has found the best possible raw ingredients available to date, which in return, provides one of the largest explosions and loudest booms of any exploding target on the market.

- Ten (10) Individual Targets
- Enhanced Shooting Experience
- Non-Hazardous and Non-Toxic
- Universal Use: Shotguns, Handguns, Rimfire

10 Rimfire Exploding Target..... C21JESBTRF $14.99

Sonic Boom has taken its time to research and custom build their targets. First, Sonic Boom found the best possible raw ingredients available, which provides one of the largest explosions and loudest booms of any exploding target on the market. Then they took it a step further by providing its users with a highly visible blaze orange jar that is visible at virtually any distance. Finally, with its new multi- pack, Sonic Boom has included a mixing jar to reduce mixing time while greatly increasing mixture quality. Sonic Boom produces targets with high quality, non- hazardous, non-toxic and stable chemicals. The targets use a two part mixture that are easy to mix and easy to use—simply mix and shoot. To ensure safety, shooters must be at least 100 yards from exploding target. To initiate explosion, rifle target must be struck with a center fire rifle projectile, weighing at least 40 grains and traveling at a minimum of 2200 fps (pistol rounds will not initiate these targets).

Exploding Rifle Target – Gender Reveal Kit

Announce the big news with the Sonic Boom Gender Reveal Kit. Comprising 1 pound of Sonic Boom rifle target and custom-made, colored chalk, this kit Simply make your gender reveal as exciting as can be. Just mix up the target, place the chalk on top and shoot the target with your centerfire rifle from at least 100 yards away to trigger a colorful explosion accompanied by a satisfying boom.

Tannerite®

Tannerite® brand targets employ a binary explosive used as a shot indicator for long-range firearms practice and training. Tannerite® brand target detonations occur at a very high velocity, producing a large explosion and a cloud of water vapor. Small caliber rim-fire or slow moving pistol ammunition will not initiate a detonation.

Tannerite® is non-hazardous and can be shipped without expensive Hazmat fees. The catalyst mixes easily into each 1/2 pound target.

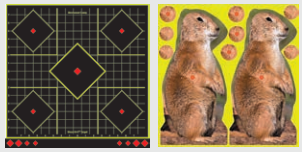
(25) 12"x18" targets for the Shoot-N-C silhouette Target Kit or for target practice. Shoot-N-C technology makes every hit "explode" in color.

12"x18" Silhouette Targets *(5-Pack)* ..... C21BA34605 ..... $9.99

Shoot•N•C® Reactive Targets

With these revolutionary targets, bullet holes are revealed with bright rings – providing you with instant feedback and eliminating the need to walk down range or use binoculars or spotting scopes. Upon impact the targets explode in color visible to the naked eye, and the self-adhesive backing makes targets easy to put up. Repair paster available with Shoot•N•C products allow you to cover up shots to extend target life or create secondary aiming points!



8" Bulls-Eye X - Reactive

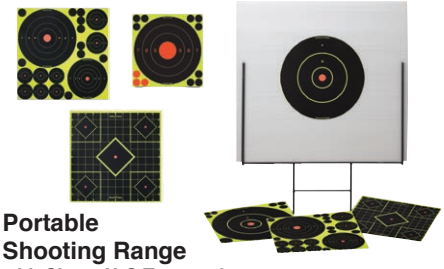
8" Prairie Chuck
• *(12) Targets, (48) Pasters* ..... C21BA34786 ..... $4.99

Shoot•N•C® White/Black Targets



The contrast of white over black makes an excellent indoor target. The black "halo" can easily be seen at many distances. When used indoors or outdoors, the white over black colors make seeing your crosshairs and open sights very easy. The added posts on the 8 and 12 inch targets make for great crosshair reference points. And, don't forget each target comes with value-added repair pasters to extend the life of your target by repairing bullet holes or as extra aiming points.

8" Bulls-Eye X

BIRCHWOOD CASEY

Dirty Bird® Splattering Targets

Dirty Bird® Targets

The Quick & Dirty Target-The Dirty Bird™
Just Pop It Up & Start Shooting

Spot your shots easily! "Intense white" splatter offers superior downrange contrast. • Great for indoor or outdoor use.

• Heavy tagboard construction.

3" Bull's-Eye Targets
(192) Targets ..... C21BA35309 ..... $8.49

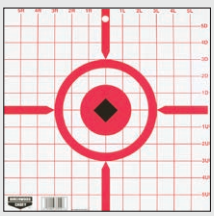
6" Bull's-Eye Targets
(48) Targets ..... C21BA35504 ..... $8.49

Dirty Bird® Bull's Eye Targets

• Each target comes with an aiming point for open or scoped sights
• Tie breaking ring in the center

8" Bull's-Eye Targets
(25 Sheet-Pack) ..... C21BA35825 ..... $8.49

12" Bull's-Eye Targets



(12 Sheet-Pack) ..... C21BA35012 ..... $8.49

12" Sight-In Target

• Sighting-in up to 400 yards away is a snap with this 12" target
• 5 bull's-eye targets in one for checking different ballistic loads or more shooting fun

12" Sight-In Target
(12 Sheet-Pack)
C21BA35212 ..... $8.49

Rigid™ Paper Targets

Rigid Paper Targets are made of stiff tagboard construction. The contrasting orange/black on white print is highly visible from both short and long distances. Each target is 12" x 12", comes in packs of 10 sheets/targets, and like all Birchwood Casey targets, they are printed in the USA. The circle, square and crosshair designs are superb for open sights and optics at all distances.

12" Crosshairs Sight-In *(10) Targets* ..... C21BA37210 ..... $3.69
12" DH™ Bulls Eye *(10) Targets* ..... C21BA37211 ..... $3.69

Dirty Bird® Target

Large 17.25" targets are great for long-range rifle shooting 200 yards and beyond. Bullet holes are easy to see due to "intense white" splatter effect, even within the red bull's-eye. An outstanding value for five targets - the price per target is comparable to plain paper targets! Non-adhesive back allows you to affix the target to your surface of choice, add notes and save for future reference. Red aiming points are highly visible - perfect for scoped or open sights. Tie-breaking ring in the center.

17.25" Bull's-Eye Target *(5 Sheet-Pack)*
C21BA35185 ..... $8.49

Dirty Bird® Multi-Color Splattering Targets

Dirty Bird introduces the new Multicolor Splattering Targets. You get the same super-visible splatter of color upon bullet impact as standard Dirty Bird targets. But Multi-Color Targets give you more: The circles of the bull's-eye each have their own color splatter, so you can tell by the color how close you are to the center!

(20) - 8" Targets ..... C21BA35820 ..... $8.49
(10) - 12" Targets ..... C21BA35830 ..... $8.49

Dirty Bird® Silhouette III Target

12"x18" Splattering Targets

Perfect for all types of pistol action shooting. The intense splatter of chartreuse and white upon bullet impact make holes easy to see. Non-Adhesive back allows you to affix target to your surface of choice, add notes and save for future reference.

(8) Targets
C21BA35708 ..... $8.49

Dirty Bird® Shadow Targets

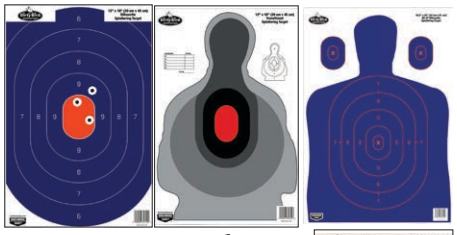
Perfect for all shooting or training applications. These targets "splatter" white upon bullet impact.

BC27 12"x18" Shadow
(8) Targets ..... C21BA35707 ..... $8.49

BC21 12"x18" Shadow
(8) Targets ..... C21BA35717 ..... $8.49

Dirty Bird® Yellow Targets

These targets offer yellow reaction to the classic Dirty Bird splattering performance. The 6" and 8" round targets are ideal for near and midrange shooting using a variety of calibers. The 12" round sight-in target is designed to be the best of both worlds; a classic bull's-eye with a functional sight-in pattern.



Yellow 6" Round *(16 Targets)* ..... C21BA35906 ..... $3.59
Yellow 8" Round *(8 Targets)* ..... C21BA35908 ..... $3.59
Yellow 12" Round Sight-In *(4 Targets)* ... C21BA35912 ..... $3.59

BIRCHWOOD CASEY

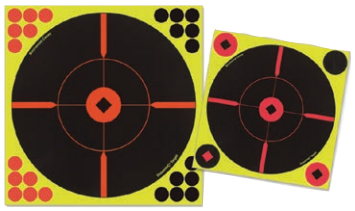
Shoot-N-C TARGETS

Shoot•N•C® 12" White/Black Sight-In Target



Capture the same Shoot•N•C experience in white and black. The contrast of white over black makes an excellent indoor target. The black "halo" can easily be seen at many distances. When used indoors or outdoors, the white over black colors make seeing your crosshairs and open sights very easy. Each target comes with repair pasters to extend the life of your target by repairing bullet holes or as extra aiming points.

12" White/Black Target..... C21BA34219 ..... $8.49

Shoot•N•C® 12" x 18" Bad Guy Target

Bullet holes are revealed with bright chartreuse rings. Self-adhesive backing makes targets easy to put up. Instant feedback – no need to walk downrange or use binoculars to see your shot.
(12 Targets / 180 Pasters)
C21BA34647 ..... $19.99

Shoot•N•C® 8" Bull's-eye "BMW" Target

The contrasting crosshair design makes lining up your scope crosshairs a snap. Use as a sight-in target or for general purpose. Each sheet contains extra pasters that match the center aiming point, because that is where you will be hitting the most anyway!

Self-Adhesive 8" Round "X" Targets
(6) Targets, *(24)* Pasters ..... C21BA34806 ..... $4.99

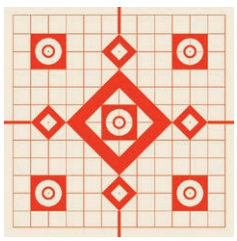
VTAC Marksmanship Target

- The bullseye side of the target has a smaller center portion to drive your eyes to more precisely center your sights
- The outer squares are designed to show you what type of group with relation to MOA size you have
- The backside Target has a standard head target with 1-4 MOA face block intended to be less visible at distance teaching you to center the face in your sights



C21VJVTACMT12100.....$36.49

Burris

FIND WHAT MATTERS

Targets

Designed for shooters by shooters, Burris targets sport nine primary aiming spots in various sizes and shapes for different yardages and scope magnifications. The non-glare red/orange graphics pop out against the off-white, non-reflective background so you can easily detect bullet holes.

Targets, Package of 10 .....C21BU626001 ..... $3.48

Pro-Shot Products

8" Peel & Stick Bullseye with Target Pasters

This type of target comes with an adhesive backing that allows shooters to peel the targets and stick them onto anything, for quick and easy target practice. The peel-and-stick targets also come with a small amount of our pasters that allow for the targets to be repaired for further use. Made in the USA.

Color	Quantity	Item No.	Price
Green	6-Pack	C21PX8BGREEN6PK	$3.79

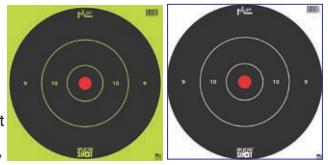
Green	5-Pack	C21PX12BGREN5PK	$7.79
Orange	5-Pack	C21PX12BORNG5PK	$7.79



12" Sight In Peel & Stick Target

With our Splatter Shot sight-in and pre-hunt targets, shooters are able to sight-in rifles and pattern shotguns quickly and conveniently, saving time and ammo. The sight-in targets are marked to show the exact distance groups need to be moved, so no more tape measures or estimating measurements.

Color	Quantity	Item No.	Price
White	5-Pack	C21PX12SIGRN5PK	$7.79

12" Bullseye Paper Target with Tag Paper

Our Splatter Shot paper targets come in a variety of sizes and colors. There are also two kinds of paper, heavy and tag. The tag paper targets are the only ones that have the capability to splatter when shot. All of these targets are made in the USA.

Color	Quantity	Item No.	Price
Green	5-Pack	C21PX12BGRTG5PK	$3.79
White	5-Pack	C21PX12BWHTG5PK	$3.79

12"x17" Silhouette Targets

Our tag paper silhouette targets come in two different styles. One is printed to represent the center mass and the other is printed to resemble the center mass, head and neck of a person. Both targets have the capability to splatter and are made of tag paper. All targets are printed in the USA.

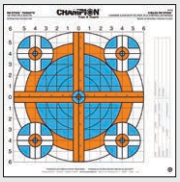
CHAMPION RANGE AND TARGET

Re-Stick™ Targets



Simplify life at the range with our easy-to-apply Re-Stick Targets! The convenience of targets packaged in our peel-and-stick pad has several side benefits including the ability to easily write notes and re-stick marked-up targets back onto the pad for reviewing at a later time. Some of the Score Keeper® targets included in the lineup also feature a detailed note-taking section. Many popular target designs are available for sighting-in scopes, competition shooting, patterning a shotgun or just having fun, plinking at the range.

- *Produced by the makers of Post-it® Brand Notes*
- *Multiple adhesive strips stick to most clean and dry surfaces*
- *Precision grid lines or rings for measurement of impacts*
- *High-visibility and contrast to see bullet holes*
- *Full-color, high-quality, durable paper* • *Made in the U.S.A.*

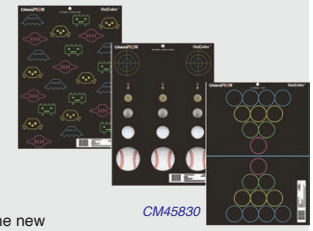
CHAMPION RANGE AND TARGET



VisiColor® Real Life

The targets show bear, antelope and whitetail deer.
A successful shot shows a burst of color in each vital zone, giving you instant feedback. A visible sight-in bullseye on each target lets you zero in your rifle before you set your sights on the big game.
Realistic profile of bear, antelope and whitetail deer
• Vital zones marked by different colors • Visible sight-in bullseyes on each target
• 12 targets per package – 4 of each animal

Put Your $ Where Your Mouth Is	8.5" x 11"	12-Pack	C21CM01003804	$3.99

Lyman® Brands that Perform

Auto Advance® Remote Controlled Target Stand

The Auto Advance Target Stand will advance your targets with the use of a hand-held remote control at distances of up to 200 yards.
No more walking downrange to replace targets, or waiting for a cease-fire to be called. Advance to the next target without getting up from your shooting bench! The Auto Advance system is battery operated, so there is no need for access to power outlets, plus it disassembles easily for transportation back and forth to the range.
The Auto Advance system has protection plates that are rated for use with all rimfire calibers. The legs of the stand use standard and inexpensive electrical conduit tubing available at any home center. This makes replacing damaged legs simple and also allows for customizing target heights to suit your particular needs. The Auto Advance system comes with a roll of standard bullseye targets.

Auto Advance Target System ..... C21LY4320051 ..... $92.99
Bullseye Target Roll ..... C21LY4320075 ..... $12.79
Silhouette Target Roll ..... C21LY4320077 ..... $12.79

Visi Shot Turkey Target

The Visi Shot Turkey Target finally allows users to see where and how their shots are pattering. Providing an X-ray of a turkey's head with a highlighted "Kill Zone" also allows users of all ages to practice their aiming prior to heading into the woods. Once hit the target will change color for a more visible view of where the shot went.

- Actual x-ray of a turkey's head
- Design makes pattern easy to see
- Highlighted "Kill Zone" area
- 10 pack

Visi Shot Turkey Target..... C21PY6042 .....$10.49

Orange Peel Targets

Orange Peels let you see hits ON and OFF the bullseye with exclusive dual-color flake-off technology that makes your hits look like colorful explosions. To make things even easier, the vibrant, contrasting colors make the target stick out like a sore thumb with any background, even at long distances.

- *Hits in the bulls-eye: explode in neon green*
- *Hits outside the bulls-eye: explode in the neon orange*

HOWARD LEIGHT by Honeywell

Leightning® Passive Ear Muffs

Leightning series' steel-wire and metal construction provide high performance and robust durability. Leightning stands up to daily use and abuse without compromising comfort. Howard Leight has optimized the Leightning series to deliver the highest level of comfort available, featuring an exclusive padded foam headband and super-soft ear cushions that eliminate that "squeezing" pressure on the head. The Leightning series also features Bilsom® patented Air Flow Control™ technology for optimal attenuation across all frequencies and snap-in ear cushions for easy maintenance.

BIRCHWOOD CASEY

OffEye™ Optical Filters

Rarely do advanced shooters shoot with one eye closed. The advantage of both eyes open is 3-D depth perception, field of view and peripheral vision. Binocular vision gives us the ability to pick up on a moving target quicker and react more accurately and efficiently. For shotgun, rifle, handgun and archery. This patented product allows full-time use of a dominant aiming eye and allows the shooter to keep both eyes open. OffEye™ filters are the first shooting aid designed to not block your vision but to hone the way your eyes perceive the target.

Assorted Fit Kit..... C21BA43461 ..... $7.99

PRO EARS™

HEAR THE DIFFERENCE.

Pro Ears are the world's most advanced electronic ear and hearing protection for shooting, hunting and industrial applications. Our superior technology allows the competitive shooter, hunter and law enforcement agent to hear every sound, including conversation, even during high volume noise spikes. Pro Ears electronic earmuffs achieve a perfect balance between comfort, noise attenuation and purity of sound. No compromises.

Ultra Series

A great pair of passive ear muffs are the most effective means to protect your hearing. Ear plugs can be effective only if they are properly inserted in the ear. Very often, due to discomfort or improper training the ear plug does not provide the level of protection advertised. A comfortable, well designed pair of ear muffs can protect your hearing for years to come. Three levels of protection offered by the Ultra Series. The NRR is independently tested and certified. All Ultra Series products are dielectric construction.

Ultra Pro

- Rugged, high profile cups Adjustable headband and ProForm™ leather ear cushions
- Optional Hard hat adaptor, fits most hard hats (may not be suitable for wide-brim hard hats)
- Optional Hard hat adaptor pivots and locks in the up position
- Dielectric construction
- Suitable for a high noise environment, both in the factory, range and in your home workshop
- Simple height adjustment requires no tools to remain fixed during wear
- Snap-in ear cushions make replacement quick and easy • NRR: 30

Lyman®
Brands that Perform

Range Kit - Pistol Starter Set

Lyman's new Pistol Starter Set gives shooters all of the basic accessories that they need to get started in pistol shooting. The Pistol Starter Set is housed in a durable, tough 600D nylon shooter's carry bag that is a must for transporting your equipment to and from the range. Shooting bag dimensions are 15.7" X 8.85" X 10.23". Inside the bag, are all the basics that you need for eye and ear protection. The set contains quality ear protection with 25DB noise reduction, eye protection, and also a QwikDrawTM barrel cleaner for cleaning your pistol afterwards. The QwikDraw is a fast, all-in-one cleaning tool that eliminates the need for traditional cleaning rods and patches. Best of all, the total package offers a great cost savings over purchasing the items individually.

Eyepal®

The EyePal is a modern adaptation of the century-old peep sight. The EyePal enables you to simultaneously see the target, your front and rear sights — all in focus. And since its made out of a static cling material, it can be easily placed on and off of reading, prescription and safety glasses— without marring the surface or leaving any residue. Compact, lightweight and virtually indestructible, the EyePal is the ultimate addition to any shooter's kit.

- *Eliminates target fuzzing and distortion.* • *Applies directly to your eyeglass lens.*
- *Won't scratch or harm your glasses, removes easily when not in use.*
- *Works with any prescription or safety glasses.*
- *Available in models for Bow Hunting, Handgun and Rifle Shooting*
- *CMP Approved for National Trophy Pistol and Rifle Match Competition*

CALDWELL®

E-Max™ Electronic Hearing Protection

Standard profile E-MaxTM hearing protection combines great circuitry with a standard earcup for better protection. The two microphones in the E-MaxTM amplify sounds below 85 decibels, which amplifies normal communication, range commands, and environmental sounds. Above 85 decibels, the microphones shut off for a split second to protect the shooter's hearing. Two microphones - one in each cup - give the user true stereo sound and allow the user to identify the directional source of a sound.

• Cutoff: 85dB • NRR: 25 • Power source: two AAA batteries (not included)

E-Max Electronic Hearing Protection ..... C21PH497700 ..... $28.99

E-MAX® BTH Electronic Hearing Protection

The new E-Max Behind-the-Head hearing protection combines great circuitry with a low profile ear cup that's ideal for shotgun shooters and action shooters. The E-Max amplify sounds up to 20dB, controlled by the volume dial on the right ear cup. This is beneficial for normal communication, range commands, and environmental sounds. With sounds above 85 decibels, the speaker shut off for a split second to protect the shooter's hearing. Two microphones, one in each cup, give the user true stereo function and help the user to localize sound.

• 21NRR rating • Adjustable volume control • Audio input jack • Stereo sound
• Cushioned foam ear cups • Power indicator light

E-MAX® BTH Electronic Hearing Protection ..... C21PH487605 ..... $30.99

E-Max™ Low Profile Electronic Hearing Protection

The low-profile E-Max™ hearing protection combines great circuitry with a low profile earcup that's ideal for shotgun shooters and action shooters. The two microphones in the E-Max™ amplify sounds below 85 decibels, which amplifies normal communication, range commands, and environmental sounds. Above 85 decibels, the microphones shut off for a split second to protect the shooter's hearing. Two microphones - one in each cup - give the user true stereo sound and allow the user to identify the directional source of a sound. Includes an integrated audio input jack allowing music to be played. Runs on 2 AAA batteries (not included). 23NRR

Carlson's Choke Tubes, LLC

The Shooter's Choice

Sporting Clays Choke Tube

ur Sporting Clays Choke Tubes are made from 17-4 stainless and precision machined to produce a choke tube that patterns better than standard choke tubes. These choke tubes feature a 25% larger parallel section in the choke thus throwing more consistent patterns than conventional choke tubes. Each choke tube is knurled on the end to allow for quick and easy removal. Each choke tube has the constriction laser marked on the end for easy reference. These choke tubes are backed by our lifetime warranty.

Lead shot, Steel Shot, Copperplated Shot, Nickel Shot, Hevi-Shotshells™, and Buck Shot can be used in our Sporting Clay Choke Tubes. Steel shot larger than BB should not be used in any Sporting Clays Choke Tube tighter than Full Constriction. Our Sporting Clays Choke Tubes will throw tighter/denser patterns than Flush Mount Choke Tubes due to a longer parallel section.

Beretta/Benelli Mobil	C21XF85006	$47.49

Sporting Clays Black Choke Tube

Our New Sporting Clays choke reduces recoil and at the same time reducing muzzle jump making follow up shots quick and easy. Manufactured from 17-04 stainless steel and precision machined to produce a choke that patterns better, with less recoil, than standard flush mount choke tubes.
These chokes feature a 25% longer parallel section in the choke which allows for tighter, denser patterns, with less flyers another words more pellets on the target.
The extended portion of the choke tube allows for quick and easy removal and insertion. Lead, Copperplated, Nickel, Hevi-shot, Bismuth and tungsten may be shot through these choke tubes. When using steel shot do not shoot steel larger than BB through any choke tighter than full. These choke tubes have a blue finish and carry our full lifetime warranty.

BlackCloud™ Choke Tube

BLACKCLOUD FS STEEL

Federal's new Black Cloud ammunition features devastating penetration which can now be delivered with unique features that help downrange performance increasing hunter success. The Extended tube is constructed of a Titanium-coated steel, and comes in Mid Range and Long Range models. The titanium coating helps the uniquely designed FliteControl Wad in the Black Cloud ammunition perform downrange with less build-up in the choke and allows the Flitestopper shot to do its job this increasing your take in the field.

These chokes are specifically designed to get the most performance from Federal's new Black Cloud Ammunition, but perform extremely well with other steel shotshells.
The Long Range choke tube should not be used with any steel shot larger than BB or with any steel shot faster than 1550 fps. The Mid Range model can be used with all steel shot sizes. The Mid Range model can be used with all steel shot sizes, and with ammunition that exceeds 1550 fps. Black Cloud ammunition has been designed to be used with choke tubes that do not use porting or wad stopping devices.

Long Beard XR Choke Tube

This choke tube has been specially designed to produce the best patterns when shooting Winchester's New Long Beard Turkey loads. This new ammunition features Shot-Lok Technology that allows for the tightest patterns and longer downrange reach over any lead turkey load on the market. This tom-dropping dynamic duo serves-up 10% greater penetration over standard lead shot at distances of more than 50 yards, terminal on-target performance and allows nearly perfectly round shot to be thrown from the barrel for extremely tight, long-range patterns.

Carlson's Choke Tubes are backed by a LIFETIME WARRANTY and MADE IN THE USA!

Extended Turkey Choke Tubes

*Manufactured from 17-4 heat treated stainless steel to withstand heavy buffered Turkey Shotshells. These choke tubes produce extra tight patterns with copper plated and buffered lead turkey shotshells. These chokes produce dense patterns and carry a lifetime warranty. Our Extended Turkey Chokes extend approximately 1" from the end of the barrel. These chokes have a matte blue finish and should not be used with steel shot. Our Extended Turkey Choke Tubes have a 1.050" parallel section to produce the optimum pattern with your shotgun. *Not for Use with Steel Shot*

TSS Turkey Choke Tubes

Carlson's TSS Turkey Choke Tubes are optimized for Federal Premium® Heavyweight® TSS Turkey Loads but also work exceptionally well with other manufacturer's turkey ammunition (Smaller shot size 7-9). The Federal Premium's Heavyweight TSS Turkey Load has an incredibly high pellet count in both 7 and 9 shot, along with the ability to carry energy further, makes them ideal for 12 and 20 ga. Tungsten Super Shot (TSS) has a 22% heavier density than heavyweight shot and a 56% heavier density than traditional lead shot. It puts the maximum amount of pellets possible in a 10" circle at 40 yds. The 12- and 20-ga. shells will include the FliteControl Flex™ wad that gives hunters the ability to shoot any choke tube they prefer. Long-range turkeys don't stand a chance.

Delta Waterfowl Choke Tubes

Our Waterfowl Extended Choke Tubes are manufactured from 1704 stainless steel and designed to throw tighter and denser patterns than conventional choke tubes. These choke tubes feature a 25% longer parallel section in the choke, thus throwing more consistent patterns. Each choke tube is knurled on the end to allow for quick and easy removal. Each choke tube has the constriction and size laser marked on the end and body for easy reference. Steel shot may be used through these choke tubes with exceptional results. Do not shoot steel shot larger than BB or any steel load faster than 1550 FPS through the Long Range Constriction. Loads that exceed this size and speed should be used with the Mid Range choke tube.

Rifled Choke Tube

These precision Rifled Choke Tubes are manufactured from 304 high stress stainless steel. Each choke tube protrudes .625 to 1.3 inches from the end of the barrel depending upon which type of firearm the choke tube has been specifically designed for. Each choke tube has a right hand rifle twist, which is 1 to 35. Each choke tube has a groove diameter of .730 of an inch in 12 ga.

Cremator Choke Tubes

Carlson's Cremator Choke Tubes feature our brand new Triple Shot Technology (TST). TST is a series of three graduated rings in the taper section of the choke tube that allows a more gradual transition from the shotgun bore to the final constriction. The Cremator series has no size or speed restrictions with steel shot in any of the three constrictions. You also get all the benefits of an extended choke tube, including a 25% longer parallel section for tighter and more dense patterns, wrench-less installation, quick removal and helps with muzzle protection. They are offered in your choice of ported or non-ported configurations.

Jebs High Voltage Choke Tubes

Just like the original JEBS High Voltage choke tube design, our Black Nitride waterfowl choke tubes are held to the same quality and durable standards as before. Besides looking incredible in the black, there are many additional benefits to the Black Nitride process: provides additional lubrication, protects against corrosion, wear resistant, and 82 on the Rockwell Chart.

Head•Banger™ Long Range Turkey Choke Tube

- Multi-phase groove technology engages the shot cup and guides the pellets into a tight and consistent pattern, shot after shot
- Extend your effective range with lethal patterns that reach out farther
- Rated for HEVI•SHOT®, Winchester®, Long Beard XR™, Federal Premium® 3rd Degree™ and other high-performance turkey loads
- Heat-treated steel for increased strength and durability with powerful turkey loads
- CNC–machined for optimum precision
- Polished end face for better seating and sealing, providing maximum power without pressure loss

HEVI•Shot® Waterfowl Choke Tube System

The HEVI-Shot Waterfowl Choke Tube has been built to put maximum lethal pellets on your bird. This choke features a ported, knurled fore end for easy installation in the field under any condition, without tools. The porting drops gas pressure at the muzzle, helping ease the wad away from the shot, reduced recoil, and dampen muzzle jump. The choke tubes feature internal axial rings to keep the shot cloud on target. The tubes are formed from aircraft stainless steel for years of carefree use, and finish in matte black for concealment.

Carlson's Choke Tubes, LLC

Universal Choke Wrench

This very simple, yet "tough" wrench will remove any choke with a slotted end. A key chain has been added to allow you to keep this wrench with you at all times. Made of heat treated stainless steel this wrench will not bend. Will fit 12 ga, 20 ga, 16 ga, 10 ga, & 28 ga. choke systems. Universal Choke Wrench

1 pk ..... C21XF06605 ..... $3.79
2 pk ..... C21XF06606 ..... $5.79

Sporting Clays Speed Wrench

Our fastest choke wrench allows you to remove and insert chokes in just seconds. They are easy to operate using only your index finger and thumb. Simply tighten the black thumb knob on end of wrench and the choke can be easily removed or inserted. Works great in the field, on your bench, or in any situation when you need to get your choke tubes out quickly. Lifetime Warranty.

12 ga Sprt. Clays Speed Wrench ..... C21XF06601 ..... $15.99
20 ga Sprt. Clays Speed Wrench ..... C21XF06602 ..... $15.99

T-Handle Choke Wrench

Our best wrench to give you more leverage to remove those "hard to get out choke tubes". These wrenches will remove all choke tubes with slotted ends. They will remove any choke down to .690 constriction or extra full.

12 ga T-Handle Wrench ..... C21XF06608 ..... $13.99
20 ga T-Handle Wrench ..... C21XF06609 ..... $13.99

Carlson's Choke Tubes, LLC

Choke Tube Cleaner

Carlson's NEW Choke Tube and Carbon Cleaner is nonflammable,non hazardous and it is biodegradable. It provides you with a safe and effective way to clean carbon and plastic wad fouling from choke tubes and all of those semi automatic shotguns gas system parts. This product also works well to clean AR-15 and other rifle bolt assemblies. Completes the job in 15 minutes or less! Supplied in a 6 oz jar.

Choke Tube Cleaner ..... C21XF06611 ..... $8.99

Carlson's Choke Tubes, LLC

Protective Choke Carry Case

The EVA molded foam exterior on this carry case provides superior protection to your choke tubes while hunting or shooting.

- Scratch-resistant lining • Lightweight design
- 3 or 5 choke storage capacity

Choke Carry Case ..... C21XF00400 ... $12.99

Choke Tube Lube

Carlson's NEW Choke Tube Lube is excellent for use on all choke tubes. Also works great on full-auto locking lugs, sears, bolts, and slide/rails. Smooth and clean operation in the severe cold (-100°F) and will hold up under extreme heat (+750°F) as well. This lube offers extreme pressure properties that are guaranteed to reduce friction and wear on weapons and choke tubes. This product will not attract dust, dirt, or powder fouling like most petroleum based products and does not contain Teflon or PTFE additives. Supplied in a 30 ml syringe.

Choke Tube Lube *(30 ml)* ..... C21XF06612 ..... $6.79

PRIMOS HUNTING

TSS JellyHead Choke Tubes

- Clean the threads in the muzzle and on the JellyHead TSS choke tube before installing. Use a good choke tube grease to coat the threads before installing.
- Screw the tube into the muzzle, be careful to not cross-thread. Grip the knurled end and handtighten only. No tools needed. • DO NOT OVER TIGHTEN.
- Check tightness of tube every 3 to 5 shots to ensure a tight fit. • Not to be used with Steel Shot.

Outers®

Choke Tube & Gun Grease

This heavy bodied grease type lubricant is perfect for choke tube threads and moving parts such as hinge pins on break open shotguns. It is also effective for providing rust and corrosion protection during periods of prolonged storage.

Choke Tube & Gun Grease
C210U42057 ..... $2.99

BIRCHWOOD CASEY

Choke Tube Lube

Prevents stuck choke tubes caused by corrosion, high stress of steel shot loads, and extreme temperatures & pressure from repeated trap and skeet shooting. Compounded from fine metallic particles of nickel, aluminum and graphite into a non-evaporating lubricant that will withstand heat and prevent seizure even at extreme temperatures up to 2600ºF. Provides maximum lubrication against friction and excellent corrosion protection from rain and salt water.

Choke Tube Lube ..... C21BA40015 ..... $5.49

KICKS GET ON TARGET

All of our chokes feature a conical parallel design. Cone of constriction (typical) coupled with a parallel section (rarely found in other chokes) of roughly 1" where the constriction is held constant. Design with our exclusive directional diagonal ports that because of their outward angle create a sharp forward inside edge which 'grabs", stabilizes and slows the wad for faster separation of wad and shot column. This results in cleaner patterns not adversely affected by the wad. The diagonal ports also reduce muzzle jump and recoil for faster, more accurate follow up shots. The external ported portion of the chokes extends roughly 1-3/4" from the muzzle and isn't noticeable when shooting. *Directional- The angle of the ports is 135 degree away from the shooter, reducing side blast prevalent in ports 90 degree or less. This is a big plus for close quarters like duck blinds, trap fields and five stand. Ports don't foul up like others.*

Gobblin' Thunder

Kick's chokes are manufactured from the highest quality 17-4PH stainless steel and have a matte-black finish. "Gobblin Thunder" turkey chokes are the original extended-ported chokes that set the bar for every other choke tube on the market. "Gobblin Thunder" chokes extend from the barrel approximately 1 3/8" and are angle ported to reduce recoil and deliver extremely tight and consistent patter performance. These chokes easily converts most 10, 12, 16 and 20ga. factory threaded barrels from a mild mannered bird gun into a turkey hunting specialist.

"Gobblin Thunder" chokes are NOT recommended for steel shot or Hevi-shot.

THE BUCK STOPS HERE!

BUCKKICKER

"BuckKicker"

The Buck Stops Here with Kick's!

Designed to control (10,12 and 20 gauge) buckshot loads with more consistency than ever before. "BuckKicker"chokes are available in three constrictions to accommodate buckshot sizes from 000 to #4 buck. Chokes are manufactured from 17-4PH stainless steel and come with a matte-black finish. Buck-Kicker" chokes can also be used for upland game whenever a full choke is desired. **Not for use with steel shot.*

- ***Light Full–000 Buckshot***
- ***Full–Best all-around 00 Buckshot***
- ***Xfull–2 3/4 or 3" 00 Buckshot–#1 & #4 Buckshot***

THE BUCK STOPS HERE!

HIGH FLYER

High Flyer™

The Duck Stops Here!

Whether you're after distant geese, decoying ducks, a tight holding covey of quail, or a ringneck in a cornfield, Kicks has a "High Flyer" choke perfect for any hunting/shooting situation. The hunter's (choice) choke ideal for steel shot/ waterfowl and upland game! Every "High Flyer" choke is designed to shoot lead, steel, tungsten, hevi-shot, or any non-toxic shot. The conical parallel design improves patterns, (less flyers) and the diagonal ports reduce muzzle jump for denser, faster, more accurate follow-up shots

MTM® CASE-GARD™ QUALITY SHOOTING SPORTS ACCESSORIES

Choke Tube Case - CT3

Choke Tube three, individually holds up to three chokes, at one time, providing each with their own secure, felt lined section. The case is molded out of nearly indestructible polypropylene plastic and features a strong snapping latch with see-thru smoke coloring. Made of rugged polypropylene with two internal dividers and a foam pad. The foam pad helps prevent rattle and protect threads. Pending on your chokes, there is room for most factory wrenches and choke lube. Small enough to fit inside a coat pocket. Designed to hold 20, 12, 10 gauge chokes.

Choke Tube Three Case ..... C21MTCT341 ..... $3.29

Choke Tube Case - CT6

Choke Tube Six, individually hold up to six chokes, at one time, providing each with their own secure, felt lined section. The case is molded out of nearly indestructible polypropylene plastic and features a strong snapping latch with see-thru smoke coloring. Made of rugged polypropylene with two internal dividers and a foam pad. The foam pad helps prevent rattle and protect threads. Pending on your chokes, there is room for most factory wrenches and choke lube. Designed to hold 20, 12, 10 gauge chokes.

Choke Tube Six Case..... C21MTCT641 ..... $4.29

Choke Tube Case - CT9

Choke Tube nine, individually holds up to nine chokes, at one time, providing each with their own secure, felt lined section. The case is molded out of nearly indestructible polypropylene plastic and features a strong snapping latch with see-thru smoke coloring. Made of rugged polypropylene with two internal dividers and a foam pad. The foam pad helps prevent rattle and protect threads. Pending on your chokes, there is room for most factory wrenches and choke lube. Designed to hold 20, 12, 10 gauge chokes.

Choke Tube Three Case ..... C21MTCT941 ..... $5.29

Shotshell / Choke Tube Case

Ideal for all shotgun shooting sports and convenient for shotshell reloading. You can now carry your shotshells and choke tubes in one convenient compact case. 12 gauge shell boxes can be left open so that you can have quick access to four different loads in the field or at the range. Ideal duck hunting equipment for the waterfowler. Detachable choke tube case holds up to nine tubes, most factory wrenches and choke lube. Rugged polypropylene molding with large comfortable handle.

- *Designed to hold a 100 rounds 2-3/4" or 3" 12 Ga. shotshells, or it can hold 50 rounds of 3 ½" 12 or 10 Ga.*
- *Dimensions: 7" x 10-5/8" x 6"*

Polymer - 7 Slots ..... C21ZZMAG591BLK $11.99
Polymer - 11 Slots ..... C21ZZMAG593BLKI ... $15.15

Ladder Rail Cover

Ladder Panels offer very low-profile 1913 Picatinny rail coverage.
The Santoprene material provide a rubbery surface for improved weapon control and rail protection. Easily cut for custom lengths, each panel fits one side of a carbine-length rail (18 slots).
One panel per package. Manufactured by Falcon Industries, Inc.

FDE ..... C21ZZMAG013FDEI $11.35

M-LOK® Rail Cover, Type 2

M-LOK Type 2 Rail Covers are low-profile, two-piece covers that install directly onto most M-LOK aluminum hand guards (non-polymer). These M-LOK Covers are non-orientation specific, which allows the user to mount them in any direction desired without affecting function. Not compatible with MAGPUL MOE M-LOK, MOE SL and SGA forends, and may not be compatible with free float hand guards that have a wider and flatter profile, as they will not seat deep enough to allow the center portion to lock in.

Black ..... C21ZZMAG603BLKI $12.30

XT™ Rail Panel

XT Rail Panels offer low-profile 1913 Picatinny rail coverage. The semi-rubbery material offers improved weapon control and rail protection. Easily cut for custom lengths, sections can mount next to each other to form a visually continuous cover. Each panel fits one side of a carbine-length rail.
One panel per package.

XT™ Rail Panel *c/o* ..... C21ZZMAG012B $10.80

NcSTAR

KEL TEC®

RFB Quad Rail

The RFB Quad Rail is made from hard coat anodized 6061-T6 aluminum and is approximately three inches long and will accept any accessories which mount with a standard MIL-STD 1913 Picatinny Rail attachment. The two scalloped cut-outs on the top of the Picatinny allow the shooter freedom to adjust the gas system if needed and allow the ejected casings to leave the ejection port. The shooter should take caution on which accessories to mount on the left hand side of the weapon since this could block the ejection port.

• Includes: (1) RFB-420-Quad Rail, one (1) Locking Nut and wrench, one (1) set screw with hex key

RFB Quad Rail ..... C21KTRFB420 ..... $42.96

RFB Quad Rail & Riser

The RFB Quad Rail is made from hard coat anodized 6061-T6 aluminum and is approximately three inches long and will accept any accessories which mount with a standard MIL-STD 1913 Picatinny Rail attachment. The Riser can be used with the RFB Quad Rail kit to match the height of the Top Picatinny Rail for increased sight radius, when using iron sights, or can be used to add height on a purchased scope

• Includes: (1) RFB-420-Quad Rail, (1) Locking Nut and wrench, (1) set screw with hex key, (1) Riser, (1) 10-32 screw and (1) hex key

Quad Rail & Riser ..... C21KTRFB425 ..... $59.96

VIKING TACTICS®

VTAC® Light Mount

Made of a Modified Acrylic PVC Alloy Thermoplastic with high impact and abrasion resistant qualities which have been proven to withstand the harshest environments, the Viking Tactics Light Mount is designed so that you can mount your light so that it is out of your field of view and easily activated. This new and improved version of the original VTAC Light Mount Design gives you enormous flexibility. It will allow you to mount most lights with a .80 or 1" diameter and will fit the VTAC-L4 as well as the inexpensive Surefire G2 Nitrolon, Executive Series, and many others. The sleek VTAC design even offers a position in the insert to accommodate the clip on the light. Depending on your mounting preferences, the VTAC can be mounted in such a way that the light can be activated using a tape switch or it can be mounted in such a manner allowing you activate your light using the push button on the back of the light.

(Note: Flashlights and firearms not included and must be purchased separately). The VTAC Light Mount is impervious to most chemicals, solvents and oils and its highly advanced thermoplastics will not shrink. With the high quality and innovative design that you expect from a Viking Tactics product, the VTAC Light Mount will keep you in the light and out of the dark.

Shotgun Rail Mount with Sidesaddle®

Here's a simple and effective tactical upgrade for 12 gauge Remington 870, 1100 and 11-87 shotguns and now also for Mossberg 500 and 590 shotguns – no gunsmith needed. Ultra-rigid, this innovative lightweight aluminum unit straddles both sides of the receiver and is crafted with a non-glare anodized finish. The top Picatinny rail can mount a variety of accessories, yet is designed to sit just high enough to allow continued use of the shotgun's bead sight. Keeping six shells in readiness, the low profile design Sidesaddle incorporates TacStar's proprietary material for durability and secure shell retention.

Rail Mount w/Side Saddles® *(Mossberg)* ..... C21LM1081029 ..... $68.99
Rail Mount w/Side Saddles® *(Remington)* ..... C21LM1081035 ..... $68.99

TacStar Hunters Sidesaddle

The Sidesaddle Shotshell carrier has proven to be the best way to carry six extra rounds in the most convenient and accessible location for quick reloading without losing sights. Mounts directly to the shotgun.

Slimline™ Sidesaddles

he Sidesaddle utilizes a non-glare, anodized aluminum backing plate material similar to our traditional Sidesaddle; however we have contoured the plate so that it takes up less space on the receiver and has fewer areas that could potentially snag.

- *Sleek, slimline appearance*
- *Strong, rigid, non-glare aluminum backing plate*
- *Durable, flexible synthetic rubber shell carrier with secure shell retention*
- *Reduced size and streamlined shape reduce chances of snagging*
- *Available for Remington 870/1100 and Mossberg 500/590*

Universal Barrel Shroud

The Universal Barrel Shroud is made from all-steel and has a black oxide finish. 13.75" long and fits most 12 gauge shotguns. Easy installation. Shroud does not fit barrels with vent rib. Instructions and mounting hardware included.

Universal Barrel Shroud ..... C21LM1081171 ..... $33.99

Tactical Shotgun Rail Mounts

The TacStar Shotgun Rail Mount is designed to fit standard 1" diameter magazine extensions and allows for easy mounting of tactical lights and/or lasers. The mount has three standard Picatinny rails positioned 90° apart which allows for plenty of options when mounting accessories to the shotgun. The mount uses an easy to install clamping system which will not mar extensions, yet is strong and secure.

AR-15 Barrel Nut
- Fits Standard Pattern AR15 Upper Receivers
- Black Finish
- Made In The USA

AR-15 Barrel Nut
C21ED101322032 ..... $9.00

Carbine Buffer Spring
- The Daniel Defense Carbine Buffer Spring for use in M4-type receiver extension tubes.
- Outside Diameter: 0.93" • OA Length: 10.25"

Carbine Buffer Spring ..... C21ED1502416146 ..... $15.00

Castle Nut
The Daniel Defense Castle Nut will secure your mil spec or commercial spec carbine receiver extension and rear receiver end plate to the lower receiver. Made with recesses for staking your rear receiver end plate to prevent the castle nut from coming loose. It is finished with a heavy magnesium phosphate coating and is compatible with common armorers/castle nut wrenches (not included).

Castle Nut ..... C21ED1505720039 ..... $7.00

Low Profile Gas Block Clamp
- Solid 4150 hardened Steel Construction
- Military Specification Heavy Phosphate Coating
- Precision CNC Machined
- Fits under all our rails
- Clamps to barrel

.625" LP Gas Block ..... C21ED2507904157 ..... $59.85
.750" LP Gas Block ..... C21ED2507905006 ..... $66.00

Complete Bolt Carrier Group
Carrier:
- Machined from 8620 steel • Heavy Phosphate Coated
- Chrome lined • Properly staked gas keys • Made in the USA

Bolt:
- Machined from Carpenter 158 Steel • High Pressure Tested
- Magnetic Particle Inspected • Shot Peened
- Heavy Phosphate Coated • Extractor Booster
- Made in the USA

Complete Bolt Carrier Group *(5.56mm)*
C21ED401319032 ..... $209.00

Lower Parts Kit
We are proud to offer this kit for those interested in assembling their own AR15. Although there are many manufacturers of so-called MIL-SPEC parts, we have gone to great lengths to ensure the parts we provide are of the highest quality and compatible with a wide assortment of available receivers. However as we have developed this kit we have seen a wide variety of lower receivers; some from "manufacturers" of questionable quality. Consequently some of our parts may not fit properly in some of these receivers. We at Daniel Defense always recommend purchasing the highest quality parts available to assemble your AR15.

Lower Parts Kit ..... C21ED501321007 ..... $109.00

Super Suppression Device
The Daniel Defense Superior Suppression Device is designed to offer muzzle flash signature reduction and reduced muzzle rise. Manufactured from aerospace 17-4 stainless steel and salt bath nitride finished, maintenance is kept to a minimum. The Daniel Defense Superior Suppression Device comes in standard or extended length and ½ x 28 TPI or 5/8 x 24 TPI.

- Length: Standard (1.875") or Extended (2.25")
- Made in the USA!

Standard - (1/2x28 TPI) ..... C21ED604804074 ..... $63.00
Standard - (5/8-24 TPI) ..... C21ED604806111 ..... $63.00
Extended - (1/2x28 TPI) ..... C21ED604804165 ..... $63.00

Flash Suppressor Assembly
The Daniel Defense Flash Suppressor is designed to reduce muzzle flash. Manufactured from aerospace 17-4 stainless steel and salt bath nitride finished, there's minimal chance of corrosion. The Daniel Defense Flash Suppressor comes in standard or extended length and 1/2 x 28 TPI or 5/8 x 24 TPI.

- Length: Standard (1.875") or Extended (2.25")
- Made in the USA!

Standard - (5/8-24 TPI) ..... C21ED604805163 ..... $63.00
Standard - (1/2-28 TPI) ..... C21ED604808061 ..... $52.00
Extended - (1/2-28 TPI) ..... C21ED604808123 ..... $52.00

Muzzle Climb Mitigator, GEN II
The Daniel Defense Flash Suppressor is designed to reduce muzzle flash. Manufactured from aerospace 17-4 stainless steel and salt bath nitride finished, there's minimal chance of corrosion. The Daniel Defense Flash Suppressor comes in standard or extended length and 1/2 x 28 TPI or 5/8 x 24 TPI.

- Length: Standard (1.875") or Extended (2.25")
- Made in the USA!

1/2-28 TPI ..... C21ED604916140 ..... $74.00

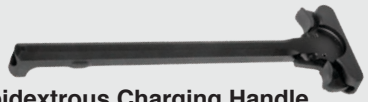
TROY

.750" Low-Profile Gas Block

The Troy 0.750 Low-Profile Gas Block is made specifically for rifle barrels that have a 0.750 gas block seat.
The low-profile design allows for clearance of most aftermarket rails that require a smaller gas block.
Machined from 4140 pre-hardened steel finished with MIL-STD Manganese Phosphate. The Troy low profile gas block fits tightly to the barrel using two set screws.
Gas tube roll pin not included. • Black
.750" Low-Profile Gas Block..... C21OV010136.....$31.99



Ambidextrous Magazine Release

The Ambidextrous Magazine Release replicates the feel and length of a standard magazine release button but also accommodates left-handed shooters and one-handed magazine changes. This magazine release is constructed of rugged machined billet tool steel. Patent pending.
Available in Black.
Ambi. Magazine Release..... C21OV011812.....$52.99

Ambidextrous Bolt Release

The Ambidextrous Bolt Release is an indispensable device that easily releases or holds bolt open with one hand to streamline firearm clearing and reloading after a malfunction.
By being ambidextrous, this bolt release eliminates hand changeovers improving control of rifle when in use.
Made from hardened aircraft aluminum. Available in Black.
Ambidextrous Bolt Release ..... C21OV011843 .... $30.49

Ambidextrous Charging Handle

The Ambidextrous Charging Handle is for AR15, M16 and M4 type rifles. The ambidextrous design allows users to charge their rifle with either hand making operation under extreme conditions less complicated. The handle tabs are enlarged, increasing the surface area making it easier to operate. Made from hardened aircraft aluminum. Available in Black.
Ambi. Charging Handle - Extended ...C21OV021359..... $83.99

BattleSight Adjustment Tool

Easily adjust elevation on Troy Front M4 and HK Style BattleSights™ and windage on Troy Front and Rear BattleSights with Troy's BattleSight Adjustment Tool. Available in Black.
• Accepts USGI sound suppressor.
BattleSight Adjustment Tool.....C21OV010884..... $9.29

Medieval™ Flash Suppressor

Keep steady during rapid fire with Troy's Medieval™ Muzzle Brake. This rugged brake enhances control and accuracy during full auto and rapid fire. The aggressive diamond-shaped teeth are designed for close quarter battle.
It's tough enough to serve as an improvised breaching device if the situation calls for it.
• *Threading: 762 - 5/8x24 TPI*
556 - 1/2x28 TPI
• *Heat-treated ordnance steel construction.*
• *Black finish*
Medieval Flash Suppressor 762.....C21OV014837.... $41.99
Medieval Flash Suppressor 556.....C21OV010877.... $41.99

Trigger Guard

The Enhanced Trigger Guard allocates user with easy access to the trigger while wearing gloves and opens trigger area even in extreme conditions. With no sharp edges or corners, this trigger guard fills width gap on receivers. The Enhanced Trigger Guard is machined from hardened aircraft aluminum and rotates down like a standard trigger guard.
Trigger Guard .....C21OV011850.... $23.99

Claymore Muzzle Brake™ 556

The Troy Claymore Muzzle Brake™ directs muzzle blast and sound forward, away from the shooter, while retaining effective muzzle brake properties. This rugged muzzle brake features a very low dust signature without a swirling effect and is tough enough to serve as an improvised breaching device if the situation calls for it.
• *5.56/.223 (1/2 x 28 TPI) 2.25" OAL.*
• *Heat-treated ordnance steel construction. • Black*
Claymore Muzzle Brake™ 556..... C21OV011867 .... $52.99

Claymore Muzzle Brake™ 762

The Troy Claymore Muzzle Brake™ directs muzzle blast and sound forward, away from the shooter, while retaining effective muzzle brake properties. This rugged muzzle brake features a very low dust signature without a swirling effect and is tough enough to serve as an improvised breaching device if the situation calls for it.
• *6.8/7.62 (5/8 x 24 TPI) 2.25" OAL.*
• *Heat-treated ordnance steel construction. • Black*

Muzzle Brake (.223/5.56)

Designed in house to precisely complement the platform, our nitride heat treated muzzle brake controls muzzle impulse for ultimate accuracy and an unbelievably soft recoil. Comes complete with a nitride heat treated collar and five (5) strike prongs.

• 1/2x28 Threads

Muzzle Brake (.223/5.56) ..... C21PG00308..... $47.99

Flash Hider

The POF-USA Flash Hider was designed in house by the engineering team at Patriot Ordnance Factory. This muzzle device, available in both .223/.308 configurations does an excellent job at eliminating the large majority of muzzle flash without adding a bulky device to your weapon system. Each device is pre-drilled with a pin hole to make permanently attaching this device much easier should your specific situation call for such action.

• 1/2x28 Threads

Flash (.223/5.56) ..... C21PG00870..... $55.49

Drop-In Trigger System

This single-stage, non-adjustable, drop-in trigger boasts a solid 3.5 or 4.5-pound pull weight and is pre-assembled in Hard coat Anodized aluminum housing (complete with rubber urethane feet) for immediate competition, hunting, and tactical applications right out of the box. Carved from American A2 steel, the Trigger, Disconnect, and Hammer are all Nitride Heat-Treated to 70 Rockwell case hardness for ultimate strength and corrosion resistance.

• Includes custom-fit stainless steel KNS Precision™ Anti-walk Pins for both standard AR and POF-USA ambidextrous lower receivers.

Will not work with DPMS 308 lowers that have straight trigger guards or with Sig 716 lowers

4.5 lb Trigger System..... C21PG00457 ..... $146.49

3.5 lb Trigger System
(KNS Anti-Walk Pins Included) ..... C21PG00858 ..... $156.49

Ambi Selector Switch

The POF-USA ambidextrous safety selector is a drop in upgrade designed to increase the shooters' options and maximize the efficiency of taking the rifle from "fire" to "safe". Installation of this product is nearly identical to installing a standard selector, the only difference is once the selector is installed you will need to attached the right side lever using a 1/16 allen.

Ambi Selector Switch..... C21PG00666..... $24.99

Enhanced Universal Bolt Catch

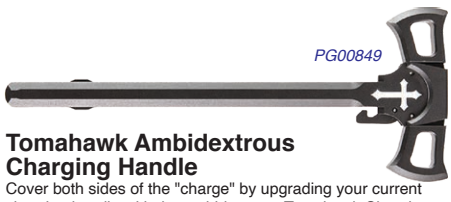
Our new enhanced universal bolt catch is just another example of our continuation of innovation. The large angled bolt catch pad allows for faster bolt catch activation to clear the rifle. It also contains a wider tooth for more effective magazine follower engagement.

Works in any mil-spec lower

Enh. Universal Bolt Catch..... C21PG00667..... $9.99

223 Rattler Ambidextrous Charging Handle

This ambidextrous charging handle features an oversized serrated handle to make gripping a breeze. It has been billet machined to exacting standards in the USA from American 7075 billet aluminum and finished with durable black Type III hardcoat anodize. It is equipped with oversized tactical latches on both sides to ensure a positive engagement whether you are palming or finger/thumb charging the weapon.



223 Rattler Charging Handle *c/o* ..... C21PG00782 .... $74.99

223 Archangel Ambidextrous Charging Handle

The Archangel ambi charging handle features an oversized serrated handle to make gripping a breeze. It's billet machined to exacting standards in the USA from American 7075 billet aluminum and finished with durable black Type III hardcoat anodize. Equipped with oversized tactical latches on both sides to ensure a positive engagement whether you are palming or finger/thumb charging the weapon.

223 Archangel Charging Handle *c/o* C21PG00813 .... $74.99

Tomahawk Ambidextrous Charging Handle

Cover both sides of the "charge" by upgrading your current charging handle with the ambidextrous Tomahawk Charging Handle. While the shape and laser engraving are inspired by the design of our POF-USA American Patriot Tomahawk, the Tomahawk Charging Handle has optimized functionality as well. For quick and efficient operation with either hand, It features over-sized levers on both sides to make palm "blading" or finger thumb charging a breeze. All components have been CNC machined to exacting standards in the USA from American 7075 billet aluminum and finished with durable black type III hard coat anodize.

• 7x5x5in. .10lb

223 Tomahawk Charging Handle ..... C21PG00849.... $84.49

308 Tomahawk Charging Handle ..... C21PG00850.... $82.99

Dictator Adjustable Gas Block (.223/5.56)

This 9 position adjustable DI gas block provides the ultimate range of adjustability and versatility. The addition of a suppressor typically increases the level of back pressure within the rifle system. This increase will prematurely wear parts and increase the amount of gas/carbon introduced into the chamber. With the Dictator, you can now control that rate of fire, gas flow and ultimately the reliability of your system.

Each Dictator gas block kit comes complete with the applicable length gas tube. The available lengths are pistol, carbine and mid-length, and rifle. This gas block is setup for barrels manufactured for a .750 gas block.

• 3/32" hex wrench and dictation tool included in the Dictator gas block kit

Carbine Length..... C21PG00837..... $130.49

Roller Cam Pin Upgrade Kit (.223/5.56)

Roller Cam Pin with modified Gas Key for direct impingement-type rifles. Other carrier and bolt assembly parts not included

CENTURY ARMS

RAK-1 Enhanced AK-47 Trigger Group
This single stage trigger group is the perfect upgrade for any AK-47 rifle. The machined release surfaces will provide a smooth, consistent trigger pull unlike anything you will find on a standard AK. The trigger has a double hook design with an innovative relief cut that allows it to be used in receivers designed to only accept a single hook trigger, and the disconnector is optimized to eliminate trigger slap. The trigger group is made in the USA and counts as three US 922r compliant parts.
• Heat treated and hardened
• Smooth and consistent trigger pull • Eliminates trigger slap
• Works in receivers designed to accept only a single hook trigger • Eliminates bolt carrier hang
• Includes hammer spring, disconnector spring and trigger sleeve allowing the trigger and disconnector to be pre-assembled before dropping into the rifle
• US made, counts as 3 US 922r compliant parts
RAK-1 Enhanced AK-47 Trigger Group
C21YCOT1727 ..... $29.99

Kimber

Bushing Wrench
This bushing wrench fits most full size 1911 barrel bushings. It is made of tough non-marring reinforced polymer for years of service.

MAGPUL

B.A.D. Lever® - Battery Assist Device - AR15/M4

- Compatible with standard mil-spec forged AR15/M16 receivers
- Thin, anti-snag profile and textured surface still allows for traditional manipulation of the bolt catch while maintaining unobstructed access to the trigger
- Attaches to the existing bolt catch paddle via one screw
- Machined from durable billet 6061-T6 aluminum
- Finished with MIL-A-8625F, Type III, Class 2 hard anodizing with manganese phosphate on the screw per MIL-DTL-16232G
- Torx® mounting screw with Nyloc® Blue patch prevents back out under recoil (Torx wrench included)

B.A.D. Lever® - AR15/M4..... C21ZZMAG980 ..... $26.99

Enhanced Trigger Guard

The Enhanced Trigger Guard is a black anodized aluminum drop in replacement for the AR15/M4 weapons platform. It features a shallow "V" shape for better use of gloves in tactical shooting or cold weather operations. The Enhanced Trigger Guard is non-folding, has rounded edges, and fills the annoying "gap" at the rear of the standard trigger guard.
All mounting hardware included.
Enhanced Trigger Guard ..... C21ZZMAG015 ..... $15.49

GROVTEC

FIREARMS ACCESSORIES

US G-COMP Muzzle Compensator

The G-Comp muzzle compensator is designed to redirect propellant gases and counter recoil and muzzle rise. These suppressors are solidly made with steel construction and a black nitride finish.

- *Material: Steel • Thread Pattern: 1/2"-28 tpi*
- *Finish: Black Nitride*

.223 Rem *New* ..... C21XUGTHM315 ..... $54.99
.308 *New* ..... C21XUGTHM316 ..... $59.99

G-Nite Flash Suppressors

The G-Nite Flash Suppressors are designed to cool down gases and suppress the flash signature. These suppressors are solidly made with steel construction and a black nitride finish.

- *Material: Steel • Thread Pattern: 1/2"-28 tpi*
- *Finish: Black Nitride*

.223 Rem *New* ..... C21XUGTHM317 ..... $34.99
.308 *New* ..... C21XUGTHM318 ..... $46.99

US Crush Washers

These crush washers are designed to be installed to secure muzzle devices. They have a premium black nitride finish and are made of high quality steel.

- *5 per Pack*
- *Thread Pattern: 1/2"-28 tpi*
- *Finish: Black Nitride*

C21YH4097 ..... $15.79

KELTEC

RFB Muzzle Brake Kit

This Muzzle Brake kit is designed to replace the existing Flash Hider which comes standard on the RFB Rifle. This Muzzle Brake is designed to lessen the felt recoil of the RFB and the vertical muzzle lift as the rifle is fired. The combination of these two will allow the shooter to re-gain their sight alignment quicker for follow-up shots.

- *This kit comes with one (1) RFB Muzzle Brake, one (1) Lock Nut, both machined and heat treated from 4140 steel.*
- *Tools Required for Installation: Two (2) thin wrenches with 3/4" opening.*

RFB Muzzle Brake Kit ..... C21KTRFB500 ..... $45.99

PMR-30 Threaded Barrel with Flash Reducer

Due to the unique locking action of the PMR-30 pistol and the lightweight slide and barrel, the use of a suppressor is not recommended as it will cause an increase in gas volume and pressure and the slide will likely unlock early. This will cause rupture to occur. The thread pattern on the PMR-30 threaded barrel is 3/8" x 24 Threaded Barrel w/Flash Reducer
C21KTPMR505 ..... $109.99

LANTAC

Dragon™ Muzzle Brake

Manufactured to the highest quality standards and featuring a patent pending design, the LANTAC Dragon Muzzle Brake offers improved recoil management and muzzle rise over competitors products. Its unique Short Energy Pulse system reduces length of recoil so that repeating shot energy cannot overlap and knock the shooter off target. Full auto fire is possible with massively reduced recoil and muzzle climb, meaning that all shots fall on target. Ultra Fast Attenuation of muzzle blast gases means that Flash Signature is also reduced.

- *Material: Hardened Mil-spec Steel • Finish: Nitride*
- *Serial Numbered for Quality Control*
- *Made in the USA.*

E-BCG 556 Bolt Carrier Group - NiB Coated

The E-BCG's forward porting and unique shape assist in reducing pressurization inside the upper receiver that can be caused by short barrel rifles running suppressors. However, it should be noted that the E-BCG is not a complete solution for this issue and all rifles are different.

- *For .223 Rem, 5.56 NATO, & .300 Blackout Rifles*
- *Weight 11.7oz*
- *Forward Porting, enlarged vents • Balanced flared boss*
- *8620 Carrier, Heat Treated, Hard Turned, Chrome Lined*
- *MPI Carpenter 158 Bolt, Shot Peened, Hard Turned / Ground • NiB UTC EXO Coating*
- *CP-R360 Domed Cam Pin*
- *All Hard Chrome surfaces are to MIL-STD-171 1.2.2.2*
- *Shot Peening is conducted with S110 shot, Established by Almen Gage A-2 strip .006 -.008*
- *Lifetime Warranty*

E-BCG Bolt Carrier Group ..... C21FCLA00223 ..... $261.99

DGN556B-QM™ Dragon™ Advanced Muzzle Brake with Gemtech Quick Mount Suppressor Adapter

Designed for use with .223/5.56 Caliber Ammunition. The DGN556B-QM™ is precision machined, hardened to 48Rc and Nitride finished, Type M, Class2. It features our patented gas handling system that reduces muzzle rise and recoil to zero, meaning that the only recoil felt by the shooter is from the movement of the carrier and buffer within the buffer tube. Its unique Short Energy Pulse system reduces length of recoil so that repeating shot energy cannot overlap and knock the shooter off target. Full auto fire is possible with massively reduced recoil and muzzle climb, meaning that all shots fall on target. With the addition of the Gemtech quick mount system it is now possible to mount any of the Gemtech Bi-lock suppressors to our brake. This includes,The One suppressor, Shield and older G5 models.

DGN556B-QM™ w/Adapter
C21FCDGN556BQM $128.99

E-BCG .308/7.62x51mm Bolt Carrier Group - NiB Coated

AR10 Full Auto Style for increased mass and lock time. Our new BCG is precision machined from 8620 Steel with a 9310 Precision Hard Ground, Magnetically Particle Inspected Bolt. The entire carrier assembly is NiB, Electrolysis Nickel Boron coated with the patented, advanced UCT EXO process, unlike standard NiB coatings.
This offers extreme lubricity with a friction coefficient of .02 and surface hardness of 82-85 Rockwell C.
The carriers patent pending design features unique shrouded and forward facing gas ports that have also been re sized so that gas is vented differently to a standard carrier.

- *For .308/7.62x51mm Rifles*
- *Weight 1Lb 2.1oz • Forward Porting, Enlarged Vents.*
- *Balanced flared boss.*
- *8620 Carrier, Heat Treated, Hard Turned.*
- *MPI 9310 Bolt, Hard Turned / Ground.*
- *NiB UCT EXO Coating. • CP-R360-H Domed Cam Pin*
- *Mil-Spec Gas Rings • Mil-Spec Staked Gas Key*
- *Grade 8 Hardened Fasteners*
- *All Hard Chrome surfaces are to MIL-STD-171 1.2.2.2*
- *Lifetime Warranty. • Made in the USA.*

Echo AR-II Drop In Trigger For AR-15

- Allows shooter to select from 3 different settings;
- *Safe Mode: Firearm will not fire*
- *Semi-Automatic Mode: firearm fires when trigger is pulled*
- *Echo mode: Firearm fires when trigger is pulled and also when trigger is released*
- Patented Design that gained ATF Approval
- Patented Technology licensed through Franklin Armory inside the Echo AR-II Trigger
- Technology licensed through HIPERFIRE inside the Echo Trigger
- Light, clean, and crisp pull in Semi-Automatic Mode
- The Echo Trigger is packed full of cutting edge technology
- Reliable function in Echo Mode

Echo AR-II Drop In Trigger For AR-15
C21WW4150 ..... $513.99

Echo Sport Trigger for AR-15

The Echo Sport Trigger has all the great features as the Echo AR-II.
The only difference is that the Echo Sport is more efficient, less complex and most importantly LESS MONEY.
From an operational standpoint, the only difference the operator will notice is that the selector for the Echo operation is now located inside the trigger well on a paddle. Move to the left for Echo Mode and move to the right for Semi-Automatic.
Echo Sport Trigger Trigger For AR-15
C21WW4140 ..... $298.99

Echo AK-47 Trigger

The Echo AK-47 Trigger is a drop in trigger for the AK-47 Platform. The Echo AK-47 Trigger is a response trigger that allows the shooter to fire a round on the pull and also on the release of the trigger. The Echo AK-47 Encompasses the same patented trigger lock technology as the Echo AR-II. The trigger lock keeps the operator from running the firearm. The Echo AK-47 like the Echo AR-II has multiple patents from multiple companies.

- Safe Mode: Firearm will not fire.
- Semi-Automatic Mode: Firearm fires when trigger is pulled.
- Echo Mode: Firearm fires when trigger is pulled and also when trigger is released.

10-8 Performance M&P Base Pads

• Low profile design (15% shorter) reduces snagging on clothing
• Heavy duty polymer construction
• Split locking stud prevents lateral movement
• Fits Smith & Wesson M&P full length pistol magazine bodies in 9mm, .40 S&W or .357 Sig
• Includes: (4) 10-8 S&W M&P Magazine Base Pad, 4) Magazine Base Pad Retainer Plate

10-8 Performance M&P Base Pads (4-Pack)
C21YT100036 ..... $33.20

WILSON COMBAT

SHOK-BUFF®
Recoil Buffers

The SHOK-BUFF® prevents the slide from battering the frame during recoil by sandwiching a 1/10" thick poly fiber buffer between the slide and frame contact areas. When you are shooting high performance loads in your 1911 style pistol, you want the extra protection that the original SHOK-BUFF® provides.

• *Prevents the Slide from Battering the Frame During Recoil*
• *Optimum Balance Between Shock Absorption and Longevity*
• *Easily Replaceable • Absorbs Up to 1,000 Rounds of Repeated Firings • Slides Over the Recoil Spring Guide Between Guide and Spring • Original Injection Molded SHOK-BUFF® • Royal Blue and Bears the SHOK-BUFF® Name*
• *Package of 6*

SHOK-BUFF® Buffers ..... C21WC02B $6.49

1911 Recoil Springs

Wilson Combat Heavy-Duty Recoil Springs are made combat tough to repeatedly take a pounding yet show a remarkably consistent performance every time a round is fired. Recommended service life of 2000-3000 rounds.

Recommended use:
• *15 lbs - Full size, .38 Super/.45 Auto w/ 185gr loads*
• *18 lbs - Full size, .45 Auto w/ 230gr loads/10mm target*

Recoil Spring *(18-1/2 lbs.)* ..... C21WC10G18 ..... $6.49

Full-Length Guide Rod

The Full-Length Guide Rod will make your 1911 operate and cycle smoother. The One Piece Full Length Guide Rod replaces your stock recoil spring guide without pistol modification. Assembly and disassembly are the same as with stock components (however a bushing wrench is required)

• *Extends Recoil Spring Life*
• *Improves Cycling and Overall Operation*
• *Extends Life of Slide to Frame Fit*
• *Can Improve Barrel to Slide Fit and Accuracy on Older Military 1911s*

Guide Rod *(Full Size)* ..... C21WC25G $27.49

Barrel Bushing Wrench

A Barrel Bushing Wrench is an indispensable part of every shooter's kit and is absolutely necessary for disassembling guns with tight-fitting bushings.

• *Easy Disassembly of Guns with Tight-Fitting Bushings*
• *Made from Super-Tough Polymer to Prevent Scratching Your Gun*
• *Fits Barrel Bushings on Government, Commander and Officers Style 1911s*
• *Will Not Stretch or Break*

Bushing Wrench *(Polymer)* ..... C21WC22P $3.49
Bushing Wrench *(Steel)* ..... C21WC22 ..... $3.49

Hex Head Grip Screws

Hex Head Grip Screws will give your pistol a custom look that will continue to look great even after being removed many times.

• *Gives Your Pistol A Custom Look*
• *Look Great Even After Being Removed Many Times*
• *No More Burred Screw Slots*
• *Set of 4 Grip Screws • 3/32" Allen Wrench Included*
• *NOTE: The #313 Series will not work on the Norinco 1911 pistol.*

Hex Head Grip Screws *(Stainless)* ..... C21WC313S $7.29

Jumbo Head Safety
- Rem 870/1100/1187

The Jumbo head safety allows you to rapidly and positively snap the safety off as you mount the weapon for a quick shot.

• *Easy Installation • Blue Finish*
• *Fits Remington Shotguns: Model 870/1100/1187*

Jumbo Head Safety *(Blued)* ..... C21WCSGJHS ... $13.99

Spring & Follower Kit
- Rem 870/1100/1187

• Extra-Power Magazine Spring for Improved Reliability
• High-Visibility Follower for Improved Feeding and Visual Reference of Empty Magazine Tube
• For Use with 2 Shot Extension Tube or Remington® 3 Shot Extension Tube
• Fits Remington® M870 I 1100 I 1187 - 12 Gauge

Spring & Follower Kit ..... C21WCSGSFKEX $10.49

TIMNEY USA

TIKKA

Tikka T3 2-Stage

The Timney replacement trigger for the Tikka T3 rifle is the latest in the Timney two-stage trigger series featuring a pull weight that is factory calibrated for an 8-ounce to 1-pound first stage and a 1-pound to 2.5-pound second stage. The Timney Tikka T3 Trigger is fully adjustable for Sear Engagement (Creep), over travel (Follow through) and both pull weight stages.

Tikka T3 2-Stage ..... C21TM430 ..... $224.99

Mosin-Nagant

The Mosin Nagant, our first "Customer's Choice" trigger is now available for purchase. The Mosin-Nagant features a trigger blocking side safety, adjustable trigger pull weight - 1.5 to 4 pounds with heat treated components assembled in a lightweight alloy housing.

Mosin-Nagant .... C21TM307 .... $119.99

SAVAGE®

Featherweight Trigger for Savage Axis & Axis II

Timney Featherweight Triggers are precision machined and hand-fitted to provide a crisp trigger pull. They feature a lightweight alloy housing with machined and hardened steel working surfaces. The trigger is fully adjustable. The trigger pull weight is adjustable from 1.5 to 4lbs. and is adjustable for creep and overtravel. Minor fitting may be required. *Fits all Axis, Axis II & Axis Compact rifles.*

Featherweight - Axis ..... C21TM633 ..... $124.99

SIG SAUER

Sig MPX Replacement Trigger

The Timney replacement trigger for the SIG MPX is the latest in the Timney lineage of AR-style, semi-automatic, replacement triggers. The trigger, hammer, and bridge are constructed of heat-treated steel. The housing is machined 6061, T6 anodized alloy and the trigger is factory calibrated for a pull weight of 2.5 to 3lbs for the single stage. The Timney replacement for the Sig MPX trigger is a self-contained, 100% drop-in trigger ready to install in your rifle for an exceptionally smooth, crisp, trigger pull with no gunsmithing, fitting, or adjusting required.

FRANKLIN ARMORY™

BFSIII™ AR-C1

BFSIII™ AR-C1
(For AR Platforms)
- Release round can be canceled by simply moving our Patent Pending selector out of Binary mode while holding the trigger back
- Easy to install
- Smooth trigger pull: 4.5 lbs, +/- 0.5 lbs
- Positive reset on release phase
- Enhanced buffer springs for optimal flexibility
- Works in most AR platforms and calibers including 5.56 NATO, 308 Win, 300 BLK, 9mm, Rimfire, etc....
- Compatible with any BCG
- Great for competition shooters, tactical shooters and recreational enthusiasts

BFSIII™ AR-C1 (Curved Trigger) C21FY5550A. $386.99

BFSIII™ HK-C1

BFSIII™ HK-C1
(For HK 91/93/MP5)
- Position 1 – Safe –Will not fire.
- Position 2 – Semi – Fires 1 round per pull.
- Position 3 – Binary – Fires 1 round on pull and 1 round on release.
- A trigger pull around 4.5 pounds.
- Ambidextrous Safety Selector.
- Safety Selector will fit in most two and three position trigger housings. • Works in SP5K housings.
- Trigger housing, ejector, ejector pin and ejector spring are not included.
- Will fit most HK 91, 93, & MP5 variants and clones
- Some firearms may require additional fitting

BFSIII™ HK-C1 (Curved Trigger) C21FY5603A. $629.99

BFSIII™ AR-S1

BFSIII™ AR-S1
(For AR Platforms)
- Position 1 – Safe – Will not fire.
- Position 2 – Semi – Fires 1 round per pull.
- Position 3 – Binary – Fires 1 round on pull and 1 round on release.
- Release round can be canceled by simply moving our Patent Pending selector out of Binary mode while holding the trigger back
- Easy to install • Smooth trigger pull: 4.5 lbs, +/- 0.5 lbs
- Positive reset on release phase
- Enhanced buffer springs for optimal flexibility
- Works in most AR platforms and calibers including 5.56 NATO, 308 Win, 300 BLK, 9mm, Rimfire, etc....
- Compatible with any BCG
- Great for competition shooters, tactical shooters and recreational enthusiasts

BFSIII™ AR-S1 (Straight Trigger)..... C21FY5645A. $386.99

BFSIII™ ACR-C1

BFSIII™ ACR-C1
(For Bushmaster ACR)
- Position 1 – Safe – Will not fire.
- Position 2 – Semi – Fires 1 round per pull.
- Position 3 – Binary – Fires 1 round on pull and 1 round on release.

The BFSIII™ for ACR is a 3-Position Trigger. In position 3 it will fire 1 round on Pull and 1 round on Release. This makes it the fastest semi-automatic trigger on the market. The BFSIII™ is ideal for Tactical and Competition use. The BFSIII™ provides greatly reduced split times between rounds and the ability to place two separate shots into a tighter group.

BFSIII™ ACR-C1 *(Curved Trigger)*..... C21FY5646A. $449.99

BFSIII™ 22-C1
(For 10/22® Style Firearms)
- Position 1 – Safe –Will not fire.
- Position 2 – Semi – Fires 1 round per pull.
- Position 3 – Binary – Fires 1 round on pull and 1 round on release.
- The BFSIII™ for B&T is a 3-Position Trigger. In position 3 it will fire 1 round on Pull and 1 round on Release.
- Release round can be canceled by simply moving our Patent Pending selector out of Binary mode while holding the trigger back
- Easy to install • Smooth trigger pull
- Positive reset on release phase
- Enhanced buffer springs for optimal flexibility
- Works in most 10/22® style firearms
- Great for competition shooters, tactical shooters and recreational enthusiasts

BFSIII™ 22-C1 ..... C21FY5775A. $269.99

BFSIII™ B&T-C1

BFSIII™ B&T-C1
(For B&T APC)
- Position 1 – Safe –Will not fire.
- Position 2 – Semi – Fires 1 round per pull.
- Position 3 – Binary – Fires 1 round on pull and 1 round on release.
- The BFSIII™ for B&T is a 3-Position Trigger. In position 3 it will fire 1 round on Pull and 1 round on Release. This makes it the fastest semi-automatic trigger on the market. The BFSIII™ is ideal for Tactical and Competition use. The BFSIII™ provides greatly reduced split times between rounds and the ability to place two separate shots into a tighter group.

Some B&T firearms may require slight modifications to the interior of the lower plastic to properly fit our trigger. The modification is still reverse compatible with the OEM trigger.

BFSIII™ B&T-C1 (Curved Trigger) C21FY5681A. $449.99

BFSIII™ CZ-C1

BFSIII™ CZ-C1
(For CZ Scorpion)

The BFSIII™ for CZ Scorpion is a 3-Position Trigger. In position 3 it will fire 1 round on Pull and 1 round on Release. This makes it the fastest semi-automatic trigger on the market. The BFSIII™ is ideal for Tactical and Competition use. The BFSIII™ provides greatly reduced split times between rounds and the ability to place two separate shots into a tighter group.
- Position 1 – Safe –Will not fire.
- Position 2 – Semi – Fires 1 round per pull.
- Position 3 – Binary – Fires 1 round on pull and 1 round on release.

BFSIII™ CZ-C1 (Curved Trigger)
C21FY5708A $449.99

BFSIII™ AK-C1

BFSIII™ AK-C1
(For AK Platform)

The Binary Firing System ™ GEN 3 BFSIII™) is a 3-position trigger. In position three it fires one round on pull and one round on release, making it the fastest semi-automatic trigger on the market. This trigger is ideal for both tactical and competition use.

The BFSIII™ provides significantly reduced split times between rounds, allowing for tighter groups.
- Position 1 – Safe –Will not fire.
- Position 2 – Semi – Fires 1 round per pull.
- Position 3 – Binary – Fires 1 round on pull and 1 round on release.

BFSIII™ AK-C1 (Curved Trigger)

TRIGGERTECH

Adaptable AR Primary Trigger

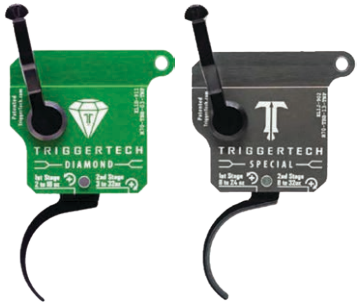
Featuring Frictionless Release Technology™, this drop-in AR trigger has a short, two-stage action, designed to feel like a 1911 trigger, that provides a true zero-creep break, extremely short overtravel, a sub 0.030" tactical reset and offers outstanding reliability, even in the harshest environments. Utilizing CLKR Technology™, the pull weight is quickly and confidently adjusted from 2.5 - 5.0 lbs in 2oz increments from a set screw with the trigger installed.

Style	Finish	1st Stage	2nd Stage	Item No.	Price
Flat	PVD Black	0.75 lbs	1.75 lbs. - 4.25 lbs	C21ZTAR0TBB25NNF	$249.99
Curved	STS	0.75 lbs	1.75 lbs. - 4.25 lbs	C21ZTAR0TBS25NNC	$239.99
Flat	STS	0.75 lbs	1.75 lbs. - 4.25 lbs	C21ZTAR0TBS25NNF	$239.99

Competitive AR Primary Trigger

The Competitive AR Primary Trigger is a non-adjustable trigger designed to enhancing the accuracy and precision of an AR for roles that consistently favor a lighter pull weight. Featuring Frictionless Release Technology™, this drop-in AR trigger has a short, two-stage action, designed to feel like a 1911 trigger, that provides a true zero-creep break, extremely short over-travel, a sub 0.030" tactical reset and offers outstanding reliability, even in the harshest environments. The pull weight is fixed at 3.5 lbs and due to there being truly zero creep, most shooters report the pull weights feeling ~0.5lbs lighter than a friction based trigger of the same measured pull weight.

Style	Finish	1st Stage	2nd Stage	Item No.	Price
Curved	STS	0.75 lbs	2.75 lbs	C21ZTAR0TBS33NNC	$214.99
Flat	STS	0.75 lbs	2.75 lbs	C21ZTAR0TBS33NNF	$214.99



Rem 700 Special Trigger

The Rem 700 Special is an upgraded version of the Primary model which further enhances accuracy and precision on any right-handed Remington 700 model rifle. Utilizing CLKR Technology™, and some additional hand refinements, the pull weight on the Special model is quickly and confidently adjusted from 1.0 - 3.5 lbs in ~1oz increments from an externally accessible set screw.

Vickers Tactical® Extended Magazine Catch

The VT GMR-001 and GMR-002 are easy to install, and are made of the same tough polymer as the Glock® factory part. These extended catches are just perfect…not too short, not too long, i.e. the magazine will not accidentally release if pistol is laid on a hard surface. Perfect with use of back strap mounted lasers.
For Gen 1, 2 & 3 pistols only.
Not for use with Gen 4 pistols.
- *Fits Glock® models G17, 19, 22, 23, 24, 26, 27, 31, 32, 33, 34, 35 and 37.*
- *Extended and radius'd, allows magazine release without shifting firing grip*
- *Injection molded from same material as OEM factory part*
- *Fits the majority of Gen 1, 2 &3 Glock® pistols*

LC9 Conversion Kit for LC380® Pistol ..... C21UR90499 ..... $244.99

ZEV TECHNOLOGIES

- ZEV Technologies Stainless steel slides are designed to improve accuracy and performance. They are manufactured in our state-of-the-art manufacturing facility.
- ZEV's slides are machined from a single billet of 17-4 stainless steel to tighter tolerances than factory slides for increased consistency in barrel lockup which improves accuracy.
- ZEV slides weigh less than factory slides, therefore reduce reciprocating weight, which reduces fatigue and allows for faster shot follow-up placement.
- All ZEV slides have our patented optic cut which features posts allowing for more thread area keeping your optic securely mounted for your slide.

Offered in Flat Dark Earth (FDE) and Black Diamond-Like Carbon (DLC), your Enhanced SOCOM slide has been designed with performance in mind. The Enhanced SOCOM was originally designed for military and LE use to provide enhanced grip for tactical situations. The serrations on the design are extra aggressive to allow for racking on surfaces one handed. Designed to carry over to the top of the slide, the SOCOM design provides for additional surface area for working with gloves or for racking on various surfaces.

Z17 Enhanced SOCOM Slide Kit

Kit Includes:

- Stripped ZEV Slide • ZEV Sights installed
- Front; ZEV .215 Fiber Optic / - Rear; ZEV Combat

ZEV TECHNOLOGIES

AR15 Slide Lock Charging Handle

The ZEV Technologies Slide Lock Charging Handle is a unique design that features smooth ambidextrous operation with fewer moving parts than any other charging handle on the market. Machined from a single piece of 7075-T6 billet aluminum for greater strength and durability.

- *Fully ambidextrous*
- *Extended and textured handle for superior grip and ergonomics*
- *Black nitrided steel capture latch*
- *Made in the USA from American made aircraft grade 7075-T6 billet aluminum*
- *True Black Class 2 Type 3 hard coat anodize*
- *Designed exclusively for use with ZEV billet upper receivers, not recommended for use with forged upper receivers*

AR Ambidextrous Charging Handle ..... C21BJCH556AMB $60.80

ISMI Recoil Spring, 17lb

- Flat coil, factory style recoil rod spring. 15 lb.
- Most commonly used in 9mm, .40 and .357 model Glock's dictated on the Tech Specs page.
- Best used for recoil management in most Glock® pistols with standard ammunition.
- 124gr.- 145gr (9mm) and any extra power ammunition loading.
- Great for any .40cal & .357 recoil reduction as well.

ISMI Recoil Spring, 17lb ..... C21BJISMISPRREC17L $14.25

Professional Starter Spring Kit

The ZEV professional starter spring kit provides a lighter and smoother trigger pull with a positive reset for your Glock® by combining our popular competition spring kit with the all-new ZEV pro connector.
The ZEV competition spring kit contains a heavy trigger spring (heavier is better, as it assists with trigger pull), a reduced power firing pin spring, and a reduced power firing pin safety spring. The ZEV pro connector was engineered to provide users with a consistent, positive reset and a reduction in trigger pull weight without sacrificing the reliability or safety of your pistol.

Professional Starter Spring Kit ..... C21BJSPRSTARTKITPRO $27.55

Extended Mag Release for 1st-3rd GEN Small Frame Glocks

ZEV Technologies Extended Magazine Release for the Glock features a textured oversized head, allowing shooters to access it without shifting grip. Both the Mag Button and the Mag release are aluminum rather than factory plastic. This Extended Magazine Release for the Glock is not designed for Generation 4 GLOCK models.

Mag Release for 1st-3rd GEN Glock New ..... C21BJMRSM3GB $38.00

Extended Mag Release for 4th GEN Small Frame Glocks

The Zev Technologies Gen 4 Magazine Release for the Glock was designed with an aggressive rearward angle and a non-slip textured face that matches the factory finish of your Gen 4 grip. This Mag release is a drop-in replacement part. Not compatible with Gen3 models.

Mag Release for 4th GEN Glock New ..... C21BJMRSM4G $38.00

+5 Baseplate for PMAG OEM Glock Mags

ZEV Technologies innovative product line now has an extended base pad for the standard capacity Glock™ magazine. Our 3-piece design is easy to reassemble onto the magazine, and can be easily disassembled for cleaning without losing any parts.

- Available in Red and black anodized

+5 Baseplate for Glock OEM *(Red)* ..... C21BJBPADEXTGLK5R $42.75
+5 Baseplate for Glock OEM *(Black)* ..... C21BJBPADEXTGLK5B $42.75

PRO Compensator V2

The ZEV V2 PRO Compensator was developed and optimized for use on the G19 but will fit and function on all 9mm Glock models with a corresponding threaded barrel. Due to its compact size, when installed on a G19 with ZEV threaded barrel, it has the same overall length as a G34 slide and is compatible with most G34 holsters

PRO Compensator V2 - **Right Handed** Threaded ..... C21BJ32744 ..... $94.05
PRO Compensator V2 - **Left Handed** Threaded ..... C21BJ32751 ..... $94.05

Pro Connector Upgrade

Engineered to provide users with a consistent, positive reset and a reduction in trigger pull weight without sacrificing the reliability or safety of your pistol. Whether used in conjunction with a ZEV trigger or with your stock Glock trigger, the PRO connector will provide a noticeable increase in performance and is ready to drop-in and use straight from ZEV, no fitting or polishing required.

Pro Connector Upgrade ..... C21BJCONNPRO $14.25

Pro Compact Gen5 1-Piece Glock Magwell

The one piece design facilitates easy installation and utilizes single attachment screw to securely mount to the Glock frame while retaining a low profile.

- *One piece 6061 aluminum design • Type III anodized finish*
- *Kit includes magwell body, mounting screw, and wrench.*

Compact GEN5 1pc Magwell ..... C21BJ32430 ..... $94.05

Pro 1-Piece GEN5 Glock Magwell

The ZEV Pro Plus Magwell was designed and tested for compatibility with standard capacity factory magazines as well as magazines fitted with ZEV basepad magazine extensions. It also incorporates a pass-through hole at the back for lanyard retention.

- *One piece 6061 aluminum design • Type III anodized finish*
- *Kit includes magwell body, mounting screw, and wrench.*

Pro 1pc GEN5 Glock Magwell ..... C21BJMWKSTDPROPLUS5G $103.55

PRO Plus Universal Magwell

ZEV Technologies PRO Plus Mag-well is universal for the 1st-4th Generation Glock® . Its Aluminum 1 piece design is finished in a black matte, smooth Anodized finish and the packaging includes the mag-well, screw and wrench. Generation 4 back straps may need to be modified if used with this product, back straps must have bottom internal tabs trimmed. Zev Technologies™ parts always incorporate design, feel and performance.

Fits Glock 1st-3rd Gen: 17 / 17C / 17L / 22 / 22C / 24 / 24C / 31 / 31C / 34 / 35 / 37
Fits Glock 4th Gen: 17 / 22 / 31 / 34 / 35 / 37

- *Kit Contains: 1 Magwell body, 1 Mounting screw*

PRO Plus Universal Magwell ..... C21BJMWKSTDPROPLUS $103.55

Compact Universal Pro Magwell

ZEV Technologies™ PRO Magwell is designed for the professional shooter that is looking for the competitive edge of a magwell with out the bulk of a Glock® race-gun. This magwell is designed to fit both Gen 3 and 4 Glock® frames and features a 1 piece design
SOME limited 10 round magazines may not work with this magwell.
Compatible Glocks G19, G23, G38, and G32

- *Kit Includes: Magwell body, 1 Mounting screw, 1 Allen wrench & Packaging*

Small/Compact 1st-4th GEN ..... C21BJMWKCPTPROA $94.05
Small/Standard1st-4th GEN ..... C21BJMWKSTDPROA $94.05

4th Gen Glock® Guide Rod Reducing Ring

For usages with a 4th generation Glock® model to retrofit back to a single guide-rod and spring assembly.
GEN4 Glock Guide Rod Reducing Ring
C21BJRDC4GSSDLC $15.20

ZEV DELTA

AMERICAN TACTICAL

GM9 X .75" Threaded Faux Suppressor

The German Sport Guns retractable stock is a tactical stock that has a new feature to store an extra magazine (10 round or 22 round, loaded or unloaded). This new feature makes mag swaps more efficient for tactical training as well as making the avid plinkers day a little more enjoyable. The GSG retractable stock is also compatible with older GSG models.

ERGO®

MADE IN USA

Ergo 5-Piece Upper Receiver Spring Kit

Kit Includes:
- Ejector Spring • Forward Assist Spring
- Port Cover Spring • Extractor Spring • Extractor Spring Buffer

5-Piece Upper Spring Kit ..... C21EO4611 ..... $6.00

Ergo 9-Piece Lower Receiver Spring Kit

Kit Includes:
- Bolt Catch Spring • Disconnector Spring
- Buffer Retainer Spring • Trigger Spring
- Magazine Catch Spring • Hammer Spring
- Selector Spring • Two Detent Springs

9-Piece Lower Spring Kit ..... C21EO4612 ... $6.25

The Ergo Gapper

Fills the gap between the trigger guard and the pistol grip on the AR/M4 and cushions your knuckle, prevents abrasion to your finger and provides a more finished look to your rifle. The GAPPER™ is made from solvent resistant Santoprene®, clips in easily, and secures with a tight friction fit.

Ergo Gapper ..... C21EO4085 ..... $3.25

Ergo Never Quit Magwell Grip

The ERGO Never Quit Magwell Grip reconfigures the squared shape of the AR/M4 magazine well

- *Reconfigures the squared shape of the AR/M4 magazine well into an ergonomic and comfortable grip option*
- *Gives AR/M4 receivers a distinctive aesthetic upgrade*
- *Easy installation • Oil and solvent resistant Santoprene® construction*
- *NTOA Recommended*

Never Quit Magwell Grip *(Black)* ..... C21EO4965BK $16.50
Never Quit Magwell Grip *(Dark Earth)* ..... C21EO4965DE $16.50
Never Quit Magwell Grip *(OD Green)* ..... C21EO4965OD $16.50

Spikes Block

This is one of the most useful maintenance accessories available for an AR-15. Simply bolt or clamp securely to a bench or other work surface, place an AR rifle onto the block inside the magazine well and the rifle is held in place for cleaning, maintenance or storage.

- *1-piece glass filled polymer design*
- *Weight of 4.3oz*
- *6 1/8" Tall X 4 5/16" Long (at the Base) X 2" Wide (at the Base) • 1/4" Mounting Holes*

Spike Blocks ..... C21EO4996 ..... $24.00

Ergo Sure Stop Tactical Rail Hand Stop

- Useful on short barrel rifles and shotguns • Can act as a hand positioning device

Tactical Rail Hand Stop ..... C21EO4201SSBK $10.50

Armorer's Block for AR-10

This ERGO Armorers Block is one of the most useful maintenance accessories available for an AR-10. Simply bolt or clamp securely to a bench or other work surface, place an AR rifle onto the block inside the magazine well and the rifle is held in place for cleaning, maintenance or storage.

Armorer's Block for AR-10
C21EO4989 ..... $24.00

.750" Low Profile Gas Block

- CNC machined 4140 chromoly steel • Nitride/Melonite QPQ finish
- Chamfered edge, slip on fit • USA made steel & machined in the USA
- Weighs 2oz • Fits under most free float handguards
- Internal Diameter 0.750
- Includes (2) set screws for a secure attachment
- Accepts standard gas tube roll-pins (roll-pin NOT included)

.750" Low Profile Gas Block ..... C21EO4821 ..... $23.75

.750" Low Profile Adjustable Gas Block

- CNC machined 4140 chromoly steel
- Full shutoff with zero adjustment movement • Nitride/Melonite QPQ finish
- Chamfered edge, semi-press fit • USA made steel & Machined in the USA
- Weighs 2oz • Fits under most free float handguards
- Internal Diameter 0.750
- Same profile/height as the standard low-profile gas block
- Includes (2) set screws for a secure attachment
- Includes 10-32 Set-Screw and a 4-40 Retaining Screw (Rearward facing)
- Accepts standard gas tube roll-pins but, a roll-pin is NOT included.

.750" Low Profile Adjustable Gas Block ..... C21EO4822 ..... $43.25

APX Modular Frames

APX

Beretta APX Grip Frames come with 3 backstraps to customize the look and feel of your Beretta APX handgun.

Unique modular chassis system allows replacement, reconfiguration, size tailoring, and gives you the ability to easily customize your APX; modifications like 'stippling' become less risky thanks to an easily-interchangeable frame. The break-down of the gun in its basic subcomponents also allows users to maintain their APX more easily..

Volquartsen CUSTOM

Ruger 10/22® Accessories

Hex-Head Take Down Action Screw

Hex-head screw replaces the factory slotted screw. It allows the shooter to use a torque wrench for precise and repeatable settings. No more marred slotted screws which diminish the appearance of your rifle. Made of hardened alloy steel.
Take Down Action Screw ..... C21VQVC10TD $5.40

Auto Bolt Release

Enables the shooter to simply pull bolt back slightly to release the bolt. This eliminates the need to push up on the bolt lock mechanism to release the bolt. This is an easy drop-in installation.
Auto Bolt Release *(Black)*..... C21VQVC10BR10B..... $10.79
Auto Bolt Release *(Silver)*..... C21VQVC10BR10S..... $10.79

Extended Magazine Release

The extended magazine release allows for a quick release of factory magazines. It extends .550" down from the trigger guard housing designed not to interfere with benchrest or sandbags during shooting. The extended magazine release is completely CNC-machined from billet material – no castings!!
Black..... C21VQVC10MRB $17.99

Target Hammer

Our redesigned target hammer is now wire EDM cut! The target hammer is designed to give the factory Ruger 10/22 a superb "trigger job" by simply replacing the factory hammer. No stoning or fitting is required. Reduces trigger pull down to approximately 2.5 – 2.75lbs. Made of stainless steel, hardened to Rc 58-60. *Includes our 10/22 hammer spring, hammer bushings, hammer shims and trigger return spring.*
10/22 Target Hammer ..... C21VQVC10TH $40.49

Target Disconnector

Manufactured through an EDM process for exacting tolerances. Designed to be used in conjunction with match hammer and sear to provide for a very crisp, clean trigger pull. Made of A2 tool steel and hardened to Rc 58-60.
Target Disconnector ..... C21VQVC10DN $21.99

Recoil Buffer

Drop-in polyurethane bolt stop pin eliminates the metal to metal contact between bolt and receiver and eliminates vibration caused by this. The recoil buffer also provides a remarkable difference in cycling noise. Replaces factory bolt stop pin.
Recoil Buffer ..... C21VQVC10RB $10.79

Exact Edge Extractor

The new extractor will not lose its edge under impact such as other extractors made from stamped steel or titanium that will have their edges roll over and actually cause extraction problems after a short period of use. It is hardened to a Rc 58-60 to withstand years of use and still maintain its edge. We are able to hold the tolerances to +/-.0001" by utilizing the EDM manufacturing process. The hook is .005" closer to the rim of the cartridge to allow for the most positive extraction available. Made of A2 tool steel.
Exact Edge Extractor..... C21VQVC10EE $11.29

Target Trigger

Improved trigger design gives the shooter more trigger control. Also features an overtravel adjustment screw. Made of aluminum.
C21VQVC10TT $26.99

HP Action Kit

This kit consists of our target hammer (includes shims and bushings), hammer spring, target disconnector, target sear and target trigger Includes polished plunger and spring) with overtravel adjustment. Also included is a recoil buffer to reduce wear on the action and bolt. The HP Action Kit will reduce trigger pull down to approximately 2.25 – 2.5lbs. HP Action Kit Plus features all the components of our High Performance Kit in addition to our Extended Magazine Release and Auto Bolt Release.
10/22 HP Action Kit ..... C21VQVC10HP $117.99
(Includes: extended mag release & auto bolt release)
10/22 Action Kits "Plus"..... C21VQVC10HPCS..... $137.99

Extended Bolt Handle & Recoil Rod Assembly

The Extended Bolt Handle features the same shape & design as the bolt handle featured on our fully machined bolts. • Extended .25" for faster, easier operation. • Polished, hardened and coated with a proprietary finish. • Finish contains lubricating features to create an extremely smooth operating guide rod. • Coated recoil rod reduces friction which improves both feeding and ejecting. • Cryogenically treated to withstand years of use. • Recoil rod spring is included
Black..... C21VQVC10EBB $42.49
Silver..... C21VQVC10EBS $42.49

SureStrike Firing Pin

Volquartsen SureStrike Firing Pin is designed to minimize and/or eliminate light hits on the Ruger 10/22 (22 LR model only). Precision EDM machined from A2 tool steel. This new firing pin is also .004" wider than the factory firing pin to help eliminate side to side movement in the factory bolt. Hardened to a Rc 56-58 to prevent any excessive wear and deformation. The hardening process on the A2 material allows for a much deeper hardening when compared to case hardening.
SureStrike Firing Pin..... C21VQVC10SSFP..... $28.99

Bolt Tune-Up Kit

The Volquartsen Bolt Tune-Up Kit for the Ruger 10/22 (22 LR model only) rifle contains two of our most popular items ever: the Exact Edge Extractor and our SureStrike Firing Pin. This kit is designed to eliminate light hits and stovepipes.
Bolt Tune-Up Kit ..... C21VQVC10FE $34.49

Barrel Mounted Scope Mount

A Weaver style scope mount designed to mount directly to .920" bull barrels. The mount cantilevers back over the receiver and utilizes one tension set screw in the rear of the mount for stability. All Volquartsen bull barrels for the 10/22 will come drilled and tapped to accept this scope mount.
10/22 Scope Mount *Silver*..... C21VQVC10MPS $42.49

Ultra Match Hammer & Sear

EDM and machined out of a special alloy in match sets. Includes a target hammer and target sear. Both the hammer and sear are wire EDM-cut for exacting tolerances. Both parts are then hardened to a Rc 58-60. It also includes hammer shims and bushings. Reduces trigger pull down to approximately 2.25 – 2.5lbs.
Ultra Match Hammer & Sear..... C21VQVC10MHS..... $75.99

Remington® 597 Target Hammer

The hammer notch is individually surface ground to secure an exact angle of engagement. The hammer is designed to lighten the trigger pull on a factory hammer by up to 50% (this can vary depending on factory sear). This is a drop in item intended for an unaltered factory trigger guard. • *Remington 597.22LR, .22 WMR & .17 HMR*
Rem. 597 Target Hammer..... C21VQVCRTH $42.49

Remington 597 Exact Edge Extractor

Manufactured through an EDM process in order to achieve exacting tolerance. Our extractor features a very precise "hook point". It's hardened to a Rc 58/60 to withstand years of use and still maintain its edge. Fits Remington 597, .22LR, .22 WMR and .17 HMR
Edge Extractor..... C21VQVCREE $18.49

Replacement Shotgun Barrels

Remington. Benelli. Performance Worth the Price

Performance and Value for your Remington® 870 or Benelli® Nova/Super Nova

All barrels are constructed from certified ordinance grade 4140 steel with chrome lined bores. Vent rib models have a satin matte blue finish with red fluorescent front sight and brass center bead. All 18-1/2" barrels are non vent ribbed and have a ramped front sight with a matte finish. Each barrel comes with a Carlson choke tube, manufactured from 17-4 stainless steel except for the rifled choke tube models which are made from 304 high stress stainless steel, installed. All of our replacement barrels are threaded for the choke style system. Enhance the versatility and performance of your shotgun with a Carlson's replacement shotgun barrel. These barrels are 12ga only.

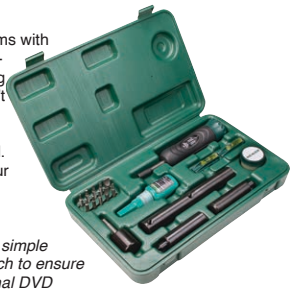
WEAVER®

Standard Scope Mounting Kit



Changing your optic setup just got easier. This set features the fundamental tools to ensure precision mounting on your firearm and performance from your optics. A torque wrench provides precise pressure readings for tightening and Weaver SureThread secures screws from loosening to do harsh recoil. A modular level system and many common bits fill-out this kit and help you maximize your optics investment.

- *Rugged, hard-plastic storage case for secure transport*
- *Modular level system provides essential scope crosshair alignment*
- *Includes instructional DVD*

Standard Scope Mounting Kit ..... C21WE849722 ..... $89.99

Deluxe Scope Mounting Kit

Now you can easily interchange optics on your firearms with professional-grade tools. This comprehensive kit contains all the components for precision scope mounting and maintenance. A torque wrench ensures you won't over-tighten your optics, while Weaver SureThread adhesive helps prevent the loosening of mounting screws from shock and vibrations generated by recoil. Quality components provide tooling options for all your mounting tasks.

- *Includes 1-inch lapping tools and compound to fit most mounting rings*
- *Blow-molded compartments for secure storage and simple organization • Modular level system and torque wrench to ensure proper installation and accuracy • Includes instructional DVD*

Deluxe Scope Mounting Kit ..... C21WE849721 ..... $109.99

Compact Tool Kit

This kit is designed to address the most common firearm maintenance tasks. It includes a magnetic-tipped hex bit driver and a variety of tool bits to service different fasteners. Lengthening attachments make many hard-to-reach adjustments possible. All these crucial components are contained in a rugged, latched case for easy storage and transport.

- *36-piece set for many common gunsmithing jobs*
- *Durable hard-plastic case for easy storage and transportation when traveling*
- *Blow-molded accessory compartments keep all components secure and organized*

Compact Tool Kit ..... C21WE849717 ..... $20.99

Multi-Bit Kit

This set features professional-grade tools for at-home gun maintenance work. This upgraded kit offers enhanced versatility by adding a large assortment of flat bits to fit a wider variety of screw heads. Advanced tooling of most firearms is made possible by the diverse adjustment options offered inside the hard-plastic, latched case.

- *77-piece set ideal for most at-home gunsmithing efforts*
- *Durable plastic case features blow-molded compartments to effective organize components*
- *Driver features soft, ergonomic handle grip for easy adjustments*

Multi-Bit Kit ..... C21WE849718 ..... $52.49

Deluxe Tool Kit

The Deluxe Tool Kit enables you to turn your workbench into a professional Gunsmithing station. Whether mounting an accessory, punching out pins to replace a trigger, or separating a stock from a receiver; the Deluxe Kit offers the exact tools for the tasks at hand. The complete set gathers together all the essentials, plus an impressive array of bits and punches. As well as a driver, hammer and much more.

- *88-piece kit features a comprehensive assortment of professional-grade components*
- *Includes high-quality steel punch set with multiple sizes to fit a variety of pins*
- *Hammer features brass and plastic faces for precision adjustments*

Deluxe Tool Kit ..... C21WE849719 ..... $78.99

Hammer & Punch Set

High Pressure Case Sizing Lubricant

It requires tremendous force to drive an unlubricated case into a full length resizing or forming die. But, the wrong lubricant can ruin cases or break shell holders. Forster High Pressure Case Sizing high-quality lubricant makes resizing easy and it saves your equipment. Their high-pressure, oil-based lubricant adheres to the case when it's forced into the die, and you can barely feel the cases enter and exit the die.

Case Sizing Lubricant..... C21FP011071 .....$7.49

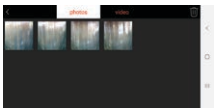
Trigger Pull Gauge ..... C21LY7832247 ..... $17.29

Borecam® Digital Borescope with Monitor

Lyman's new Borescope provides active shooters with the means to carefully inspect the bores of their firearms for wear, throat erosion, tool marks, and other rifling or chamber damage, as well as for checking for fouling. The scope will fit 20 caliber and larger barrels and works with miniature camera technology. The display will show a clear image of the inside of the barrel and also allows you to take a photo of the bore. The image will be stored on a standard SD card and can later be viewed on a computer or lap top.

- *Scope fits 20 Caliber and Larger Barrels • 22"" Long Rod*
- *Miniature Digital Camera Technology*
- *Images can be captured*



Borecam TM Digital Borescope w/Monitor ..... C21LY04055.....$236.99

Borecam® Pro Wireless Borescope

The wireless Borecam Pro produces its own WiFi signal which sends super clean and detailed images directly to your phone. No wires or monitors to get in the way during use. The Borecam Pro's easy-to-use app makes storing and retrieving photos and video simple. Apps are available for iOS and Android phones and tablets.

- *Wireless WiFi operation • 720P Resolution for a clean, sharp image*
- *Fits 20 caliber and larger barrels • 24" long rod • Can take photos and video*
- *Easy to use apps for iOS and Android phones or tablets*

Borecam Pro Wireless Borescope..... C21LY04059.....$258.99

Wheeler 55 Piece SAE/Metric Hex And Torx Screwdriver Set
C21PH1081959 ..... $31.99

Delta Series AR LR/10 Variant Receiver Lapping Tool

Delta Series AR LR/10 Variant Receiver Lapping Tool. Using a Lapping Tool on a receiver ensures a barrel mates up to a true and square receiver. The truer that mating location is, the more accurate your firearm can be because receiver to barrel alignment is essential to accuracy. Lapping the surface can produce perfect positioning of the barrel nut so the proper torque can be achieved. This will also facilitate proper gas tube hole alignment. The Receiver Lapping Tool is easy to use with a battery powered or electric drill.

- *All Steel Construction • Eases Hole Alignment*
- *Align A2 Style Sights • 220 grit Lapping Compound • Black Oxide Finish*

Delta Series AR LR/10 Variant Receiver Lapping Tool ..... C21PH156757 ..... $24.99

FAT Stix Preset Torque Wrench Set

The Wheeler FAT Stix Preset Torque Wrench Set includes all the most popular bit sizes in a convenient soft carry case. Included sockets come in 15, 20, 25, and 45 inch pounds for all your most common applications, featuring a 1/2" socket with a 1/4" drive bit. The ergonomic T-handle design is comfortable, easy to use, and made of high-quality materials to survive the toughest of projects.

- *Sockets come in 12, 20, 25, and 45 in. pounds for most common applications*
- *Popular but sizes • T handle design with grip and spin section*
- *1/2" socket with 1/4" drive bit • Convenient soft carry case*

FAT Stix Preset Torque Wrench Set ***New***

Roll Pin Starter Set..... C21PH710910 .....$23.99

Precision Micro Screwdriver Set

The Wheeler Engineering Precision Micro Screwdriver Set features high quality, chrome plated steel bits to hold up to heavy use and the comprehensive 58 piece set meet all of your precision screwdriver needs. The set include a handle that extends from 3-3/4" to 5-1/2" and a 5-3/4" flexible extension shaft to get you into those hard to reach places. The set comes organized with individual bit markings and a convenient carry/ storage case. All bits are precision formed for maximum fastener engagement.

• Chrome plated steel bits • Extendable Handle from 3-3/4" to 5-1/2"
• 5-3/4" flexible extension shaft • 58 piece set • Organized carry/ storage case

Precision Micro Screwdriver Set..... C21PH564018 .....$21.99

Professional 43pc. Gunsmithing Screwdriver Set

The bits make up the heart of any screwdriver set, and Wheeler's are the finest available. They're made from S2 tool steel and hardened to 56-58 Rockwell "C". The hollow-ground bits are gently curved as it reaches the tip instead of being straight to protect the fit and finish of the screw. The hollow-ground shape spread forces equally along the sides of the screw slot resulting in no damage. The 43 Piece Screwdriver Set features a very comfortable overmolded screwdriver handle to ease all of your work. Never lose a bit with the durable custom box that's ready for the bench or your range kit.

• Hollow-ground Bits • Durable S2 Tool Steel
• Short No-Slip Handle • Most Popular Bits for Gunsmithing
• Convenient storage case

Prof. 43pc Gunsmithing Screwdriver Set..... C21PH954621 .....$33.99

Bench Block

Ever needed three hands to remove or install a pin, detente, or spring? The Universal model has basic notches, grooves, and holes on both sides. It is ideally suited for 1911-style pistols.

Universal Bench Block..... C21PH672215 .....$21.99

Professional Reticle Leveling System

The system is comprised of two machined aluminum level housings calibrated to their integrated levels. The Barrel Clamp Level is attached to the guns barrel while the smaller Reference Level is placed on scope base, bottom half of a ring or other flat surface perpendicular to the vertical axis of the gun. The gun is then rotated until the Reference Level is aligned. The tuning adjustment knob on the Barrel Clamp Level is then turned until its level is centered to match the Reference Level. At this point the Barrel Clamp Level is calibrated to the guns axis. The Scope can be installed loosely and the Reference Level placed on top of the scopes turret cap. The scope is rotated until the Reference Level is aligned with the Barrel Clamp Level and then simply secured in place.

Professional Reticle Leveling System ..... C21PH119050 .....$49.99

Armorer's Handgun Sight Tool

• Precision machined unit
• Designed in install, un-install or adjust front and rear dovetail sights
• Fully captures and supports slide so it won't deform
• Works on all semi auto pistols
• Large 4 post drive knob to easily push the sight
• Reference marks for precise adjustments

Armorer's Handgun Sight Tool
C21PH710905 .....$184.99

Scope Ring Alignment & Lapping Kit

Wheeler's scope ring alignment kit will help you properly mount your scope rings, diagnose alignment problems, and indicate when you might need to shim a scope base. It also contains a special lapping bar and abrasive so you can "lap" your rings in for 100% contact between scope rings, which eliminates accuracy-robbing stresses in the mount and also helps prevent marring the scope during installation/removal.

Ring Alignment & Lapping Kit 1" ..... C21PH204061..... $47.99

Level-Level-Level

The Level-Level-Level works because the scope is leveled to your receiver; not to the top of a scope base. Level your scope as you mount it on your rifle. The magnetic base in the rifle level bridges the bolt raceway, allowing you to position your rifle perfectly level. Then level the scope, tighten the rings, and the job is done. Works with practically any bolt-action rifle, and is adaptable to other designs.

Level-Level-Level ..... C21PH113088 ..... $19.90

Anti Cant Indicator

• Indicates precise, repeatable level gun position
• Increases accuracy by insuring proper gun alignment, which is critical for turret adjustment and hold over for bullet drop compensation • Easy-to-view from shooting position
• Attaches to scope, folds in when not in use.

Anti Cant Indicator *(1" inch)*..... C21PH755712.....$34.99
Anti Cant Indicator *(30mm)*..... C21PH766112.....$34.99

Deluxe Gunsmithing Screwdriver Set

The 54 hollow-ground flat bits range in size form . 120"x.020" to .360x.070", and includes doubles in the thinnest sizes. Comes with two handles made from comfortable overmolded plastic. the first is a regular size handle that's good for most jobs, and the second is a slimmer, shorter "Close Quarters" handle that is good for finesse work with smaller bits.

The Professional Set contains:
• Hinged storage box • 2 ergonomic handles
• 3' shaft extension • Hex to square drive adapter
• 54 flat bits • 8 Allen Bits • 4 Phillips Bits • 3 Torx Bits
• 15 Specialty Bits and Accessory Tools for Colt, Remington, Smith&Wesson, Mauser, Glock, Garand Ruger and more.

89 piece Deluxe Screwdriver Kit..... C21PH562194 .....$73.99

Space Saver Gunsmithing Screwdriver Set

Included with the standard, Phillips, hex, and torx bits, is a 2" long #2 Phillips bit which is ideal for recoil pad installation, and a hex-to-square conversion bit which allows you to use 1/4" square drive sockets and other attachments. The magnetic handle is perfectly sized for gunsmithing needs, and is also hollow-handled, allowing you to carry a variety of bits should the need arise.

Space Saver Screwdriver Set..... C21PH664507 .....$13.99

Wheeler®

Bore Lapping Kit

Lap your barrels to make them shoot better and clean easier. Lapping polishes out the tool marks left in rifle barrels after the manufacturing process. Traditional hand-lapping is very labor intensive and requires pushing lead slugs down the bore by hand. Wheeler's Kit allows you to embed lead or jacketed bullets with abrasive. Lapping is as easy as roll, load and shoot. The kit consists of three jars of high-quality abrasive pastes, two steel plates to embed the abrasive into your bullets and instructions.

Bore Lapping Kit ..... C21PH299849 ..... $40.99

Trigger Pull Scale

The Trigger Pull Scale accurately measures trigger pull weight from 8 ounces to 8 pounds. It features an ergonomically shaped handle for consistent direction of pull. Highly visible increment markings and an easy-to-read sliding indicator that stays on the maximum weight registered, make it easy to use. It measures in 2 oz. increments and is accurate to +/- 2 oz.

Trigger Pull Scale ..... C21PH309888 ..... $20.99

Professional Digital Trigger Gauge

- Ergonomic over molded design
- 0-12lbs range • +/-0.5% accuracy
- Load sensor directly contacts the trigger
- Feature max, min, average and live functions
- Audible indicator tone • Low battery indicator • Soft touch buttons
- Arm folds inside housing to protect the load sensor when not in use
- Foam lined storage case

Professional Digital Trigger Gauge ..... C21PH710904 ..... $59.99

Hammer and Punch Set

The Wheeler® Hammer and Punch Set includes a polymer/brass combination hammer, eight precision brass punches, four steel punches, and two plastic punches. It makes a great tool for driving pins, drifting sights, at the shooting range or on your workbench. Includes a convenient carry case that securely holds all components.

Hammer and Punch Set ..... C21PH951900 ..... $31.99

Brass Punch Set

- Made of solid machined metal
- Reduces the chance of marring
- (8) precision crafted pin punches
- Handy roll-up pouch

Brass Punch Set
C21PH780194 ..... $18.99

Nylon/Brass Hammer

- Nylon face is non-marring
- Brass face can be used for driving pins and punches
- 11" length

Nylon/Brass Hammer
C21PH711016 ..... $16.49

Master Gunsmith Interchangeable Hammer Set

- Includes 2 hammer bodies and 8 hammer faces
- 4 hammer faces with each hammer body: metal, brass, nylon, rubber
- Hammer bodies made of precision machined metal
- Large Hammer (10oz) for driving out large or stubborn roll pins
- Small Hammer (6oz) for precise control of smaller roll pins
- Steel Head – For metal punches and surfaces
- Brass Head – For preventing marring of metal surfaces and for brass punches • Plastic Head – Non marring
- Rubber Head – Low recoil, and can prevent denting of wood
- Comes with Durable Blow Molded case that organizes, holds and protects components

Master Gunsmith Interchangeable Hammer Set ..... C21PH110268 ..... $24.99

Master Roll Pin Punch Set

Wheeler Engineering combined the Roll Pin Starter Set and the Ball Profile Roll Pin Punch Set with a precision machined gunsmithing hammer into one comprehensive kit.

Ball Profile Roll Pin Punch Set

- Machined and hardened from steel to prevent bending or breaking while driving roll pins
- Designed with a ball profile tip to provide proper alignment of the roll pin and prevent damage to the firearm or roll pin
- The 9 piece set includes: 5/16," 1/4," 7/32," 3/16," 5/32," 1/8," 3/32," 5/64," 1/16″
- Keeps punch from walking off pin
- Knurled handles

Roll Pin Starter Set

- Machined and hardened from steel to prevent bending or breaking while starting roll pins
- Designed with a counter-bored tip to properly align and start the roll pin, preventing damage to the firearm
- The 9 piece set includes: 5/16," 1/4," 7/32," 3/16," 5/32," 1/8," 3/32," 5/64," 1/16" • Knurled handles

Master Roll Pin Punch Set ..... C21PH110128 ..... $41.99

Ultra Scope Mounting Kit

The ULTRA Scope Mounting Kit from Wheeler Engineering® puts all the best Wheeler® scope mounting accessories into one perfect package. With this kit you can level your rifle, level your scope, mount your scope to the rifle, and then coarse sight in your scope with precision and accuracy. No more guess work and "that's good enough". The ULTRA Scope Mounting Kit even provides thread locker and a lens pen to keep your scope clean and your optics secure on even the largest caliber guns.

Features:

- *Features the Professional Reticle Leveling System to make sure the scope is level and your crosshairs are perfectly perpendicular*
- *Features the Professional Laser Bore Sighter to align your crosshairs and get you on paper faster*
- *Features the FAT Wrench® to apply precise inch-lb. pressure on all of your screws*
- *Includes 9 bits, 1 socket and a bit holder for all your maintenance needs*
- *Comes with thread locker so your screws won't work their way loose*

Ultra Scope Mounting Kit ..... C21PH541010 ..... $234.99

Professional Gunsmithing File Set

The Wheeler Engineering® Professional Gunsmith File Set is perfect for many different gunsmithing jobs. The set comes with a wide grade of files from a rough rasp all the way down to a super extra fine diamond plate. Whether your reshaping a wood stock or smoothing out an action, this set is perfect for you.

Set Includes:

- *(1) 8" half round file*
- *(1) 6" triangle file*
- *(1) file cleaning brush*
- *(1) stick of file chalk*
- *(1) small flat coarse grit diamond file*
- *(1) small triangle medium grit diamond file*
- *(1) small round fine grit diamond file*
- *(1) 8" flat file*
- *(1) 6" round file*
- *(1) extra fine diamond plate*
- *(1) small round coarse grit diamond file*
- *(1) small round medium grit diamond file*
- *(1) small triangle fine grit diamond file*
- *(1) 6" square file*
- *(1) 4-n-1 Rasp*
- *(1) small triangle coarse grit diamond file*
- *(1) small flat medium grit diamond file*
- *(1) small flat fine grit diamond file*

WEAVER

Modular Level System

When mounting optics, precision is the name of the game and there's one piece of gear that's critical to success, the Weaver® Modular Level system. This system is a simple, yet effective way to guarantee a scope's crosshairs are level to the receiver. This ensures accuracy and helps shooters maximize their optics investment.

• Simple to use and extremely reliable • High strength magnets for secure grip
• For use when mounting scopes on most types of firearms
• Indicates if scope crosshairs are level to receiver for optimum accuracy

Modular Level System ..... C21WE849724 ..... $15.49

SureThread™

Keep your optics locked down tight with the additional hold of Weaver's SureThread™. When mounting optics, this thread adhesive helps prevent the loosening of mounting screws caused by the shock and vibrations generated from recoil. Take the time to mount your scope properly and then take the time to ensure it stays that way. Use Weaver® SureThread.

SureThread ..... C21WE849272 ..... $13.49

NIGHTFORCE

NEW!

Scope Mounting Tool Kit

Our scopes are precision designed, machined, assembled, and tested. Shouldn't you have the right tools to mount them with precision?

The Nightforce Scope Mounting Tool Kit includes all the torque tools and bits needed to mount your Nightforce scope and rings and maintain your scope. The 2-10 in-lb torque driver is specifically included to maintain the Nightforce ZeroStop, ZeroSet, and ZeroHold mechanisms and the turret dial screws. The 25, 68, and 100 in-lb torque attachments allow secure attachment and return to zero for Nightforce rings.

Scope Mounting Tool Kit ***New*** ..... C21NFA432 ..... $275.00

WEAVER

Torque Wrench

Get just the right amount of torque on your rings and bases with Weaver's new Gunsmith Torque Wrench. Every mounting system operates best at predetermined manufacturer's specs and with the Weaver® Gunsmith Torque Wrench you can dial in that constant screw pressure quickly and easily. Don't damage your scope by over tightening rings and bases. Use the Weaver Gunsmith Torque Wrench and protect your optic investment.

• Helps mount scopes and bases with consistent screw pressure to manufacturer's specs
• Includes a variety of bits for different fasteners • Helps protect riflescope tubes from over tightening • Magnetized tip secures bits • Rugged storage case

Torque Wrench ..... C21WE849728 ..... $62.99

SYLVAN ARMS

NEW!

Vice Block Support Module

The super durable, chemical-resistant upper support module allows you to hold your firearm securely for cleaning, assembly, and repair. This support module slides easily and fits tightly into its corresponding Sylvan Arms cleaning plate thereby safeguarding against finish and structural damage that may be brought on by the application of vise pressure such as scratches, dents, twists, and other structural distortions.

Tipton®

Gun Butler™

The Gun Butler offers a convenient all-in-one solution to all your cleaning/carrying/ storage/ needs. 2 removable non-marrying forks (which snap into the base for easy storage) hold the gun securely in place, while thoughtfully-planned compartments and slots hold bore solvent, jags, brushes, mops, a cleaning rod, spray lubricant, and tools. Non-Slip Rubber Feet. Durable and rigid solvent resistant polymer construction.

Gun Butler ..... C21PH100333 ..... $24.99

1911 Mag Well Vise Block

Designed for use with the Tipton® Best Gun Vise™, this center support slides into the magazine well and provides a steady base for cleaning or light gunsmithing on your 1911. Users without a Best Gun Vise can mount the Mag Well Vise Block directly to their bench top with the included fasteners.

- *Supports 1911 for cleaning & light gunsmithing operations*
- *Built-in barrel bushing wrench*
- *Designed for use with Tipton® Best Gun Vise™, mounts to center rail with included fasteners*
- *Also designed to mount to your bench top, with the included fasteners*
- *Center section rotates 180° (in 15° increments) and locks into place at desired location*
- *Locks into place using magazine lock on your receiver*
- *Solvent-resistant polymer provides durability and is non-marring to surfaces*
- *Mag well arm is removable for clamping in a bench vise when additional rigidity is required*

Mag Well Vise Block ..... C21PH558080 ..... $18.49

Best Gun Vise™

The vise was designed to accommodate the widest possible array of firearms for cleaning, maintenance, or gunsmithing, and is easily configurable to handle bolt-action rifles, break-open shotguns, AR-15's, and handguns. A central aluminum channel lets the user move individual components to the ideal position for their firearm. Each individual component then adjusts to the perfect position for secure support.

- *Non-marring contact surfaces*
- *Every component adjusts to accommodate different firearms and projects*
- *Stiff, solvent-resistant polymer stands up to years of hard use*
- *Innovative, off-set clamping mechanism on rear base*
- *Highly adjustable design for maximum versatility*

Best Gun Vise™ ..... C21PH181181 ..... $104.99

Gun Vise

Secure your rifle or shotgun for just about any work you want to perform on it. The Tipton Gun Vise is an ideal "third hand" for cleaning and gunsmithing

Features:

- *Rubberized Cradle and jaws to protect your firearm*
- *Quick-release cam action for easy access*
- *Molded-In compartments for solvents and small parts*
- *Solvent resistant Plastic*

Tipton Gun Vise ..... C21PH782731 ..... $47.99

HOPPE'S 9

Gun Vise

The Hoppe's Gun Vise has dual lockable sides to hold your firearm securely in place without making a scratch. It also provides compartments to hold cleaning tools and small parts.

- Dual lockable sides for a secure, no scratch hold
- Compartment for tools -stay organized while cleaning
- Durable, constructed with chemical-resistant polymer

Gun Vise ..... C21HSHGV $44.49

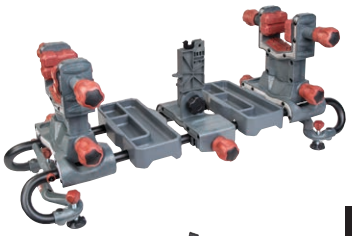
Compact Range Vise

The Compact Range Vise collapses to 11-1/4" and fully expands to 17-3/4", making it easily carried but full functioning when completely expanded. Six rubber feet provide the vise a very rigid, non-slip base. Two non-marring forks protect your guns' finish while holding them securely in place for cleaning, light maintenance or as an extra set of hands. The Compact Range Vise is extremely durable and is made from high quality, solvent-resistant nylon that will deliver years of lasting performance.

- *Solvent-resistant nylon delivers lasting performance • Non-marring contact surfaces*
- *Adapts to securely hold all types of firearms • Expands from 11-1/4" to 17-3/4"*

Compact Range Vise ..... C21PH282282 ..... $22.99

Standing Ultra Gun Vise



- Ultra Gun Vise modular chassis included
- Free standing, 4-leg system removes the need for a table or bench
- Oversized levers for easy leg deployment
- 35" height for optimal comfort while working
- Lightweight - weighs approximately 20 lbs
- Built-in bottle opener
- Makes cleaning convenient in the field or on the range

Ultra Gun Vise Modules

- Non-marring, glass-filled nylon vise/clamp construction
- Ball and socket articulating clamp pads allow for the pads to adapt to any firearm's surface
- Front and rear clamps are both height and length adjustable
- Mountable directly to horizontal rails
- Removable accessory/tool trays

Standing Ultra Gun Vise ..... C21PH1094247 ..... $229.95

Ultra Gun Vise

- Rigid Steel Frame
- Modular chassis design
- Different modules can be quickly moved, rearranged or removed anywhere along the rail
- Over molded rubber contact pads throughout the device prevent damage to firearm
- Ball and socket articulating clamp pads allow for the pads to adapt to any surface
- Leveling feet on all corners makes scope leveling easier
- Dual Clamp Technology rigidly holds any gun shape in place
- Tube frame structure allows for complete access to your rifle
- Fast-Turn knobs, for quick clamping
- AR Vise Block module included for working on and cleaning AR-15s

Ultra Gun Vise ..... C21PH110011 ..... $129.95

Universal Gun Maintenance Stand

- Includes mounts to attach your best gun vice or gun vise directly to the stand
- Steel rails will accept the Ultra Gun Vise Modules for freestanding use
- Rigid all-steel construction
- Freestanding, 4-leg system removes the need for a table or bench
- Oversized levers for easy leg deployment
- 35" height for optimal comfort while working
- Lightweight - weighs approximately 20 lbs
- Built-in bottle opener
- Makes cleaning convenient in the field or on the range
- Built-in wings allow you to mount a Best Gun Vise to the stand

Universal Gun Maintenance Stand
C21PH1093522 ..... $99.95

Wheeler DELTA SERIES

AR-15 Combo Tool & Torque Wrench

An innovative layered and laminated stamped steel construction, allows the use of hardened steel barrel nut pins designed to hold up to heavy torque requirements. A cut out for a 1/2" drive allows the tool to be used with a torque wrench or ratchet driver. Profiles for buffer tube lock nut and flash hider are included. The addition of a bit driver and bit holder with six common bits adds to the versatility

AR-15 Combo Tool ..... C21PH156999 ..... $26.99
AR-15 Combo Tool w/Torque Wrench ..... C21PH156700 ..... $45.99

AR Pivot Pin Install Tool

- For AR-15, M4, or M-16
- Makes pivot spring and detent work fast and effortless
- Roll Pin Punch and starter for all lower receiver roll pins
- Comes with handy key ring for storage
- Black zinc plated steel

AR Pivot Pin Install Tool ..... C21PH156243 ..... $7.49

AR Front Sight Tool

This 4-prong front sight tool is designed to adjust the A2 front sight found on the AR-15, M16, and M4. It is machined from steel and has a black zinc finish to last for years. The key ring serves as a handle and helps keep the small tool accounted for.

- *Install and adjust standard Mil-Spec A2 front sights on AR-15, M16, and M4*
- *Can be used with an 1/4" hex driver*
- *Key ring for storage serves as a handle also*
- *Black zinc plated steel*

AR Front Sight Tool ..... C21PH156437 ..... $6.69

AR-15 Receiver Lapping Tool

- Use with a battery powered or electric drill to square the receiver face on an AR-15
- Helps align the gas tube through the barrel nut holes
- Helps align front and rear A2 style sights
- Flex Driver Shaft • 220 Grit Lapping Compound
- Steel Construction with a Black Oxide Finish

AR Rec. Lapping Tool ..... C21PH156757 ..... $24.99
AR LR/10 Variant Lapping Tool. C21PH1082227 ..... $24.99

AR Upper Rail Vise Block

Vise block is designed to securely hold basically any AR upper receiver. It will secure AR-15 uppers by engaging the takedown lugs on the bottom of the receiver. By reversing the direction it will secure most AR-10 style uppers in the same manner. In addition it will secure any Pic Rail on a hi-rise, standard flat top or many other integrated rail guns by sliding onto and clamping the rail. The durable machined aluminum construction and precise tolerances ensure a secure hold essential for removal and installation of stubborn barrel nuts as well as a variety of other tasks.

- *Multi-function design holds AR-15 and AR-10 uppers*
- *Can secure any Pic-Rail receiver by clamping the rail*
- *Durable extruded and machined aluminum construction*

AR Upper Rail Vise Block..... C21PH156888 ..... $39.99

Multi-Height Pic Rail Set

Calculating total optic height above a receiver rail is difficult due to varying specifications from a variety of ring manufacturers. This set consists of six risers varying by 1/10th inch increments; .5", .6", .7", .8", .9" and 1". Each riser is 5.75" in length and incorporates three T15 fasteners for absolute maximum mounting strength. A second set of fasteners is included so two of the six risers can be utilized independently.

- *Lightweight and durable CNC machined aluminum construction • Ideal for aligning day scope with forward mounted Night Vision Device.*

Pic Rail - 1" Height ..... C21PH156504 ..... $35.99
Pic Rail - .5" Height ..... C21PH156506 ..... $20.99
Pic Rail - .7" Height ..... C21PH156505 ..... $20.99

AR-15 Upper Vice Block Clamp

The Block allows you to safely clamp on to your AR-15 upper receiver in a vise holding it securely without twisting, crushing or marring the finish. This Block is the perfect product for torquing a barrel on, removing a stubborn nut or for simple gun maintenance & cleaning.

- *Durable design holds receiver securely*
- *Fits left and right-hand Mil Spec A2 upper, as well as flat top receivers*
- *Receiver insert with gas tube aligner included*

Vice Block Clamp ..... C21PH156444 ..... $25.99

AR-15 & AR-10 Bore Guides

The AR-15 Bore Guide is precision CNC machined aluminum with a durable anodized finish. It fits securely in any AR-15 upper and can be retained in place by closing the dust cover on the upper which engages a groove in the guide. The bore guide also has chemical resistant O-rings for retention in uppers without dust covers. It works well with .223 and .204, extending inside the chamber to prevent solvent from leaking into the action. A solvent port is conveniently located to the rear of the guide which extends out of the upper making it easily accessible during cleaning. Inner tube diameter .250″ (not intended for 6.8mm jag).

- *Protects chamber & bore from damage*
- *Reduces solvent leakage into gun's action*
- *Integrated solvent port • Fits AR-15's in .223 and .204*
- *Secures in place with dust cover engagement*

AR-15 Bore Guide ..... C21PH156213 ..... $28.99
AR-10 Bore Guide ..... C21PH156777 ..... $32.99
Multi Caliber..... C21PH1099559 ..... $32.99

AR-15 Delta Ring Tool

- Makes removing mil-spec AR-15/M16 handguards easy by compressing the Delta Ring with on hand
- 100% Vinyl coating protects the guns finish from damage but is very durable
- Custom formed wire fits securely around Delta Ring
- Welded Steel bracket for durability even with stuck or broken Delta Rings.

AR-15 Delta Ring Tool..... C21PH209943 ..... $13.49

AR-15 Free-Floating Handguard Tool

The Wheeler Delta Series AR-15 Free-Floating Handguard Tool was designed with an ergonomic handle and a durable nylon reinforced rubber strap that fits around handguards of any shape. The strap is easily adjustable to tighten, loosen or hold handguards in place without marring or scratching the surface. The handle also features rubberized grips for easy handling no matter what the situation.

- *Ergonomic handle • Rubberized no-slip grips*
- *Durable Nylon reinforced 24" x 3/4" rubber strap*
- *Won't mar or scratch surfaces • Easily adjustable*

AR-15 Handguard Tool..... C21PH567839 ..... $13.99

AR-15 Adjustable Receiver Link

The Adjustable Receiver Link is designed to maintain and secure the opened position of your AR-15 upper and lower assembly. The kit comes with one upper link and two threaded lower links (one short, one long) to provide a total adjustment of approx. 3/4". The upper link utilizes an integral pin to engage the upper receiver and the threaded lower portion utilizes the existing lower takedown hole and pin.

The short lower link provides a minimum opened position of 1.2" pin to pin, enough room to insert a bore guide, and the maximum opening is 1.5" from pin to pin. The longer threaded link will provide a minimum opening of 1.4" and a maximum opening of 1.8" from pin to pin. All three components are constructed of corrosion resistant plated steel. The precise tolerances and durable materials will ensure years or reliable service from this handy device.

AR-15 Adj. Receiver Link ..... C21PH156000 ..... $11.99

AR Mag Well Vise Block

Designed for use with the Tipton® Best Gun Vise™, this center support slides into the magazine well and provides a steady base for cleaning or light gunsmithing on your AR-15, in either breech or closed position. Users without a Best Gun Vise can mount the Mag Well Vise Block directly to their bench top with the included fasteners.

- *Innovative bolt service station locks bolt in for servicing extractor pin*
- *Built-in hammer stop prevents damage to lower receiver*
- *Center section rotates 180° (in 7° increments) and locks into place at desired location*

AR-15 Mag Well Vise Block..... C21PH156211 ..... $18.49
AR-10 Vise Block..... C21PH146200 ..... $22.99

AR-15 Maintenance Mat

- Screen printed exploded view of an AR-15 for easy part identification • No-mar, padded neoprene surface protects the firearms finish • 20" x 47" • Perfect for cleaning and disassembling firearms • Absorbs oil & solvents
- Helps keep track of small gun parts
- Rolls up easily to fit in your range box

AR-15 Maintenance Mat..... C21PH156824 ..... $22.99

- *Magazine/Upper Receiver Brush • Nylon Brush Handle*
- *Double-ended General Cleaning Brush*
- *Cleaning Pick Set • Custom Fitted Carrying Case*

AR Armorer's Ultra Kit .....C21PH156559 .....$264.99

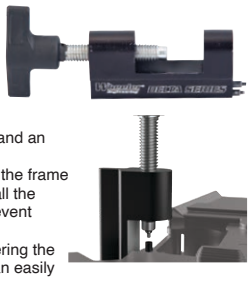
AR Armorer's Vise

The integrated Mag Well insert securely engages the lower receiver and adjusts in angle to accommodate any task. The innovative front support also has angle adjustment allowing the barrel portion of the upper or a forend portion to be secured in its tapered shape. The base is constructed of rigid steel and non-slip rubber feet. Feet can be removed for permanent bench-top mounting. Depressions formed into the base keep spare parts or tools contained. Additional features in the mag well insert include a hammer stop and a bolt service station that secures the bolt face for disassembly/assembly.

- *Highly adjustable to secure any AR in any configuration*
- *Rigid construction deliver a solid work platform*
- *Ideal for cleaning, maintenance, and gunsmithing*

AR Armorer's Vice.....C21PH156224 ..... $54.99

AR Armorer's Bench Block



Tired of trying to secure your AR parts while installing a pin, detent, or spring? The AR-15 Bench Block is the answer! Specifically designed for AR-15 assembly and disassembly, the AR-15 Bench Block is the perfect tool. Made of extremely durable, non-marring urethane to protect the finish of your firearms and last for years. It features a variety of notches, grooves, and holes on both sides and is ideally suited for the upper receiver, lower receiver, front sight and charging handle of an AR-15.

- *Positions the upper receiver, lower receiver, front sight, and charging handle for maintenance or assembly*
- *Durable non-marring urethane material to protect gun finish*
- *Designed to assist in all aspects of an AR-15 build*
- *Ideal for changing or adjusting triggers*
- *For assembling a complete lower receiver.*
- *Holds receiver to install pins*
- *Install or replace Charging Handle Latch*
- *The block will hold the Forward Assist with spring compressed to aid in installing the roll pin for upper receivers*
- *Assemble or disassemble a Front Sight Base with taper pins, or install or remove a Gas Tube Roll Pin.*

AR Armorer's Bench Block..... C21PH156945 ..$38.99

Wheeler® DELTA SERIES™

AR Trigger Guard Install Tool

- Makes installing or changing trigger guards quick and easy
- Comes with an install pin and an un-install pin
- Pins conveniently store in the frame
- Precisely control and install the trigger guard roll pin to prevent damage to the receiver
- The old method of hammering the roll pin into the receiver can easily damage your serialized lower
- Durable construction, made of aluminum with a mil-spec anodized finish

GROVTEC FIREARMS ACCESSORIES

GT™ Hammer Extensions

Adding a horizontal extension to hammers provides a larger contact surface and outstanding grip and control. Especially useful on scoped firearms where clearance can become an issue, GrovTec hammer extensions are made with the finest materials and finish in the industry. Can be mounted on the right or left side. Each hammer extension is specific to the firearms it fits. Do not use any hammer extension on a firearm not directly specified in the hammer extension's fit list.

BERETTA

APX Inert Training Aid

To safety train for stressful situations a plastic replica gun is used. Our version of a training gun covers both the drawing/holstering of the weapon and the magazine change.
APX Inert Training Aid w/2 Magazines
C21UKEU00072 ..... $144.49

Tipton Gun Cleaning Supplies

Snap Caps

Snap Caps have a variety of uses around the bench. It is generally accepted that one shouldn't drop the firing pin on an empty chamber – which is the primary reason to have Snap Caps for your favorite guns. You should always use Snap Caps when checking or adjusting the trigger pull. If you prefer to release the tension on the hammer springs, when storing your guns, Snap Caps are ideal. Whatever your needs, Snap Caps are handy and inexpensive.
12-Gauge *(2-Pack)* ..... C21PH280986 ..... $7.49
38 Spl/.357 Magnum *(6-Pack)* ..... C21PH321398 ..... $14.49
45 ACP *(5-Pack)* ..... C21PH146331 ..... $14.49

MTM CASE-GARD™ QUALITY SHOOTING SPORTS ACCESSORIES

Shotgun Snap Caps

The MTM Snap Caps are made to protect delicate firing pins during dry firing practice and the spring for de-cocking the firearm for storage.
Everyone knows that you should not dry fire a shotgun with out a snap-cap or store it with the firing pin cocked. Sold three per pack.
• Made of super strong Lexan • Virtually Indestructible
• The "primer" is of polypropylene, durable yet soft enough to protect firing pins
12-Gauge..... C21MTSC12 ..... $6.79
20-Gauge..... C21MTSC21 ..... $6.79

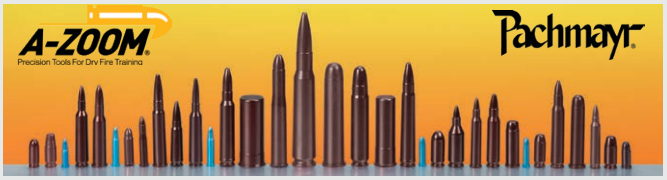
Snap Caps

Our Snap Caps allow for safe release of firing pin springs.
A spring loaded striking area cushions and protects firing pins.
An excellent tool for teaching and eliminating flinching. Two Snap Caps are included in each package. Available for a variety of calibers.
12ga. Snap Cap..... C21XF00099 ..... $7.99
20ga. Snap Cap..... C21XF00098 ..... $7.99

Dummy Shell Snap Caps

These weighted 12ga shotgun snap caps (dummy rounds) have the same feel and weight as a live round which makes them perfect for practicing reloads for competitive shooting events. Two Snap Caps are included in each package.
12ga. Snap Cap..... C21XF00103 ..... $15.49

Brass Wool Snap Caps



These Brass Wool snap caps have a spring loaded primer plunger which prevents firing pin damage during dry-firing exercises. Treat the wool chamber mop with your favorite gun oil to prevent rusty chambers during storage. NOTE: leaving guns cocked during storage is hard on springs and is dangerous. These will help keep your shotgun in good condition.
Two Snap Caps are included in each package.
12ga. Snap Cap..... C21XF00108 ..... $13.29
20ga. Snap Cap..... C21XF00109 ..... $13.29

Universal Shotgun Plug

Carlson's universal shotgun plug kit allows you to easily decrease the shell capacity from 4 rounds in the magazine tube down to 2 rounds on most shotguns. The plug can be used without cutting but can easily be trimmed to length for other popular guns. 2/ct
Universal..... C21XF00120 ..... $7.79

Metal Snap Caps Practice Ammo

Lasts 30 Times Longer than Brass Spring loaded Plastic • Eliminate "Flinching" or Break in a new action! takes repeated "DRY FIRING". • Teach or learn safe gun handling! Confidence now. A-ZOOM
Precision Tools For Dry Fire Training

Pachmayr

A-Zoom Rimfire Action Proving Training Rounds

Precisely dimensioned for function testing and shooter training. These .22 Rimfire dummy rounds are not snap caps, but rather precisely dimensioned, functional dummies; A-Zoom Training Rounds are CNC machined from solid aluminum and hard anodized. A-Zoom .22 Rimfire dummies are widely used for hunter education and teaching safe firearms handling.

- *Training rounds are the same size as actual ammunition*
- *A-Zoom Training Rounds load in a magazine just like real ammo*
- *Teach safe loading and unloading*

A-ZOOM
Precision Tools For Dry Fire Training

StrikerCaps

One drawback with dry firing snap caps however is when they are used in striker fire type pistols. These firearms require that the slide be drawn back to cock the pistol, which then extracts and ejects the snap cap from the pistol. A-Zoom's new StrikerCaps solve this problem. StrikerCaps are made without a rim and are equipped with a centering o-ring which grips the chamber walls and keeps the snap cap in place in the chamber. Once it is chambered, simply rack the slide to cock the pistol. StrikerCaps will absorb the firing pin hit just like standard A-Zooms, however will
stay in place for quicker, easier dry fire practice

Top Rifle Pack
C21PA16195 ..... $20.49

.22 Rimfire Snap Caps

Dry fire any .22 LR Rimfire firearms safely and without chamber damage. Packed in handy 24 packs, these Pachmayr snap caps are precisely molded from a resilient polymer for many safe, damage-free hammer drops. Testing has shown that these snap caps can withstand up to 5-times as many as hammer drops as the other "disposable" rimfire snapcaps.
.22 Rimfire Snap Caps *(24-Pack)* ..... C21PA03200 ..... $8.79

Gun Parts

Pricing subject to change without notice. Not responsible for typographical errors.

ProMag® High Capacity Magazines

The magazine bodies are comprised of the finest polymers and high-carbon heat-treated steel, while the springs are precision wound using heat-treated music wire. The bases and followers are also molded from durable polymers.
Every magazine comes with a lifetime warranty.

ProMag® High Capacity Magazines

The magazine bodies are comprised of the finest polymers and high-carbon heat-treated steel, while the springs are precision wound using heat-treated music wire. The bases and followers are also molded from durable polymers. Every magazine comes with a lifetime warranty.

Original MagPul®

When installed on the base of a 5.56x45 rifle magazine, the original Magpul provides improved speed and controllability during high stress, tactical magazine changes. Durable synthetic rubber loop with recessed rough gripping surface. Quick and easy installation and removal. Patented design based upon the tried-and-true para-cord loops and duct-tape tabs used by special warfare units worldwide.

- *Platform: AR15, M4, M16*
- *Compatibility Most aluminum, steel, and polymer 5.56 x 45 magazines*

***Black** (3-Pack)* ..... C21ZZMAG001BLKI $9.45

MagLink® Couple – PMAG® 30/40 AR/M4

The MagLink is a coupler for PMAG 30 and 40 round AR/M4 magazines* which allows the user to attach two magazines together for more efficient speed reloads, and to keep additional ammunition accessible on the weapon at all times. The MagLink features a two-piece bolt-on design and durable, lightweight reinforced polymer construction.

- Fits: Fits 5.56x45 PMAG 30 and 40 round AR/M4 GEN M2 MOE® and AR/M4 GEN M3™ magazines*

MagLink® Coupler ..... C21ZZMAG595BLKI $17.05

PMAG® Impact/Dust Cover

Supplemental Impact/Dust Covers for the 5.56x45 PMAG 30 AR/M4 GEN M2 MOE, PMAG 20, and EMAG™, designed to minimize debris intrusion and protect against potential cartridge damage during storage and transit.

- Platform: AR15, M4, M16
- Compatibility: 5.56x45 PMAG 30 AR/M4 GEN M2 MOE, PMAG 20, and EMAG™

PMAG® Impact/Dust Cover ***New*** ..... C21ZZMAG216BLKI $3.75

GLOCK®

PERFECTION

Glock® Magazines - Packaged

Glock Magazines feature a two part construction with a stainless body with an overmolded polymer wrap that protects the magazine from damage. Witness holes in the back of the magazine are easy to read. Glock magazines work in all generations of Glock pistols without issue and are the best magazines available. Retail packaging.

Power Mags

8rd & 10rd .45 ACP Mags for 1911's

Unmatched in Features for reliability and Service Life.

Power Mags are lean and sleek, yet they are extra-heavy-duty with increased reliability and service life. A unique all-steel follower design yields the lowest possible bearing surface for long-lasting function in dirty environments when ongoing cleaning and maintenance may not be possible. The unique follower design also functions as a spring, which allows the high tensile rocket wire spring coils to be the largest (side to side, front to back, and top to bottom) of any extra capacity .45 caliber 1911 magazine.

• Caliber: .45 ACP • Finish: STS

Model	Capacity	Item No.	Price

Power Mags Plus

8rd & 10rd .45 ACP Mags for 1911's

Unmatched in Features for reliability and Service Life.

Alloy Frame Safe! The POWER MAG PLUS offers all the quality, reliability, service life and customer satisfaction of the CMC POWER MAG 1911 Series magazines.

The unique POWER+ follower accomplishes the same tasks as the POWER MAG follower but in a different way. The POWER+ follower remains within the confines of the magazine tube, avoiding contact with alloy frame material if the slide is released forward with an empty magazine still in place. Since the POWER+ follower cannot come in contact with the frame, POWER MAG+ magazines are recommended for those owners of 1911 pistols with aluminum alloy receivers. Available in our standard length 8 round and extra capacity 10 round models. The long history of CMC Products magazines have proven no other brand has the combination of quality, reliability, service life and customer satisfaction of CMC's Power™ series magazines. With the introduction of the POWER MAG+, you now have the reliability of a steel follower in the world's best magazine for your lightweight aluminum alloy frame Government, Commander and other full-size, standard grip-length 1911-style pistols.

Range Pro Full-Size

1911 Handgun Magazine

The Chip McCormick RANGE PRO 1911 magazine from CMC Products is a combination of some of CMC's best new magazine technology and all new basepad design that makes the RANGE PRO a top choice for carry, competition or general range use at a price that can't be beaten. The extended tube design allows the use of a longer high-performance spring and improved spring life over traditional extra capacity 1911 magazines.

Match Grade

M1911 Government Magazines
8-Round .45 ACP

With 30 years of customer satisfaction, this patented design has proven reliability and 50% tighter tolerances than military specification magazines. Same length as stock magazines with extra capacity and improved performance. This is the same design CMC supplies to America's top 1911 manufactures for use as factory standard in their pistols. Available in silver stainless steel or carbon blued materials. Since 1992, our new line of 8 rd. .45 ACP magazines have never suffered from the common problem of cracked feed lips.

ASAP

ASAP™ AR15 Electronic Magazine Loader

Made for serious competitors and training facilities in mind. Just fill the hopper with loose rounds, select the desired round count and press a button. That's it. The machine automatically orientates the ammunition and loads your magazine. Magazine loading does not get any easier

• Round count selection 1-40 • 60 Round hopper
• Works with most AR15/M16 magazines

ASAP™ AR15 Electronic Magazine Loader
C21BCBCAAR15EML $279.99

ASAP

ASAP™ Universal Magazine Loader

We've got three ways to load MSR magazines – and none involve your thumbs. The Butler Creek® ASAP™ Universal Magazine Loader fills up mags almost as fast as they can be emptied.

Loose ammo can be loaded one round at a time with a simple click, or engage the loading arm to expedite the process. The loading arm can handle up to 10 rounds of loose ammo, or ammo in a stripper clip, and the rounds are locked into the mag with a quick push. Spend more time shooting, and less time reloading

Hot Lips® Loader

It's innovative design gives the Ruger 10/22® shooter a fast and easy way to load "In-Line"magazines. The hopper has a 50-round capacity and automatically positions each round for loading. Simply turn the knob and load!
Hot Lips Loader ..... C21BC24211 ....$26.49

BUTLER CREEK

A22® 25-Round Magazine

This Savage Arms-approved magazine brings extra capacity to the rifle. The magazine can be loaded traditionally or by using the red loading assist lever on the side. It features a stainless steel spring and all metal header and feed lips for reliable feeding. A remaining round indicator on the side lets you know when the magazine is running short of rounds. Connect two magazines together for double the firepower. The A22 25-round magazine gives you more time behind the rifle, and less time reloading it.

• Reliable feeding • Anti-tilt follower • Loading assist lever
• Metal header • Stainless steel spring
• 25-Round capacity• Aggressive texture for positive control
• Remaining round indicator • Clip together design

10/22® 25-Round .17 HMR Magazine

The compact 25 round high capacity magazine feeds BOTH .17HMR and .22WMR ammunition and fits magnum receiver guns from Ruger and other firearm manufacturers that utilize rotary style magazines. The cleanout door on the bottom of the magazine allows for quick internal cleaning. Double stack ammo track to dramatically reduce the overall length.
25-Rd Mag *(Double Stack)*..... C21CM40421 ..... $20.49

WILSON COMBAT

Wilson Combat® Magazines

Wilson Combat series 47 advanced Pistol Magazines for 1911 style Autos are the choice of experienced competitors and the U.S. Military Elite Special Forces. Stainless steel magazines are designed with maximum durability and reliability in mind. The self-lubricating followers are made from blended Fiber-Fill nylon as is the removable base pad. The standard base pads are .350" thick. Springs are specially fabricated from a heavy duty, high tensile strength spring wire to reduce "spring set" and provide the longest possible spring life.

Model	Caliber	Capacity	Item No.	Price
1911 Full-Size	.40 S&W	9-Round	C21WC47FX	$34.99
1911 w/.350 Basepad	.45 ACP	7-Round	C21WC47	$30.49
1911 w/.350 Basepad	.45 ACP	8-Round	C21WC47D	$30.49
1911 Vickers Duty	.45 ACP	8-Round	C21WC800	$46.99
1911 w/Wrap-Around Base	.45 ACP	10-Round	C21WC4745FS10	$35.99
Elite Tactical	45 ACP HD/+P	8-Round	C21WC500BAHD	$44.99
OM w/.250 Basepad	.45 ACP	7-Round	C21WC47OX	$29.99
Elite Tactical	.45 ACP	8-Round	C21WC500	$31.99
Elite Tactical	9mm	10-Round	C21WC5009	$36.99

EDC X9 Handgun Magazine

Tempered steel tube treated with a black, anti-friction coating ensures drop-free operation and smooth feeding in extreme duty environments. Enhanced spring and anti-tilt, self-lubricating nylon follower feeds every type of bullet profile flawlessly. Witness holes in the rear side on both models provide visual round count.

Model	Caliber	Capacity	Item No.	Price
EDC X9	9mm	10-Round	C21WC862	$38.99
EDC X9	9mm	15-Round	C21WC849	$38.99
EDC X9	9mm	18-Round	C21WC959	$39.99

Glue-On Base Pad

A Glue-On Base Pad increases your stock magazines length by .360 inches to provide positive seating without getting too long for practical use.

Glue-On Base Pad ..... C21WC05 ..... $4.49

Kahr Arms

Stainless Steel Kahr® Magazines

The Kahr magazine tube is constructed of corrosive resistant 400 series Stainless Steel and heat treated to 50 Rockwell for durability. Plasma-welding the stamping to form the magazine tube gives a smooth interior surface for the "ammunition stack" to rise and feed, and creates an "unbreakable" seam. Furthermore, tumbling the magazine in the finishing process provides a smooth, consistent burr-free surface. There are no sharp edges on which to cut yourself.
Another feature, unique to Kahr magazines, is the steel slide stop pin contact insert in the magazine follower. This innovative insert assures that the follower will reliably engage the slide stop lever and lock the slide, magazine after magazine. With this feature, you do not have to be concerned with the inevitable wear that accompanies most plastic followers.
Kahr quality, unmatched at any price.

CMMG

MKW-15 10-round Magazine – .458 SOCOM

The CMMG-modified Lancer L5-AWM takes this top of the line magazine and perfects it for the wide range of 458 SOCOM on the market, by modifying the way the feed lips hold the 458 SOCOM without machining or weakening the steel feed lips.
Laser Engraved 458 SOCOM. 10 round capacity.
NOTE: This magazine is a modified 30rd 5.56 magazine and as such can still hold 30rds of 5.56 ammo. The magazine has been modified to function properly with 10rds of .458 SOCOM, but will physically hold 11rds if forced.
Due to the many state restrictions on magazine capacity we will not ship these magazines to individuals in the following restricted states:

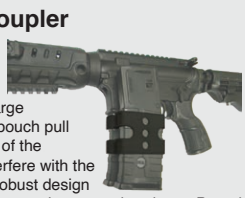
M16//M4/AR15 5.56x45mm 30-Round Polymer Magazine

The Ultimag 30R is a 30-round 5.56x45 NATO (.223 Remington) polymer magazine for AR15/M4 compatible weapons, with transparent windows for rapid visual confirmation of remaining rounds. The Ultimag 30R is made to provide a strong, durable, and reliable magazine solution using high-grade materials.
M16/M4/AR15 30-Round Poly Mag
C21NAULTIMAG30 ..... $23.03

CAA USA MCK®



MADE IN THE U.S.A

Clear Action 30-Round Magazine

This unique magazine provides both a clear window on the side showing the number of rounds remaining in the magazine and a full magazine indicator button on the bottom. In addition a white full magazine indicator on the bottom pops out of the magazine release, providing a tactical indicator of a fully loaded magazine during low light or night operations. The full mag indicator can be preset to pop out at either 29 or 30 rounds by adding or removing the follower extension.
• *Includes dust cover* • *Non-tilting follower*
• *Interior of magazine is perfectly formed to shape of the round preventing jams and misfeeds*
• *Corrosion resistant stainless steel spring*
Clear Action 30rd.Mag ..... C21XWMAG17 ..... $19.50

AR15 Magazine Coupler w/ 2 Pouch Pulls

CAA's new and improved magazine coupler now comes with both small and large removable pouch pulls. The pouch pull automatically sets the height of the magazines, so they don't interfere with the ejection port. The MC21N's robust design with thicker walls provides more resistance to breakage. Based on the proven clamping design, the MC21N now has three adjustment screws for additional strength. The MC21N joins the CAA family of magazine couplers, along with the MCD16 for polymer AR15/M16 30 round magazines and the original MC21 for aluminum 30 round magazine.
• *Coupler can be used with optional mag height regulator pouch pulls*
• *Large and small removable pouch pulls, automatically stagger the magazines to the correct height, so they don't interfere with the ejection port*
• *Now with 3 screw tightening for extra rigidity*
• *Robust design with thicker walls provides higher resistance to breakage*
AR15 Magazine Coupler with 2 Pouch Pulls ..... C21XWMC16N $16.00

Carlson's Choke Tubes, LLC

The Shooter's Choice

Magazine Extension Assembly

Add firepower to your favorite shotgun. These magazine extensions are constructed of blued solid steel and come with spring, base clamp, and a high visibility follower. The threaded tube replaces you magazine cap and gives you the ability to add extra rounds to you magazine. Easy to follow instructions are included. The magazine extension tube is great for home protection, competition shooting, and law enforcement.

- *Magazine round count is for total capacity using 2 3/4" shells and 1 in the chamber*
- *Remington extensions require removal of tabs in magazine on newer model shotguns*
- *All extensions are 12 gauge only*

Remington 870, 1100 *(8-Shot)*	C21XF04500	$55.49
Benelli M1, M2, Super Black Eagle & SBE II *(8-Shot)*	C21XF04501	$55.49

TROY®

30-Round .223/5.56 BattleMag®

The Troy BattleMag® is the best polymer magazine in the world– hands down. The BattleMag is engineered to function flawlessly with all M4, M16/AR15, HK416® and FN SCAR® rifles and carbines. An aggressive scale pattern provides the ultimate magazine grip in dirty or wet conditions. A bolstered floor plate is set flush to eliminate the BattleMag from catching on other magazines or creating unnecessary bulk when stacked or pulled from a pouch. The reinforced feed lips and anti-tilt follower do not require a clamp to keep the feed lips from spreading when kept loaded for extended periods of time. Made from improved Troy proprietary military-grade, chemical, biological and impact resistant polymer and extensively tested by Special Ops units, the Troy BattleMag outperforms all other polymer magazines in functionality and reliability. Includes a flush and shock absorbing extended floor plate lock

Magazine Loaders

Pistol Magazine Loader for 9mm & .40S&W double-stack magazines with top dimensions of 1-3/8" x 7/8" and smaller.
Constructed of high-carbon steel, with a "blued" finish.
9MM/.40 S&W Pistol Magazine Loader *Blued Steel*
C21ZMLDR01 ..... $6.29

Pistol Magazine Loader for 9mm & .40S&W double-stack magazines with top dimensions of 1-5/16" x 1" and smaller.
Constructed of an injection-molded, glass-filled, black-polymer.
Glock Magazine Loader (9mm/.40 S&W) *Black Polymer*
C21ZMLDR04 ..... $6.29

The magazine loader was originally designed to load the (100) Round .223 / 5.56 BETA magazine.
The loader is slipped over any AR-15 / M16 .223 / 5.56 type magazine. Five cartridges are dropped in and loaded by depressing the plunger.
The process is repeated until the magazine is loaded.
Manufactured from a black, injection-molded, glass-filled polymer.
AR-15/M-16 5rd. USG1 Magazine Loader *Black Polymer* ..... C21ZMPM017 ..... $10.29

Glock® 9mm+2 & .40 S&W+1 Floorplates

These floor plates add two additional rounds to factory Glock* magazines in 9mm, and one additional round in magazines in .40S&W.
The floor plates provide an additional gripping surface for more positive control of the pistol.
No permanent modification required. Constructed black, injected-molded polymer. The PM050 can convert a total of two (2) magazines.
Glock® 9mm+2 & .40 S&W+1 Floorplates (2)
C21ZMPM050 ..... $9.29

Glock® Grip Plug
This grip plug fills the void in the Glock* pistol grip. The plug prevents debris from becoming lodged in the void. An injection-molded, black-polymer component, the plug is easily installed and removed. No permanent modifications required. Will not fit gen 4 pistols. Fit may vary.
- *Fits Glock® Models: 17, 19, 22, 23*

Glock® 17/19/22/23 Grip Plug
C21ZMPM065 ..... $6.79

Glock® Magazine Spacers
This grip spacer allows the use of Glock* 19/23 or 17/22 magazines in Glock* 26/27 pistols. The spacer takes up the space between the bottom of the frame and the floor plate of the longer magazines. The spacer is held in place by a single Allen-head cap-screw. The spacer is textured to match the Glock pistol frame. The spacer is constructed from injection-molded polymer.
Glock® Magazine Spacer *(19/23 Magazines in 26/27)*
C21ZMPM089 ..... $9.29
Glock® Magazine Spacer *(17/22 Magazines in 26/27)*

- Holds up to 100 rounds of your favorite 22LR ammo in the hopper
- Rotary mag unload notch quickly strips ammo from a magazine
- Durable polycarbonate construction
- Fast and easy ammo loading leaves more time for shooting
- Hopper automatically orients ammo correctly
- To load simply dump ammo into the hopper, insert magazine and turn the handle

1.) Load loose .22LR ammo into the hopper
2.) Put 22LR Rotary magazine into loader
3.) Twist loading knob

22LR Rotary Mag Charger® ..... C21PH1099117 ..... $24.99

AR-15 Mag Charger™

It is designed to accept 50 loaded rounds directly from any common 50 round ammo manufacturer box or from aftermarket 50 round plastic storage boxes. Simply align bullet tips and dump a box of ammo into the Mag Charger. The ammo is automatically aligned without touching a single round. Once filled with ammo, insert any AR magazine into the Mag Charger just as you would into a rifle. Then actuate the plunger back and forth loading 5 rounds per stroke as the spring loaded ammo carrier automatically advances aligning the next five rounds until magazine is fully loaded. An Ammo Transfer Tray is included to invert ammo that is positioned in boxes with the bullet tips oriented down or to stage bulk ammo for dumping into Mag Charger. Highly durable Polycarbonate construction, compatible with .223, 5.56 and .204 ammo. Patent Pending.

- *Load AR magazines in just seconds*
- *Accepts 50 rounds of .223, 5.56 or .204 loaded ammo*
- *Instant transfer system from ammo box directly to Mag Charger*
- *Loads 5 rounds per "stroke" with auto advance*
- *Compatible with all AR platform mags both mil spec and molded plastic*
- *Durable Polycarbonate construction*

AR-15 Mag Charger™ ..... C21PH397488 ..... $54.99

Mag Charger® Universal Pistol Loader

Mag Charger Universal Pistol Loader
- Universal magazine design
- Works with both single-stack and double-stack magazines
- Loads 9mm, 10mm, .357, .40 and .45cal ammo
- Simple to use – Just drop in a round and squeeze the lever
- Extremely durable polycarbonate construction

Mag Charger Universal Pistol Loader

NEW!

9mm Luger Magazine Loader

This hopper-fed, loose-ammo loader eliminates hand fatigue and reduces magazine loading time by more than 50 percent. Simply load your ammo in the 50-round capacity hopper and let MagPump do the rest. The pump-action lever self-sorts ammunition in either direction, and loads up to 30 rounds in less than 30 seconds.

Each 9mm Luger unit includes a mounting base plate and ix adaptable retainers to fit pistol models: GLOCK, SIG, Smith & Wesson, Springfield Armory, CZ and Ruger.

9mm Luger Magazine Loader ***New*** ..... C21ZWMP9MM $149.99

Pachmayr®

Aluminum Competition Speedloaders

Pachmayr's Speedloaders are precision CNC machined from solid aluminum. The Speedloader bodies are cut in a polygon shape which produces the smallest possible outside dimensions and allows them to easily fit compact revolvers. The Speedloaders are also equipped with a rattle eliminating o-ring which contacts the cartridge bases and firmly holds the rounds in place.

ARCHANGEL™

AA120 features the Archangel 6-position, M4-style adjustable butt-stock that can be installed on all commercial-series buffer tubes. Featuring ambidextrous QD sling-swivel inserts at the front and rear of the buttstock, plus a slot for attaching a web-sling, the Archangel adjustable butt-stock allows multiple configurations for the convenience of the user.

- *Contoured and Textured Butt-plate*
- *Tension adjusters to optimize fit between the butt-stock and buffer-tube*
- *A "no tool" design allows easy removal and refit of the butt-stock • Made in the U.S.A.*

Archangel 6-Position Collapsible Buttstock.....C21ZMAA120.....$35.49

Archangel Opfor® AK-Series Forend Set

ARCHANGEL™

The AA122 Archangel OPFOR® AK-series forend is designed for all short forend AK's. Comprising four (4) pieces: a lower hand-guard, two (2) upper hand-guards (one with integral 12-o'clock Picatinny rail), and an internal heat-shield; the hand-guards are molded from a proprietary, carbon-fiber filled polymer. The lower hand-guard has a comfortable swell, and is grooved for grip-control; the upper hand-guards are aggressively grooved allowing a firm grip by the off-hand. The forend is suitably ventilated for heat dissipation.

MISSION FIRST TACTICAL

BATTLELINK™ Utility Stock

The Battlelink Utility Stock is the evolution of battlefield technology. Manufactured using a specially developed reinforced, super tough polyamide from DuPont's Military Plastic Division, and with advances in materials, this allows for an unsurpassed weight-to-strength ratio and results in a stock that is lighter and stronger than anything similar currently on the market. This stock adapts and changes to your environment or operational needs, from storing additional items to utilizing custom accessory mounts and is able to accept any type of sling configuration. There are three sling slot options and two quick detach mounts, forward and rear, and the cage offers multiple hand hold options. MFT's accessories can easily be mounted Utilizing the sling slots and accessory rails, this includes Garmin 401 Mounts or a adjustable cheek piece.

- *Slide-on replacement for original collapsible butt stock.*
- *Angled non-slip buttpad allows faster presentation, even with body armor.*
- *Pivoting rear accessed large and watertight storage compartment*
- *Customizable foam storage block with quick access tab diminishes rattle*
- *Quick Detach Sling mounting points (2) are positioned for optimum usage*
- *Upper section provides enhanced cheek weld • Patent Pending • Made in the USA*
- *Kit include: Mil-Spec Carbine buffer tube, spring, buffer, lock ring, latch plate & stock*

HOGUE

OverMolded™ Rifle Stocks

Hogue's revolutionary O.M.™ series stocks are made similar to the popular rubber grips. Constructed by molding a super strong, rigid fiberglass reinforced stock that precisely fits the rifle action. Then the stock is OverMolded with the same rubber as on Hogue grips that results in a comfortable, non slip, super smooth attractive finish. These stocks feature a sleek straight comb, palm swells and a "varminter" style forend which is treated with a unique "Cobblestone" texture. All centerfire rifle stocks are equipped with a recoil pad. All centerfire bolt action models come standard with aluminum pillar bedding in the stock.

Ruger® 10/22 Takedown Rifle Stocks

- Weight 1.88 Lb • Drop at comb from center line 3/4", drop at heel is 1-1/4"
- LOP 13-3/4" • Butt pad has hard plastic heel to aid in shouldering
- Stock channel measures .909" at receiver and .682" at tip of forend

Rifle	Barrel	Finish	Item No.	Price
10/22 Takedown	Standard	Ghillie Green	C21HA21840	$101.96

Ruger Mini 14/30

The length-of-pull has been extended to 13 5/8" for improved feel and sight picture and the fuller fore-end shape was designed for a more secure and comfortable hold. A gentle 1/2" drop at the heel facilitates fast easy mounting and sight acquisition. Lastly, the butt is fitted with a moderately soft recoil pad perfectly suited for the recoil of .223 or 7.62x39 cal. ammunition. Of course, the standard Ruger barreled action will easily drop-in for secure, tight fit.

DESIGNED, ENGINEERED, AND MANUFACTURED IN THE USA

H-S PRECISION®

Pro-Series Sporter Stocks

Our Remington Pro-Series stocks are built one at a time from the highest quality raw material. We start by CNC machining the aluminum bedding block. Every stock we produce will have an aluminum bedding block that is machined specifically to the dimensions of the barreled action it will be used with. The aluminum bedding block is then placed into a mold. Both sides of the mold are hand laminated with kevlar, fiberglass, and carbon fiber.

Detachable Magazine Conversion Kit

It's now easier than ever to convert your Remington 700 BDL hinged floor plate over to a detachable magazine box feeding system. HS Precision's stainless steel conversion kits include a new Pro Series Floor metal and magazine box. The external dimension of the replacement floor metal is identical to those of the factory hinged floor plate, making these kits a direct drop in replacement with minor to no inletting required. Depending on caliber, this low capacity magazine conversion kit will hold 3-4 rounds.

MIDWEST INDUSTRIES INC.

Pistol Buffer Tube

The Midwest Industries Pistol Buffer Tube is long enough that the rear of the tube sits flush with the rear of the Sig Sauer SBM4. This completely fills the void at the rear of the SBM4 to provide more rigidity and it is long enough to bring an AR pistol with a 10.5" barrel to 26" overall length so you can install a vertical grip.

- *Made for use with or without Sig Sauer® SBM4 Pistol Brace*
- *Machined shoulder keeps Pistol Brace from moving forward*
- *End of tube sits flush with the end of the Pistol Brace*
- *Mil-spec diameter behind threads to accept various end plates*
- *Constructed of 6061 aluminum, hard coat anodized*

Pistol Buffer Tube ..... C21MWMIPBT $42.50

Ruger® American Stock Module - Low Comb/Standard Pull

1.26'' Comb, 13.75'' Length of Pull. This comb is intended for use with standard iron sights. The low comb height allows for the ideal placement of the shooter's cheek, in line with the sights. It has the standard length of pull buttstock, ideal for shooters that prefer a longer length of pull. Fits any Ruger® rifle with the Modular Stock System.

Stock Module - Low Comb/Standard Pull ..... C21UR90431 ..... $14.99

Ruger® American Stock Module - High Comb/Standard Pull

1.84'' Comb, 13.75'' Length of Pull. This comb is intended for use with aftermarket scopes or mounted sights. The high comb height raises the shooter's cheek placement, putting the eyes in line with the mounted optics. It has the standard length of pull buttstock, ideal for shooters that prefer a longer length of pull. Fits any Ruger® rifle with the Modular Stock System.

Stock Module - High Comb/Standard Pull ..... C21UR90432 ..... $14.99

Ruger® American Stock Module - Low Comb/Compact Pull

1.26'' Comb, 12.50'' Length of Pull. This comb is intended for use with standard iron sights. The low comb height allows for the ideal placement of the shooter's cheek, in line with the sights. It has the shorter length of pull buttstock, ideal for shooters that prefer a shorter length of pull. Fits any Ruger® rifle with the Modular Stock System.

Stock Module - Low Comb/Compact Pull ..... C21UR90433 ..... $14.99

Ruger® American Stock Module - High Comb/Compact Pull

1.84'' Comb, 12.50'' Length of Pull. This comb is intended for use with aftermarket scopes or mounted sights. The high comb height raises the shooter's cheek placement, putting the eyes in line with the mounted optics. It has the shorter length of pull buttstock, ideal for shooters that prefer a shorter length of pull. Fits any Ruger® rifle with the Modular Stock System.

Collapsible Buttstock

The Daniel Defense adjustable buttstock is constructed of a proprietary blend of glass infused polymers and finished off with soft touch rubber overmolding in strategic points. The new buttstock is precision formed for mil-spec receiver extensions to have very little forward or lateral play that is so common in many other buttstocks. This eliminates the need for a tensioning device or friction lock. All of this results in a durable buttstock that will give the shooter a comfortable and repeatable cheek weld and unprecedented control of the firearm. The buttstock can be run with one of two included buttpads or without any buttpad at all to custom fit the rifle to whatever gear the operator must wear. The buttpads come in two sizes: a thicker convex shape (0.8"), and a thinner concave shape (0.5"); designed to keep from snagging when shouldering the rifle. Limited rotation QD swivel attachment points are integrated on both sides of the buttstock for ambidextrous sling connection.

- *7 Inches Long • 5.5 Inches Tall • 1.75 Inches Thick • Weight: 0.50 lb*
- *For Mil-Spec receiver extension tubes*

BLACKHAWK!

Breachgrip™ Shotgun Stock

Based on the highly efficient SpecOps Stock™, the BreachersGrip Recoil-Reducing Pistol Grip significantly reduces recoil and is perfect for one-handed operation in close-quarter combat or home defense. This shotgun pistol grip cuts recoil by over 65% and makes firing breaching rounds or heavy-hitting shotgun loads virtually painless. Attach a sling, and your shotgun is ready when you need it or out of the way when you don't.

- *Single recoil-compensation system reduces felt recoil by up to 65%*
- *Can be fired one-handed or comfortably at awkward angles*
- *Compact design for easy storage and close-quarter operation*
- *Integrated single-point sling attachment loop*
- *Ergonomic pistol grip with integrated non-slip texturing*
- ***CT - Military/LE Only / NY - Not for Sale / NJ - Military/LE Only***

Micro Conversion Kit for Glock®

We improved our past generation models into the ultimate conversion kit. It's Micro Roni Generation 4, and we call it Micro Conversion Kit, or simply MCK. This Micro Conversion Kit is a lightweight and sturdy platform for Glock handguns. It has a barrel shroud made of aluminum with a polymer body. It is greatly improved from previous generations of the Micro Roni Stabilizer.

- *No pistol disassembly required – Just place pistol into the kit, lock, and go*
- *Allows for multiple handgun models into one platform*
- *Ergonomic Finger Groove Grip for more stability*
- *Top Picatinny rail, allowing a combination of sights and/or optics*
- *Side Picatinny rails for mounting additional accessories, i.e… thumb-rests*
- *Ambidextrous, fast and easy handling*
- *Right-folding stock/arm brace for easy concealment and carry, locks in the folded position*
- *Front spare magazine holder for a faster reload*
- *Built-in charging handle allowing for quicker assembly/disassembly*
- *Exposed slide release for direct contact and easier use*

Pachmayr NEW!

Alume Grips by Raffir

Raffir Alume is a composite material with aluminum meshes encapsulated in a translucent epoxy resin. The material has unique three-dimensional textures with contrasts between satin light grey aluminum and deep colored semi-transparent resin. Pachmayr has taken this beautiful new material and produced stunning grips for your 1911 in 5 different colors: black, blue, brown, green, and red. The high-gloss polished finish is almost indestructible and is impervious to water, weather and chemicals, while maintaining its elegant and sophisticated style

Dark Knight ..... C21PA62070 ..... $71.49

Copper Canyon ..... C21PA62074 ..... $71.49

Decelerator® Grips

On the outside Decelerator® Grips appear nearly identical to Pachmayr's Presentation®, Gripper®, and Compac® models, but the big difference is the material they're made from. Pachmayr has developed a breakthrough rubber material, Decelerator® Elastomer,which is 50% softer than a regular grip and provides unsurpassed comfort and recoil absorption.

Fits Ruger
Red Hawk ..... C21PA05058 ..... $34.49
Super Blackhawk (Sq. Trigger Guard) C21PA05134 ..... $34.49

Diamond Pro Grip Series

This new grip line is designed to fill the hand comfortably, with a natural feel and point. The new unique shape is covered with Pachmayr's new "Diamond Plate" texture. This gives you rugged good looks, and absolute control of your revolver, even under the heaviest recoil. The new grips are made using our specially blended rubber compounds, formulated to give you the long lasting soft feel you expect & the best in recoil reduction you deserve.

American Legend Grips

Pachmayr American Legend Series Grips offer the traditional feel and look of wood grips with the grip and control advantage of rubber. These grips feature American Walnut, finished to an attractive varnish shine, and Pachmayr Decelerator rubber for a soft controlled feel. The open backstrap design assists in reducing the bulk found on many of the wood grips found on the market today. The traditional Pachmayr finger grooves are a time proven design. Once you have seen and felt these grips on your gun you will know why we call it the American Legend.

Colt 1911 .....C21PA00423 .....$36.49

AR-15 Rear Grip

Our AR15 Grip has all of the features that have been asked for, including a hand-filling yet slim shape, shallow finger grooves for fast grip acquisition, and proper hand location for easy trigger reach and control. The grip has a synthetic rubber over-mold construction, along with a good looking yet non-slip texture. The grip is impervious to gun oils or solvents and will stand up to rough use.

AR-15 Rear Grip.....C21PA02466 .....$20.49

PA05159

PA05158

Tactical Grip Gloves™

Pachmayr Design & Decelerator® Material Outperforms All Other Slip-On Grips.

These "Stretch-to-fit" Grip Gloves are ideal for the popular polymer frame handguns which have no replacement grips available. The distinctive ventilated side panels and finger grooves provide more instinctive gun orientation, enhanced control and they look more professional then the old, one-size-fits-all rubber band models.

Vertical Foregrip

The Daniel Defense Vertical Grip includes soft touch rubber overmolding for enhanced grip, wet or dry. Inside the grip is a Dual O-Ring, water tight storage compartment capable of storing small parts. This vert grip is extremely lightweight and utilizes a simple yet durable mounting method for 1913 picatinny rail systems. Not Compatible with KeyMod or M-Lok rail systems.

• 4.5 Inches Tall • 2 Inches Wide • 1.38 Inches Thick
• Weight: 0.15 lb

Vertical Foregrip *(Black)* ..... C21ED2106705028006.....$32.00

Pistol Grip

The new Daniel Defense pistol grip is an improvement to the old standby A2. We designed our grip with ergonomics and controllability in mind. Our grip shares the angle of the classic 1911 pistol for the most natural hand position and comfortable feel.

This pistol grip incorporates an oversized trigger guard covering the gap between grip and lower receiver which can wear on the shooters hand and easily accommodates for gloves. Installation is simplified by the fact the integral trigger guard doesn't require a roll pin so there is a reduced chance of damaging the lower receiver. A soft touch overmolding section enhances grip, wet or dry.

• 4.25 Inches Tall • 2 Inches Wide • 1.38 Inches Thick

Pistol Grip w/Trigger Guard *(Black)*
C21ED2107105177006 ..... $32.00

TangoDown LLC

BG-17 BATTLEGRIP™

The BG-17 BATTLE-GRIP™ is the big brother to the BG-16. The increased size and extended back strap & beavertail are tailored for larger-handed shooters. Excellent choice for .308/7.62mm rifles, the soft comfortable form sucks up recoil easily. Interior storage cavity allows storage of batteries, small parts…even a complete M4 bolt assembly.

• Comfortable, ergonomic form
• Aggressive non-slip texture
• Weather-resistant internal storage compartment allows easy access to spare batteries or small parts
• OA Height: 4.5" • Weight: 4 oz. • Made in USA
• Fits all M4/ M16/ AR-15 type rifles & carbines, and MK16S/ MK 17S/ AR-10/SR-25/MK11. Any weapon receiver configured to fit the M16/AR-15 type grip will also accept the BG-17.

VIKING TACTICS

VTAC® Ultralight Vertical Forward Grip

This grip has been skeletonized to reduce weight as well as allow for the installation of 2ea AA or 2ea CR123. There are no caps to lose, simply an O-ring that retains the batteries in place.

The VTAC UVG has been shortened to the proper length to provide great grip without excess length. This system will also eliminate any unwanted rattling. The VTAC-UVG grip is attached with the Patented DLOC system, this system will not harm your rail and requires no tools for installation.

You asked, we listened! Customers requested a version of the UVG that is not quick-release and here it is, the VTAC-UVGA1. Same robust locking bars with a flat or Philips head screw to allow a more permanent solution. This vertical grip will not harm your rail and is ready for anything you throw at it. Now your choices are between the DLOC system and the screw system as well as the standard slots or the 45' angled slots. Pick the one that fits your needs best!

C21NDGRCL $14.49

Pro Handgun Grips

The Pro Handgun Grips are designed to provide maximum reduction of muzzle jump and felt recoil for a smoother, more accurate shot. Multiple impact nodes are located on the inside of the grip, isolating the shooter's hand from the firearm. These nodes are designed to collapse – referred to as "break away" – as the firearm is discharged, ultimately reducing the pain and discomfort associated with handgun recoil. It features a protection lip that isolates the user's thumb from the hammer guard's contact point during recoil. The hand grips have a universal-fitting stretch contour design, ensuring they stay in place during use. The non-slip NAVCOM material maintains secure grip control while dampening out felt recoil.

HOGUE

Monogrip Features

This single-piece grip slides on revolver frames from the bottom, requiring no modification to the firearm. A patented steel "stirrup" device clips over the existing stock pin or bottom strap of the frame. The stirrup is the key component in the system that adapts the grip to the gun handle. Monogrip allows a high handhold on the backstrap which lowers the bore line, reducing muzzle rise in recoil and aiding rapid-fire recovery time, especially when using a two-hand hold. Palm swells are ambidextrous, allowing equal comfort and control for either right- or left-handed shooters.

"Bantam" Rubber Grips For Revolvers

HA61007 *HA62000*

This is the ultra light weight and compact Bantam™ grip for Smith & Wesson J-Frame Round Butt revolvers. Weighing in at only1.4 ounces, the Over Molded Bantam grip is the lightest grip made for the J-frame. The patented Bantam design is new and totally unique: it simply snaps onto the gun, requiring no screws, stirrups or metal parts. The finger grooves, Cobblestone™ finish, and design improves controllability and reduces felt recoil in these extremely popular handguns. Bantam grips are currently designed for Smith & Wesson K&L, and J Round Butt revolvers.

Semi-Automatic Features

While some guns lend themselves to a grip with finger grooves, some are more functional with simple panels. Grip sizes complement the particular handgun it was made for, as small as possible on large Double stack magazine guns, and maybe a little fuller on small frames.

HOGUE

"Bantam" Wood Grips For Revolvers

A ultra compact grip that fits flush with the frame for the ultimate concealable grip. (J-Frame only available with top Finger Groove).

S&W "J" Frame "Bantam" Goncalo Alves ..... C21HA61250 .....$67.96

Wood Grips for Revolvers

HA25300 HA19300 HA10300

Hogue wood grips are made from many fancy and exotic hardwoods chosen for their beauty and durability. All of these woods are much harder and denser than ordinary walnut, and offer a wide variety of contrast and grain figuration. Pau Ferro is a favorite, with a rich beautiful figure that resembles fancy dark walnut. Goncalo Alves and Pau Ferro are among the hardest and most durable woods in the world.

All Revolver Grips come standard with finger grooves and palm swells

AR-15/M16 "Swiss Pattern" Vertical Fore Grip – Black Polymer

The "Swiss Pattern" vertical fore grip attaches to forend rails, quad forends or any Picatinny rail. The fore grip provides a natural grip and operation of flashlights, lasers and other weapon mounted accessories. Manufactured from injection-molded, Zytel-based, black polymer. No tools or hardware required. No permanent modification required. Made in U.S.A

Swiss Pattern Vertical Fore Grip ..... C21ZMPM007.....$11.29

AR-15 / M16 Tactical Pistol Grip

The tactical ambidextrous pistol grip provides a positive and comfortable control of the firearm. The one piece grip is molded from a light weight nearly unbreakable polymer. The grip features universal finger grooves and an HK style web filling arch. The entire grip is textured to ensure a positive non-slip surface for even wet or gloved hands. No modification is required. Uses factory supplied hardware.

AR-15/M16 Tactical Pistol Grip ..... C21ZMPM155.....$12.29

Archangel™ Aluminum 1911 Grip Panels

ARCHANGEL™

AA107 Grip Panels are constructed of aluminum with a diamond checkering pattern to provide a secure grip on the 1911 pistol. The combination of a lightweight aluminum alloy and a hard anodized finish provides a grip that is both lightweight and durable for duty, competition, and personal defense. Fits all standard full size Government model 1911 frames.

WEAVER®
SINCE 1930

Weaver® Ergonomic Grip

Get maximum weapon control with the Ergonomic Grip from Weaver®. Designed with an integral upper extension that helps support the web of your hand and slight finger grooves, this new grip prevents hand fatigue during long hours of weapon handling. Ideal for use with or without gloves. The aggressive textured grip surface minimizes slippage and is virtually impervious to oils and solvents used to clean and lubricate firearms.

Features:

- *Fits most AR-15/M16 style rifles • Subtle finger grooves*
- *Aggressive textured grip surface minimizes slippage*
- *Integral rear upper extension supports the web of your hand*
- *Rubber bottom plug with lanyard and storage compartment*

Ergonomic Grip *(OD Green)* c/o ..... C21WE99563 ..... $21.49

BLACKHAWK!®

Rail Mount Vertical Grip

Enjoy improved weapon control and heat management with our Rail Mount Vertical Grip. Molded of high-performance, fiberglass-reinforced polymer, it incorporates redundant clamp screws for secure, reliable mounting and an adjustable fit to compensate for out-of-spec rails.

- *Constructed of fiberglass-reinforced polymer*
- *Two different caps (included) for custom length*
- *O-ring sealed compartment for tools, batteries, etc.*

Rail Mount Vertical Grip *(Black)* ..... C21XO71VG00BK $29.99

Tetra Gun Professional Gun Care

Tetra's Goal is 100% Customer Satisfaction

Tetra® Gun Grease

- Widest operating temperature range -100°F to 750°F
- Bonds to metals; smooths and protects
- Reduces friction
- Quick to apply, easy to use
- Low Odor • Doesn't attract fouling
- Won't migrate Excellent for use on rifle bolts, sears, locking lugs and semi-auto slide/rails.

Apply light coating to metal surface.

- Buff dry for a debris-repelling, "glass-smooth" surface.

1oz.....C21FD005I ... $5.29
1oz. Blister Pack.....C21FD004B1I$5.29

Gun Blue & Rust Remover

- Removes rust from guns, tools, gauges, precision equipment, etc.
- Removes old blueing
- Fast-acting & easy-to-use
- Primes surfaces effectively to be relubricated or reblued

2.7 oz Bottle
C21FD001I.....$5.29

Tetra® Gun Spray

- "SLC" all-in-one gun care product
- Cleaner, lubricant and preservative
- Quick evaporating solvent with light polymer lubricant
- Removes fouling and provides rust protection
- Black powder bore cleaning Quick and effective all-purpose gun care aerosol spray.

8 oz. Bottle.....C21FD202I $7.99

Tetra® Gun Action Blaster™

- Maximum Strength Firearm Cleaner and Degreaser for the Toughest Metal Cleaning Tasks
- Liquifies and eliminates carbon fouling
- Quick evaporating solvent
- Extremely economical and efficient
- Black powder bore cleaning capability

10 oz. Can.....C21FD006I $7.49
18 oz. Can.....C21FD007I $8.29

Tetra® Gun Copper Solvent

- Quickly removes all contaminants from Firearm Barrels
- Use as the first step in bore conditioning
- Fast acting, extra strength formula
- Won't "etch" the barrel
- Removes copper, lead, plastic, carbon, dirt

4 oz.....C21FD501I $5.79
8 oz.....C21FD601I $9.49

Gun Carbon Cleaner

- Advanced Cleaner Quickly Removes Carbon Buildup & Powder Fouling
- Ideal for Black Powder
- Removes Fouling in the Bore
- Ammonia-free
- Formulated with an Advanced Rust Inhibitor
- Typically Harmless to Non-metal Surfaces

2 oz. Bottle
C21FD104I.....$3.79

Gun Carbon Cleaner Wipes

- Convenient Cleaning Wipes for All Firearm Types
- For All Metal Parts
- Removes Carbon & Other Fouling
- Convenient & Portable
- Contains 50 Wipes

50 ct. Bottle

Bench Rest 9 Copper Solvent

Formulated especially for bench rest shooters, Hoppe's Bench Rest-9 is destined to become the standard by which all copper solvents are judged. Bench Rest-9 makes it possible for bench rest shooters and serious hunters to clean their bores of copper fouling overnight...instead of 3 or 4 days. Bench Rest-9 is powerful, safe and fast, and it contains no abrasive. And although the solvent is essentially a copper-buster, it is also great for removing powder, lead and plastic foulings from all shotguns, pistols and revolvers.

M-Pro 7® Gun Care System

HOPPE'S 9

What drives the M-Pro7 Team are the hundreds of letters and e-mails we receive from soldiers, law enforcement officers and their families. Many of these letters are passionate testimonials about the lives M-Pro7 has saved because a weapon worked flawlessly and consistently. Too often these letters ask for our help because their current weapon cleaners or supply chain can't get it done.

M-Pro 7®
Series Weapon Care System

Developed specifically for law-enforcement and military firearms that must undergo intense, high-volume shooting sessions and endure long periods between cleanings

• Completely non-toxic and odor-free

M-Pro 7® Gun Cleaner

• Efficiently removes the most deeply embedded layers of carbon and fouling
• Cuts cleaning time dramatically

Bore Scrubber®

2-in-1 Bore Cleaner

This 2-in-1 solvent does it all! Attacks, dissolves and removes all types of barrel fouling including: lead, copper, plastic, carbon and powder fouling.

Superior rust preventive additives provide long-term protection after cleaning. Contains no nitrobenzene, butyl cellosolve or other highly toxic ingredients. Safe, fast and easy to use. Great for rifles, shotguns and handguns.

Please note: This item cannot be shipped to an address within the State of California.

Bore Scrubber® *(10 oz. Aerosol)* ... C21BA33640 ..... $7.99
Bore Scrubber® *(5 fl oz. Bottle)* ..... C21BA33632 ..... $5.49

Bore Scrubber™ Foaming Gel

Bore Scrubber Foaming Gel 2-in-1 Bore Cleaner quickly, easily and safely removes all types of fouling...carbon, powder, copper, lead and plastic wad residue. Contains no highly toxic ingredients and is safe for use on steel. Solvent clings to and penetrates neglected or fouled bores.

Great for rifles, shotguns and handguns.

Bore Scrubber Foaming Gel
(11.5 oz Aerosol) ..... C21BA33643 ..... $8.99

Synthetic Gun Oil®

with PTFE Lubricant

A superior lubricant for all climates. Contains PTFE lubricant to greatly reduce the friction between mating surfaces. Will not gum up or lose its viscosity under extreme temperature variations from -55°F to 300°F. The natural solvency of Synthetic Gun Oil cleans as it oils while its low evaporation rate assures protection against rust. Excellent for lubricating and protecting all metal sports equipment and for many household applications. In handy spout can or convenient aerosols.

(6 oz.) Aerosol Can ..... C21BA44135 ..... $6.99
(10 oz.) Aerosol Can ..... C21BA44140 ..... $7.99
(4.5 oz.) Spout Can ..... C21BA44128 ..... $4.79

Barricade™ Rust Preventative

Prevents rust by driving moisture out and sealing with a continuous protective film which clings to all metal surfaces. The sheath penetrates and lubricates, but won't gum up under high humidity and extreme temperatures.

Barricade™ (1.5 oz. Aerosol) ..... C21BA33127 ..... $4.79
Barricade™ (4 oz. Spout Can) ..... C21BA33128 ..... $4.79

Super Bright Touch-Up Pens

Touch-up nicks, scratches and worn areas with these flat white, neon green and fluorescent red fast drying lead-free touch-up pens. With their superior adhesion, durability and ease of use these pens are a must have.
Super Bright Pen ..... C21BA15116 .....$13.99

Walnut Wood Stain Pen

Easy to apply pen application for touch-up or small area staining. A fine stain for gun stocks and custom wood projects. Water-soluable stains are true to color, non-bleeding and sun fast. Produces a clear, rich walnut color without grain clouding or smearing. Highlights grain and enhances the natural beauty of fine woods.
• Water-soluable stain.
• Rich walnut color without grain clouding or smearing
Walnut Wood Pen *(.33 oz.)* ..... C21BA24121 .....$4.99

Super Black Touch-Up Pen

An effective touch-up for nicks, scratches and worn areas of black anodized aluminum or black painted surfaces. Use like a marking pen with no mess - simply rub on with "chisel point" felt tip. Easy to use and fast drying. Helps fill in deep scratches. Superior adhesion and durability.
Gloss ..... C21BA15111 .....$6.49
Flat..... C21BA15112 .....$6.49

Synthetic Gun Oil

• Pen Or Brush Applicator Options In One Pen.
• A Superior Lubricant For All Climates.
• Excellent For Lubricating And Protecting All Firearm Metal Surfaces.
• Compact Size
Dual Applicator Pen ..... C21BA44121 .....$4.99

Renewalube™ Firearm Grease

• Reduces friction four times better than traditional greases.
• USDA Certified Biobased Product which means non-toxic and biodegradable.
• Water-resistant formulation immediately penetrates and forms a long-lasting bond to metal.
Renewalube™ *(.5 oz.)* ..... C21BA45115 .....$2.99

SNO™ Universal Gun Grease

Apply SNO Universal Gun Grease to any moving metal firearm surfaces. SNO Universal Gun Grease reduces friction and provides smooth functioning actions and moving parts. Also use as a metal preservative when storing your firearms for extended periods of time. Semi-clear and non-staining.
SNO™ Universal Gun Grease .75 oz. Tube
C21BA40125 .....$2.99

Genuine™ Oil

• Brings Back The Traditional Hand Rubbed Oil Finish Cherished On Fine Firearms
• Applies Easily And Evenly
• Fills Grain When Wet Sanded
• Produces A Satin Finish
3 oz Bottle ***New***
C21BA23225 .....$6.49

Tru-Oil® Gun Stock Finish

There is no better oil finish! Tru-Oil® Gun Stock Finish has been the professional's choice for gunstock finishing for more than 30 years. Its unique blend of linseed and other natural oils dries fast, resists water damage and will not cloud, yellow or crack with age. Excellent as a sealer for under butt plates, recoil pads and in inletted actions to prevent stock damage.
Tru-Oil *2.5 oz Bottle*..... C21BA23123 .....$6.49
Tru-Oil *8 fl. oz. Can* ..... C21BA23035 .....$11.49
Tru-Oil *32 oz. Quart*..... C21BA23132 .....$22.99

Gun Stock Wax

A high-quality formula combining protective and beautifying qualities of the finest carnauba, beeswax and silicone. Produces a lustrous water repellent film that will not rub off like oils. Offers maximum protection against finish cracking from weather and handling. Enhances and protects the beauty of woods, metals and leather.
Gun Stock Wax .....C21BA23723 .....$5.49

Stock & Sheen Conditioner

The easy way to give your newly finished Tru-Oil® Gun Stock a traditional satin finish or to clean, beautify and polish your old stock. Removes surface imperfections and gives your stock a smooth, hand-rubbed finish. Also protects against weather and handling. Will not fingermark.
Stock & Sheen Conditioner
C21BA23623 .....$5.49

Gun Stock Sealer & Filler

Sealer & Filler seals out moisture and fills the pores in one easy step. A clear sealer and filler lets you choose your favorite stain or leave the wood in a natural tone. Use Sealer & Filler as the first step to a beautiful Tru-Oil® Gun Stock Finish. Easy to use and dries fast.
Gun Stock Sealer & Filler
C21BA23323 .....$5.49

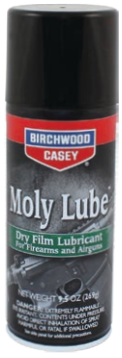
Walnut Water Stain

Water soluble stains are sun-fast, true to color and non-bleeding. Produces a clear, rich color without grain clouding or smearing. Highlights the grain and enhances the natural beauty of wood. Walnut Stain is a true, brown-walnut color for the traditional look. Color intensity is easily controlled by adding water to concentrate or using full strength for light colored woods such as birch.
Walnut Water Stain..... C21BA24123..... $4.99

Hopper Spit™ Firearm Grease

Hopper Spit is the best extreme storage and corrosion protection you can buy for your valuable firearms. It is specifically formulated to protect ferrous, and non-ferrous, precision metals from the corrosive effects of harsh conditions and long term storage. Hopper Spit significantly outlasted the competition in a laboratory setting using salt spray to attack metal surfaces.
Hopper Spit™ *(11 oz.)*
C21BA33240.....$8.99

Renewalube™ Firearm Oil



• Displaces moisture, prevents corrosion, and is an outstanding lubricant.
• USDA Certified Biobased Product which means biodegradable and environmentally friendly.
• Possesses an extremely high flash point and operates at cooler temperatures than traditional oils.
Renewlube *(11 oz.)*
C21BA45140.....$7.99

Tru-Oil® Gun Stock Finish Kit

The perfect finish is a Tru-Oil® Gun Stock Finish! Our Complete Stock Finish Kit gives you everything you need to finish a new stock or to refinish an old stock. Tru-Oil Gun Stock Finish brings out the richness and beauty of fine woods and gives you a tough, long-lasting finish. And, it's easy to use. Each kit contains a generous supply of professional-grade finishing materials and complete instructions for use.
Kit includes:
• 3 oz Tru-Oil Gun Stock Finish • 3 oz Walnut Stain
• Fine, Medium and Coarse Papers • 00 Steel Wool Pads
• Service and Polish Cloths • Complete Instruction Guide
• 3 oz Stock Sheen & Conditioner
Tru-Oil® Liquid Stock Finish Kit
C21BA23801 ..... $17.49

Moly Lube™ Dry Film Lubricant

Molybdenum disulfide particles are deposited onto metal surfaces and give maximum lubricity and wear resistance, even under extreme temperatures and pressures. Won't attract and hold dust, dirt or other contaminants! Especially suited for internal lubrication of moving parts on all firearms. Recommended for precision airguns where petroleum lubricants are not advised.
9.5 oz Aerosol Can
C21BA40140 .....$8.49

Copper Killer

Copper Killer Solvent is a powerful copper remover that is completely safe for barrels. Contains no acids, chlorides or other damaging chemicals, yet easily strips away copper deposits and fouling to leave a clean, shiny bore.
Available in 20 oz. & 6 oz. Bottles
6 oz. Bottle..... C21MU070356..... $9.99
20 oz. Bottle..... C21MU0704020..... $24.99

Bore Solvent

Endorsed by barrel manufacturers and top competitive shooters, Montana X-Treme's bore solvent is the best general-purpose gun cleaning product on the market today. Effective on carbon, lead and copper fouling, MTX Bore Solvent's proprietary buffered solution will not damage barrels. It may even be left in the bore overnight to remove especially stubborn copper deposits.
Available in 20 oz. & 6 oz. Bottles
6 oz. Bottle..... C21MU070056..... $8.29
20 oz. Bottle..... C21MU0700020..... $21.49

Gun Oil

All gun oils are not created equal. Montana X-Treme Gun Oil is blended to offer corrosion protection and lubrication in the harshest environments. From the coast of Alaska to the harsh desert climates of the Middle East, shooters trust our gun oil to keep their firearms working when other products have failed.
Available in a 6 oz. plastic bottles
Gun Oil (6 oz.)
C21MU070156 ....$8.99

Blackhorn 209 Solvent

Blackhorn 209 Cleaning Solvent is specifically designed to clean muzzleloaders & black powder cartridges that shoot Blackhorn 209 Propellant.
Blackhorn 209 Solvent
C21MU07050 ..... $9.99

Gun Grease

Montana X-treme™ Gun grease is an extremely effective lubricant that works well at temperatures ranging from (-50° to 600° F). This anti-friction grease was developed specifically for the firearms industry. It deposits a fine protective and lubricating film on metal that will continue to function after the top layer of grease has extruded away. This grease is virtually unaffected by corrosive moisture and will not mitigate from hot surfaces. Also works great for weatherproofing metal. *Comes in 10 ml. Syringe Applicator.*
10ml Syringe Applicator..... C21MU07020.....$7.99

Bore Polish
and Cleaning Compound

Montana X-Treme Bore Polish and Cleaning Compound is an aggressive cleaner for rough bores, rust and the most stubborn copper deposits. When used in concert with Copper Killer, our bore polish can help revitalize accuracy in older sporting or military surplus rifles. New rifles with rough bores will clean quicker and more thoroughly using bore polish, getting them back to shooting their best with a minimum of effort.
Comes in 10 ml. Syringe Applicator.
10ml Syringe Applicator..... C21MU07045 ..... $8.79

Solvent and Oil Pipet Dispensers

Montana X-Treme Pipet Dispensers make it easy to apply solvents and oils to your patch and firearm without making a mess. No-drip design allows you to precisely place oil into tight areas.
"Micro- droplets" ensure just the right amount of oil for every job.
Each packet includes four - 5.5" x 3 ml graduated pipets, two - 4.6" x 1.5 ml graduated pipets, and two - 4.1" x 1.5 ml fine tipped pipets.
Solvent and Oil Pipet Dispensers (8 pack)
C21MU07055 ..... $3.99

Cowboy Blend

Some firearms never shoot anything except lead bullets and they deserve a solvent designed to handle their specific cleaning needs. Cowboy Blend is blended to make removing lead and carbon fouling simple, fast and efficient. So, whether you are cleaning a favorite single-action revolver, a shotgun or an heirloom .22 rimfire, Cowboy Blend is the solution to your cleaning problems. *Available in 20 oz. & 6 oz. Bottles*
6 oz. Bottle..... C21MU070146 ..... $8.29
20 oz. Bottle..... C21MU0701020 ..... $21.49

Copper Cream

Montana X-treme™ Copper Cream is a creamy liquid (bore cleaner) that quickly removes all forms of fouling, including copper, lead, plastic wad residue, powder fouling and moly. This formula makes quick work of those problem barrels that are hard to clean and is completely barrel safe. It is non-embedding and non-abrasive to barrel metals and is highly recommended for new barrel break in.
Available in 6 oz. plastic bottles.
6 oz. Bottle
C21MU070256 ..... $10.99

Bore Conditioner

Montana X-Treme Bore Conditioner is specially formulated to enhance the performance of precision match-grade barrels. It is a highly refined, low residue oil created to resist the high pressures and friction that shorten barrel life and limit accuracy. Regular use after a thorough cleaning will help reduce copper fouling and protect the bore from the elements during storage. Its ultra-refined "Group Tamer" formula limits the need for first round fouling shots after cleaning, making it the ideal accuracy lubricant for hunters and law enforcement professionals.
Available in 6 oz. plastic bottles.
6 oz. Bottle
C21MU070306 ..... $10.49

Butch's Bore Shine

Designed by well known bench rest competitor Butch Fisher, this non-abrasive chemical solvent is specifically designed to remove all forms of bore fouling including copper with an absolute minimum of effort and no damage.
It will quickly remove carbon build-up, even in difficult to clean areas like the chamber throat. It also removes lead, wax and even plastic shotgun wad build up. A significant improvement over conventional solvents, Butch's can also control the copper fouling by pushing a few patches soaked with Butch's prior to shooting. Butch's is safe to use on normal and stainless barrels. It is a true "All in One" Cleaner. Try it and you will never use anything else! Now available in three sizes.
Bore Shine 4oz ..... C21PA02937..... $8.49
Bore Shine 8oz..... C21PA02953..... $12.29
Bore Shine 16 oz ..... C21PA02941..... $21.99

Butch's Gun Oil

Butch's Gun Oil is an ideal bore protectant and conditioner, especially when used with Butch's solvent. It is a proprietary blend of natural oils that withstands the intense heat, friction and pressures produced in a firearm's chamber and bore. The product's rust inhibitor provides the absolute maximum in corrosion protection for both regular and stainless steel firearms.
In addition, this oil is also a superior lubricant instantly making gun parts work noticeably smoother.
Gun Oil *(4 oz.)*..... C21PA02948..... $6.49

Butch's Black Powder Bore Shine

Butch's New Black Powder Bore Shine was developed specifically for the Black Powder Shooter who asked for a better, faster way to clean their rifles. Butch's Black Powder Bore Shine comes from a special cleaning solvent used by the U.S. Military. This Black Powder bore cleaner, like the original Bore Shine does it all. Removes Powder, Lead and Plastic Fouling faster than any other cleaner. Best of all it is odorless, non-toxic, non-flammable, biodegradable and protects against rust and corrosion. You can't find a better cleaner for black powder anywhere.
Bore Shine 8 oz .....C21PA02949 .....$7.79

BROWNELLS

ACRAGLAS®

• Makes a skin-tight "Accurizing" fit between wood and metal when seating a barrelled action into a semi-inletted stock.
• Acraglas shrinks less than 1/10th of 1% when hardening. So perfectly does Acraglas fit your barrel and action that any stamping marks in the steel will also be there in the Acraglas ... impossible to "Bed" any closer.
• Acraglas is acid proof, waterproof, has superior insulating qualities, resists alkalies and will not rot or deteriorate.
• Acraglas is highly resistant to impact and will not dent.

Kit Includes:
• 2 fl. oz. (59 ml) Resin • 7/8 fl. oz. (26 ml) Hardener
• 7/8 fl. oz. (26 ml) Release Agent • Floc • 2 Mixing Cups
• Mixing Stick • Brown Dye • Black Dye
• Complete Instructions

ACRAGLAS® Bedding Kit.....C21AG081003002..... $26.99

J-B® Non-Embedding Bore Cleaning Compound

A unique combination of ingredients and a one-of-kind, multi-step mixing process give J-B its special characteristics. They work together to cushion the abrasive action; the soft paste liquifies as you use it, then wipes out of the bore easily. The non-embedding feature means there's no abrasive residue left behind which might keep "cutting" after you've finished cleaning.

• Cuts Through Toughest Bullet Jacket & Powder Fouling
• Can't-Run Paste Formulation
• Cushioned Abrasive Action Leaves Bores Sparkling
• Won't "Eat" Stock Finish
• It's non-embedding, which simply means it won't get "stuck" in the metal's pores, so there's no worry about the residue continuing to "cut" after you've finished cleaning.

2 oz. J-B Bore Cleaner.....C21AG083065002...$13.49

ACRAGLAS Gel®

• Slightly less shrinkage than that of Acraglas.
• 1-to-1 mixing ratio gives a stable, molecular lattice structure that will not crack, craze or sugar-out as will other 1-to-1 epoxies.
• Slightly longer pot life to give the user more time when doing the actual bedding.
• Longer cure time - The molecular structure of Acraglas Gel has been controlled so for the first few hours after the epoxy sets it remains slightly flexible, some of which flexibility is retained when fully cured.
• Readily blends with atomized aluminum, steel and stainless steel particles. Standard mix for optimum results is 1 part metal particles-to-3 parts mixed Acraglas Gel by volume.

Kit Includes:
• 2 fl. oz. (59 ml) Resin • 2 fl. oz. (59 ml) Hardener
• 7/8 fl. oz. (26 ml) Release Agent • Measuring Spoon
• Re-useable Poly Mixing Dish • Mixing Stick
• Brown Dye • Black Dye • Complete Instructions

Acraglas Gel® Bedding Kit..... C21AG081014004 ..... $30.99

BARNES BULLETS

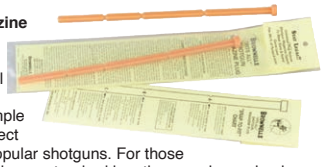
Barnes® CR-10™ Bore Cleaner

Barnes® specially formulated CR-10™ Bore Cleaning Solvent effectively removes copper fouling and powder residue. This aggressive bore cleaner quickly loosens and lifts heavy copper deposits left by copper and copper jacketed bullets as they pass through the bore. CR-10™ Bore Cleaning Solvent is non-corrosive and won't harm barrels. It leaves the rifling clean for better accuracy and longer barrel life. Available in 8oz. size.

Bore Cleaner *(8 oz.)*.....C21BX30755 .....$9.99
Bore Cleaner *(2 oz.)*.....C21BX30756 .....$2.99

BROWNELLS

Formula 44/40™ Instant Gun Blue



44/40's familiar bluing action is almost magic; simply dampen a patch with 44/40, wipe it on and wipe it off immediately with a dry one. The coloring action happens instantly and the color penetrates deep into the metal for a long-lasting finish. There's no need to soak or rub for long periods. Surface preparation's easy, too; for scratches, just clean and degrease as you normally would & apply 44/40.

• Original, high-speed formula, deep penetrating action
• Fast, easy, wipe-on, wipe-off application

2 oz. Bottle .....C21AG082440002 .....$11.49

"Fits-All" Shotgun Magazine Plug

With our new universal Fits-All Plug, all that's required is a simple snap at the correct notch to fit all popular shotguns. For those oddball guns with non-standard length magazines, simply notch the Fits-All with a shop knife at the length required and snap! It's that easy! Complete instructions and convenient Snap-To-Fit Chart included. Made of unbelievably tough polypropylene with an oversize head to position it correctly in all magazines - Won't slide or rattle.
Bright, safety-orange color is easy to see and find.

• Universal – Snaps at Notches to Fit all Gauges & Lengths
• Fits More Guns Than Other Plugs • Orange Polymer Plastic

"Fits-All" Shotgun Plug.....C21AG084115001...$10.66

Wheeler CERAMA-COAT CUSTOM GUN ARMOR

Cerama-Coat™

Wheeler Engineering's Cerama-Coat is a spray-on metal finish that brings new life to old guns without expensive airbrushes or painting equipment. This is an ultra-modern formula that contains a ceramic matrix, giving the finish ultimate durability, wear-resistance, and protection against rust and solvents. The matte black color won't spook game and looks great on any gun.

• Non Reflective matte finish colors

ACCURA OUTDOORS THE ART OF ACCURACY

Brass Butter Case Lube

Brass butter is a commercial grade case lube that doesn't quickly evaporate or lose its lubricating properties. Our proprietary formula, quickly and evenly coats your brass for a smooth, consistent stroke that won't cause undue wear and tear on your reloading equipment.

Brass Butter Case Lube *(8 oz.)*
C21IPBBUTTER.....$5.99

HARMON SCENTS

Odorless Gun Oil

Harmon Odorless Gun Oil from Cass Creek lubricates and provides a long-lasting protective coating. It is a synthetic lubricant that is non-hazardous and non-toxic. Safe on all metal and wood surfaces. Preserves and protects against moisture and salt water corrosion. This odorless gun oil is effective in the harshest temperatures. It works in the extreme cold, down to -110 degrees, and it was designed to work in extreme heat, up to 1,250 degrees Fahrenheit.

2 oz. Pump Bottle .....C21ESCCHGO $4.99

FrogLube® is a cutting edge biodegradable lubricant made from "USDA Certified Food-Grade". All ingredients are
produced in the USA using a proprietary formula. It is a non-toxic substance that dissolves carbon on contact. It has a heavy specific gravity, which enables it to 'season' the metal by absorption deep into the pores. Using FrogLube® results in a durable dry slick wax-like surface that reduces friction, eliminates fouling, and destroys rust. FrogLube® is safe for plastic, urethane, nylon, and wood. FrogLube® give your weapon many extended years of service.

FrogLube® will not harm the environment. It can be disposed of without the need for prohibitive HAZMAT controls.
Employees will be protected from the affects of working in and around toxic chemicals.
- Biodegradable lubricant, cleaner & protectant
- Contains No Petroleum or Water • Pleasant mint smell
- Non-Hazardous in every way

FL14696 FL14966 FL14706 FL14976

FrogLube®

FrogLube is the original "green" bio-based cleaner, lubricant and preservative (CLP) product. Made for weapons, and more...use in and around the water

- *Creates a durable and dry slippery surface that reduces friction and dissolves carbon on contact*
- *Liquid and Paste can be used interchangeably as a CLP. The Liquid was designed to penetrate into the internal and the paste serves well as a "stick where you want it" lubricant for externals*
- *Froglube contains no known toxins, so it is safe to handle or to come into contact with skin and will not irritate eyes*
- *Firearm parts can be warmed before application to improve the application and absorption. A few minutes in the sun will do it, or apply right after shooting when weapon is hot*
- *When used repeatedly, Froglube eases later cleaning*
- *Acts extremely well as a rust preventative*

IOSSO® PRODUCTS

Gunbrite Paste

Gunbrite is safe for use on factory blued, stainless steel, chrome and nickel guns. It removes powder fouling, surface rust, tarnish and discoloration from the barrel and stubborn black rings from the face of the cylinder.

Gunbrite Paste *(2 oz. Tube)* ..... C21IO010202 .....$6.99

Bore Cleaner

NEW BIO-Based Formula. Highly effective concentrated paste formula that lasts longer and takes less time to clean with than ordinary liquid or aerosol type cleaners. Because it is a paste it cannot spill or run into wood stocks, grips or mechanisms causing chemical damage. Iosso Bore Cleaner removes copper, lead, carbon burn, powder fouling, plastic wad residue, and surface rust. It is non-corrosive, non-flammable and has no offensive odors or mists. Use with the Eliminator Brushes and Eliminator Triple Action Oil Solution for complete cleaning.This bio-based formula is made from plant extracts. While keeping our environment healthy, it also reduces our dependence on foreign resources. USDA Certified and designated for federal procurement.

Bore Cleaner *(1.5 oz. Tube)*..... C21IO010215 .....$6.29

Iosso® Triple Action Oil

This triple action solution cleans, lubricates and protects. It penetrates to loosen powder, carbon, and plastic wad. It's is an excellent lubricant for parts, and inhibits corrosion. For Bore cleaning, apply the solution to a patch, run it through the bore several times. It will not freeze or dissipate in hot weather. It lubricates in extreme temperatures to avoid weapon jamming. Works to -74F(-65C).

Triple Action Oil *(4 oz.)*
C21IO010740 ..... $8.49

Sizing Lubricant and Cleaner

This product is formulated to clean and lubricate. It eliminates stuck cases to make sizing less work and prolongs the life of your dies. It's easy to use with no sticky residue and no offensive smell. It is water soluble, biodegradable and non-flammable. It inhibits corrosion and rus. Just apply a light spray to casings, then size. It cleans while lubricating, so you may either wipe, or rinse in hot water or alcohol before reloading.

Pump Spray *(4 oz.)*
C21IO010743 .....$8.49

Case Polish

Cleans and polishes brass casings to a high luster. It removes powder fouling, residue, oxidation, tarnish, and discoloration.

Add Iosso Case Polish to your media before tumbling. It works with the media to reduce tumbling time and gives your brass a like-new finish.

Use Iosso Case Polish on soiled casings or on casings that have been pre-cleaned with the Iosso Case Cleaner.

Case Polish *(8 oz.)* .....C21IO010600 ..... $11.49
Case Polish *(32 oz.)* .....C21IO010601 ..... $34.99

Case Cleaner

Iosso Case Cleaner and Kit restores brass casings to a bright finish in seconds. It removes powder fouling residue, discoloration, oxidation, tarnish, dirt and grime.

Kit contains: (1) Quart Cleaner, (1) Strainer Bag, (1) Pail and Lid.

Case Cleaner Kit..... C21IO010400 .....$18.29
Case Cleaner *(32 oz.)*..... C21IO010401 ..... $9.29
Case Cleaner *(1-Gallon)*..... C21IO010402 .....$26.99

OTIS™
SMART GUN CARE

085 CLP

O85 CLP is Otis' most time-tested formula, with over 30 years of proven performance in cleaning, lubricating and protecting firearms. But don't let old age fool you. O85 CLP uses advanced engineering to penetrate tight spaces and create a thin film that stops rust and corrosion for long-lasting protection.

- *Cleans, lubricates and protects in one advanced formula*
- *Removes carbon, powder residue and fouling from metal surfaces*
- *Penetrates into tight areas to reduce surface friction*
- *A thin film seals out moisture to prevent rust and corrosion*
- *Available as a 1/2 oz. tube, 2 oz. and 4 oz. bottle, 4 oz. aerosol can, dual pack of wipes, or a canister of 40 wipes*

2 oz. Bottle ..... C21OYIP902085 .....$4.29

Wipes (2pk) ..... C21OYIP2TW085 .....$1.79

Dry Lube

Originally developed for the United States military, Otis Dry Lube is their most advanced formula yet. Designed for desert use, it lets you quickly and effectively lubricate your firearm in the most unforgiving environments. Dries to the touch in less than 20 seconds.

- *One drop penetrates to immediately cover over an inch of surface area*
- *Dries to the touch in less than 20 seconds*
- *Seals out moisture with a thin film of lubricant*
- *Penetrates into tight fitting areas for easy disassembly of parts*

4 oz. Aerosol ..... C21OYIP904A55 .....$6.49

Precision Applicator Pack

Turn your bottle into a precision application system and control the level of product dispensed with the precision application pack. Included in the pack are two metal tips - ultra-fine and fine, and an adjustable cut-to-size plastic tip. It also comes with a clear cover that is compatible with all tips. The twist and lock cap is compatible with all Otis 2 and 4 ounce bottles and accommodates all precision tips.

Precision Applicator Pack ..... C21OYFGPAPK $4.29

Microfiber Gun Cloth

The Otis Microfiber Gun Cloth is perfect for cleaning all surfaces. This nonabrasive material will not damage even the most sensitive areas of a firearm.

- *12" x 8" • Reusable*
- *Ideal for use on firearms, tools and knives as well as optics*

Microfiber Gun Cloth *(3-Pack)*
C21OYRW35013 ..... $4.79

BREAK FREE®

CLP Cleaner®

Cleans • Lubricates • Protects

Break-Free CLP is a unique, complex formulation of more than a dozen materials, capable of performing a multiplicity of functions - cleaning, freeing, water displacement, rust prevention and lubrication - all with a single application. This multiple-action performance, plus the long lasting nature of the protection it provides make it the most economical product you can use.

12 oz. Aerosol..... C21BFCLP12 .....$11.99
2/3 oz. Liquid, *Gun Kit Size*..... C21BFCLP16 .....$4.49
4 oz. Aerosol..... C21BFCLP2 .....$7.99
4 oz. Liquid, *Plastic Bottle* ..... C21BFCLP4 .....$7.49
1-Pint - w/Trigger Sprayer ..... C21BFCLP5 .....$22.99

Collector Liquid

- Developed for military use to protect weapons for up to 5 years in storage.
- Exceeds military requirements for rust and corrosion protection
- Unique 100% synthetic oil formulation with multiple high performance anti-rust and corrosion inhibitors
- Will not break down to form waxy residues under heat or with age. Contains no wax or mineral oil
- Protects up to five years
- Does not have to be removed before firing; always "grab and go" combat ready condition.
- Safe for use on all metals and finishes
- Ideal to protect gun collections, knives, swords, and sports equipment • Perfect for museums and police armories

Collector Long Term Storage Liquid *(4 oz)*..... C21BFCO4 ..... $7.99

Powder Blast®

Gun Cleaning in One Shot!

Powder Blast removes powder, other firing residues, oil, grease and plastic streaking with a blast of solvent, citrus oil and carbon dioxide (CO2) propellant. No disassembly required. Handy extender tube allows easy access to areas that are hard to reach. Ideal for all firearms - rifles, shotguns and handguns. Powder Blast is produced with high quality ingredients that are user friendly, non-toxic and safer for the environment. Powder Blast is non-abrasive and safe for use with all types of firearms.

Aerosol *(12oz.)* .....C21BFGC16 .....$9.99

Lubricative/Preservative

Superior Rapid Fire Automatics & Stainless Steel Firearms

'LP' is Break-Free's way of addressing the finicky lubrication needs of closely machined, high capacity, fast shooting firearms. Substantially, Break-Free® LP is a thicker version of our CLP formulation minus the 10 percent solvent content that gives that product its excellent cleaning capability. Undiluted by solvents, LP's synthetic oils can perform to their maximum potential at temperatures far exceeding those attainable by rapid fire weapons even with sustained firing for long periods. In addition to its enhanced lubricity, Break-Free® LPs especially effective at protecting firearms during extended storage for over 2 years. Of course, without solvents it lacks the cleaning ability of Break-Free® CLP and should be used in conjunction with a solvent cleaner such as Powder Blast or Break-Free® Bore Cleaner for total firearm maintenance.

Liquid (4-oz.)..... C21BFLP4 .....$7.99
Liquid w/Spray *(1-Pint)* .....C21BFLP5 ..... $22.99

Cleaning & Maintenance

Metal Polish - Paste

A completely revolutionary product. Flitz surpasses all others to clean, polish and protect virtually all metals, fiberglass and painted surfaces. Flitz removes surface rust, finger prints, corrosion and powder residue. Flitz is guaranteed to protect against rust, tarnish, water stains, and salt or fresh water corrosion up to 6 months.

Sample packet *(2 grams)*..... C21FZBXTS010.....0.99
Blister Card *(1.76 oz. Tube)*..... C21FZBP03511 .....$9.19
Boxed Tube *(5.29 oz. Tube)*..... C21FZBU03515 .....$20.06
Can *(2 lb. Quart)*..... C21FZCA035186..... $49.33

Liquid Metal Polish

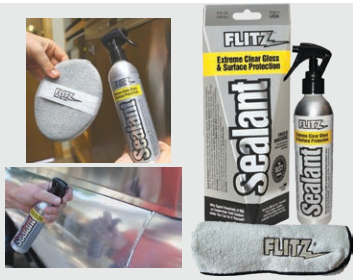
A diluted version of our original paste formula, this product is a high-performance cleaner and polish in a liquid form. Specially formulated to clean and polish with the ease and economy of a liquid, this concentrated formula goes three times farther than other liquids and leaves a brilliant shine in half the time.

• Cleans & Polishes; Brass, Copper, Silverplate, Sterling Silver, Chrome, Stainless Steel, Nickel, Bronze, Solid Gold, Aluminum, Anodized Aluminum, Pewter and Factory Hot Gun Bluing. Removes: Tarnish, rust, water stains, heat discoloration, oxidation & fingerprints.

Bottle *(3.4 oz)* ..... C21FZLQ04535 ..... $7.94
Bottle *(7.6 oz)* ..... C21FZLQ04587 ..... $13.37

Gun/Knife Care Kit

Whether you are an avid sportsman or world-class collector, this kit is exactly what you need to clean, polish & protect your knives, guns, and swords. Recommended by hunters and collectors for hunters and collectors, this handy kit includes:
Flitz Stainless Steel & Chrome Cleaner,
Flitz Polish-Paste,
Rifle Gun & Knife Speed Wax Protectant and a Premium quality Microfiber cloth. One try and you'll see why Flitz is the one the world relies on.
Gun/Knife Care Kit..... C21FZKG41501 ..... $16.72



Knife Restoration Kit

Released in July of 2015, the Knife Restoration Kit hits all the needs for knife and outdoor enthusiasts.
The kit features Flitz Liquid Polish,
Flitz Microfiber Cloth,
a DMT Knife Sharpener, and one bottle of Safariland Lubricating Oil. A $35 value!

• (1) 1.7oz Bottle of FLITZ Liquid Polish
• (1) 16" x 16" FLITZ Thick & Thirsty Microfiber Polishing Cloth
• (1) DMT Diamond Sharpener (Dia-Sharp)
• (1) 7.5ml bottle of Safariland / Break Free Lubricating Oil (CLP)

Knife Restoration Kit..... C21FZKR41511 ..... $16.37

Sealant

A unique product to Flitz! This is a hydrophobic spray (meaning; immediate repelling of water) that is safe on All Metals, Fiberglass, Clear Coats, All Paints, Plastics, Granite, Glass, And All Man-Made Hard Surfaces. Helps protect against Salt, UV Rays, Water Stains, Bugs, Bird Droppings, and Yellowed Headlights. A completely water-based body-shop safe formula producing NO SWIRLS. Creates a ceramic shell type coating preventing from any harmful/damaging absorption to occur to your surface. Protects for up to 8 months to a year and covers 1,100 sq. ft!

Spray - 50ml/1.7 oz

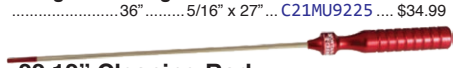
.17 - .20 Caliber **.22 - .264 Caliber** **.270 - .50 Caliber**



Montana X-Treme Cleaning Rod

Montana X-Treme Cleaning Rods are engineered to provide years of service with minimal maintenance. Only the highest quality materials are incorporated in Montana X-Treme rods. Two sets of thrust bearings secured between hardened stainless steel retainers insure an effective force is distributed during push/pull and help keep your jag or brush from unscrewing. These rods are constructed of the highest strength spring steel available and coated with our proprietary, non-embedding coating. The handle is machined aluminum and sized to avoid contact with gun stocks.

Angled Cleaning Brushes

Angled cleaning brushes make deep cleaning easier! Three brushes with angled necks allow easy access to all the hard-to-reach places that can cause cleaning headaches. Straight handled brushes simply can't reach where these brushes can. Two styles of bristles clean thoroughly and safely. Use stainless steel bristles for hard metals and use nylon to avoid scratches on more sensitive surfaces. Comfortable and easy to handle, all three brushes have wooden handles that make gripping a cinch. Solvent- and corrosion-resistant.
Angle Brush Assortment.....C21BA41108 .....$4.99

- Screw-in design creates a tight chamber fit, which aligns bore and protects action area.
- Fits bolt diameters .695" or smaller - Compatible with cleaning rods up to .375" dia.
- 9 Piece kit includes a compact plastic storage case – Made in USA

Screw-It Deluxe Bore Guide Kit..... C21MTSBK $12.99

Gunsmith Maintenance Center

The Gunsmith's Maintenance Center by MTM Case-Gard™ is one of the best values on the market. Two removable forks with molded in rubber for protection of your firearms can also hold your cleaning rods. Each fork has two height adjustments to hold firearms level, upright or upside down. Compartments are provided for your bottled cleaners to prevent spills. There is so much room in this case, you can carry and store all your gun cleaning supplies in one convenient place. It is also ideal for mounting scopes, swivels, bedding of actions, etc. Now that's getting your money's worth!
• Dimensions: 29.5" x 4" x 9.5"

Gunsmith Maintenance Center..... C21MTRMC5 .....$36.49

Gun Cleaning - Portable Rifle Maintenance Center

This maintenance center can "pop out" and can be stored in the base along with your cleaning supplies. The forks are over molded with rubber for protection of your firearm and can hold cleaning rods. It features sliding dust covers to protect your equipment and keep everything clean and secure inside. You can also use it to mount scopes, swivels, bedding of actions and more.
• Dimensions: 23.2" x 3.5" x 11"

Portable Rifle Maintenance Center..... C21MTRMC1 .....$41.99

Gun Vise

The MTM Gun Vise features a fast, single adjustment clamp down and a secure non-marring hold. The gun forks are positioned high and low giving the option of a level clamp up for maintenance, or a sloped clamp up for drainage. Shotgun barrels are held securely for easy cleaning. Organize your cleaning supplies with the 14 separate compartments, including a small divided tray that slides to uncover more compartments in the base for smaller, easy to lose items.

Gun Vise..... C21MTGV30 .....$43.99

Gun Cleaning Rod Case

Tired of your rods getting lost, broke, dirty and tips getting bent.
Finally, someone's created a place to put them. MTM's Gun Cleaning Rod Case offers a safe place to store and transport cleaning rods, up to 47.5" long.
Also, holds round and square cleaning patches, along with jags and brushes. Comes with a hanging hole on one end, so you can store it on the wall if you wish. Maximum rod diameter is .400".
• Holds four rifle or shotgun cleaning rods up to 47.5" long
• Foam padding holds rods in their own individual slots
• Compartments for storing patches, jags and brushes
• Made of rugged polypropylene plastic – Made in USA • Exterior: 48.5" x 6" x 1.5" (H)

Gun Cleaning Rod Case..... C21MTCRC $19.99

K-Zone Shooting Rest

For Both Rifles and Handguns

- Low-slung center design allows room for tactical magazine wells
- Solid Four Foot Stance
- Large vertical adjustment screw for a solid no-movement hold
- Front and rear shooting pads • Removable rear pad for handgunners
- Strong two beam center adjustment for full size to youth rifles
- Can be weight down for added stability

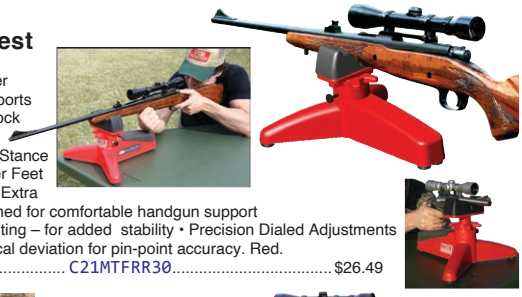
K-Zone Shooting Rest..... C21MTKSR30..... $44.49

Predator Shooting Rest

with Case-Gards Positive Four-Point Contact System

- Control rotation for firm, 4-point contact on uneven surfaces
- Supports rifles, shotguns and handguns
- With rear butt-stock support removed, the Predator becomes a stand alone handgun rest or front rifle rest
- Barrel and butt-stock supports feature scratch resistant, rubber shooting bags • 3-way Adjustment Options
- Length – Adjust to fit various sized long guns to handguns
- Height – Barrel end adjustment dial for pinpoint accuracy
- Balance – Control body twist for firm footing on uneven surfaces

Predator Shooting Rest Red..... C21MTPSR30 ..... $46.99



Quick Rest Shooting Rest

Great when a simple rest is needed for a quick stop at the range or sighting-in at hunting camp, just toss one in the back of th e truck and go!
• Quick, no-fuss design • Non-marring shooting pad
• Solid one-piece rest with built in handle
• Wide, wobble-free stance with gripping rubber feet
• Lightweight

Quick Rest Shooting Rest *(Red)* ..... C21MTQR30 .....$8.99

Front Rifle Rest

Features:

- Non-Marring, Rubber Shooting Pad – supports nearly any shape stock or barrel
- Wide, Wobble Free Stance with Gripping Rubber Feet
- Handgun Support – Extra wide, rear leg designed for comfortable handgun support
- Two-Point Rear Footing – for added stability • Precision Dialed Adjustments – offers 3.5" of vertical deviation for pin-point accuracy. Red.

Front Rifle Rest..... C21MTFRR30 .....$26.49

Shoulder-Gard Rifle Rest

- Integrated Recoil • Reduction Sling for energy absorption
- Central Storage Compartment will also accommodate up to 50 lbs of stabilizing weight
- Non-Marring, Rubber Shooting Pads supports nearly any shape stock or barrel
- Precision Dialed Forearm Support offers 3.5" of vertical variation of pin-point accuracy
- Storage Compartment Cover allows Shoulder-Gard to also function as a handgun rest
- Gripping Rubber Feet – for no-slide, 4-point footing.

Shoulder-Gard Rifle Rest ..... C21MTSGR30 .....$42.49

OTIS

SMART GUN CARE

Chamber Brushes

The tapered bronze bristles of the Otis chamber brush scrub the chamber, neck and shoulder.
The steel bristles at the base scrub the star chamber of the locking lugs. The brass stem is cold welded to the core, and the tip is folded, not cut.
The chamber brush has a standard 8-32 thread.

5.56mm Chamber ..... C21OYFG367HT $3.79
7.62mm Chamber ..... C21OYFG368HT $5.49

Cleaning Patches

Otis patches are 100% cotton and each patch can be used up to 6 times, offering 6 new clean surfaces.
Small Caliber Patches,
100 Count ..... C21OYFG918100 .....$6.29

The Otis Reload

The Otis Reload includes two .5oz tubes of Otis O85® Ultra Bore® Solvent., and 50 all-caliber cleaning patches.
The Otis O85® Ultra Bore® Solvent is an all-in-one cleaner, lubricant and preservative, and can be used on any firearm finish. The all-caliber cleaning patches can be used on all firearms from .22 caliber to 12/10 gauge, and can be used up to 6 times per patch. They are 100% cotton and provide 360 degree coverage in the barrel.
Small Caliber Patches,
100 Count ..... C21OYFG919901 ....$6.99

Outers®

Cleaning Patches

Our time-tested cleaning patches accurately apply and spread our cleaners, degreasers, lubricants and protectants, helping these chemicals more effectively do their jobs. And after that work is done, they wipe away leftover solvent, oil, debris or other moisture to protect the bore of your favorite shotgun, rifle or handgun.

• Precisely measured and cut to assure complete bore coverage on specific calibers • Both synthetic and traditional cotton offerings to meet different needs or preferences • Maximizes absorbency to reduce overall cleaning time • Synthetic material for absorbency and durability • Bulk-bagged for long-term use • Re-sealable bag for added convenience • Available in cut-to-size caliber and gauge ranges • Synthetic material

MONTANA X-TREME

Nylon Bristle AR Chamber Brush

Montana X-Treme AR Chamber Brushes are constructed on a brass core with very stiff heavy bristles that will not flatten and retain their memory like brass chamber brushes from other manufacturers. Designed for a superior cleaning of lugs and chamber. Standard 8 x 32 thread.

.223/5.56 ..... C21MU07170 ..... $5.49
.308/7.62 ..... C21MU07175 ..... $5.49

Nylon Bore Brushes

Montana X-Treme Cleaning Brushes are the toughest nylon brushes in the industry. They are made with very stiff, heavy duty bristles and a solid brass core to assure your firearms will get a superior cleaning with minimal effort on your part. Standard 8 x 32 thread (.17 and .20 Cal brushes have a 5 x 40 thread, and shotgun brushes have a 5/16 x 27 thread).

Brass Cleaning Jags

Montana X-Treme Cleaning Jags utilize a patent-pending barb design that ensures your patch will stay put. The barbs are arranged in opposing directions to securely grab and hold the patch when both pushing and pulling. The tip employs a radius cut from the base of the body to strengthen the tip against bending and breaking, which is a common complaint with jag tips from other manufacturers. These jags are CNC-machined to ensure exact tolerances and are constructed of solid brass for years of service. 5 x 40 thread and 8 x 32 thread.

Butch's "Triple Twill" Patches

To complete the ideal cleaning system, Pachmayr developed the perfect patch. Like Butch's bore shine, these patches offer superior performance. They hold more liquid and remove fouling faster than ordinary cotton flannel patches. A special fabric used in laboratories and clean rooms, Triple Twill's special weave has hundreds of tiny "ridges and drop zones" which scrub and capture fouling residues far better than other patches. Butch's Triple Twill patches don't shed lint and have been specially treated for maximum absorbency.

Size	Quantity	Item No.	Price

Tetra® Gun Bore Boa™

Introducing Tetra® Gun Bore Boa™ - the quickest and easiest way to clean and lubricate your bore! Ideal for use with Tetra® Gun Triple Action™ CLP, the Bore Boa™ is designed to reach every part of the bore, making close contact with its surfaces. Let the Bore Boa™ do the work - simply pull it through the bore to loosen and remove fouling and apply lubrication for bore protection at the same time.

- *Reusable and easy to wash*
- *Great alternative to patches*
- *Will not damage the bore*
- *Convenient to store in resealable packaging*

Outers®

Tico Tools

Sweep out dirty shotguns with convenient Tico Tools. The rigid internal rod provides plenty of backbone strength while the layer-wrapped, debris-collecting nap on the outside removes powder and carbon fouling as the tool slides and twists through the bore of the barrel.

- *Full-size rod covers full length of bore*
- *Takedown two-piece set allows tool to retract into small size for easy storage*
- *One-Piece tools also include oiling mop stored inside the tool's handle*
- *Comfortable handle & rigid internal rod*
- *Completely washable so you can use them over and over*
- *Packaged in reusable tube for trouble-free storage*

Gun Cleaning Supplies

26-Piece Ultra Jag & Best Bore Brush Set

Combining the Ultra Jags and Best Bore Brushes into one convenient 26-piece set gives you the ultimate storage system for your brushes and jags. Neatly organized in a durable, hinged box with marked cavities, it's easy to select the correct jag and brush for your particular application. 17 to 45 caliber (does not include 20 caliber). All jags and brushes have 8-32 threads (17 caliber has 5-40 threads and is a standard bore brush)

26-Piece Ultra Jag & Best Bore Brush Set ..... C21PH444777 ..... $34.99

13-Piece Solid Brass Jag Set

This 13 piece set of solid brass cleaning jags is the fastest way to thoroughly clean, dry, or oil the bore. Each jag is designed to provide a tight fit between the patch and the bore. A pointed tip keeps the patch centered and allows it to drop off when th jag exits the muzzle. Made with 8-32 threads (17 cal. has 5-40 threads), they will fit most brands of cleaning rods, and should provide years of service.

13-Pc. Solid Brass Jag Set ..... C21PH749245 ..... $15.99

Ultra Jag™ Set

14-Piece *Rifle* Brush Set ..... C21PH168577 ..... $19.99
8-Piece *Pistol* Brush Set ..... C21PH845102 ..... $14.49
6-Piece *Shotgun* Brush Set ..... C21PH671861 ..... $12.99

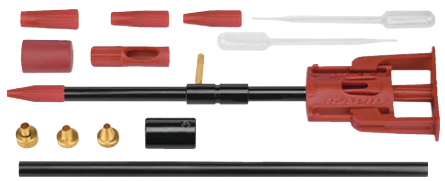
Magazine Cleaning Brush

Rifle and handgun magazines must be kept clean to ensure reliable feeding and proper function. This handy brush has a take down assist on the end to help remove magazine floor plates. The solvent resistant nylon bristles work great to clean single and double stack pistol magazines and well as rifle magazines.

Mag. Cleaning Brush ..... C21PH557575 ..... $5.49

Deluxe 1-Piece Carbon Fiber Cleaning Rod

Carbon fiber rods are the best of both: the carbon fiber can't scratch your bore like stainless steel, and they won't embed like coated rods. Plus, Carbon Fiber rods can be bent to an extreme degree and return to their original straightness.



- *Hang hole for easy storage. Also allows for reasonable hammer blows to clear a stubborn patch.*
- *Two sets of high quality bearings that won't bind under pressure and allows the shaft to follow the rifling.*
- *Comfortable ergonomic shape. Handle remains fixed in your hand while the shaft rotates on the bearings to follow rifling.*
- *Shank-through construction for working tight patches.*
- *Carbon fiber shaft won't embed particles that could damage your rifle bore.*

26" Carbon Fiber Cleaning Rod *(22 – 26 cal)*
C21PH216411R $34.99
36" Carbon Fiber Cleaning Rod *(Shotgun)*
C21PH713415R $49.99
44" Carbon Fiber Cleaning Rod *(22 – 26 cal)*
C21PH783485R $38.99

Deluxe Fiber Cleaning Rod

- Carbon fiber rod shaft to prevent bent rods
- Ball-bearing handle allows full following of rifling
- 8-32 threads accept most popular accessories.

.22 - .26 Caliber **40"** Length..... C21PH182978R $37.99

C21PH777888 ..... $13.49

Complete Pistol Pellet Kit

- Compressed felt pellets .17-.50 cal
- Pellets are tough and durable for superior cleaning
- Easier to use than patches
- Each pack includes 1 caliber-correct brass jag
- Available in a multi-caliber pistol kit with assorted pellets and jags

Kit includes .22, 9mm, .40, .44/.45 caliber sized pellets and cleaning jags
– .22 cal pellets are 100ct, 9mm, .40, .44/.45 cal pellets are 50ct
– Plastic storage case with components

Complete Pistol Pellet Kit
C21PH1099945 ..... $34.99

OTIS
SMART GUN CARE

B.O.N.E.® Tool

MSR/AR owners know the importance of a clean bolt and bolt carrier group. Carbon and fouling can build-up in these areas, causing jams and malfunctions. The B.O.N.E.® Tool was designed specifically to clean the bolt carrier assembly area of .223 cal./5.56MM rifles. Includes an 8-32 threaded hole to act as a T-handle. Scrapes carbon and fouling from:

• The bolt • Bolt carrier • Firing pin

B.O.N.E. Tool *(.223/5.56mm)*.....C21OYFG246 ..... $24.49
B.O.N.E. Tool *(7.62mm)*.....C21OYFG276 ..... $24.49

Star Chamber Cleaning Tool

Take the awkwardness and difficulty out of cleaning the chamber area of an MSR/AR Style rifle with Star Chamber Cleaning Tool. This tool quickly and effectively cleans the star chamber in just a few twists

- *Scraper removes fouling build-up*
- *Cleaning pads pick up fouling loosened by the scraper*
- *8-32 threads accommodate a chamber brush for additional* cleaning

5.56mm.....C21OYFG2715 ..... $24.99
7.62mm.....C21OYFG2717 ..... $24.99

12-Pack Replacement Cleaning Pads
5.56mm.....C21OYFG2715PDB $4.99

OTIS
SMART GUN CARE

MSR/AR Maintenance Tool Set

Included in this set are a scraper, a locking lug scraper, a straight pick, a pin punch, a nylon end brush, a compact receiver brush, and two rod handles. These tools will not scratch the firearm, and with them you can now thoroughly clean areas such as the locking lugs, the slides, bolt face, rails, and any other hard to reach places. These components can be ordered as separate add-ons to all kits, and will fit in existing soft packs!

Brass Scraper Tool Set ..... C21OYFG932 ..... $14.49

All Purpose Brushes

These brushes are the elite in cleaning those hard to reach places. They give you the ability to scrub places where carbon, powder, and copper residue hibernate. These brushes are available in a variety of different tolerances. The softest is the nylon bristled brush, followed by a slightly more aggressive blue nylon bristled brush. The most aggressive of Otis' All Purpose Receiver Brushes is the stainless steel bristled brush.

• Includes: (3) Nylon/ (3) Bronze/ (3) Stainless Steel Brushes
Variety Pack.....C21OYFG316BP $12.99

Remington®

Carbon Fiber Single P. Cleaning Rod and Handle

Bore Mops

These bore mops are wool and 100% cotton with a brass core. Both types are made of the highest quality construction possible. Mops can be used for quick cleaning and bore lubrication. Mops are especially excellent when using oil for bore lubrication because they create a foaming action that helps in the lubrication process.

.17 Caliber	C21PXMP17	$1.99

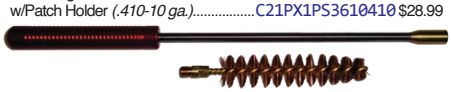
Brass Patch Holders *(10-.410 Ga.)*	C21PXPH12	$2.79

Pro-Shot Products



Stainless Steel Micro-Polished Cleaning Rods

Mirror like hardened finish of our rods does not pick up and carry abrasive grit or dirt. Rugged precision threading for no wobble attachment of rod tip accessories. No adapter needed and our attachments do no get out of line with the rod, as when an adapter is used. Threaded #8-32 and will accept all major American Cleaning Rod Accessories. The .17-.20 Cal. Rods are 5-40 thread. Rod rotates in handle, allowing bore brush to spiral with rifling and clean the grooves of the rifling completely.

Rod length stated is working length. Add 4" for the handle.

AR15 Cleaning Link

The AR hold-open link separates upper and lower receiver assemblies, locks them solid, and prevents the receiver from constantly flopping closed.

• Black Delrin Solvent Resistant Material
• Stainless Steel Pin
** Link uses the original rear pin and pin hole for attachment during use.*

AR15 Cleaning Link ..... C21PXARCL $15.29

Flexible Chamber Tool

Flexible cable used through the loading or ejecting port of firearm to gain access to the chamber.
Great for tuff semi-autos and lever actions.

Flexible Chamber Tool ..... C21PXCH1 ..... $10.29

The Stopper Bore Guide

The "Stopper" adjustable bore guide fits short and long actions .22-30 Cal. and front prevents solvent and fouling from running back into the action. Adjusts to fit action lengths precisely. *Fits: Remington 700-40X-78-72-722-725-788, XP-100 Model 7-600-660 Ruger All Model 77-Winchester 70-54-56, Savage 110-112V - Mauser 98 - Enfield 1917, Hart - Stolle - Kimber 89 - Browning A Bolt - Dakota White Pieces For .22 Centerfire- .25 Caliber & Black Pieces For .26-.30 Cal. with solvent port ends for both sets.*

Stopper Bore Guide
.22 Centerfire-.30 Cal. ..... C21PXBG2230 ...$27.99

The Mopster

Excellent for quick cleans between rounds for trap shooters and all shotgun sport shooters! 100% Cotton Bore mop made with a brass core. They are made of the highest quality construction possible. Mops can be used for quick cleaning and bore lubrication. Mops are especially excellent when using oil for bore lubrication because they create foaming action that helps in the lubrication process.
Standard American Shotgun #5/16-27 thread

10" Cotton Bore Mop *(12 Gauge)* .... C21PXMPS $8.49

Tactical Replacement Jags

Tactical Jags are for use with the Pro-Shot Tactical Pull Through Cleaning Kit System
Designed to be used with Pro-Shot 1" Round cleaning patches.

.45 Cal. ..... C21PXTJ45 ..... $1.49

Lyman® Brands that Perform

Universal Bore Guide Set

Lyman's Universal Bore Guide Set directs and centers your cleaning rod and jag through the chamber. "Universal" means that this set will fit most bolt actions and even includes a special adapter sleeve for the AR-15. This set includes interchangeable tips that cover bore sizes from .17 up to .416 and the thread-on nozzles prevent the guide's sticking in the chamber. The guide's specially machined port makes applying solvent to the inserted cleaning patch easier and neater than trying to push a wet patch into the open end of the guide.

Universal Bore Guide Set
C21LY04045 ..... $13.99

MTM® CASE-GARD™ QUALITY SHOOTING SPORTS ACCESSORIES

Jag & Brush Case

Organization and Protection for Jags & Brushes

Helps keep gun cleaning quick and organized. Cleaning tips are held together in one convenient palm sized container. impervious to cleaning solvents, the Case-is made of clear polypropylene, so you can see from the outside, what's on the inside. Divide into four compartments, this case allows jags and brushes to be sectioned by caliber for more efficient storage.

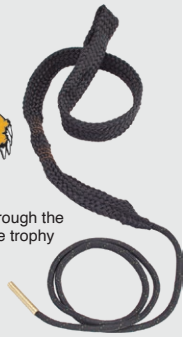
Jag and Brush Case ..... C21MTJAG00 ..... $3.29

Pistol & Rifle Chamber Indicator Flags

The traditional range safety flag, used at matches for the 30 caliber service rifles and bolt action match rifles. The insertion part of the flag is .290 in diameter and can easily be trimmed to size with wire cutters. CMP approved and comes in safety yellow.

Chamber Flags ..... C21MTCFP $5.79

Gun Cleaning Patch Catcher



Keeps the mess of gun cleaning to a minimum, by trapping solvent spatter and dirty patches from the end of a gun barrel. Fits anything from 22LR rifles up to most double barrel shotguns. Constructed from chemical resistant, see-thru polypropylene. Opens wide with smooth rounded edges for easy clean out.

Gun Cleaning Patch Catcher... C21MTGCPC $10.29

Outers®

Barrel Badger

It's been a long day in the field.
You put yourself – and your gun – through the wringer to get to the perfect spot. The trophy you want will come along before the daylight fades, and the last thing you want is your firearm failing.
Enter Outers® Barrel Badger™ – from the makers of BoreSnake®.
Just drop the brass weight into the chamber and feed it through the barrel. The Barrel Badger's two brushes loosen fouling and buildup as it's pulled through the barrel. It has 160x more surface area than a traditional patch, giving you a quick clean in no time. Use it dry or with Outers gun cleaning products. .

• By the makers of BoreSnake
• Fast, quality bore cleaning system • Available in 10 sizes
• Covers calibers from .22 to 12 gauge
• Size stamped on brass weight • Washable

DRSBA

Pointed Brass Jags

These jags can be used in two ways. The pointed front of the mag may be used to pierce the center of the patch, or the patch may be wrapped around knurled section in back of the point thus allowing more patch area to be exposed to the bore. The latter method also helps to keep the cleaning rod centered in the bore.

5.56mm/.223 Chamber Brush
C21HS1323P $2.99
7.62/.308 Chamber Brush
C21HS1325P $3.49

Nylon/Tynex Brushes

Tynex brushes will handle most cleaning jobs and the built-in memory makes the bristles return to their original shape, so the brushes can be used over and over again. Tynex offers a unique scrubbing action for a thorough cleaning. See chart to order.

Phosphor Bronze Brushes

These phosphor bronze brushes will "get the lead out" in a hurry, and can handle virtually all cleaning jobs. See chart to order.

Tornado Brushes

Spiral design reaches all of the hard to get spots.
Stiff bristles remove fouling but will not damage bore.
Unique loop wire design won't scratch. See chart to order.

Cleaning Swabs

Washable nylon swabs are soft and will not scratch smooth shotgun bores. Fits all cleaning rods. Sizes available for all gauges and most rifle calibers. See chart to order.

KleenBore
KLEENED TO PRECISION

Kwik Kleen One Pull Through Rope Cleaner with BreakFree CLP Wipe

NEW!

Fast & easy field or range cleaning! Designed with a series of built-in bristles, the Kleenbore rope cleaner combines all the cleaning processes into one simple step, effectively cleaning your bore in a single pass.

- *Lightweight and packable, great for those quick cleans.*
- *Initial floss area brushes the action then removes loose grit and debris in the bore prior to the main scrubbing.*
- *The main floss, with 160 times more floss than a standard cleaning patch, safely super-scrubs the bore to a mirror-like finish.*
- *Size marked on the brass weight of the pull cord.* • *Washable & reusable*

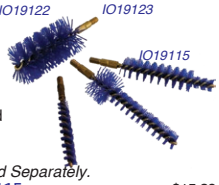
IOSSO PRODUCTS

AR-15 Complete Cleaning Kit -

This cleaning kit contains 6 precision fit brushes. The brushes clean the Upper Receiver, Chamber, Bolt Carrier, .223 Bore(AR-15),or .308 Bore(AR.308), Bolt Carrier Key Tube, and the Gas Tube. The Gas tube brush cleans the entire length of the gas tube without disassembly of the upper receiver. This kit includes all tools, rod, and rope necessary for the cleaning job. Also included is a bag to carry all of the components.

AR-15Cleaning Kit .223 Bore ..... C21IO019515 ..... $57.99



AR-15 Brush Kit

Fitted for Precision Cleaning
This kit contains:
(1) Upper Receiver Brush, (1) Bolt Carrier Brush, (1) Chamber Brush, and (1) Bore Brush.

IO19121 IO19122 IO19123

IO19115

These unique brushes are superior because they are sized to tolerance for precision cleaning. They are made out of a blue Nyflex fiber, which is a stiff, thick fiber that holds its shape well and allows for back and forth action unlike traditional brass and bronze type brushes. They may be used several times before becoming worn. The brushes are wound tightly so there is more cleaning area per inch. The shank is a solid construction, sized to fit 8/32 cleaning rods. When used with the Iosso Bore Cleaner and Iosso Gun Oil, it will remove nasty carbon burn and all other fouling, including copper and lead.

The Upper Receiver Brush is available with a handle and is Sold Separately.

AR-15 4-Brush Kit	C21IO019115	$15.29
AR-15 Upper Receiver Brush w/Handle *(2-Pack)*	C21IO019124	$7.99
AR-15 Upper Receiver Brush *(2-Pack)*	C21IO019121	$8.29
AR-15 Chamber Brush *(2-Pack)*	C21IO019122	$7.99
AR-15 Bolt Carrier Brush *(2-Pack)*	C21IO019123	$7.99

The Eliminator™ Bore Brush

"The Eliminator™" Bore Brush by Iosso® Products is made with a new type of fiber. The Nyflex fiber is a stiffer, thicker fiber that holds its shape well and allows for a back and forth action in the bore unlike the traditional brass and bronze type brushes. It is much stiffer than the standard nylon brush. The Eliminator™ brush is wound tightly and has more fiber per inch than any other brush (35% more Bristle giving 1/3 more cleaning area). It is sized closely to tolerance for a snug fit, reaching all areas. The shank is a solid construction and has a brass core.

UX UMAREX AIRGUNS

Umarex Colt Defender

The Colt Defender BB Pistol has an all metal construction and a built in 16-shot BB magazine. The spring powered grip release and the CO2 compartment in the grip make this pistol extremely easy to operate. A fixed blade front sight makes aiming a breeze. Realistic weight of 1.6 lbs.

Specifications:

- ***Caliber:*** *.177*
- ***Ammo Type:*** *Steel BBs*
- ***FPS:*** *410*
- ***Total Length:*** *6.75 in.*
- ***Barrel Length:*** *4.3*

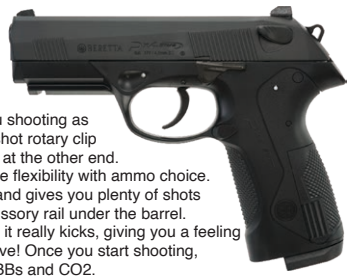
- ***Action:*** *Semi-Auto*
- ***Power:*** *C02*
- ***Trigger:*** *DA*
- ***Front Sight:*** *Blade-Fixed*
- ***Rear Sight:*** *Open-Fixed*

Umarex Colt Defender ..... C21RW2254020 ..... $47.49

Umarex Colt Commander



True to the firearm's physical appearance, the Colt Commander action pistol operates with the power of a single 12 gram CO capsule that is concealed behind the gun's polymer grips. Proven Umarex valve technology creates a powerful slide cycle while maintaining a BB velocity out of the muzzle of 325 feet per second. This all-metal Colt 1911 includes a metal 19-round drop free magazine, fixed front and rear tactical sights, a skeleton trigger, commander style hammer, and an authentic manual grip safety. It even has the tether ring at the bottom of the backstrap.

Specifications:

- ***Caliber:*** *.177*
- ***Ammo Type:*** *Steel BBs*
- ***FPS:*** *440*
- ***Capacity:*** *16*
- ***Magazine:*** *Drop-Out*

- ***Trigger Action:*** *Double*
- ***Front Sight:*** *Fixed*
- ***Rear Sight:*** *Fixed*

Umarex Colt Commander ..... C21RW2254028 ..... $103.99

Umarex Beretta PX4 Storm Pellet-BB Pistol

The Px4 Storm air pistol is not only a BB gun, but a pellet gun as well. It will shoot either projectile from its revolutionary dual-ended magazine. This 16-shot repeater will have you shooting as fast as you can pull the trigger. There's an 8-shot rotary clip on one end of the stick mag, and another one at the other end. Since it shoots BBs or pellets, you'll have more flexibility with ammo choice. A 12-gram CO2 is easily loaded into the grip and gives you plenty of shots before you need a refill. There's even an accessory rail under the barrel. Like the handgun, it has real blowback action, it really kicks, giving you a feeling of power that most airguns only hope to achieve! Once you start shooting, you won't want to stop, so get lots of pellets, BBs and CO2.

- ***Caliber:*** *.177*
- ***Ammo Type:*** *Pellets*
- ***FPS:*** *380*
- ***Barrel Length:*** *4.1 in.*
- ***Total Length:*** *7.6 in.*

- ***Rear Sight:*** *Notch-Fixed*

Umarex Beretta PX4 Storm ..... C21RW2253004 ..... $89.99

Umarex HK 45

The HK45 firearm was created to re-arm the entire U.S. military with a .45-caliber handgun instead of the 9mm. And the cost of doing that is what led to the cancellation of the program. However, Hechler & Koch knew they had a winner and opted to make it available commercially. This BB pistol is a replica of the firearm.

Specifications:

- ***Caliber:*** *.177*
- ***Ammo Type:*** *Steel BBs*
- ***FPS:*** *400*
- ***Total Length:*** *8.0 in.*
- ***Capacity:*** *20*
- ***Action:*** *Semiautomatic*
- ***Barrel Type:*** *Smoothbore*
- ***Power:*** *C02*

Umarex HK 45 ..... C21RW2252304 ..... $41.49

Umarex Legends P.08

This famous German replica is powered by CO2 and is made of mostly metal parts to give it its realistic weight. With a double action trigger you can shoot as fast as you can pull the trigger or until your 21-round magazine runs out of BBs.

Specifications:

- ***Caliber:*** *.177*
- ***Ammo Type:*** *Steel BBs*
- ***FPS:*** *410*
- ***Capacity:*** *21*
- ***Barrel Length:*** *4.6 in.*
- ***Power:*** *C02*
- ***Total Length:*** *8.5 in.*
- ***Action:*** *Double Repeater*

Umarex Legends P.08 ..... C21RW2251800 ..... $54.49

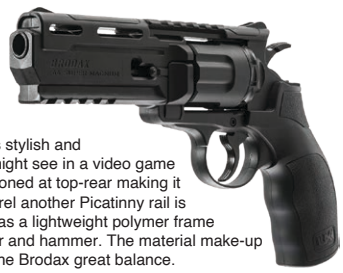
Umarex Walther CP99 Compact

This compacted version of the Walther P99 is modeled after the gun used by special forces as their back-up pistol. This popular CO2 powered BB air pistol captures realism with its BLOWBACK, semi-automatic action and features a Picatinny mount to allow easy installation of accessories such as a Walther Laser Sight. A 12g CO2 cylinder loads in the back of the grip and the BB magazine releases with the push of a realistic magazine release lever. The recoil action made live by the power of CO2 kicks the slide back giving you that oh-so-realistic feel. A great pistol for target games and owners of the P99 Compact or similar firearms.

Specifications:

- ***Caliber:*** *.177*
- ***Ammo Type:*** *Steel BBs*
- ***FPS:*** *345*
- ***Barrel Length:*** *3.25 in.*
- ***Total Length:*** *6.6 in.*
- ***Capacity:*** *18*
- ***Action:*** *Semi Auto*
- ***Power:*** *C02*
- ***Trigger Action:*** *Single*
- ***Barrel Type:*** *Smooth*
- ***Front Sight:*** *Blade-Fixed*
- ***Rear Sight:*** *Notch-Fixed*

Umarex Walther CP99 ..... C21RW2252206 ..... $75.99



Umarex Glock G19 Gen 3

The CO2 airgun replica of the GLOCK 19 in .177 caliber is compact and handy, with the unmistakable look of the original pistol and plenty of power. In spite of its relatively small length of 7.25 inches, it fires .177 caliber steel BBs with a muzzle velocity of up to 410 FPS and weighs a satisfying 25.6 ounces. In true Umarex replica form, it has a metal slide and a trigger blade safety. Officially licensed product of GLOCK.

Umarex Glock G19 Gen 3 ..... C21RW2255200 ..... $62.49

UX Brodax

The Brodax is a modern-day revolver that is stylish and attractive. It may remind you of a gun you might see in a video game or science fiction movie. Picatinny rail positioned at top-rear making it ready for a dot sight. Located below the barrel another Picatinny rail is ready for a laser or flashlight. The Brodax has a lightweight polymer frame with internal metal parts including the trigger and hammer. The material make-up combined with its external sleek lines give the Brodax great balance.

UX Brodax ..... C21RW2252109 ..... $34.99

Umarex TAC Carbine

What do you get when you combine the Umarex TAC Converter and an Umarex XBG? A Tactical Carbine with a folding fore grip and folding butt stock. Add all kinds of accessories to its plentiful tactical railing before pulling the trigger on this pistol conversion that holds 19 rounds in its drop free magazine.

Specifications:

- ***Caliber:*** *.177*
- ***Ammo Type:*** *Steel BBs*
- ***FPS:*** *410*
- ***Barrel Length:*** *4.25 in.*
- ***Total Length:*** *14-22.5 in.*

Umarex Steel Strike

The Umarex Steel Strike Air Gun takes its design cues from a short barreled modern sporting rifle and boasts many of the same features. The Steel Strike uses reliable and easy to find 12 gram CO2 cartridges which are housed in the multi-position stock. Topside are flip up sights and generous sections of accessory rail on the top, sides, and bottom of the upper. The drop free magazine holds 900 BBs in its main reservoir and features an easy to load staging tube for fast re-loads. Plinking at the range is always a blast but the Steel Strike ratchets the fun up to the top of the scale with its 6 round burst mode!

Steel Strike ..... C21RW2252120 ..... $94.99

Umarex Gauntlet

The Umarex Gauntlet provides a huge number of consistent, powerful shots from one fill of its high capacity 13-cu. in. regulated tank. The built-in regulator delivers minimal FPS variation from shot-to-shot for long, flat shot strings, this translates directly into outstanding accuracy for hunting, Field Target competition and just-for-fun plinking.

Specifications:

- ***Action:*** *Bolt*
- ***Caliber:*** *.22*
- ***Ammunition:*** *Pellet*
- ***Capacity:*** *10*

UMAREX AIRGUNS

NEW!

Prepared2Protect™ by T4E® HDP- .50 cal CO2 Pistol

The HDP 50 pepper pistol helps you in being Prepared 2 Protect™. The T4E® HDP 50 was developed by UMAREX®, a family-owned company with interests in empowering people with the confidence to protect themselves, their families, and possessions without the use of a firearm. Being Prepared 2 Protect offers peace of mind when children are present and firearms are unwanted. Its easy-to-use quick response charge and multiple rounds of .50 caliber pepper rounds provide confidence during intense situations.

- Fiber optic sights for quick target acquisition
- Built-in Picatinny rail for mounting lights, lasers, and accessories
- Easy loading with integrated magazine
- Trigger safety is disengaged when trigger is pulled
- CO2 activation system houses your sealed 12g CO2 capsule so with a split-second tap you can activate and be ready to fire
- Pepper Rounds are ideal for less-than-lethal self-defense
- Rubber Balls are great for training and practice
- Powder Balls give you a more realistic training experience without the pepper

Rekt Opsix CO2 Foam Dart Launcher Red Pistol

The REKT OpSix pistol is designed to shoot foam darts faster and farther than standard single-load dart shooters without having to operate a sliding part before every shot. Just insert a foam dart into the muzzle, aim at your target, and pull the trigger. The OpSix dart blaster is easier to use by younger dart shooters. It even has a manual safety that's good for teaching the importance of being responsible and making persons conscience of where the muzzle is pointed when not in gameplay.

Red Fire Pellets

NEW!

Experience match-grade accuracy, high-velocity performance and hydraulic expansion at point of impact with Gamo's Red Fire. The diamond shaped hard polymer tip provides a true ballistic trajectory. The force of impact drives the diamond polymer tip into the cylindrical jacket material forcing it to expand outward—increasing the diameter of the projectile as it passes through the intended target (mushrooming effect on impact).

SIG SAUER

Match Lead Pellets

Superior engineering has developed precision manufactured, lead ammunition designed to excel at the standards set by ASP CO2 airgun accuracy and performance as well improve the performance of other pellet firing pistols and break barrel or PCP rifles. Flat-topped pellets make superior target shooting loads, great for practice or plinking

Caliber	Weight	Quantity	Item No.	Price
.177	8.18gr	500/Tin	C21XI564798	$7.49

SIG SAUER

CO2 Cylinders

Precision-built SIG ASP pistols and rifles depend on quality ammunition and fuel to perform up to SIG standards. And a higher-quality, cleaner gas in a superior-engineered cylinder can influence the lifetime and performance of any airgun. Over time, a poor cylinder seal can mechanically degrade a critical o-ring. Dirty CO2 can interfere with valves and seals while diminishing velocities – equating to fewer shots per cylinder. Investing in SIG premium cylinders is a simple way to ensure longer-lasting, SIG precision performance.

• Standard Neck Air Ports
• Multiple Count Packages
• Stable consistent power outputs

1853 Enfield Musket

The 1853 Enfield was used in the Civil War by both the North and the South. The Confederates imported more of these guns during the war and towards the end of the war, more than 75% were armed with the 1853 Enfield. It was the second most widely used rifle behind the 1861 Springfield Musket. The original (as with this reproduction) have a 39" barrel and was fastened to the stock with 3 metal bands. This model is also known as the "three band" model.
This rifle is an authentic reproduction made with high quality, premium metal and wood finishes as well as hand-oiled wood stocks. Approved by the North-South Skirmish Association (N-SSA). 1853 Enfield Musket.....C21YLR185303 .....$966.99

1861 Springfield Musket

The most widley used rifle during the Civil War, the 1861 Springfield was a favorite due to its' reliability, accuracy, and range. The 40" barrel and .58 caliber allowed for an effective range of 200-300 yards. While difficult to find during the early Civil War years, it became the first rifle produced at such a large scale and its' popularity continues today.
This rifle is an authentic reproduction made with high quality, premium metal and wood finishes as well as hand-oiled wood stocks. Approved by the North-South Skirmish Association (N-SSA). Perfect for shooters, hunters, enthusiasts, collectors, and those performing re-enactments. .58 Caliber, Percussion, Rifled.

1861 Springfield Musket.....C21YLR186100 .....$1028.49

1863 Zouave Musket

The 1863 Zouave rifle was originally produced by Remington Arms under a contract with the US Government. Very few models actually saw action during the Civil War and none were distributed to any army division. However, the Zouave was created to put a more maneuverable firearm into the hands of soldiers and along with its' barrel strength it was also prized for its' overall beauty. The patch box additionally allowed for storage.
This rifle is an authentic reproduction made with high quality, premium metal and wood finishes as well as hand-oiled wood stocks. Approved by the North-South Skirmish Association (N-SSA). Perfect for shooters, hunters, enthusiasts, collectors, and those performing re-enactments. .58 Caliber, Percussion, Rifled.

1858 Remington Pistol

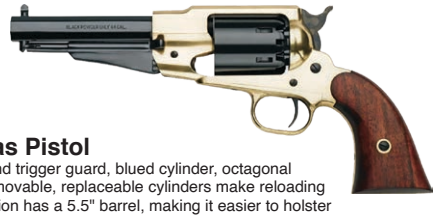
• Caliber: .44 • Barrel Length: 4" • Finish: Blued Frame • Walnut Grips

1858 Remington Muzzleloader ***New*** ..... C21ZARGA44 ..... $295.00

NEW!



1858 Remington Army Pistol

• Caliber: .44 • Barrel Length: 8" • Finish: Brass Frame • Walnut Grips

1858 Remington Muzzleloader ***New*** ..... C21ZARGB44 ..... $245.00

NEW!

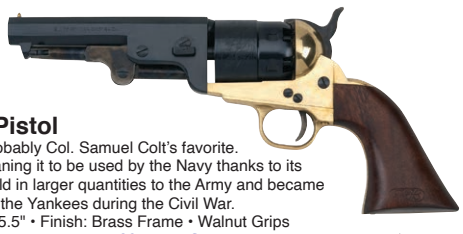
1858 Remington Texas Pistol

Features include a brass frame and trigger guard, blued cylinder, octagonal barrel and walnut grips. Easily removable, replaceable cylinders make reloading extremely fast. This compact version has a 5.5" barrel, making it easier to holster and handle.

• Caliber: .44 • Barrel Length: 5.5" • Finish: Brass Frame • Walnut Grips

1858 Remington Texas Muzzleloader ***New*** ..... C21ZARGBSH44 ..... $245.00

NEW!



1858 Remington Target Pistol

The 1858 New Model Army Target features a steel frame, octagon barrel, walnut grip, and blued finish with brass triggerguard. It also has adjustable front and rear sights.

• Caliber: .44 • Barrel Length: 8" • Finish: Blued Frame • Walnut Grips

1858 Remington Target Muzzleloader ***New*** ..... C21ZARGT44 ..... $335.00

NEW!

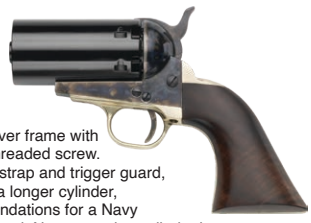
1851 Navy Sheriff Pistol

The 1851 Navy model was probably Col. Samuel Colt's favorite. He named it Navy Model, meaning it to be used by the Navy thanks to its small.36 cal. It was instead sold in larger quantities to the Army and became the inseparable companion of the Yankees during the Civil War.

• Caliber: .44 • Barrel Length: 5.5" • Finish: Brass Frame • Walnut Grips

1858 Navy Sheriff Muzzleloader ***New*** ..... C21ZARNS44 ..... $220.00

NEW!



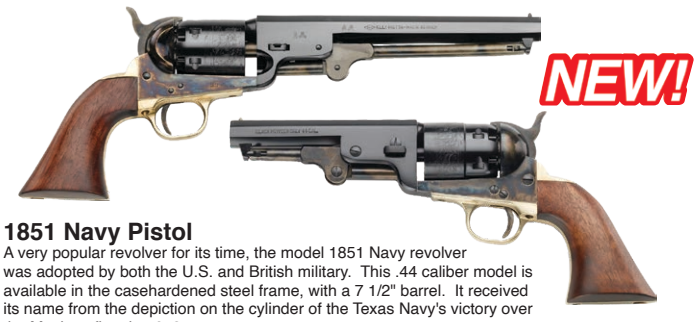
1851 Navy Pistol

The 1851 Navy model was considered as one of the most brilliant single action revolvers thanks to its fast draw and light recoil. It features an octagonal barrel, color case frame, brass triggerguard and backstrap.

• Caliber: .36 • Barrel Length: 7.5" • Finish: Casehardened Frame • Checkered Walnut Grips

1858 Navy Muzzleloader ***New*** ..... C21ZAYAN36 ..... $240.00

NEW!



1851 Pepperbox Pistol

The 1851 Pepperbox is built on an 1851 Navy revolver frame with a longer cylinder retained on the cylinder pin by a threaded screw. It features a case hardened steel frame, brass backstrap and trigger guard, and a walnut Navy size grip. Although it does have a longer cylinder, the Pepperbox does follow typical loading recommendations for a Navy revolver that are included in the manufacturer's manual. No conversion cylinder is available for this model.

• Caliber: .36 • Barrel Length: n/a • Finish: Casehardened Frame • Walnut Grips

1851 Pepperbox Muzzleloader ***New*** ..... C21ZAYAN36PP $225.00

NEW!

1851 Navy Pistol

A very popular revolver for its time, the model 1851 Navy revolver was adopted by both the U.S. and British military. This .44 caliber model is available in the casehardened steel frame, with a 7 1/2" barrel. It received its name from the depiction on the cylinder of the Texas Navy's victory over the Mexican fleet in 1843.

• Caliber: .44 • Barrel Length: 7.5" • Finish: Casehardened Frame • Walnut Grips

1851 Navy Muzzleloader ***New*** ..... C21ZAYAN44 ..... $240.00

• Caliber: .44 • Barrel Length: 5.5" • Finish: Casehardened Frame • Walnut Grips

1851 Navy Muzzleloader ***New*** ..... C21ZAYAS44 ..... $240.00

HODGDON® THE GUNPOWDER PEOPLE™

HDPYP HDPYR HDPYRSELT

Pyrodex® *The Replica Black Powder*

For percussion muzzleloaders and black powder cartridge arms. Pyrodex is the first real improvement in propellants for muzzleloading weapons. Designed for use in percussion muzzleloading firearms, Pyrodex gives the shooter less fouling, exceptional accuracy, more shots per pound, and eliminates the need for cleaning between shots. It is officially sanctioned by the National Muzzle Rifle Assoc. for use in competition.

Pyrodex® P Pistol Powder *(1-Pound)* ..... C21HDPYP $18.99
Pyrodex® RS Rifle/Shotgun Powder *(1-Pound)* ..... C21HDPYR $18.99
Pyrodex® Select Rifle/Shotgun Powder *(1-Pound)* ..... C21HDPYRSELT $23.49

Triple Seven® Pellets

This pellet is designed for a 50-caliber inline muzzleloader used with a 209 primer. Features revolutionary design utilizing geometric star- shape to deliver:

• Cleaner Burning – More shots between cleaning
• Higher Velocity – Gain up to 50 FPS
• More Efficient – Longitudinal grooves provide more surface area for ignition

Firestar Pellets..... C21HDT7FS $22.49

HDP5050

Spit-Fire TMZ™
Muzzleloader Bullets

The Spit-Fire TMZ™ shares the same boattail design and 100 percent copper construction with the Spit-Fire MZ, but has a streamlined polymer tip for faster expansion. Higher ballistic coefficient aids exceptional long-range performance. Remains intact at extreme velocities, yet expands at only 1050 fps. Redesigned sabot loads faster while retaining the tight gas seal that makes the MZ, Spit-Fire MZ and Spit-Fire TMZ the most accurate muzzleloader bullets on the market.

- *Outstanding Accuracy*
- *New Polymer Tip • Boattail*
- *Higher Ballistic Coefficient*
- *Rapid Expansion*
- *Easier Loading*
- *Recommended for In-Line Rifles*

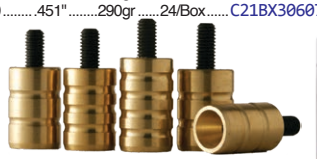
Spit-Fire T-EZ™
Muzzleloader Bullets



Barnes' NEW Spit-Fire T-EZ muzzleloader bullets load easier, even in tight bores. A new sabot reduces the ramrod pressure required to load and seat these .50-caliber, flat-base bullets. T-EZ bullets deliver the same match-grade accuracy all Barnes' MZ bullets are famous for. The 100% copper bullets feature a polymer tip that enhances expansion and boosts BC for superior long-range ballistics. They expand at both close and extended range, creating six razor-edge cutting petals that maximize shock and penetration.

- *Outstanding Accuracy*
- *New Polymer Tip • Flat Base*
- *Higher Ballistic Coefficient • Rapid Expansion*
- *Easier Loading • Recommended for In-Line Rifles*

Expander MZ™
Muzzleloader Bullets

This muzzleloader version of the X-Bullet is 100 percent copper with a large, hollow cavity for quick, sure expansion. Barnes' Expander MZ™ Muzzleloader Bullets produce more consistent shot-to-shot velocities and better accuracy than competing bullets deliver. Expander MZ bullets deliver deadly performance at both high and low velocities. Expand to twice their original diameter, creating six razor-sharp copper petals that slice through game. No fragmentation–these tough, deep-driving bullets typically retain 100 percent of their original weight.

- *100% Copper Sabot Bullet*
- *Flat Base • Exceptional Accuracy*
- *Full Weight Retention*
- *Razor-Sharp Cutting Edges*
- *Double-Diameter Expansion*
- *Deep Penetration*
- *Effective at High and Low Velocities*
- *No Fragmentation • Recommended for In-Line Rifles*

FireStick™

Federal Premium® FireStick™ is the critical component of a whole new ignition system that uses an encapsulated propellant charge that loads from the breech, with the bullet loaded from the muzzle. The charge is completely impervious to moisture and loaded with clean-burning Hodgdon® Triple Eight™ powder to the same tight tolerances as Federal Premium factory ammunition, ensuring shot-to-shot consistency and accuracy muzzleloaders have never experienced. FireStick unloads quickly, simply and safely by slipping out of the action—there's no need to fire the rifle. It's the perfect match for Federal Premium Trophy® Copper or Lead Tipped muzzleloader bullets and is compatible with the new NitroFire rifle from Traditions™.

- *Polymer charge filled with clean-burning Hodgdon® Triple Eight powder*
- *Charges from the breech of Traditions NitroFire rifle*
- *Totally impervious to moisture and the elements*
- *Fast, effortless loading and unloading*
- *Shooter inserts 209 shotgun primer (not included)*

Round Balls

For those hunters who prefer (or are required by law) to use patched roundballs in their muzzleloader, T/C offers these precision swaged, pure lead roundballs. Sized properly to work with any T/C rifle or pistol of appropriate caliber. Used in conjunction with T/C patches lubricated with Natural Lube 1000 Plus™ Bore Butter these round balls will give superior accuracy.

Caliber	Grain	Rounds	Item No.	Price

Maxi-Ball® Bullet
Superior Penetration

T/C's Original Maxi-Ball® has been used extensively by target shooters and hunters for almost 20 years. Its reputation as an exceptionally accurate bullet (which is easily loaded in the field) is unequalled. The wide lubricating grooves allow generous amounts of lube, the key to easy and consistent loading. T/C Maxi-Balls® are available in .45, .50, .54 and .58 caliber prelubed. Prelubed Maxi-Balls® are lubricated with Natural Lube 1000 Plus Bore Butter eliminating the need to wipe the bore or clean between repeated shots. T/C's Maxi-Ball® is the preferred bullet of experienced hunters who look for the penetration needed for large game like Elk, Moose, or Bear.

Mag Express™ Sabot XTP™ Bullet

THOMPSON/CENTER MAG EXPRESS® SABOTS With HP XTP™ Bullets

T/C's Mag Express™ Sabots are designed to be used with jacketed or lead pistol bullets. Mag Express™ Sabots load easily, and are designed to separate from the projectile quickly. This rapid separation means superior accuracy, as the projectile is influenced less by the "drag" of the sabot, while on its way to the target. T/C's Mag Express™ Sabots are available prepackaged with XTP™ bullets, known for their tremendous expansion, or as loose sabots, ready for custom loading. They offer superior performance with conventional charges, or magnum charges of up to 150 grains of black powder or Pyrodex® equivalent (or 3 Pyrodex® Pellets). When using T/C's Mag Express™ Sabots behind magnum charges, the hunter can extend his range out to 200 yards.

Shock Wave™ Sabot Bullet

The Shock Wave™ is a new spire point bullet with polymer tip specifically designed as a muzzleloading sabot bullet, not a conventional pistol bullet converted to a muzzleloading projectile. Modern technology previously only applied to centerfire rifle bullets. As advanced as today's muzzleloaders and their propellants. The polymer tip does double duty; it increases the Ballistic Coefficient for sustained high velocity down range, and it punches into the pocket to open up the nose cone for fast expansion. The result; 3" less drop at 200 yards, and devastating energy at velocities between 1,000 ft/sec & 2,200 ft/sec. Harder lead core with walls interlocked with the jacket for maximum weight retention and expansion. Tapered jacket for controlled expansion. Thicker copper jacket at the base to withstand magnum pressures without deforming the bullet

Caliber	Grain	Rounds	Item No.	Price

.50 cal	250gr	30/box	C21TC8236	$24.99

Shock Wave™ Bonded Sabots

A muzzleloading spire point projectile that will penetrate tough hide and bone with no separation of core and jacket. The bonded Shock Wave™ Sabots will deliver deep penetration and a destructive wound channel, no matter what the range, and with expansion that is over twice the original diameter. The bonded core and thicker jacket means this bullet will stay together when driven through the shoulders of deer, and even heavier game like elk, moose or bear.

Caliber	Grain	Rounds	Item No.	Price
.50 cal	250gr	15/box	C21TC8207	$22.99

Cheap Shot™ Sabots with Mag Express Sabots

T/C Cheap Shot™ Sabots offer the hunter a more economical alternative to the jacketed bullets that are available. The all-lead 240 grain hollow point bullet provides the shooter with the same basic ballistics and trajectory. A muzzleloader sighted in with 240 grain jacketed bullets will be "right on" with T/C's Cheap Shot™ Sabots. Point of impact will be the same. These sabots are ideal for the hunter who does a lot of pre-season practice, or the hunter who prefers an all lead projectile (or is required by law to use one). The deep hollow point cavity provides maximum expansion and down range energy... at only a fraction of the cost.

NOSLER®

Ballistic Tip® Muzzleloader

The Ballistic Tip® MZ was created to bring legendary Nosler® Ballistic Tip® rifle bullet accuracy and terminal performance to today's generation of high performance muzzle loading rifles. This new bullet is designed with an orange polymer tip and streamlined ogive to maximize effective shooting range. The polymer tip also assists in initiating bullet expansion upon target impact which is a signature of the Ballistic Tip® line. Created specifically for the lower velocities generated by muzzle loading rifles, the Ballistic Tip® MZ provides reliable expansion and deep penetration over a broad range of velocities.

- *Stream Lined Ogive To Maximize Effective Shooting Ranges*
- *Polymer Tip Assists Bullet Expansion*
- *Pre Packaged in 15 Count Blister Packs*
- *.50 Caliber 300gr Ballistic Tip With Sabots*
- *Team Shockey Tested for Over a Year*

BERRY'S®

Blue Diamond Muzzleloader Bullets

Available in three grain weights, our Blue Diamond Muzzleloader Bullets take accuracy to a whole new level. Berry's proprietary sabot ensures easy loading and a tight seat, providing match grade consistency shot after shot. The polycarbonate tips create excellent expansion without sacrificing weight retention. Whether it's the high slopes of the Rocky Mountains for elk or the prairies of Kansas for whitetail deer, Berry's Blue Diamond Muzzleloader bullets deliver the success that the modern black powder hunter expects.

Bullet Starter and Palm Saver

- Lightweight - Manufactured from a tough durable polycarbonate, the same material used in football helmets.
- Dual Purpose - Two-in-one tool starts the bullet and protects the palm when used with ram rod.
- Universal - Sized to accommodate a 45 to 58 caliber barrel.

Bullet Starter & Palm Saver..... C21CRH100pkg $5.49

Scorpion PT Gold

Scorpion PT Gold Polymer Tip Bullets are electroplated with copper plating that does not separate from lead core as most jacketed bullets. The end result is better penetration needed for one shot kills. The PT Gold offers greater accuracy at longer ranges than a hollow point.
The 3% antimony makes the bullet harder than pure lead and is intended for the shooter who wants a bone breaking, pass through shot.

Caliber	Weight	Dia.	Type	Qty.	Item No.	Price

Hornady

Accurate. Deadly. Dependable.

Sabots w/ XTP™ Bullets

Hornady's .50 caliber Black Sabot delivers a blistering 2225 fps muzzle velocity!

Combine the XTP MAG with a black sabot, and you have the ultimate in black powder knock-down power and accuracy. If you have a more traditional muzzleloader, you can get a huge step up in performance with our Hornady green sabots. Load up to two Pyrodex pellets or 100 grains of powder, and get the same benefit.

Bore Driver™ FTX®

NEW! BORE DRIVER FTX

- Without a sabot, the Bore Driver™ FTX® seats quickly and easily for shot after shot performance.
- The FTX® bullet incorporates an InterLock® ring that helps retain bullet weight upon impact that when coupled with a tough copper alloy jacket delivers deep penetration and expansion for the ultimate in on-game lethality.
- FlexTip® initiates expansion even at low velocities enabling enhanced muzzleloader terminal performance.
- The polymer base features a post that fits into the bottom of the bullet. This post swells in diameter at ignition for better torque engagement from inside the bullet and the centering petals grip the bullet's boattail while the skirt engages the rifling to maximize energy transmission. ***• 20 Rounds per Pack***

Lock-N-Load™ Speed Sabot-Low Drag

	Grain	Bullet Tip	Item No.	Price
Lock-N-Load	250gr	.50 cal SST	C21HO67270	$14.29

SST Muzzle Loading Projectiles

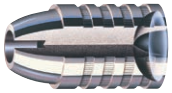
By combining our Super Shock Tip (SST) premium polymer tip with a sabot. The sabot allows you to use a lighter caliber bullet for longer shots, while the SST point improves the ballistic coefficient for a faster, flatter flight.

45 cal. Sabot/40 200gr SST ML ..... C21HO67132 ..... $14.29

SST & GMX-ML™

Fully engages the rifling to keep the SST-ML™ centered and sealed during firing, allowing for maximum velocity and truly accurate long range performance. Upon impact, the FlexTip™ is compressed into the front of the bullet, causing the bullet to expand under hydraulic force. FlexTip™ bullet will NEVER clog and not expand like some hollow points can. 50% easier to load than conventional sabots.

FLEXTIP TECHNOLOGY



Caliber	Grain	Bullet Tip	Item No.	Price

It works with Black Powder, Blackhorn 209, Triple Seven, Pyrodex, and other black powder substitutes.
The #1 choice when caring for your muzzleloader! Also works well as a patch and bullet lubricant. 3 oz (85g) tube.
EZ Clean™ 2 Lube.... C21YLA1934.....$6.79

EZ Clean™ 2 Foaming Bore Cleaner

EZ Clean™ 2 Foaming Bore Cleaner helps clean black powder, copper, and brass fouling as well as removing sabot residue. The foaming action cleans deep into the bore and the easy-to-use spray can allows for precise application. This cleaner will help reduce your cleaning time and is odorless as well as ammonia-free. May take off certain finishes like lacquer, oil, varnish, and shellac. 7 oz. Spray Can
EZ Clean™ 2 Foam.....C21YLA1935 ..... $7.29

EZ Clean™ 2 Bore Solvent

Traditions™ EZ Clean™ 2 Bore Solvent has an advanced formula that helps clean corrosive black powder, Blackhorn 209, Triple Seven, Pyrodex, and other black powder substitutes. The formula also has an added ingredient which helps protect against rust and weather while allowing easier loading. EZ Clean™ 2 combines two steps into one, easy to use formula. This bore solvent helps from fouling and residue.
Use with a cleaning patch that has been soaked in the EZ Clean™ 2 Bore Solvent and run up and down your barrel to remove fouling. 8 fl. oz (240 ml) bottle.
EZ Clean™ 2 Bore Solvent .... C21YLA1936..... $6.79

EZ Clean™ 2 Cleaning & Seasoning Patches

Traditions™ EZ Clean™ 2 Cleaning & Seasoning Patches have an advanced formula that helps reduce fouling by seasoning the bore and also helps protect against rust. These patches season and protect your muzzleloader's bore after cleaning, helping to provide increased accuracy. Additional ingredients promote easy loading.
• Biodegradable and food grade rated • Non-toxic
• 50 patches per jar, 2.5" patches
• For use with .45-.58 caliber firearms.
EZ Clean™ 2 Patches..... C21YLA1937..... $7.29

EZ Clean™ 2 Breech Plug & Small Parts Cleaner

Traditions™ EZ Clean™ 2 Breech Plug & Small Parts Cleaner has an advanced formula that helps clean corrosive black powder, Blackhorn 209, Triple Seven, Pyrodex, and other black powder substitutes. The formula also has an added ingredient which helps protect against rust and weather while allowing easier loading. This product is easy to use! Drop your breech plug into liquid and close the lid. Shake for at least 30 seconds. Remove breech plug and dry thoroughly. Apply breech plug grease to the breech plug and put back into rifle.
EZ Clean™ 2 Breech Plug Cleaner .....C21YLA1939 ..... $7.29

Traditions™ PERFORMANCE FIREARMS

NitroFire™ Breech Cleaning Kit

• NitroFire™ Bronze Brush: With a tapered end specifically for cleaning the NitroFire™ barrel and breech, this brush is excellent for hard scrubbing
• NitroFire™ Nylon Brush: The sturdy nylon bristles and the tapered end allow for easy cleaning within the NitroFire™ barrel and breech areas.
• NitroFire™ Bullet Unloading Jag: Essential for removing a bullet from your NitroFire™ rifle! Attach the brass jag to your ramrod to lengthen it and insert the rod from the breech. Push the bullet out slowly and carefully through the muzzle.
• NitroFire™ Cotton Swab: 100% cotton. The fibers soak up cleaning solvents and help to remove fouling from the barrel and breech areas.

NitroFire Breech Cleaning Kit ***New***.... C21YLA1950 ....$11.29
NitroFire Unloading Jag ***New*** ..... C21YLA1951 ..... $6.29

Bloodline Segmenting Expansion Bullets

- **Individually Machined:** *Each bullet is produced individually on a CNC lathe*
- **Double Knurled for Stability:** *Creates a precision match between the bullet and the sabot*
- **Increased Blood Trails:** *Greater increase in visual blood trails*
- **Optimized Ballistic Coefficient:** *Designed to accommodate current twist rates*
- **State of the Art Performance:** *Unlike any muzzleloader bullet on the market*
- **6:1 Segmenting Expansion Bullet:** *Petals are sharp and easily slice through tissue creating increased organ damage*
- **Brass No Void Bullet:** *Each bullet is produced from solid materials leaving no voids, unlike traditional cast bullets.*

AUTHENTIC ACCESSORIES
NOTHING LIKE IT

Field Powder Measure
Compact lightweight powder measure with solid brass cup and durable polymer adjusting sleeve marked in 10 grain increments from 20 to 120 grains. Brass locking setscrew can be locked into infinite positions; at graduated marks or between them.
Field Powder Measure .....C21TC7152..$10.99

Adjustable Black Powder Measure
Compact solid brass measures which quickly adjusts to the required increments for rifle or pistol. Measures are accurate and simple to operate. Positive snap ring "clicks off" each increment of adjustment and holds cavity at desired volume. (Rifle; 50-120 grs. in 10 gr. increments)
Adjustable Black Powder Measure.....C21TC7040..$11.99

Magnum Powder Measure, Brass
Designed specifically for use with any of the in-line T/C muzzleloaders when using magnum charges of up to 150 grs. of Black Powder or Pyrodex® equivalent. 10 gr. increments.
Magnum Powder Measure, Brass.....C21TC7102..$14.99

U-View® Powder Measure
U-VIEW® ACESSORY
This measure allows you to see the exact level of the powder in the tube. Eliminate the guesswork of loading consistent charges with this handy, lightweight measure. Includes loading spout that swivels out of the way to fill the measure. Locking shaft is a cinch to adjust. Prevents pouring partial charges caused by bridging of powder. Graduated in 5 increments from 15 to 125 grains.
U-View® Powder Measure.....C21TC7222..$10.99

U-View® Powder Flask
U-VIEW® ACESSORY
At last, a see-through powder flask that makes it easy to monitor your powder supply. This handy device is small enough to easily fit in your pocket or possibles pouch yet it holds enough powder for about a dozen reloads. Spring loaded plunger is easy to control for dispensing powder into a measure.
U-View® Powder Flask .....C21TC7224..$22.99

Powder Spouts
Makes it easier to pour black powder or Pyrodex® directly from the container into a powder measure.
Powder Spout for Pyrodex Container....C21TC7223....$5.49

*NOTE: Powder measures are to be used with Black Powder or Pyrodex® only. All implements must be used in accordance with the instructions printed in our instructional booklet, "Shooting Black Powder Guns."

209 Primer Caddy
This handy little accessory holds a reserve of 209 primers at the ready. Keeps the primers dry and clean, and makes it easy to find them in a crowded pouch or pocket. Holds 9 primers and stays flexible in cold weather conditions.
209 Primer Caddy ..... C21TC7891 ..... $4.49

209 Flex Capper
Shaped to accommodate all scoped muzzleloaders for instant. Special silicone material stays soft and flexible. 209 shotshell primers for instant capping (one at each end) while storing six more. Includes a lanyard hole.
209 Dog-Bone Capper 209 Primer..... C21TC8007 ..... $5.99

U-View® In-Line Capper for 209 Primers
U-VIEW® ACESSORY
This tool is designed specifically for use with the Black Diamond or modern striker-style, inline muzzleloaders that use a 209 shotgun primer.
U-View 209 In-Line Capper..... C21TC7219 ..... $9.99

U-View® In-Line Capper for Caps
U-VIEW® ACESSORY
Designed specifically for use with any of the muzzleloaders that use a musket cap, it holds eight musket caps ready for instant action. Allows for quick inspection of cap reserves.
U-View Musket Cap In-Line Capper .....C21TC7233 ..... $9.99

In-Line Capper for #11 Caps
Solid brass body with steel jaws. Design allows the plunger spring to be locked in compressed position for easy loading. American made, holds (17) #11 Percussion Caps.
Brass #11 Cap In-Line Capper..... C21TC7025 ..... $9.99

In-Line Nipple Pick
Ensuring that the breech plug is cleared of residue or moisture. Brass. Fits all in-lines and is easy to use even when rifle is scoped.
In-Line Nipple Pick ..... C21TC7244 ..... $7.99

Muzzleloading Ammo Tubes
